**REGULAR MEETING OF THE CITY COUNCIL
PLANTATION, FLORIDA
CITY COUNCIL CHAMBER AND VIA ZOOM**

August 11, 2021

Councilmember:	Erik Anderson Jennifer Andreu Tim Fadgen Denise Horland Nick Sortal
Mayor:	Lynn Stoner
Asst. City Attorney	Quentin Morgan
City Clerk:	April Beggerow

The meeting was called to order by Councilmember Denise Horland at 6:10 p.m.

1. Roll Call by the City Clerk
2. Opening Remarks/Invocation - Councilmember Sortal recited a poem titled Small Kindnesses by Danusha Laméris.
3. Approval of Minutes of Meeting – June 30, 2021 and July 28, 2021 – were approved as amended.

ITEMS SUBMITTED BY THE MAYOR

Professional pickleball player Andy Rubenstein and Mr. Bob Schultz presented the City with a donation in the amount of \$5,000 for continued maintenance of the courts.

Assistant Director O'Toole of Parks and Recreation provided the following coming events:

- Friday Night Lights Tennis Mixer - at Veltri Tennis Center
- Heritage Jump the Moon Horse Show – August 14th at the Equestrian Center
- Registration is open for Fall recreation classes. Classes begin August 23rd
- Senior Paint Party - Friday, August 27th at Jim Ward Community Center
- Adult Kickball League – registration is open for a Thursday night league
- Adult and Youth PAL programs – registration is open
- Yoga in the Park – Saturdays at rotating parks
- Food Truck Wednesdays at Volunteer Park
- Farmer's Market – Saturdays at Volunteer Park

PUBLIC REQUESTS OF THE COUNCIL CONCERNING MUNICIPAL AFFAIRS

- Caitlyn Garcia, 4343 W Sunrise Blvd – Director of the Super School requested a use variance for their school.
- Bob Schultz, 9268 NW 9 Court – Spoke about the pickleball courts in Central Park and a negative interaction he had with the Parks and Recreation Director.
- Dennis Conklin, 4581 NW 6 Court – presented the Declaration of Independence, Constitution of the United States and the Bill of Rights to the Mayor and Council.

CONSENT AGENDA

Councilmember Horland pulled item 9.

- 4 **Resolution No. 12902**
RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLANTATION, FLORIDA, APPROVING AND AUTHORIZING EXECUTION OF THE INTERLOCAL AGREEMENT FOR THE CREATION OF THE METRO TRANSPORTATION ENGINEERING AND CONSTRUCTION COOPERATIVE BY AND BETWEEN THE BROWARD METROPOLITAN PLANNING ORGANIZATION (“BMPO”) AND FLORIDA MUNICIPAL CORPORATION MEMBERS; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.
- 5 Request for authorization and approval to issue a work authorization and purchase order to Saltz Michelson Architects, Inc., for architecture services relating to City of Plantation Central Water Treatment Plant Storage Buildings.
- 6 **Resolution No. 12903**
RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PLANTATION, FLORIDA, APPROVING AND AUTHORIZING EXECUTION OF THE MAINTENANCE MEMORANDUM OF AGREEMENT WITH THE STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION TO INSTALL AND MAINTAIN CERTAIN BUS SHELTER IMPROVEMENTS; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.
- 7 Request for authorization and approval to issue a purchase order to Close Construction, LLC for "Storage Tank Fall Protection Equipment" in accordance with ITB No. 068-21.
- 8 Request for authorization and approval to issue a purchase order to DVTECK Inc., for the "Supply and Delivery of (9) Laptop Computers" in accordance with WB No. 071-21.
- 10 Request for approval and authorization to execute an agreement (Agreement No. 079-21) between the City of Plantation and Harn RO Systems, Inc., for the "Supply and Delivery of Avista Technologies Scale Inhibitor- Term Contract".
- 11 Request for authorization and approval to process a pay to Agency for Health Care Administration for the MCO Public Emergency Medical Transportation Intergovernmental Transfers to State Fiscal Year (SFY) 2020-2021.

- 13 Motion to receive and file the expenditures and appropriations reflected in the Weekly Expenditure Report for the period July 23, 2021 through August 04, 2021 for the City of Plantation's Midtown Development District.
- 14 Motion to receive and file the expenditures and appropriations reflected in the Weekly Expenditure Report for the period July 23, 2021 through August 04, 2021 for the City of Plantation.
- 15 Motion to approve and file the legal expenditures and appropriations reflected in the Weekly Expenditure Report for the period August 11, 2021 through August 11, 2021 for the City of Plantation.

Motion by Councilmember Fadgen, seconded by Councilmember Andreu, to approve the Consent Agenda with exception of item 9 which was removed from consent and voted on separately. Motion carried on the following roll call vote:

Ayes: Andreu, Fadgen, Sortal, Anderson, Horland
Nays: None

- 9 Request for authorization to exercise/execute the last renewal option for School Crossing Guard Services pursuant to ITB No. 023-18 with Waterfield Florida Staffing, LLC d/b/a Staffing Connection/Action Labor.

Councilmember Horland requested clarification on when the contract expired and the funding. Mr. Spencer, Procurement Director confirmed there was an error and the expiration date should have been 2022. Ms. Otiniano, Finance Director explained the increase in funding is due to incidental testing costs.

Motion by Councilmember Horland, seconded by Councilmember Andreu, to approve item 9. Motion Carried on the following roll call vote:

Ayes: Fadgen, Sortal, Anderson, Andreu, Horland
Nays: None

ADMINISTRATIVE ITEMS

- 16 Discussion concerning amending the permitted uses of the B-2P (Central Business) zoning district to allow a freestanding fast-food restaurant.

After discussion, consensus reached to accept staff's recommendations to not amend the district and review the item as a use variance for the Council's approval.

In an effort to operate transparently, Councilmember Andreu disclosed an Exparte Communication between herself and the applicant's attorney. She stated it did not influence her decision.

QUASI-JUDICIAL CONSENT ITEMS

Councilmember Horland requested all witnesses intending to testify via Zoom on the quasi-judicial items turn on their cameras, and those in the chamber stand to be sworn in. City Clerk Beggerow swore the witnesses in.

17. **Resolution No. 12904**
RESOLUTION OF THE CITY OF PLANTATION, FLORIDA, APPROVING PLANTATION SHELL CIRCLE K PLAT; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

Motion by Councilmember Sortal, seconded by Councilmember Fadgen, to adopt Resolution No. 12904. Motion Carried on the following roll call vote:

Ayes: Andreu, Fadgen, Sortal, Anderson, Horland
Nays: None

QUASI-JUDICIAL ITEMS

Item 20 was heard at this time.

20. Request to approve conditional use to allow a 1,200 square foot restaurant (Grill & Chill Jerk Center). Property located at 4351 Peters Road and zoned B-HC (Gateway Hybrid Commercial). PP21-0021

Motion by Councilmember Horland, seconded by Councilmember Sortal, to defer this item to the August 25, 2021 Council meeting. Motion Carried on the following roll call vote:

Ayes: Andreu, Fadgen, Sortal, Anderson, Horland
Nays: None

18. REQUEST TO APPROVE SIGN SPECIAL EXCEPTION FOR AMLI MIDTOWN PLANTATION. PROPERTY LOCATED AT 8021 PETERS ROAD AND ZONED M-PM (MIXED USE - PLANTATION MIDTOWN). PP21-0025

Councilmember Horland expressed her frustration that the wall was installed without a permit, and discovered upon final inspection. She stated while the construction of wall enhanced the property, the sign special exception would require approval to preserve the aesthetics.

Councilmember Fadgen inquired if an approval, subject to this owner only, would be appropriate. Mr. Holmes confirmed it would.

Councilmember Sortal stated he would like to hear from applicant regarding the permit issue. Matthew Thomson, Project Manager for Amli, stated the original site plan submission in 2014 included a curved sign wall. When they applied for a special exception permit in 2019, it was rejected. During this time, personnel transitions were occurring and Mr. Thomson was made project manager. Amli did not understand the sign wall, in the main site plan approval, was not part of the base building permit. The general contractor's subcontractor built the structure as indicated on the submitted structural drawings. Upon final inspection,

they were informed the wall was not part of the overall site plan approval. In June 2021, they received a final sign off on the permit which included the structure.

Mayor Stoner commented on how pleased she has been with this project. She stated how responsive Amli has been to all of the requests made by the City. Mayor Stoner remarked she had received a handwritten note from the Chief Development Officer thanking her and the City of Plantation.

Councilmember Andreu inquired about the size of the address on the sign.

Councilmember Fadgen inquired about the number of units in the project and if the temporary banners had been removed. Mr. Thomson replied there are 286 units and the temporary banners had been removed from the project.

Councilmember Sortal inquired about the use of the palm tree as the letter “T” and how it affects the size of the sign. Mr. Holmes responded it is being used as a logo. If it was not used, it would reduce the size by 10%.

Motion by Councilmember Horland, seconded by Councilmember Fadgen, to approve the sign special exception for this sign only and subject to staff comments. Motion Carried on the following roll call vote:

Ayes: Andreu, Fadgen, Sortal, Anderson, Horland

Nays: None

19. **Resolution No. 12905**

RESOLUTION APPROVING A 432 SQUARE FOOT GUEST HOUSE AS A PERMITTED CONDITIONAL USE TO BE LOCATED IN A RS-3C ZONING DISTRICT ON PROPERTY LYING IN SECTION 12, TOWNSHIP 50 SOUTH, RANGE 41 EAST, AND DESCRIBED AS LOT 14,15 IN BLOCK 4 OF COUNTRY CLUB ESTATES - UNIT “A” PLAT, AS RECORDED IN PLAT BOOK 23, PAGE 4, OF THE PUBLIC RECORDS OF BROWARD COUNTY, FLORIDA; LOCATED AT 4121 SW 3 STREET; PROVIDING A SAVINGS CLAUSE; AND PROVIDING AN EFFECTIVE DATE THEREFOR.

Councilmember Sortal asked the owner who would be living in the guest house. Mr. Anato responded the main house has limited space. The guest house would be used as a pool house and eventually living quarters for his elderly father.

Motion by Councilmember Fadgen, seconded by Councilmember Sortal, to adopt Resolution No. 12905 subject to staff comments. Motion Carried on the following roll call vote:

Ayes: Andreu, Fadgen, Sortal, Anderson, Horland

Nays: None

COMMENTS BY COUNCIL MEMBERS

Councilmember Andreu – thanked the Parks and Recreation Department for the recent “Back to School” drive at Jim Ward. She also complimented the Police Department’s band and how skilled they are. Councilmember Andreu thanked Chief Todd and his staff for her tour of Fire Station 1. She commented on Tropical Storm Fred and how the public should be prepared, but not panicked. Councilmember Andreu stated the first day of school is August 18th. She commended the Broward County School Board under the leadership of Board Chair Dr. Osgood for steadfast and unapologetic protection of our children and workforce as hospitalizations for COVID-19 have spiked. Councilmember Andreu inquired when the Council will be making appointments to the Sustainability and the Affordable housing Committees. Mayor Stoner replied the appointments will be made at the end of the month.

Councilmember Anderson – enjoyed the “Back to School” event along with the Police Department’s band. He encouraged everyone to mask up.

Councilmember Sortal – spoke about emails sent to “Ask City Hall” requesting specific action. He stated he does not respond because they are usually addressed to the entire Council and it may cause a Sunshine violation. Councilmember Sortal inquired if Administration provides responses. Assistant City Attorney Morgan stated the Council can respond, but they should not use the “Reply All” option. He stated he spoke with the residents near the Chill and Grill location. They confirmed the music playing late into the night has stopped. Councilmember Sortal visited the location and confirmed there is outdoor dining and alcohol being served.

Councilmember Fadgen – thanked Danny Holmes, Planning and Zoning Director and Gayle Easterling, Senior Planner for meeting with him last week and providing education on flex.

Mayor Stoner – encouraged everyone to tune in to Channel 4 News tomorrow. They will be here interviewing the Fire Department and airing a story on the COVID truck. Mayor Stoner stated they will be visiting elementary schools to hand out backpacks.

Councilmember Horland – spoke about the quasi-judicial portion of the July 28th Council meeting. She stated there were members of the public who spoke in favor and in opposition of the Enclave project. Councilmember Horland stated the last person to speak identified themselves as Jennifer Romano. She said she knows Jennifer Romano, and the person speaking was not her. When Councilmember Horland reviewed the meeting minutes, she discovered there was an additional name that she did not remember hearing from – Lola London. She reached out to both individuals because she personally knew them. Both asserted they were not on the Zoom meeting. Councilmember Horland requested they send emails to the City Clerk stating they were not in attendance because it was a quasi-judicial matter. Councilmember Horland spoke about the development process and how applicants ask for waivers and variances. She said the process is done in good faith. If applicants are presenting testimony by those who are impersonating residents, it needs to stop at Council. She requested consensus from the Council to pull the item back and place it on the August 25th agenda. She also requested consensus to direct the City Attorney to draft rules for the quasi-judicial process to put protections in place.

Councilmember Fadgen requested the rules include a provision that those giving testimony must be seen. He also requested the portion of the quasi-judicial that asks to confirm the witness has been sworn and understands the rules be strictly enforced.

Councilmember Sortal stated he was disappointed about what happened at the July 28th meeting, but it did not affect his decision.

Councilmember Anderson inquired about the reconsideration process. Councilmember Horland replied the Council can move to reconsider the vote and the applicant would have the opportunity to present again, or the Council can just reconsider the vote. Councilmember Anderson asked about amending the site plan. Assistant City Attorney Morgan explained the applicant needs to come back before Council for second reading for the Land Use Plan Amendment (LUPA) and rezoning. The site plan, which is the basis for the reconsideration, was approved at the July 28th meeting.

Councilmember Andreu agreed the item should be reconsidered. She expressed concern with the miscalculation of the green space. Councilmember Andreu stated, she too, would like to have more direction on how quasi-judicial items will be handled going forward when using Zoom.

Councilmember Anderson agreed the item should be reconsidered. He inquired what the penalty is for perjury. Asst. City Attorney Morgan the penalty would be that their testimony would not be considered as part of the record and a basis for approval. The request for consensus is appropriate in this case because the testimony was made part of the record at the July 28th hearing. Based on the information the City received following the meeting draws into question the veracity of the testimony. Mr. Morgan stated another option the Council can consider is to decide the information provided and likely false and would not have changed their opinion and you agree with the outcome of the last proceeding. Councilmember Anderson asked Mr. Morgan if they were able to identify who the people who provided the false testimony, what would the penalty be? Mr. Morgan responded fines could be assessed and/or incarceration. However, it would need to be addressed by the judicial system.

Consensus was reached to direct the City Attorney to draft rules for quasi-judicial procedures.

Motion by Councilmember Horland, seconded by Councilmember Andreu, to reconsider Item 27 from the July 28, 2021 meeting. Motion Carried on the following roll call vote:

Ayes: Andreu, Fadgen, Sortal, Anderson, Horland

Nays: None

Councilmember Horland said she met with the Victim Advocate Debbie Geller to discuss an issue at a Plantation school. They decided to sponsor a virtual seminar to help parents with parenting skills in the age of COVID and those dealing with mental health issues. The Police Department and local Doctors have partnered and are putting together seminars that will begin on September 14th. They are working to inform the parents are encouraging participation. Councilmember Horland thanked Administration, Chief Harrison and Debbie Geller for their support and assistance to make Plantation the host city. She spoke about her meeting with the condominium ombudsman. They are in the process of organizing a Town Hall for condominiums owners in Plantation. It is scheduled for August 24th the location is still being determined. Councilmember Horland stated Condominium Ombudsman Spencer E. Hennings, Esq. will be in attendance to inform owners what the State can do to assist them.

Meeting adjourned at 7:58 p.m.

Councilmember Denise Horland
City Council President

Proclamation: Broward Mental Health Summit Day

Summary:

Item Sponsored by Councilmember Horland

Prepared By:

Pamela Ponce de Leon

ATTACHMENTS:

Description	Upload Date	Type
Proclamation	8/19/2021	Backup Material

Proclamation

WHEREAS, Mental Illness affects thoughts, feelings, behaviors, and general interaction with others and the stigma associated with Mental Illness must be addressed so that no one feels shame or disgrace in seeking help and treatment;

WHEREAS, recent tragedies in Broward County and nationwide require that our communities engage in meaningful education and discussion to identify the early signs of Mental Illness in order to take charge of the situation and reverse it before it gets worse;

WHEREAS, in addition to the recent tragedies, according to the April 2020 Data Brief of the CDC's National Center for Health Statistics, in 2018 there were 48,344 recorded suicides in the United States, and the annual U.S. suicide rate increased 35% between 1999 and 2018;

WHEREAS, according to the Foundation for Suicide Prevention, on average, there are 123 suicides per day in the U.S.;

WHEREAS, in response to the need for identifying and treating Mental Illness, a grassroots effort was undertaken by the principal mental health providers in Broward County (including county/federal government, private sector, and nonprofit organizations), to join forces in a historic effort to increase awareness and education by holding an "in-person and virtual summit" open to the general public for FREE during the 2021 National Suicide Prevention Week;

WHEREAS, the "4th Annual Broward Mental Health Summit," titled Bouncing Back Together: Wellness, Empowerment, Resilience & Connection, is presented by Memorial Healthcare System, UKG, and the Sheriff's Foundation of Broward County, bringing together the leading mental health providers in South Florida from county/federal government, private practice, nonprofits, and academia to discuss and examine the current issues relating to mental health in Broward County affecting all populations;

WHEREAS, everyone wanting to learn about the mental health issues facing our communities, whether you're a healthcare provider, first responder, community leader, business owner, elected official, or just simply a concerned citizen, you'll learn from the FREE in-person and virtual 4th Annual Broward Mental Health Summit, information tools and a better understanding of the challenges affecting those with mental health issues;

WHEREAS, by acknowledging all those who have been affected by Mental Illness, we help the general public understand its effects on the citizens of the City of Plantation; and

WHEREAS, the City of Plantation remains committed to raising awareness in order to combat stigma and educate our community about Mental Illness;

NOW, THEREFORE, I, Lynn, Stoner, Mayor, and the City Council of Plantation, Florida, do hereby proclaim Thursday, September 9, 2021 as

"Broward Mental Health Summit Day"

and urge all residents to join me in this special observance.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Plantation to be affixed this 19th day of August, 2021.

Lynn Stoner, Mayor

Subject:

Request for authorization and approval to issue a work authorization and purchase order to Winningham & Fradley, Inc., for Construction, Engineering and Inspection Services relating to Sewer Lift Station No. 28 Replacement.

Summary:

Request for authorization and approval of the following:

1. Issue a work authorization and purchase order to Winningham & Fradley, Inc., for Construction, Engineering and Inspection Services relating to Sewer Lift Station No. 28 Replacement for an amount not to exceed \$26,782.50.

Background:

Strategic Priorities: Quality Customer Care, Sustainability, Economic Opportunity & Recovery.

Craven Thompson are the Design Engineers and Engineers of Record for the American Express Project which includes Lift Station No. 28 and were hired by the Developer; therefore, utilizing them as our Consultant through the Utilities Department existing engineering agreement would be a conflict of interest. Craven Thompson has formally removed themselves as our Consultant for any work relating to the redevelopment of this site, including Lift Station No. 28.

Due to extenuating circumstances in the surrounding area, Utilities Department requires a separate Consultant to oversee and provide Construction, Engineering, and Inspection Services of Lift Station No. 28.

The Procurement Department has reviewed this information and has determined based on the information provided; that the hourly rates utilized to determine the totals provided in the proposal are in accordance with Agreement No. 027-20 for "Continuing Services Agreement For: Construction, Engineering and Inspection Services (CEI)" between the City of Plantation and Winningham & Fradley, Inc. In addition, the use of Agreement No. 027-20 "Continuing Services Agreement For: Construction, Engineering and Inspection Services (CEI) is in accordance with Florida Statute 287.055(g).

Construction Engineering and Inspection Services is defined as the following within the executed agreement:

- Construction Engineering and Inspection (CEI) services to include contract administration, inspection, and materials sampling and testing. It shall be the responsibility of the CEI Consultant to administer, monitor, and inspect Construction Contracts such that the project is constructed in reasonable conformity with the plans, specifications, and special provisions for the Construction Contract. Observe the Contractor's work to determine the progress and quality of work. Identify discrepancies, report significant discrepancies to the CITY, and direct the Contractor to correct such observed discrepancies. Inform the designated CITY project personnel of any significant omissions, substitutions, defects, and deficiencies noted in the work of the Contractor and the corrective action that has been directed to be performed by the Contractor/

Based on the forgoing information the Procurement and Utilities Department is requesting for authorization and approval of the following:

1. Issue a work authorization and purchase order to Winningham & Fradley, Inc., for Construction, Engineering and Inspection Services relating to Sewer Lift Station No. 28 Replacement for an amount not to exceed \$26,782.50.

This item is now ready for City Council consideration.

Funding:

Account No. 443-0000-169-9409

Project No. 230; Rehab Lift Stations

Amount:

Not to Exceed: \$26,782.50

Finance Director/Budget Manager Recommendation:

In FY2021, the Repair and Replacement Fund budgeted \$1,888,560 for the Lift Stations Rehab Project. Current funds available at this time are: \$1,216,517.

In addition the Repair & Replacement Fund budgeted \$536,500 in the FY2022 for this project.

CITY OF PLANTATION

AGREEMENT

Between

THE CITY OF PLANTATION

And

WINNINGHAM & FRADLEY, INC.

For

CONTINUING SERVICES AGREEMENT FOR:
CONSTRUCTION ENGINEERING AND INSPECTION
SERVICES

AGREEMENT NO. 027-20

**Agreement
By and Between**

**The City of Plantation
&
Winningham & Fradley, Inc.**

for

**CONTINUING SERVICE AGREEMENT FOR: CONSTRUCTION ENGINEERING AND
INSPECTION SERVICES
RFQ NO. 027-20**

This Agreement entered into this 28th day of April, 2021 by and between the City of Plantation (herein, the "CITY"), a Florida Municipal Corporation, and Winningham & Fradley, Inc. a Florida Corporation (herein, the "CONSULTANT"), as follows:

Whereas, the CITY publicly solicited for qualified Firms pursuant to Consultant Competitive Negotiation Act as set forth in Section 287.055 Florida Statutes, in order to execute Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services as identified but not limited to what was contained in Request for Qualifications (RFQ) No. 027-20.

Whereas, the CONSULTANT agrees to all terms and conditions outlined in this Agreement.

NOW, THEREFORE, BE IT AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS:

ARTICLE 1

GENERAL PROVISIONS

- 1.1 The above recitations are true and correct and made a part hereof. All front-end solicitation documents are incorporated herein and made a part hereof. Any conflicts between the terms set forth in this Agreement and the front-end documents shall be controlled by the terms of this Agreement. The front-end solicitation documents and Scope of Services are attached hereto as **Exhibit "A"**. **Exhibit "B"**, contains documentation required by the CITY and completed and submitted by the CONSULTANT during solicitation period, which is incorporated herein and made a part hereof.
- 1.2 CONSULTANT shall not employ any subcontractors, Supplier or other person or organization (including those acceptable to CITY) whether initially or as a substitute, against whom CITY may have any objection. Any such objection shall be deemed received by CONSULTANT when provided as provided for in the Notice section of this Agreement. CONSULTANT shall not be required to employ any subcontractors, Supplier or other person or organization to furnish or perform any of the Work against whom CONSULTANT has reasonable objection.
- 1.3 Specific projects within the Scope of the continuing services Agreement as identified herein will be assigned to the CONSULTANT from time to time pursuant to independent assignments for such services. By executing this continuing services Agreement, the CITY does not commit that all matters in the future which may be within Scope of Services provided herein will be assigned to the CONSULTANT. No breach of the continuing Agreement will occur if the CITY submits such matters to bids or seeks bids or proposals from other parties, including, but not limited to engineering firms, for such work and awards such work to other firms.

ARTICLE 2

DEFINITIONS AND INTRODUCTORY MATTERS

For the purposes of this Agreement and the various covenants, conditions, terms and provisions which follow, the definitions and identifications set forth below are agreed upon both parties.

- 2.1 **CONTRACT ADMINISTRATOR:** Whenever the term “CONTRACT ADMINISTRATOR” is used herein, it is intended to mean the CITY’s Project Manager. In the administration of this Agreement, all parties may rely upon instructions or determinations made by the CONTRACT ADMINISTRATOR; however, the Mayor of Plantation must approve all instructions or directions which affect CITY incurred (or saved) costs or expenses or changes to the Scope of Work.
- 2.2 **CONSTRUCTION CONTRACTOR:** The person(s), firm(s), corporation(s) or other entity who enters into an agreement with CITY to perform the construction work desired by CITY relating to PROJECT.
- 2.3 **CONSULTANT:** Winningham & Fradley, Inc., which is the professional organization with whom CITY contracted for the performance of Professional Services pursuant to this Agreement.
- 2.4 **CITY:** City of Plantation, Florida, a Florida municipal corporation.
- 2.5 **NOTICE TO PROCEED:** A written statement issued by the CONTRACT ADMINSTRATOR directing CONSULTANT to begin work on a project, which will then be considered as “Assigned Project”.
- 2.6 **PROJECT:** The PROJECT(S) which may be performed by CONSULTANT after receiving a NOTICE TO PROCEED are as follows:
1. Professional services that is generally or specifically identified within the Scope of Services rendered to the City in connection with a construction project where the total cost of construction are estimated to not exceed \$4 million; or
 2. For study activity if the fee for professional services for each individual study under the Agreement does not exceed \$500,000, or
 3. Professional services rendered to the CITY in connection with a construction project where the total cost of construction is estimated to not exceed \$325,000.00, or such lesser or greater sum as set forth by 287.017 category 5, FL Statute, as amended; or
 4. A planning or study activity when the fee for the professional services rendered in connection therewith will not exceed \$35,000.00, or such lesser or greater sum as set forth by 287.017, category 2, FL Statute, as amended, or
 5. Generally, the Architecture discipline pertains to planning and feasibility studies, conceptual design, design development, final design for procurement and construction, preparation of technical specifications, cost estimating, regulatory agency permitting, and construction administration for new building construction, building additions, renovations, park facilities, and related projects.
 - a. Attachment A within the Scope of Services (Exhibit “A”) provides for a list of Capital Improvement or Broward County Surtax projects or studies that may exceed current State of Florida CCNA threshold, and that may be associated with the Agreement discipline (Construction Engineering and Inspection Services).

2.7 REIMBURSABLES:

Whenever the term REIMBURSEABLES is used herein, it is intended to mean actual expenses incurred by CONSULTANT and directly related to the performance of the services as set forth in this Agreement, which REIMBURSABLES are limited to:

- a. CONSULTANT shall not charge CITY mileage while performing any/task under this agreement.
- b. Identifiable communication expenses for express mail charges.
- c. Identifiable cost or printing reproduction and aerial photography.
- d. Identifiable testing cost, including rental of pilot testing and field analytical equipment.
- e. Permit application fees. All fees paid to regulatory agencies for approvals directly attributed to the PROJECT, which have been approved in advance by the CONTRACT ADMINISTRATOR.
- f. Notwithstanding anything to the contrary in the Agreement, all REIMBURSABLES which exceed One Hundred Dollars (\$100.00), which are not specifically identified in the NOTICE TO PROCEED, shall be approved, in writing by the CONTRACT ADMINISTRATOR prior to incurring the expenditure. Failure to comply with this provision shall result in waiver of the REIMBURSABLES. Changes to the BILLING RATES must be approved by the CITY governing body.

2.8 BILLING RATE:

Whenever the term BILLING RATE is used herein, it is intended to mean average based salaries and wages paid to personnel by professional or employee category engaged directly on the PROJECT, including all fringe benefits, overhead and profit as shown in **EXHIBIT "C"**. Changes to the BILLING RATE must be approved by the Mayor.

2.9 NOTICE TO PROCEED:

Whenever the term NOTICE TO PROCEED is used herein, it is intended to mean professional services related to PROJECTS.

The authorization issued by CITY shall be in form of a NOTICE TO PROCEED and shall contain the following information and requirements:

- a. A description of the work to be undertaken, whether the professional engineering services for PROJECT shall be payable in accordance with the BILLING RATE. All changes to the method of compensation for a PROJECT must be approved by the Mayor.
- b. A budget establishing the total amount of compensation to be paid, which amount shall constitute a guaranteed maximum, and which shall not be exceeded unless prior written approval of the Mayor is obtained. The information contained in the budget shall be in sufficient detail so as to identify the various elements of costs, and the adequacy of such budget information shall be subject to the approval of the Mayor.
- c. A time established for completion of the work or services for the PROJECT or for the submission to CITY of documents, reports and other information pursuant to this Agreement. Time of performances is further delineated in Article 4.
- d. AUTHORIZATION NOTICES TO PROCEED shall be dated and serially numbered.
- e. The description of the work to be undertaken shall be in the form of a detailed Scope of Work, project timetables, if any, and any special provisions about the assigned PROJECT which may control over the terms of this Agreement, must be approved by the Mayor.

ARTICLE 3

SCOPE OF SERVICES

- 3.1 The Scope of Services required to be performed by CONSULTANT shall be for a PROJECT as set forth in a NOTICE TO PROCEED. CONSULTANT shall provide all services as set forth in the NOTICE TO PROCEED including, without limitation, all necessary, incidental and related activities and services required.
- 3.2 CONSULTANT and CITY acknowledge that a NOTICE TO PROCEED may not delineate every detail and minor work task required to be performed by CONSULTANT to complete a PROJECT. If during the course of the performance of a NOTICE TO PROCEED, CONSULTANT determines that additional work is needed to complete a PROJECT which is outside the assigned PROJECTS Scope of Work, CONSULTANT will notify CONTRACT ADMINISTRATOR in writing in a timely manner before proceeding with the work. If CONSULTANT proceeds with said work without receiving written approval from the CITY, as provided in Article 6, said work shall be deemed to be within the original level of effort, whether or not specifically addressed in the NOTICE TO PROCEED. Notice to CONTRACT ADMINISTRATOR does not constitute authorization or approval by CITY. Performance of work by CONSULTANT outside the originally anticipated level of effort without prior written CITY approval is at CONSULTANT's sole risk.

ARTICLE 4

TIME OF PERFORMANCE

- 4.1 In the event CONSULTANT is unable to complete performance of services because of delays resulting from untimely review and approval by governmental authorities having jurisdiction over PROJECT, or by CONSTRUCTION CONTRACTOR and such delays are not the fault of CONSULTANT, CITY shall grant reasonable extension of time for completing the work. It shall be the responsibility of CONSULTANT to notify the CONTRACT ADMINISTRATOR promptly in writing whenever a delay is anticipated or experienced, and to inform the CONTRACT ADMINISTRATOR of all facts and details related to the delay.
- 4.2 CONSULTANT shall not be entitled to an increase in the Agreement Price or payment or compensation of any kind from CITY for direct, indirect, consequential, impact or other cost, expenses or damages including but not limited to costs of acceleration or inefficiency or extended overhead, arising because of delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by CONSULTANTS for hindrances or delays due solely to fraud, bad faith or active malicious interference on the part of CITY. Otherwise, CONSULTANT shall be entitled only to extensions of the Agreement Time as the sole and exclusive remedy for excusable events of delay.
- 4.3 If the CONSULTANT submits a schedule or expresses an intention to complete the work earlier than any required milestone or completion date, the CITY shall not be liable to the CONSULTANT for any cost incurred, lost profits, extended overhead, expenses, or other damages of any kind because of delay or hindrance, regardless of whether such delay or hindrance was caused by its agents, should the CONSULTANT be unable to complete the work before such milestone or completion date as is described within the schedule.

ARTICLE 5

COMPENSATION AND PAYMENT

The CITY agrees to pay the CONSULTANT for services provided by CONSULTANT and its subcontractors as described in a NOTICE TO PROCEED either an agreed upon lump sum amount, or a BILLING RATE amount with an upper limit (not to exceed) as detailed therein, or such form of compensation as may be agreeable to CITY and CONSULTANT.

- a. Lump Sum: As deemed appropriate for each item of work, the CITY and CONSULTANT may agree to utilize the lump sum method of payment for services. The lump sum shall include full payment, including direct labor, overhead, other direct costs, subcontractor fee, and profit.
 - b. BILLING RATE: As deemed appropriate for each item of work, the CITY and CONSULTANT may agree to utilize the BILLING RATE method of payment for services. The BILLING RATE billed shall be the categorical rates identified in Exhibit "C" which includes the overhead rate plus a margin on the direct labor costs and the overhead rate.
 - b.a If necessary, the City reserves the right to negotiate categorical rates not identified in Exhibit "C" which shall include the overhead rate plus a margin on the direct labor costs and the overhead rate
 - c. Invoicing: CONSULTANT shall submit monthly invoices/pay applications in the format and with such backup as required by CITY.
- 5.2 CITY agrees that it will use its best efforts to pay CONSULTANT within thirty (30) calendar days of receipt of CONSULTANT's proper statement as provided above.
- 5.3 Payment will be made to CONSULTANT at:
- Winningham & Fradley, Inc.
111 NE 44 Street
Oakland Park, Florida 33334

ARTICLE 6

ADDITIONAL SERVICES AND CHANGES IN SCOPE OF SERVICES

- 6.1 Services related to a NOTICE TO PROCEED that would increase, decrease or which are otherwise outside the Scope of Services or level of effort contemplated by NOTICE TO PROCEED shall be services for which CONSULTANT must obtain written approval from CITY before compensation can be paid. All terms for the performance of such services must be agreed upon in writing in a document of equal dignity herewith prior to any deviation from the terms of a NOTICE TO PROCEED, and when properly executed shall become as Amendment/Change Order to the NOTICE TO PROCEED.

ARTICLE 7

CITY'S RESPONSIBILITIES

- 7.1 CITY shall assist CONSULTANT by placing at CONSULTANT's disposal all information it has available pertinent to any assigned PROJECT including previous reports and any other data relative to an assigned PROJECT. CITY shall assist CONSULTANT in obtaining all background information necessary to the accomplishment of assigned tasks, and shall provide reasonable access to all existing records, data, and physical facilities.

- 7.2 CITY shall arrange for access to and make all provisions for CONSULTANT to enter upon public and private property as reasonably required for CONSULTANT to perform its services under this Agreement.
- 7.3 CITY shall pay for all costs of publishing advertisements for bids/proposals and for obtaining permits and licenses that may be required by local, State or Federal authorities and shall secure the necessary land, easements, and right-of-way. In order to expedite the processing of an application for permit or license, CITY may, in some instances, direct CONSULTANT to act for CITY in paying a required fee. In such instances, CITY subsequently shall reimburse CONSULTANT for any such fees with no mark-up, without regard to the types of fees applicable to the PROJECT involved.

ARTICLE 8

MISCELLANEOUS

8.1 **OWNERSHIP OF DOCUMENTS:**

All sketches, tracing, drawings, specifications, design calculations, details, models, photographs, reports, surveys and other documents, plans and data that result from CONSULTANT's services under this Agreement or that is provided in connection with this Agreement shall become and shall remain the property of CITY. Copies of all AutoCAD files shall be provided to CITY. CONSULTANT shall be entitled to keep a copy of such items for record purposes. However, CITY shall make no changes or revisions to the documents or data furnished by CONSULTANT unless CONSULTANT's name and professional seal are removed from such changed or revised materials.

8.2 **TERMINATION**

- a. If the CONSULTANT defaults in any particular PROJECT, the CITY may give notice in writing to the CONSULTANT, specifying the default. The following shall constitute default:
- Failing to perform the professional services required under the Agreement and within the time required;
 - Failing to begin the PROJECT under the Agreement within the time specified;
 - Failing to perform the Work with sufficient personnel; or with sufficient materials to ensure completion of the PROJECT within the specified time;
 - Failing to perform the Work using persons and entities as identified and set forth, and to the degree specified by the NOTICE TO PROCEED, subject to substitutions approved by the CITY in accordance with such Agreement documents;
 - Discontinuing the prosecution of the work, for reason other than issuance of a stop work order or other reasons allowed under the Agreement documents.
 - If CONSULTANT otherwise violates in any way any provisions of the Agreement documents;
 - If CONSULTANT disregards laws or regulations of any public body having jurisdiction.
 - Such other events of default as are set forth in any of the implementing Agreement documents
- b. If, after notice of termination of the Agreement it is determined for any reason that the CONSULTANT was not in default under provisions of this Agreement, or that the delay was excusable, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to "Termination of the Agreement for Convenience" clause. All finished or unfinished sketches, tracing, drawings, specifications, design, design calculations details models, photographs, reports, surveys and other documents, plans and data that result from CONSULTANT's services under this agreement shall become and shall remain the property of CITY and shall be delivered by CONSULTANT to CITY.

- c. Upon THIRTY (30) Calendar Days written notice to CONSULTANT, CITY may, without cause and without prejudice to any other right or remedy, terminate this Agreement for CITY's convenience whenever CITY determines that such termination is in the best interests of CITY. Where the Agreement is terminated for his convenience of CITY, the notice of termination to CONSULTANT must state that the Agreement is terminated for the convenience of CITY, the effective date of the termination and the extent of termination.
- d. If CITY approves CONSULTANTS's requisition for payment, and does not pay same within THIRTY (30) Calendar Days of approval, CONSULTANT may suspend performance of the Agreement upon TEN (10) Calendar Days prior written notice (such suspension not being available prior to Forty (40) Calendar Days after CITY approval of the CONSULTANT's requisition for payment). If CITY then fails to make payment for a period of NINETY (90) Calendar Days through no fault of CONSULTANT or if CITY fails to make payment on any recommendation for payment for period of NINETY (90) Calendar Days, CONSULTANT may, upon SEVEN (7) additional Calendar Days written notice to CITY, terminate the Agreement and recover from the CITY payment for Work executed and proven loss with respect to materials, equipment, tools and construction equipment and machinery, prorated to the date of termination. No other recovery shall be permitted.
- e. The Agreement may also be terminated by mutual agreement at any time and under any terms

8.3 RECORDS

CONSULTANT shall keep such records and accounts and require any and all CONSULTANTS and subcontractors to keep records and accounts as may be necessary in order to record complete and correct entries as to personnel hours charged to the PROJECT and any expenses for which CONSULTANT expects to be reimbursed. Such books and records will be available at all reasonable times for examination and audit by CITY and shall be kept for a period of (3) years after the completion of all work to be performed pursuant to this Agreement. Incomplete or incorrect entries in such books and records will be grounds for CITY's disallowance of any fees or expenses based upon such entries.

8.4 NO CONTINGENT FEES

CONSULTANT warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for CONSULTANT, to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual or firm, other than a bona fide employee working solely for CONSULTANT, any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of this Agreement. For the breach or violation of this provision, CITY shall have the right to terminate the Agreement without liability, and, at its discretion, to deduct from the Agreement price, or otherwise recover, the full amount of such fee, commission, percentage, gift or consideration.

8.5 ETHICS DISCLOSURE

The CONSULTANTS warrant and represent that no elected official, officer, agent or employee of the CITY has a financial interest directly or indirectly in this Agreement or the compensation to be paid under it, and further, that no CITY employee who acts in the CITY as a "purchasing agent" as defined by §112.312(20), Florida Statutes, nor any elected or appointed officer of the CITY, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer, director, or proprietor of the CONSULTANTS, and further, that no such CITY employee purchasing agent, CITY elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the CONSULTANTS. Material interest means direct or indirect ownership of more than **FIVE PERCENT (5%)** of the total assets or capital stock of the CONSULTANTS.

8.7 SUBCONSULTANT PAYMENTS

The CONSULTANT shall be responsible for the payments to any SUBCONSULTANT including any professional fees and additional costs. The City shall not be responsible for any payments to SUBCONSULTANT. The City shall not be billed directly or indirectly for any professional fees or additional costs of the SUBCONSULTANT for the Project. CONSULTANT shall pay SUBCONSULTANTS within seven (7) calendar days after receiving payment from CITY.

8.8 NO TRANSFER OF AGREEMENT

CONSULTANT shall not assign or transfer the Agreement or its rights, title or interests therein without CITY's prior written approval. The obligations undertaken by CONSULTANT pursuant to the Agreement shall not be delegated or assigned to any other person or firm unless CITY shall first consent in writing to the assignment. The CITY is relying upon the apparent qualifications and expertise of the CONSULTANT, and such firm's familiarity with the CITY's area, circumstances, and desires. In the event the CITY is not for any reason or for no reason at all, satisfied with such substitute, CONSULTANT shall be considered in breach of this Agreement. Violation of the terms of this Paragraph shall constitute a breach of Agreement by CONSULTANT and the CITY may, at its discretion, cancel the Agreement and all rights, title and interest of CONSULTANT shall thereupon cease and terminate.

8.9 INDEMNITY CLAUSE

CONSULTANT shall indemnify and hold harmless CITY, and its elected and appointed officers, the officers, directors, employees, agents and other Firm of each of them, from and against any and all claims, fines, fees, liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Firm and other persons employed or utilized by the Firm in the performance of this Agreement.

CONSULTANT agrees to indemnify, save and hold harmless the CITY, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against CITY, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation in performance of this agreement.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by CONSULTANT from the CITY that such amount is due, be made by CONTRACTOR prior to the CITY being required to pay same, or in the alternative, the CITY, at the CITY's option, may make payment of an amount so due and CONSULTANT shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by CONSULTANT of written notice from the CITY that such payment is due. CONSULTANT agrees, at CONSULTANT's expense, after written notice from the CITY, to defend any action against the CITY that falls within the scope of this indemnity, or the CITY, at the CITY's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by CONSULTANT. Additionally, if CONSULTANT, after receipt of written notices from the CITY, fails to make any payment due hereunder to the CITY, CONSULTANT shall pay any reasonable attorney's fees or costs incurred by the CITY in securing any such payment from CONSULTANT.

Nothing contained herein is intended nor shall it be construed to waive the CITY's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the CITY's favor.

8.10 ALL PRIOR AGREEMENTS SUPERSEDED:

This document incorporates and includes all prior negotiations, correspondence, conversations, agreements, or understandings applicable to the matters contained herein and the parties agree that there are no commitments, agreements, or understandings concerning the subject matter of this Agreement that are not contained in this document. Accordingly, it is agreed that no deviation from the terms hereof shall be predicated upon any prior representations or agreements whether oral or written. If is further agreed that no modification, amendment or alteration in the terms or conditions contained herein shall be effective unless contained in a written document executed with the same formality and of equal dignity herewith.

8.11 NON-EXCLUSIVE AGREEMENT:

The services to be provided by CONSULTANT pursuant to this Agreement shall be non-exclusive and nothing herein shall preclude CITY from engaging other firms to perform the same or similar services for the benefit of CITY within CITY's sole and absolute discretion.

8.12 WARRANTIES OF CONSULTANT:

CONSULTANT hereby warrants and represents as follows:

- a. At all times during the term of this Agreement, CONSULTANT shall maintain in good standing, all required licenses, certifications and permits required under federal, state and local laws necessary for the performance under this Agreement.
- b. At all times during this Agreement, CONSULTANT shall perform its obligations in a prompt, professional and businesslike manner.
- c. No approval required to be given by the CITY under the Agreement shall operate to relieve the CONSULTANT from any of its responsibilities under the Agreement or the deemed as an approval by the CITY of any deviation contained in the items or documents subject to such approval from, or of their failure to comply with any provision or requirement of the Agreement, unless the failure or deviation has been specifically approved by a Change Order to the Agreement.

8.13 ONSITE MONITORING:

CONSULTANT'S resident project representatives will make reasonable efforts to guard CITY against defects and deficiencies in the work of the Contractor(s) and to help determine and ensure that the provisions of the Agreement Documents are being fulfilled.

8.14 APPLICABLE LAWS GOVERNING PROJECT(S)

The laws of the State of Florida shall govern the validity, construction and effect of this Agreement.

Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.

All claims, counterclaims, disputes and other matters in question between CITY and CONSULTANT arising out of, relating to, or pertaining to this Agreement, or the breach thereof, or the services thereof, or the standard of performance therein required, shall be determined by litigation in the Circuit Court of the Seventeenth Judicial Circuit in and for Broward County, Florida, or the Federal District Court of the Southern District of Florida and appropriate appellate courts for such venue and jurisdiction.

To any extent that the CONSULTANT may be acting as an "agent" or CONSULTANT on behalf of the CITY, the CITY expects the CONSULTANT to fully comply with all Federal, State, and Local laws applicable to and specifically those covering Equal Opportunity Employment, American Disabilities Act (ADA), 42 U.S.C. 12101, et seq. and Florida Building Code. We reserve the right to verify your compliance with the various laws. Failure to comply with any laws will be grounds for termination of the Agreement.

8.15 TERMINATION FOR NON-APPROPRIATION OF FUNDS

Notwithstanding any other provision of this Agreement, the CITY shall not be obligated for the CONSULTANT's performance hereunder or by any provision of this Agreement during any of the CITY's future fiscal years unless and until the CITY Council appropriates funds for this Agreement in the CITY's Budget, or any amendment thereto, for each such future fiscal year. In the event that funds are not appropriated for this Agreement, then this Agreement shall terminate as of September 30 of the last fiscal year for which funds were appropriated. The CITY shall notify the CONSULTANT in writing of any such non-allocation of funds at the earliest possible date.

8.16 INDEPENDENT CONSULTANT

The CONSULTANT and its employees, volunteers and agents shall be and remain independent CONSULTANT and not agents or employees of the CITY with respect to all of the acts and services performed by and under the terms of this Agreement. This Agreement shall not in any way be construed to create a partnership, association or any other kind of joint undertaking, enterprise or venture between the parties hereto.

8.17 DISCIPLINARY ACTION

The CONSULTANT agrees to immediately notify the CITY of any disciplinary action imposed against the CONSULTANT or any of its employees by any regulatory agency with the charge of regulating the CONSULTANT.

8.18 SEVERABILITY

In the event any one or more of the provisions of this Order is held to be invalid or otherwise unenforceable, the enforceability of the remaining provisions shall be unimpaired.

8.19 NO WAIVER OF LEGAL RIGHTS

No approval required to be given by the CITY under the Agreement shall operate to relieve the CONSULTANT from any of its responsibilities under the Agreement or to be deemed as an approval by the CITY of any deviation contained in the items or documents subject to such approval from, or of their failure to comply with any provision or requirement of the Agreement, unless the failure or deviation has been specifically approved by a Change Order to the Agreement.

Unless the CITY has specifically approved in writing a deviation from the Agreement Documents in an Agreement modification, as provided above, the CITY shall not be precluded or estopped by any approval, review, measurement, estimate or certificate made either before or after the completion and acceptance of the Work and payment for it, from showing the true amount and character of the Work performed and goods and materials furnished by the CONSULTANT or from showing that any measurement, estimate or certificate is untrue or incorrectly made, or that the Work or goods and materials do not conform in fact to the Agreement. Unless the CITY has specifically approved in writing a deviation from the Agreement Documents in a Agreement modification, as provided above, the CITY shall not be precluded or estopped, notwithstanding any approval, review, measurement, estimate or certificate and payment in accordance with it, from recovering from the CONSULTANT and its sureties damages it may sustain by reason of its failure to comply with the terms of the Agreement. Except as provided, neither the acceptance of the CITY, or any representative of the CITY, nor any payment for or acceptance of the whole or any part of the Work, nor any extension of time, nor any possession taken by the CITY, shall operate as a waiver of any portion of the Agreement, or of any power reserved or any right to damages provided to the CITY. A waiver of any breach of the Agreement shall not be held to be a waiver of any other breach whether prior to or subsequent to it. The CITY's delay in declaring that a breach has occurred or otherwise asserting its rights under this Agreement shall not constitute a waiver of the breach or limit any of the CITY's rights under this Agreement.

8.20 DISPUTE RESOLUTION

In the event that any dispute between the CITY and the CONSULTANT concerning questions or issue arising under this Agreement that have not been resolved, or for items on the Disputed Work List, a request for resolution shall be submitted by the CONSULTANT to the CITY for determination. Request for such determination shall be made in writing. The CITY's decision may be reached in accordance with assistance, as it may deem reasonably necessary or desirable. The CITY's decision shall be rendered in writing no more than **THIRTY (30)** Calendar Days after receipt of a fully documented (to the extent that such documents are within the control of the CONSULTANT) request for a determination. The decision shall be conclusive, final, and binding on all parties, unless the CONSULTANT shall seek a judicial determination in accordance with the provisions set forth below.

No later than **SIXTY (60)** Calendar Days after the CONSULTANT's receipt of the CITY's determination, the CONSULTANT shall respond to the CITY in writing, either accepting the determination or stating the

CONSULTANT's factual or legal objection to the determination. If the CONSULTANT's response is an objection, the CITY shall respond in writing to the objection within **THIRTY (30)** Calendar Days after receipt of it. No further response by either party shall be required. Thereafter, the CONSULTANT may seek a judicial determination of the dispute. In the event that the CONSULTANT intends to seek judicial determination of a matter decided by the CITY, the CONSULTANT shall notify the CITY of its intent to do so within **SIXTY (60)** Calendar Days of the CITY's final decision.

In the event of litigation in order to enforce this Agreement, or which arises out of, pertains to, or relates to this Agreement, or the breach thereof, or the services provided herein, or the standard of performance herein required, the prevailing party shall be entitled to a reasonable attorney's fee. Notwithstanding the foregoing sentence, the maximum attorney's fees which one party can recover from the other will not exceed \$15,000.

If required by CITY, the CONSULTANT shall continue to perform the Work required under the Agreement during this resolution period, including any judicial resolution. The CITY's written determination shall be complied with pending final resolution, including judicial, of the dispute. If the CONSULTANT complies with the CITY's written determination, the CITY shall continue to perform under the Agreement and make all payments due (other than those or the portions of payments in dispute, if any) during the resolution period. This payment provision shall not apply in the event that the CONSULTANT fails to submit a dispute to the CITY as required by this Article IX, Paragraph 3. The continued performance of the Agreement by either party shall not constitute an admission as to any factual or legal position in connection with the dispute, or a waiver of its rights under the Agreement or at Law.

8.21 COMPLIANCE WITH LAWS/CODES/RULES, ETC

The CONSULTANT shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same. CONSULTANT represents to CITY that it is not a person or affiliate as defined in §287.133, Florida Statutes, which has been placed on the convicted vendor list maintained by the Florida Department of Management Services following a conviction for a public entity crime. CONSULTANT acknowledges and agrees that it may not submit a bid on an Agreement to provide any goods or services to the CITY, may not submit a bid on a Agreement with the CITY for the construction or repair of any public building or public work, may not submit bids on leases of real property with the CITY, may not be awarded an opportunity to perform work as a contractor, supplier, subcontractor or CONSULTANT under an Agreement with the CITY, and may not transact business with the CITY in an amount set forth in §287.017, Florida Statutes, for Category Two for a period of **THIRTY-SIX (36)** months from the date of being placed on the convicted vendor list.

The CONSULTANT shall not be reimbursed for any additional costs which the CONSULTANT incurs as a result of laws enacted after the effective date of this Agreement, nor be entitled to an extension of the Scheduled Date of Final Completion as a result of laws, except as set forth in this Article IX, Paragraph 1. The CONSULTANT shall be reimbursed, in addition to the Agreement Sum, for additional costs incurred by the CONSULTANT in the performance of the Agreement resulting from the following:

- a. CITY ordinances passed by the City Council after the effective date of this Agreement.
- b. Any unforeseen new state or federal laws, regulations or rules enacted after the effective date of the Agreement, which require a significant change in the Project. The CONSULTANT shall not be reimbursed for any other costs resulting from any other new state or federal laws, regulations or rules enacted after the effective date of the Agreement, including but not limited to laws relating to techniques, procedures, research, analysis and materials.

8.22 EXTERNAL FUNDING REQUIREMENTS

Some of the work/tasks performed under this Agreement could be wholly or partially funded by grants, loans or programs administered by Federal governmental agencies, State governmental agencies, Broward County or all three. To that end, the CONSULTANT agrees to meet all applicable conditions or requirements of such grants, loans, or programs, regardless of whether or not such conditions or requirements are specifically identified or referenced in the Agreement documents. These requirements may include record production, processing, and retention, cooperation in audits (both prior to and after completion), and special provisions for inspections, labor, materials, insurance, bonding, and payments or draw requests, Certified Business Enterprise Programs, or all of the foregoing.

ARTICLE 9

INSURANCE REQUIREMENTS

The CONSULTANT shall provide the Insurance certificates listing the City of Plantation as an additional insured that meet or exceed the CITY requirements as set forth in **Exhibit “D”**, which is incorporated herein and made a part hereof.

ARTICLE 10

AGREEMENT TERM

This agreement will remain in effect for a **TWO (2)** year period, unless it is canceled earlier by the CITY or the CONSULTANT. At the end of the **TWO (2)** year period, the CITY will have the option of extending the Agreement for **two (2)** additional **one (1)** year terms based upon mutual acceptance by CONSULTANT and CITY.

ARTICLE 11

Notice

All notices provided for herein shall be in writing and transmitted by overnight mail, certified mail return receipt requested, or by hand delivery, and shall be mailed or delivered as follows:

1. All Notices sent to CONSULTANT shall be sent in writing and by first-class mail to:

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

All Sealed Responses shall be placed in a sealed envelope/box and clearly marked in the lower left corner: **“Sealed RFQ No. 027-20, Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services”** and shall be sent to the following address, only:

City of Plantation (“CITY”)
Office of the City Clerk
400 NW 73rd Ave.
Plantation, FL 33317

All Sealed Responses must be received in the Office of the City Clerk by 11:00 am (EST) on **March 17, 2020** at which time they will be opened. Sealed Responses will not be accepted after that date and time under any circumstances. **ONE (1) original, FIVE (5) copies, and ONE (1) flash drive** of each Sealed Response shall be presented. Any responses received by the Office of the City Clerk after the due date and time specified in this Request for Qualifications (hereafter “RFQ”) will not be considered and will be returned unopened. Any Sealed Responses or copies that are sent to any other address may be refused and sent back to the FIRM(s) unopened. Whenever the term FIRM or FIRM(s) is used herein, it shall be interpreted to include Individual responses. The terms CONTRACT and AGREEMENT are synonymous and shall be interpreted to have the same meaning.

THE FIRM MUST BE LICENSED IN PROFESSIONAL SERVICES BY THE STATE OF FLORIDA AND SUBMIT PROOF OF SUCH WITHIN THEIR SEALED RESPONSE.

Before an AGREEMENT will be awarded for FIRM(s) providing “Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services”, the FIRM(s) must first be certified by the CITY as qualified pursuant to law and the regulations of the CITY. The CITY must find that the FIRM(s) to be employed is fully qualified to render the required service(s). The CITY will conduct such investigation as is necessary to determine the qualifications of FIRM(s). Upon request, FIRM(s) shall submit such information as deemed necessary by the CITY to evaluate FIRM(s) qualifications.

For information concerning this Request for Qualifications, please contact Charles Spencer, Procurement Division. The contact email address is espencer@plantation.org.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

AUTHORITY AND GENERAL TERMS AND CONDITIONS

1. It is the intent of the CITY to award the proposal to the responsive FIRM providing a response which is most advantageous to the CITY. This proposal is issued pursuant to, and governed by the applicable laws of the State of Florida, including but not limited to, the Consultants' Competitive Negotiation Act.
2. The CITY reserves the right to reject any or all proposals, to waive any informalities or irregularities in any proposals received, to re-advertise for proposals, to enter into CONTRACT negotiations with the selected FIRM or take any other actions that may be deemed to be in the best interest of the CITY.

EXAMINATION OF CONTRACT DOCUMENTS AND SITE

1. After award of this CONTRACT and before submitting a Proposal for a particular Task Order request, Proposer must, visit the site (if applicable to the project) to become familiar with the facilities and equipment that may in any manner affect cost or performance of the work, consider federal, state and local laws, ordinances, rules and regulations that may in any manner affect cost or performance of the work; carefully compare the FIRM's observations made during site visits or in review of applicable laws with the Proposal Documents; and must promptly notify the Project Manager of all conflicts, errors and discrepancies, if any, in the Proposal Documents.
2. The FIRM, by and through the submission of a Task Proposal, agrees that FIRM, shall be held responsible for having examined the facilities and equipment (if applicable); is familiar with the nature and extent of the work and local conditions that may affect the work; and is familiar with the equipment, materials, parts and labor required to successfully perform the work.

INTERPRETATIONS AND ADDENDUM

1. If FIRM is in doubt as to the meaning of any term or clause contained in this RFQ Proposal Documents, believes that the General Conditions, Special Conditions and/or Statement of Work contain errors, contradictions or obvious omissions, or has any questions concerning information contained in this RFQ document, the FIRM shall submit a written request to Procurement for interpretation or clarification. Such request must reference RFQ No. 027-20 and should be received by the Procurement Office at least ten (10) calendar days prior to the RFQ due date. Questions received thereafter, will not be answered. Interpretations or clarifications in response to such questions, if deemed necessary by the Procurement Administrator will be addressed via written addendum which shall be available for download electronically from the Demand Star website at www.demandstar.com, or by contacting Charles Spencer (espencer@plantation.org). The issuance of a written addendum shall be the only official method whereby such an interpretation or clarification will be made.

CONTINGENT FEES PROHIBITED

1. The proposing FIRM must warrant that it has not employed or retained a company or person, other than a bona fide employee, contractor or subcontractor, working in its employ, to solicit or secure a CONTRACT with the CITY, and that it has not paid or agreed to pay any person, company, corporation, individual or FIRM other than a bona fide employee, contractor or sub-consultant, working in its employ, any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of a CONTRACT with the CITY.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

SUBMISSION OF SEALED RESPONSES

1. Sealed Responses must be typed or printed in blue ink. Use of erasable ink is not permitted.
2. All Sealed Responses shall be submitted in the English language.
3. Sealed Responses must contain a signature of a corporate officer with proven authority to bind the FIRM in matters of this nature. The Address and Phone number for any communications regarding Sealed Response must be included.
4. Sealed Response shall contain an acknowledgment of receipt of all Addendum(s).
5. Sealed Responses by corporations must be executed in the corporation's legal name by the President or other corporate officer, accompanied by evidence of authority to sign. Evidence of authority shall be provided on the enclosed Certified Resolution form, or by the company's own Corporate Resolution.
6. Sealed Responses by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature.
7. In accordance with Florida Statutes, Chapter §119.07(1) (a) and except as may be provided by other applicable state and federal law, the Request for Qualifications and the responses thereto are in the public domain. However, FIRMs are requested to specifically identify in the submitted Sealed Response any financial information considered confidential and/or proprietary which may be considered exempt under Florida Statute §119.071(b).
8. The CITY will not be liable for any cost incurred in the preparation submission, or review of any Sealed Response or Response at any point of the procurement process

MODIFICATION AND WITHDRAWAL OF SEALED RESPONSES

1. Sealed Response may be modified or withdrawn by a duly executed document signed by a corporate officer. Evidence of such authority must accompany the request for withdrawal or modification. The request must be delivered to the Procurement Office at any time **prior** to the deadline for submitting Sealed Responses. Withdrawal of a Sealed Response will not prejudice the rights of a FIRM to submit a new Sealed Response prior to the Sealed Response opening date and time. No Sealed Response may be withdrawn or modified after the date of proposal opening has passed.
2. If, within twenty-four (24) hours after Sealed Responses are opened, any FIRM files a duly signed, written notice with the Procurement Office, and within five (5) calendar days thereafter demonstrates to the reasonable satisfaction of CITY, by clear and convincing evidence, that there was a material and substantial mistake in the preparation of its Sealed Response, or that the mistake is clearly evident on the face of the Sealed Response, but the intended correct Sealed Response is not similarly evident, FIRM may withdraw its Sealed Response.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

REJECTION OF PROPOSALS

1. To the extent permitted by applicable state and federal laws and regulations, CITY reserves the right to reject any and all Sealed Responses, to waive any and all informalities not involving price, time or changes in the work with the Successful FIRM, and to disregard all nonconforming, non-responsive, unbalanced or conditional Sealed Responses. Sealed Responses will be considered irregular and may be rejected if they show serious omissions, alterations in form, additions not called for, conditions or unauthorized alterations, or irregularities of any kind.
2. CITY reserves the right to reject the Sealed Response of any FIRM if CITY believes that it would not be in its best interest of to make an award to that FIRM, whether because the Sealed Response is not responsive, the FIRM is unqualified, of doubtful financial ability, or fails to meet any other pertinent criteria established by CITY within the Statement of Work

NONEXCLUSIVE

1. The CITY does not commit that all matters in the future which may be within any Scope of Services/Statement of Work contained herein will be assigned to the FIRM(s) holding a CONTRACT. No breach of the continuing CONTRACT will occur if the CITY submits such matters to bids or seeks bids or proposals from other parties, including but not limited to design and construction FIRMs, for any task within any scope of work listed above, or for any scope of work listed above, and awards such work to other FIRMs.

TASK ORDERS

1. Specific projects within the Scope/Statement of Work as contained herein will be assigned to the FIRM from time to time pursuant to independent assignments for such services. These assignments will be called a Task Order and will contain CONTRACT requirements pertinent to the task such as negotiated compensation (if different than the Master Agreement), insurance requirements, performance requirements, etc.

TAXES

1. Successful FIRM shall pay all applicable sales, consumer use and other similar taxes required by law.

PERMITS, FEES AND NOTICES

1. The FIRM shall be responsible for securing all permits and licenses necessary for the proper execution and completion of the work, if applicable. Cost of any required permits will be reimbursed by CITY without markup (i.e. direct pass-through), for properly submitted invoices except where expressly noted in the Task Order.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

CONE OF SILENCE

1. Once the RFQ has been issued, a Cone of Silence will be implemented. At that time communication with the CITY is limited to Charles Spencer, Procurement Administrator (email address espencer@plantation.org). During the review and evaluation process no person shall make any private or separate delivery of marketing information concerning any FIRM to any elected or appointed officers of the CITY, members of the CITY staff or members of the Evaluation/Selection Committee.

Cone of Silence shall terminate at the time the CITY makes an award to a FIRM(S) that becomes final as a result of no procurement protest being filed or takes other action that ends this RFQ solicitation.

Any action of a FIRM in violation of this may be cause for disqualification of the FIRM.

GENERAL CONTRACT PROVISIONS

1. Generally, the CITY does have standard CONTRACT provisions concerning its FIRMS, and it is contemplated that these CONTRACT provisions will appear in the “Master” CONTRACT. As stated herein, each Task Order may contain refinements to a scope of services, deadlines, and any negotiated adjustments to compensation, etc. The following are representative terms of CITY consulting CONTRACTs, and the CITY reserves the right to add additional terms or modify the following terms as it deems appropriate during the compensation negotiation phase of the Selection Process or at the time the master CONTRACT is implemented by a Task Order.
 - a. The CITY will be able to terminate the CONTRACT without cause by giving THIRTY (30) Calendar Days written notice before termination. A transition provision will be included in the event of termination.
 - b. The successful FIRM(s) shall bill the CITY according to the type of compensation as may be agreed in any given Task Order.
 - c. The CITY, during any fiscal year, shall not expend money, incur any liability, or enter into any CONTRACT which, by its terms, involves the expenditure of money in excess of the amounts budgeted as amended, surpluses carried over to the recent fiscal year, and reserves which are available for expenditure during such fiscal year. Any CONTRACT, verbal or written, made in violation of this subsection is at the CITY’s option null and void or voidable, and in no event can money be paid on such CONTRACT in excess of what is available for expenditure in any fiscal year. Nothing herein contained shall prevent the making of CONTRACTs for periods exceeding ONE (1) year, but any CONTRACT so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years.
 - d. The CITY reserves the right to prepare a CONTRACT and Task Order and to refuse to enter into a CONTRACT or Task Order if the CITY's terms are not accepted.
 - e. The written CONTRACT between the successful FIRM(s) and the CITY shall include language to the effect that neither the CONTRACT, nor any portion thereof, nor any other facet of the relationship between the parties will create or be deemed to create a partnership, joint venture, joint enterprise, as a Sub-FIRM, or any other agency relationship, or an employer/employee leasing relationship, and further, shall reflect the CITY's intent that the legal relationship between the parties shall be that of an independent FIRM.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

- f. Each Task Order may provide that the successful FIRM(s) is to achieve final completion within an agreed time period determined and agreed upon by both parties from the date appearing in the Notice to Proceed form for the specified Project. Therefore, the FIRM agrees to begin each Project in conformity with the provisions set forth in the Task Order and to prosecute it with all due diligence, so as to complete the entire work and Project by the time limits set forth in the agreed Project Schedule for the specified Project. As to such a Task Order that has deadlines, time will be of the essence unless stated otherwise.
- g. FIRM(s) shall not be entitled to an increase in the CONTRACT Price or payment or compensation of any kind from CITY for direct, indirect, consequential, impact or other costs, expenses or damages including but not limited to costs of acceleration or inefficiency or extended overhead, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by FIRM(s) for hindrances or delays due solely to fraud, bad faith or active malicious interference on the part of CITY. Otherwise, FIRM shall be entitled only to extensions of the CONTRACT time as the sole and exclusive remedy for excusable events of delay.
- h. If the FIRM submits a schedule or expresses an intention to complete the work earlier than any required milestone or completion date, the CITY shall not be liable to the FIRM for any costs incurred, lost profits, extended overhead, expenses, or other damages of any kind because of delay or hindrance, regardless of whether such delay or hindrance was caused by the CITY or by its agents, should the FIRM be unable to complete the Work before such milestone or completion date as is described within the schedule.
- i. On any particular Task Order, the CITY reserves the right to include a provision for liquidated damages as a result of any project or work delay.
- j. Upon THIRTY (30) Calendar Days written notice to FIRM, CITY may, without cause and without prejudice to any other right or remedy, terminate the Agreement for CITY's convenience whenever CITY determines. Where the Agreement is terminated for the convenience of CITY, the notice of termination to FIRM must state that the CONTRACT is being terminated for the convenience of CITY, the effective date of the termination and the extent of termination. Services will be paid for through date of termination, and this shall mean payment for all completed tasks and payment for uncompleted tasks based upon the percentage of completion of such uncompleted tasks. FIRM shall not be paid on account of loss of anticipated profits or revenues or other economic loss arising out of or resulting from such termination.
- k. The Agreement may also be terminated by mutual agreement at any time and under any terms.
- l. No remedy under the terms of this CONTRACT in CITY's favor is intended to be exclusive of any other remedy, but each and every remedy shall be cumulative and shall be in addition to any other remedies, existing now or later, at law, in equity or by statute. No delay or omission to exercise any CITY right or CITY power accruing upon any event of default shall impair any CITY right or CITY power nor shall it be construed to be a waiver of any event of default or acquiescence in it, and every CITY right and CITY power may be exercised from time to time as often as may be deemed expedient.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

- m. The FIRM shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same.
- n. The laws of the State of Florida shall govern the validity, construction and effect of this CONTRACT.
- o. Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.
- p. To any extent that the FIRM may be acting as an "agent" and/or FIRM on behalf of the CITY, the CITY expects the FIRM to fully comply with all Federal, State, and Local laws applicable to and specifically those covering Equal Opportunity Employment, American Disabilities Act (ADA), 42 U.S.C. 12101, et seq. and Florida Building Code. We reserve the right to verify your compliance with the various laws. Failure to comply with any laws will be grounds for termination of the CONTRACT.
- q. The FIRM shall indemnify and hold harmless the CITY of Plantation, its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the FIRM and other persons employed or utilized by the FIRM in the performance of the CONTRACT.

FIRM agrees to indemnify, defend, save and hold harmless the CITY, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against the CITY, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, FIRM, or corporation which result from the work product of the FIRM.

In the event of any claims or suits which fall within either of the foregoing indemnities, payment of any amount due pursuant thereto shall, after receipt of written notice by FIRM from the CITY that such amount is due, be made by FIRM prior to the CITY being required to pay same, or in the alternative, the CITY, at CITY's option, may make payment of an amount so due and the FIRM shall promptly reimburse the CITY for same, together with interest thereon at the rate of 12% per annum simple interest from the day of CITY's payment. FIRM agrees, at the FIRM's expense, after receipt of written notice from the CITY, to defend any action against the CITY that falls within the scope of the foregoing indemnities, or the CITY, at the CITY's option, may elect not to tender such defense and may instead elect to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by the FIRM. Additionally, if FIRM, after receipt of written notice from the CITY fails to make any payment due hereunder to the CITY, FIRM shall pay any reasonable attorney's fees or costs incurred by the CITY in securing any such payment from FIRM.

Nothing contained herein is intended nor shall it be construed to waive the CITY's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the CITY's favor.

INSTRUCTIONS TO FIRMS

REQUEST FOR QUALIFICATIONS # 027-20

- r. External Funding Requirements: Some of the work/tasks performed under this contract could be wholly or partially funded by grants, loans or programs administered by Federal governmental agencies, State governmental agencies, Broward County or all three. To that end, the FIRM agrees to meet all applicable conditions or requirements of such grants, loans, or programs, regardless of whether or not such conditions or requirements are specifically identified or referenced in the contract documents. These requirements may include record production, processing, and retention, cooperation in audits (both prior to and after completion), and special provisions for inspections, labor, materials, insurance, bonding, and payments or draw requests, Certified Business Enterprise Programs, or all of the foregoing.

SUMMARY OF DOUMENTS TO BE SUBMITTED WITH SEALED RESPONSE

FIRM(s) shall submit a complete qualification package that includes:

1. Letter of Interest and general information about the FIRM and its principals (i.e., location of headquarters, size, length of time in business, length of tenure and residence address of key personnel);
2. All items required by the “Statement of Work, Proposal Requirements” contained herein;
3. Proof of Insurance per attached.
4. Copies of all current applicable professional license(s) and certification(s);
5. FIRM’s Corporate Resolution
6. Certification that the FIRM is not barred from performing the Project work by operation of the Florida Public Entity Crimes law (Form Provided);
7. Public Records Compliance Certification (Form Provided)
8. Qualification Statement (Form Provided)
9. Non-Collusion Certification (Form Provided)
10. Drug-Free Workplace (Form Provided)
11. Truth in Negotiation (Form Provided)
12. FIRMs Certification (Form Provided)
13. Cooperation with Broward County Office of Inspector General (Form Provided)
14. Scrutinized Company Certification (Form Provided)
15. Form 4A Disclosure of Business Transaction, Relationship or Interest (Form Provided)
16. A Financial Ability Statement in sufficient detail to evaluate financial strength of FIRM.
17. Information as is appropriate for evaluation of the submittal pursuant to the criteria listed in Selection Process section of this RFQ, or identify on the Evaluation Criteria Form provided herein.

END OF SECTION

STATEMENT OF WORK

CONTINUING SERVICES AGREEMENTS FOR: ARCHITECTURE, LANDSCAPE ARCHITECTURE, ENVIRONMENTAL ENGINEERING, CIVIL ENGINEERING, TRAFFIC & TRANSPORTATION ENGINEERING, PROFESSIONAL SURVEYING AND MAPPING SERVICES, CONSTRUCTION/PROJECT MANAGEMENT, AND CONSTRUCTION ENGINEERING AND INSPECTION SERVICES

RFQ NO. 027-20

GENERAL SCOPE OF SERVICES

Pursuant to Florida Statutes, Chapter 287.055 (Consultants Competitive Negotiations Act), the City of Plantation seeks to identify Firms with substantial experience and capabilities to perform consulting services on an open end (continuing services) basis.

The City will endeavor to award up to three (3) Firms for each professional category listed. Firms will not be limited to one discipline. Firm shall designate discipline(s) they are proposing on the attached form. Each selected firm shall enter into a multi-year contract with the City. As each project task is identified, selected firms within the required discipline(s) may be requested to submit specific qualifications for a Task. Selection shall be to the most qualified firm for a particular task.

The services sought by the City may include, whether in part or in whole, but not limited to; planning studies, environmental studies, traffic and transportation studies, general civil engineering, traffic and transportation engineering, building architecture, landscape architecture, structural engineering, environmental engineering, surveying, mapping, mechanical engineering, contract management, and construction engineering and inspection services.

List of Professional Services categories for which City is seeking Firms:

1. Architecture

Provide professional architectural consultant and associated professional services. Professional services include, but are not limited to, planning and feasibility studies, conceptual design, design development, final design for procurement and construction, preparation of technical specifications, cost estimating, regulatory agency permitting, and construction administration for new building construction, building additions, renovations, park facilities, and related projects.

2. Landscape Architecture

Provide professional landscape architectural consultant services including, but not limited to, landscaping and associated irrigation system design, cost estimating, regulatory agency permitting, and construction administration for City facilities and public rights-of-way (i.e. - roadways, waterways, etc.) drawings, specification and permitting.

STATEMENT OF WORK

3. Environmental Engineering

Provide professional environmental engineering consultant services including, but not limited to, environmental studies, environmental design (ex: wetlands), construction documents, cost estimating, environmental permitting, construction administration, and post-construction monitoring services for environmental projects. Knowledge and experience in obtaining permits from various environmental regulatory agencies, (ex: FHWA, EPA, DERM, Dept. of Health, FDEP, Broward County, SFWMD, and USACOE).

4. Civil Engineering

Provide professional general civil engineering services including, but not limited to, planning and feasibility studies, designs for roadways, bridges, stormwater/floodplain management systems and waterways, water and wastewater distribution systems, construction plans and technical specifications, cost estimating, regulatory agency permitting, and construction administration services for improvements within public rights-of-way and for City facilities.

5. Traffic and Transportation Engineering

Professional traffic and transportation engineering consultant services, including, but not limited to, planning studies, traffic impact analysis, traffic signal and intersection stop warrant analysis, transportation studies, review and comment on traffic impact analysis for private development, traffic and transportation design, construction plans and technical specifications, cost estimating and construction administration. Knowledge and experience in traffic engineering, transportation planning, street and highway design, traffic calming design, transit planning, general engineering. Experience working with regulatory agencies such as Broward County Traffic Engineering Division, Broward County Highway Construction and Engineering Division, and the Florida Department of Transportation.

6. Professional Surveying and Mapping Services

Provide professional surveying and mapping services including, but not limited to, boundary/topographic surveys, roadway surveys, bathymetric surveys, preparation of legal descriptions/sketches, LIDAR services, asset management surveys, etc. Experience working with regulatory agencies such as Broward County Traffic Engineering Division, Broward County Highway Construction and Engineering Division, and the Florida Department of Transportation.

7. Construction/Project Management

Provide contract/construction/grant management services to assist City of Plantation staff with the administration and management of construction contracts and City procedures for successful completion of various capital projects including, but not limited to, buildings, parks facilities, roadways, bridges, waterways, transportation and traffic engineering projects, and other City projects as needed. Firm must be familiar with current Federal/State/County and local regulations, policies, processes demonstrate knowledge and experience pertaining to grants administration, housing requirements, City codes, and administrative procedures.

STATEMENT OF WORK

8. Construction Engineering and Inspection (CEI) Services

Construction Engineering and Inspection (CEI) services to include contract administration, inspection, and materials sampling and testing.

It shall be the responsibility of the CEI Consultant to administer, monitor, and inspect Construction Contracts such that the project is constructed in reasonable conformity with the plans, specifications, and special provisions for the Construction Contract. Observe the Contractor's work to determine the progress and quality of work. Identify discrepancies, report significant discrepancies to the CITY, and direct the Contractor to correct such observed discrepancies. Inform the designated CITY project personnel of any significant omissions, substitutions, defects, and deficiencies noted in the work of the Contractor and the corrective action that has been directed to be performed by the Contractor.

QUALIFICATIONS OF PROPOSERS

Sealed Responses will be considered from qualified Firms whose experience includes successful work in the industry.

- The Firm must have on staff architects/engineers with knowledge of all applicable Federal, State and County standards and requirements needed to develop design plans, specifications, cost estimates, site inspections and project management as applicable.
- Firms shall demonstrate professional and supporting staff knowledge and experience to develop studies, design drawings, technical specifications, cost estimates, regulatory agency permitting, contract administration, and other related services for projects applicable to their respective disciplines.
- Architects, Engineers, and Surveyor/Mappers shall hold professional licensure to practice in the State of Florida.
- Firms must possess at least five (5) years of considerable relevant experience in delivery of professional services as outlined above for their respective disciplines, with emphasis on municipal, county, state, or federal projects.
- Firm must have sufficient qualified staff to complete applicable work in the time required and in accordance with State statutes and standards.

STATEMENT OF WORK

PROPOSAL REQUIREMENTS

Firms shall submit one (1) original and five (5) copies, and one (1) flash drive of their sealed response; and respond to each of the following items as clearly as possible:

1. Letter of Interest and general information about the firm and its principals (i.e., location of headquarters, size, length of time in business, length of tenure and residence address of key personnel);
2. Copies of all current applicable professional license(s) and certification(s);
3. Provide copy of current Florida Professional Registration License(s) Renewal.
4. Completed City Required Forms included with Solicitation;
5. Proof of Insurance per attached.
6. Resumes of key personnel who will actually be assigned to City Plantation projects and describe their roles. Note: City of Plantation expects those listed to be those who will actually perform the work. No substitutions will be permitted except in the most dire conditions or at time of a specific task proposal, are no longer with the Firm.
7. A list of at least five (5) Architectural, Engineering and/or Surveying related projects performed during the last five (5) years including the following information:
 - a. Name of the entity for which the work was performed;
 - b. Brief description of the scope of the project;
 - c. Initial construction estimate of project cost (the estimate prior to the bid);
 - d. Amount of initial contract award;
 - e. Total number of change orders to the contract;
 - f. Total value of change orders for the project;
 - g. Amount of initial design fees associated with the project;
 - h. Change orders to design contract and dollar value;
 - I. Contact person with the entity, valid current phone number of one that can knowledgeably discuss your firm's role and performance in the project.
 - j. Provide financial statements for your firm's latest year of operation.
 - k. Any other information the firm feels is relevant to evaluating qualifications.

STATEMENT OF WORK

SCOPE AND TERM OF AGREEMENT

Sealed Responses are hereby invited for a term contract on a continuing service basis. The City intends to evaluate submitted sealed responses and award multiple Firms exhibiting comprehensive architectural, engineering and/or surveying experience. The term of the contract(s) for Miscellaneous Projects (basic construction cost under \$2 million each or study activities under \$200,000, in accordance with the requirements of Florida Statute 287.055.) shall be for a two (2) year period from the award date. (Note: In the event that statutory dollar thresholds are amended by the State of Florida, those amended limits shall be applied to this Agreement.)

The City may extend each individual contract(s) under the same terms and conditions for two (2) additional one (1) year periods, on an as needed basis, subject to vendor acceptance, satisfactory performance and determination that renewal will be in the best interest of the City.

No guarantee is expressed or implied as to the amount and total number of the individual project task authorizations provided to any one firm for the life of this contract.

TASK ASSIGNMENT

The City shall designate a member of City staff to serve as the City Project Representative (CPR) for each project, who shall be responsible for administering the project on behalf of the City. The CPR shall coordinate with a selected Firm to prepare a scope of services for each project, upon which selected Firms in a particular category will submit a proposal.

PROCESS OF CONCEPTUAL DESIGNS AND CONTRACT ADMINISTRATION

Required designs may be developed with the input of City of Plantation staff, various City Boards and Committees, as well as area residents and other interested individuals and groups. The time for these activities shall be included in the selected firm's proposal to City.

All required designs shall be developed in the latest version of AutoCAD or Bentley MicroStation. Reproducible hard copy and electronic files of work product shall be provided to City.

REQUIREMENT OF FIRM

Firms interested in performing these services must exhibit considerable relevant experience with this type of work, and should emphasize both experience and capability of particular personnel who will actually perform the work. Firms should indicate any sub-consultants proposed to be utilized in work for City.

Firms shall invoice City monthly for each assigned project. City shall provide each Firm with specific direction to how each invoice shall be formatted, and what information shall be included on each invoice submittal.

EXHIBIT “B”

March 17, 2020

Mr. Charles Spencer, JR., FCCN, and Members of the Selection Committee
City of Plantation
400 NW 73rd Avenue
Plantation, Florida 33317

RE: Request For Qualifications (RFQ NO. 027-20)
Continuing Consulting Engineering Services For: Civil Engineering, Professional Surveying and Mapping
Services, Construction/Project Management, and Construction Engineering and Inspection Services

Dear Mr. Spencer and Members of the Selection Committee:

Winningham & Fradley, Inc. (WFI) is very pleased to again submit our expression of interest for the above referenced continuing professional consulting services to the City of Plantation. We have thoroughly enjoyed as well as having been honored to provide continuing professional consulting services to the City of Plantation since 2006. WFI has now provided successful consulting services both “for the City of Plantation” as well as for numerous private developers within the City of Plantation for four (4) decades. We are extremely confident in our past performance and know we have thorough knowledge and understanding of the City’s utility infrastructure. During our tenure, we have also had the opportunity to work directly with the City’s exceptional staff to create a successful professional relationship and completely understand exactly what is expected; therefore, there will be no need for a “new learning curve”. There are no interfering recent, current, or projected workloads. We are ready, willing and more than able to continue serving the City.

Based upon the above introduction, our staff is currently established to continue performing the required tasks as outlined within the GENERAL SCOPE OF SERVICES of the City’s RFQ and fully understands our firm’s limitations with respect to the Florida statutes for engineering studies, design and construction projects. You will find, as you review our credentials, that in our company’s 40 years of incorporation, we have gained vast expertise with counties, municipalities, drainage districts, utility companies, land developers, and the private sector. The wide range of clients that we serve has afforded us the opportunity to be involved in a large array of projects. In addition, by utilizing the latest technology, as well as collaborating with other highly qualified local engineering firms, we are committed to providing both the City and its citizens with comprehensive engineering and surveying services, as needed.

We have successfully performed civil engineering & surveying consulting services for over 100 projects and tasks for the City of Plantation over the past fourteen (14) years, and, to the best of our knowledge all of these task have been “on-time” and “on budget”. A list of these projects are included within this proposal.

Our firm is very experienced in the Public Sector as we are currently consulting engineers and/or surveyors for the Plantation Acres Improvement District, Town of Southwest Ranches and the City of Lighthouse Point. We also have vast experience designing projects within nearly every Broward County municipality.

Within the pages that follow, please find our qualifications, requested information, and responses to every item of the City’s criteria for evaluation during its selection process. In addition, we have attached additional supporting data and other relative information.

Again, we are very pleased to submit this expression of interest, and hope to have the opportunity to continue serving the City of Plantation and its Staff in the years to come. If you have any questions or require any additional information, please do not hesitate to contact our office.

Sincerely,
WINNINGHAM & FRADLEY, INC.

Cary D. Winningham, P.E., P.S.M.
Principal

The undersigned certifies under oath the truth and correctness of all statements and of all answers to questions made hereinafter (Attach additional sheets with appropriate reference, if necessary). You must respond to all questions. **FAILURE TO DISCLOSE OR PROVIDE THE REQUESTED INFORMATION BELOW MAY RESULT IN THE BIDDER'S BID BEING DEEMED NON-RESPONSIVE AND THE FIRMAS NOT QUALIFIED FOR AWARD.**

SUBMITTED TO: City of Plantation

ADDRESS: 400 NW 73rd Avenue
Plantation, FL 33317

SUBMITTED BY: WINNINGHAM AND FRADLEY, INC.

NAME: CARY D. WINNINGHAM, PRESIDENT

ADDRESS: 111 NE 44TH STREET, OAKLAND PARK, FL 33334

TELEPHONE NO.: (954) 771-7440

FAX NO.: (954) 771-0298

EMAIL ADDRESS: cdw@winnfrad.com

1. State the true, exact, correct and complete name of the partnership, corporation, trade or fictitious name under which you do business and the address of the place of business.

The correct name of the FIRM is: WINNINGHAM AND FRADLEY, INC.

The address of the principal place of business is: 111 NE 44th Street, Oakland Park, FL 33334

The business is a (Sole Proprietorship) _____ (Partnership) _____ (Corporation) X

2. If FIRM is a corporation, answer the following:

a. Date of Incorporation: December 27, 1979

b. State of Incorporation: Florida

c. President's Name: Cary D. Winningham

d. Vice President's Name: David A. Fradley

e. Secretary's Name: Werner T. Vaughan

f. Treasurer's Name: _____

g. Name and address of Resident Agent: _____

3. If FIRM is an individual or a partnership, answer the following: N/A

a. Date of organization: _____

b. Name, address and ownership units of all partners: _____

c. State whether general or limited partnership: _____

QUALIFICATION STATEMENT

4. If FIRM is other than an individual, corporation or partnership, describe the organization and give the name and address of principals:

5. If FIRM is operating under a fictitious name, submit evidence of compliance with the Florida Fictitious Name Statute.
6. How many years has your organization been in business under its present business name: 40
 - a. Under what other former names has your organization operated?
None
7. Indicate registration, license numbers or certificate numbers for the business or professions that are the subject of this Proposal. Please attached certificate of competency and/or state registration. Please include the foregoing information for all parties to be assigned to the project.
Please see Section 03. Evidence Firm is Certified
8. Do you have a complete set of documents, including agenda? (Y) X (N) _____
9. Have you ever failed to complete any work awarded to you? If so, state when, where and why?
No
10. Within the five (5) years, has any officer or partner of your organization ever been an officer or partner of another organization when it failed to complete a contract? If so, explain fully.
No
11. State the names, telephone numbers and last known addresses of three (3) owners, individuals or representatives of owners with the most knowledge of work which you have performed or goods you have provided, and to which you refer (government owners are preferred as references).
Please see attached references in Section 12. Forms, page 176
12. List the pertinent experience of the key individuals of your organization (continue on insert sheet, if necessary).
Please see attached resumes in Section 04. Our Qualifications and Intentions
13. Provide a list of similar projects, which have been completed within the past five (5) years, including project description, owner's names, addresses and phone numbers.
Please see Section 10. Our Experience, Project Experience (Last Five Years)
14. Provide a list of work currently under contract.
Please see Section 07. Active Projects

QUALIFICATION STATEMENT

15. On Exhibit A, list all disputes, claims, mediations and litigation in which the bidding entity, a parent entity, an affiliate entity, a predecessor entity or other entities with which you were then associated or affiliated were involved in any contract disputes over the last five (5) years as of the solicitation response due date. If BIDDER is a joint venture, the information provided should encompass the joint venture and each of the entities forming the joint venture. For said claim, identify with particularity the nature of such dispute, the names and addresses of the other parties to such disputes, and whether or how such disputes were resolved, including any mediation, arbitration or litigation involved and dollar awards. [Do not include disputes, claims, mediations and litigation that involve only garnishment, auto negligence, personal injury, or a proof of claim filed by BIDDER]

None

16. List all disputes, claims, mediations and litigation between the City and any of the responding entity's subcontractors/subconsultants over the last five (5) years as of the solicitation response due date.

None

17. Has any governmental entity within the last five (5) years commenced proceedings to discipline any of the officers, partners, or principals of the FIRM, or sought to revoke a license held by the FIRM (or its qualifying agent)? If so, please describe in detail the proceedings and how the matter was resolved.

No

18. Will you sublet any part of this work? If so, give details. (sub-contractor's name, address, phone number and contact)

Yes, geotechnical and electrical engineering. See attached staffing chart and licenses.

19. Please list any objections to the text of the Contract Documents in the area below or on separate sheets of paper attached hereto, if necessary.

None.

20. Please attach a copy of your latest financial statement.

Please see attached Section 06. Financial Ability Statement, Balance Sheet

THE FIRM ACKNOWLEDGES AND UNDERSTANDS THAT THE INFORMATION CONTAINED IN RESPONSE TO THIS QUALIFICATIONS STATEMENT SHALL BE RELIED UPON BY CITY IN AWARDING THE CONTRACT AND SUCH INFORMATION IS WARRANTED BY FIRM TO BE TRUE. THE DISCOVERY OF ANY OMISSION OR MISSTATEMENT THAT MATERIALLY AFFECTS THE FIRM'S QUALIFICATIONS TO PERFORM UNDER THE CONTRACT SHALL CAUSE THE CITY TO REJECT THE PROPOSAL, AND IF AFTER THE AWARD TO CANCEL AND TERMINATE THE AWARD AND/OR CONTRACT.

NON-COLLUSION CERTIFICATION

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this bid is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the bid shall make the bid nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of bid or award, whichever is applicable, with no time to cure.

DRUG-FREE WORKPLACE

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

OFFICE OF INSPECTOR GENERAL

COOPERATION WITH THE BROWARD COUNTY
OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General (“OIG”) has the authority to review and investigate how governmental contracts are performed and how FIRMS and vendors (herein, “FIRMS”) are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM’s written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM’s failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

PUBLIC ENTITY CRIMES

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for [RFQ NO. 027-20].
2. This sworn statement is submitted by [WINNINGHAM & FRADLEY, INC] (entity submitting sworn statement), whose business address is [111 N.E. 44TH STREET, OAKLAND PARK, FL 33334] and its Federal Employer Identification Number (FEIN) is [59-1956962]. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: []).
3. My name is [CARY D. WINNINGHAM] (please print name of individual signing), and my relationship to the entity named above is [PRESIDENT].
4. I understand that a “public entity crime” as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that “convicted” or “conviction” as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes

PUBLIC ENTITY CRIMES

those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

☐ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

PUBLIC RECORDS

COMPLIANCE UNDER SECTION 119.0701 FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

FORM 4A DISCLOSURE OF BUSINESS TRANSACTION, RELATIONSHIP OR INTEREST

LAST NAME - FIRST NAME - MIDDLE INITIAL N/A		OFFICE / POSITION HELD N/A	
MAILING ADDRESS N/A		AGENCY OR ADVISORY BOARD N/A	
CITY	ZIP	COUNTY	ADDRESS OF AGENCY

HOW TO COMPLETE AND FILE THIS FORM:

Parts A and B of this form serve two different purposes. Part A is for advisory board members who wish to use an exemption in the ethics laws that is applicable only to advisory board members. Part B is for public officers and employees who wish to use a separate exemption that is applicable when the business entity involved is the sole source of supply within the political subdivision. In order to complete and file this form:

- **Fill out** Part A or Part B, as applicable.
- **Sign** and date the form on the reverse side.
- **File Part A** with the appointing body or person that will be waiving the restrictions of 112.313(3) or (7), Fla. Stat., prior to the waiver.
- **File Part B** with the governing body of the political subdivision in which the reporting person is serving, prior to the transaction.

PART A - DISCLOSURE OF TRANSACTION OR RELATIONSHIP CONCERNING ADVISORY BOARD MEMBER**WHO MUST COMPLETE THIS PART:**

Sections 112.313(3) and 112.313(7), Florida Statutes, prohibit certain business relationships on the part of public officers and employees, including persons serving on advisory boards. See Part III, Chapter 112, Florida Statutes, and/or the brochure entitled "A Guide to the Sunshine Amendment and Code of Ethics for Public Officers and Employees" for more details on these prohibitions. However, Section 112.313(12), Florida Statutes, permits the appointing official or body to waive these requirements in a *particular instance* provided: (a) waiver by the appointing body must be upon a two-thirds affirmative vote of that body; or (b) waiver by the appointing person must be effected after a public hearing; *and* (c) in either case the advisory board member must fully disclose the transaction or relationship which would otherwise be prohibited by Subsections (3) or (7) of Section 112.313, Florida Statutes. This Part of Form 4A has been prescribed by the Commission on Ethics for such disclosure, *if and when applicable* to an advisory board member.

PLEASE COMPLETE THE FOLLOWING:

- The partnership, directorship, proprietorship, ownership of a material interest, position of officer, employment, or contractual relationship which would otherwise violate Subsection (3) or (7) of Section 112.313, Florida Statutes, is held by [please check applicable space(s)]:
 - () The reporting person;
 - () The spouse of the reporting person, whose name is _____; or
 - () A child of the reporting person, whose name is _____.
- The particular transaction or relationship for which this waiver is sought involves [check applicable space]:
 - () Supplying the following realty, goods, and/or services: _____.
 - () Regulation of the business entity by the governmental agency served by the advisory board member.
- The following business entity is doing business with or regulated by the governmental agency:

_____.
- The relationship of the undersigned advisory board member, or spouse or child of the advisory board member, to the business entity transacting this business is [check applicable spaces]:
 - () Officer; () Partner; () Associate; () Sole proprietor; () Stockholder; () Director; () Owner of in excess of 5% of the assets of capital stock in such business entity; () Employee; () Contractual relationship with the business entity;
 - () Other, please describe:

PART B - DISCLOSURE OF INTEREST IN SOLE SOURCE OF SUPPLY

WHO MUST COMPLETE THIS PART:

Sections 112.313(3) and 112.313(7), Florida Statutes, prohibit certain employment and business relationships on the part of public officers and employees. See Part III, Chapter 112, Florida Statutes, and/or the brochure entitled "A Guide to the Sunshine Amendment and Code of Ethics for Public Officers and Employees" for more details on these prohibitions. However, Section 112.313(12)(e), Florida Statutes, provides an exemption from the above-mentioned restrictions in the event that the business entity involved is the only source of supply within the political subdivision of the officer or employee. In such cases the officer's or employee's interest in the business entity must be fully disclosed to the governing body of the political subdivision. This Part of Form 4A has been prescribed by the Commission on Ethics for such disclosure, *if and when applicable*.

PLEASE COMPLETE THE FOLLOWING:

1. The partnership, directorship, proprietorship, ownership of a material interest, position of officer, employment, or contractual relationship which would otherwise violate Subsection (3) or (7) of Section 112.313, Florida Statutes, is held by [please check applicable space(s)]:
 - () The reporting person;
 - () The spouse of the reporting person, whose name is _____; or
 - () A child of the reporting person, whose name is _____.
2. The following are the goods, realty, or services being supplied by a business entity with which the public officer or employee, or spouse or child of such officer or employee, is involved is:

_____.
3. The business entity which is the only source of supply of the goods, realty, or services within the political subdivision is:

_____.

(NAME OF ENTITY)	(ADDRESS OF ENTITY)
------------------	---------------------
4. The relationship of the undersigned public officer or employee, or spouse or child of such officer or employee, to the business entity named in Item 3 above is [check applicable spaces]:
 - () Officer; () Partner; () Associate; () Sole proprietor; () Stockholder; () Director; () Owner of in excess of 5% of the assets or capital stock in such business entity; () Employee; () Contractual relationship with the business entity;
 - () Other, please describe: _____

ADDENDUM NO. 1

RFQ No. 027-20

Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services

DATE OF ADDENDUM: February 12, 2020

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Contract Documents for RFQ No. 027-20.

General Questions and Answers:

Question No. 1: If a firm would like to apply for multiple categories, does EACH category need its OWN submission, or can ALL categories be COMBINED into ONE submission?

Response No. 1: All categories can be combined into one (1) submission. However, it is suggested/recommended that if a Firm is submitting for more than one (1) category, that it should clearly identified within the one (1) submission.

Question No. 2: Can our firm submit for just one aspect of the Continuing Services contract?

Response No. 2: Yes.

Question No. 3: For the five year time limit on project experience, does design have to be finished within the past five years? Or can construction be completed?

Response No. 3: This would depend the category that a Firm is submitting for. If the Firm is submitting for a category involving design- then design would have to be finished within the past five (5) years. If a Firm is submitting for a category involving construction or construction management- then construction would have to be finished within the past five (5) years.

Proposals **must** be stamped on or before **March 17, 2020 11:00 A.M.** by the City Clerk, City of Plantation, 400 NW 73rd Avenue, Plantation FL. 33317.

All other terms, conditions and specifications remain unchanged for RFQ No. 027-20.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your proposal.

ADDENDUM NO. 2

RFQ No. 027-20

Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services

DATE OF ADDENDUM: February 18, 2020

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Contract Documents for RFQ No. 027-20.

General Questions and Answers:

Question No. 1: Wanted to inquire if (MEP) Mechanical, Electrical, Plumbing and Fire Protection Engineering is also one of the desired services in this exciting opportunity.

Response No. 1: There is no specific category for Mechanical, Electrical, Plumbing and Fire Protection Engineering. This shall be covered under the Architecture category as a subconsultant to the Prime or within the Architecture Firm.

Question No. 2: Can City provide anticipated projects under this contract?

Response No. 2: See Attachment "A" included within the solicitation document. Attachment "A" provides the anticipated/potential projects under this contract. All other work will be on as needed basis.

Question No. 3: Is it the City's intent on hiring AE firms vs. firms that would need to have subconsultants to meet engineering scope

Response No. 3: It is the City's intent to identify Firms or Individuals with substantial experience and capabilities to perform consulting services on an open end (continuing services) basis. This could include A/E Firms or Firms that build teams to meet necessary engineering scope.

Question No. 4: Page 11 / PROPOSAL REQUIREMENTS, indicates the order of Items to be provided on the Proposal. There are some FORMS (listed below) that are not included on the listed Items, where do we insert those forms?

- Designation of Qualified Discipline Form (no page #)
- Form A-1 (page 34)
- Firm Profile (page 35)
- Form 3, Form 4 (pages 36 and 37)
- Form 5 (page 39)
- Form 6 (page 40)
- References (page 26)

Response No. 4: Page 11 does not indicate the order to which the proposal shall be provided. This section identifies the summary of documents to be submitted.

The Firm shall be responsible for assembling their proposal and placement of information and forms. The City has not provided any specific instruction regarding to how/where the Firm should place the information within their proposal. The City has provided instruction to what information should be included in a potential Firms proposal.

Question No. 5: PG 10 Statement of Work / Qualifications of Proposers / First Bullet states that: “The Firm must have on staff A/Es with knowledge...”

Understanding that various categories have been listed, please confirm if firms submitting under the Architecture category should include MEP, and Structural consultants since these disciplines are not listed but would be required to complete projects.

Response No. 5: If a potential Firm is submitting under the Architecture category their team shall include but not be limited to M.E.S.P. and Civil consultants.

Question No. 6: We did not see the need for an MEP/FP (Mechanical, Electrical, plumbing and Fire Protection) Engineer on this RFQ? Is the City going to advertise for an MEP/FP under a separate contract?

Response No. 6: This need is not specifically identified as part of this RFQ, however is required to complete specific engineering scopes as a subconsultant to a Prime Firm. The City may solicit for this specific category at a later time.

Question No. 7: There are 5 potential points for a CBE – would that be a Broward County only CBE?

Response No. 7: Yes. Broward County Only regarding the CBE requirement.

Question No. 8: Can you please tell me who the current incumbents are with the City that have continuing services contracts?

Response No. 8: Calvin, Giordano & Associates; Craven Thompson & Associates; and Hazen and Sawyer: These Firms are utilize by the Utilities Department for Water and Wastewater needs/project(s) only. The City does not have a General Professional Engineering pool for use by other departments within the City. This would be the first time the City is soliciting for this type of Professional Service pool.

Proposals **must** be stamped on or before **March 17, 2020 11:00 A.M.** by the City Clerk, City of Plantation, 400 NW 73rd Avenue, Plantation FL. 33317.

All other terms, conditions and specifications remain unchanged for RFQ No. 027-20.

Please acknowledge receipt of this Addendum No. 2 by returning it and/or acknowledging it in your proposal.

ADDENDUM NO. 3

RFQ No. 027-20

Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services

DATE OF ADDENDUM: February 18, 2020

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Contract Documents for RFQ No. 027-20.

General Questions and Answers:

Question No. 1: Under Submission of Sealed Responses on Page 7, Number 1, the RFQ States, “Sealed Responses must be typed or printed in blue ink”. Is the entire submittal required to be typed in blue ink or just signed in blue ink by authority of the firm?

Response No. 1: All signed documents by Firm authority must be done in Blue Ink.

Question No. 2: Do we need to provide a geotechnical sub as part of our team or will City provide geotechnical support to the Consultant?

Response No. 2: If a Firm is submitting for a category that may/will require a geotechnical subconsultant, then a geotechnical subconsultant should be included in the Team.

Question No. 3: Please provide a definition of the “FIRM”, does this mean the Prime Firm? Specifically, on page 18 of the RFQ, section B, number 4 states, “FIRM is a County Certified Small Business” and “FIRM is a Certified Disadvantaged Business Enterprise”. In order to receive the 5 points, does the CBE/DBE firm need to be the Prime Firm?

Response No. 3: Whenever the term FIRM or FIRM(s) it shall be interpreted to mean Prime Firm. In order to receive the 5 points, the Prime Firm must be CBE/DBE.

Proposals **must** be stamped on or before **March 17, 2020 11:00 A.M.** by the City Clerk, City of Plantation, 400 NW 73rd Avenue, Plantation FL. 33317.

All other terms, conditions and specifications remain unchanged for RFQ No. 027-20.

Please acknowledge receipt of this Addendum No. 3 by returning it and/or acknowledging it in your proposal.

ADDENDUM NO. 4

RFQ No. 027-20

Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services

DATE OF ADDENDUM: February 20, 2020

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Contract Documents for RFQ No. 027-20.

General Questions and Answers:

Question No. 1: On page 18 of the RFQ, section B, number 4 states, “FIRM is a County Certified Small Business” and “FIRM is a Certified Disadvantaged Business Enterprise.” If the Prime firm uses a DBE or CDB, will the Prime firm receive credit or partial credit? If so, does it count more if the sub is a CDB vs. a DBE or vice versa?

Response No. 1: If a Prime Firm is submitting on a category/discipline that requires a “Team” and the “Team” is diverse between CBE and/or DBE then the Prime’s team will be considered for the 0-5 points as applicable. The weighted score of the 5 points is cumulative of the two. CBE does not out-weigh DBE or Vice-Versa.

The above response contradicts a response provided in Addendum No. 3, Response No. 3. The response provided in Addendum No. 4 shall take precedence.

Question No. 2: On page 11, #7, the RFQ requests “a list of at least five (5) Architectural, Engineering and Surveying related projects performed during the last five (5) years” If a firm is submitting on more than one discipline, does the City want five projects per discipline?

Response No. 2: If a Firm is submitting for more than one discipline, the Firm shall supply at least five (5) project relating to each discipline the Firm is submitting.

Question No. 3: On Page 38, Form 4:

- the directions state, “Work by firm or joint venture members which best illustrate current qualifications relevant to the City’s Wastewater and Water Utilities projects....” Should “Wastewater and Water Utilities” actually read “General Professional Engineering”?
- If a firm is submitting on multiple disciplines, is it the City’s desire to have no more than 10 projects submitted in total? Or no more than 10 per discipline?

Response No. 3:

- The revised Form 4 is attached/included with this addendum.
- If a Firm is submitting on multiple disciplines the Firm shall provide 10 projects per discipline.

Ron Jacobs

Question No. 4: Are Phase 1 and Phase 2 Environmental included under the Environmental Engineering category?

Response No. 4: Yes.

Question No. 5: If an architectural firm wants to submit a proposal for RFQ #027-20, does the firm need a subconsultant for each category, such as, landscape architecture, environmental engineering, civil engineering, traffic and transportation engineering, professional surveying and mapping services, Construction/Project Management, and construction engineering and inspection services?

Response No. 5: If a Firm submits for a category/discipline that typically requires subconsultant to complete the necessary services within their discipline/category then the response would be yes, however the City cannot tell a Firm that they need a subconsultant because the City does not know the “make-up” of each Firm that may be submitting.

Question No. 6: Can a firm that submits as prime also be included as a sub-consultant in another category primes submittal?

Response No. 6: Yes.

Proposals **must** be stamped on or before **March 17, 2020 11:00 A.M.** by the City Clerk, City of Plantation, 400 NW 73rd Avenue, Plantation FL. 33317.

All other terms, conditions and specifications remain unchanged for RFQ No. 027-20.

Please acknowledge receipt of this Addendum No. 4 by returning it and/or acknowledging it in your proposal.

ADDENDUM NO. 5

RFQ No. 027-20

Continuing Services Agreements for: Architecture, Landscape Architecture, Environmental Engineering, Civil Engineering, Traffic & Transportation Engineering, Professional Surveying and Mapping Services, Construction/Project Management, and Construction Engineering and Inspection Services

DATE OF ADDENDUM: February 21, 2020

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Contract Documents for RFQ No. 027-20.

General Questions and Answers:

Question No. 1: This is just an observation, but the page numbers for the RFQ document are inconsistent/out of order. Page numbers repeat themselves and page 4 is missing.

Response No. 1: Although the page numbers repeat and page 4 is missing, it has been verified and confirmed that the solicitation package (RFQ) is complete.

Question No. 2: The letter of interest requests that the residential addresses for key personnel be included. Will the city of residence in lieu of a full street address be sufficient?

Response No. 2: Providing the City and Zip Code of residence in lieu of the full street address would suffice.

Question No. 3: Form 3, question 5 references the City of Deltona, not Plantation.

Response No. 3: The revised Form 3 is attached/included with this addendum.

Proposals **must** be stamped on or before **March 17, 2020 11:00 A.M.** by the City Clerk, City of Plantation, 400 NW 73rd Avenue, Plantation FL. 33317.

All other terms, conditions and specifications remain unchanged for RFQ No. 027-20.

Please acknowledge receipt of this Addendum No. by returning it and/or acknowledging it in your proposal.

EXHIBIT “D”

INSURANCE REQUIREMENTS

Statement

For the duration of the Agreement, Firm shall, at its sole expense, maintain the minimum insurance coverages stated herein in accordance with the terms and conditions of this article. Firm shall maintain insurance coverage against claims relating to any act or omission by Firm, its agents, representatives, employees, or SubFirms in connection with this Agreement. City of Plantation reserves the right at any time to review and adjust the limits and types of coverage required under this article.

Firm shall ensure that "City of Plantation" is listed as an additional insured on all policies required under this article. Certificate Holder shall be City of Plantation, Risk Management Dept/ City of Plantation 400 NW 73rd Plantation, Florida 33317.

On or before the Effective Date or at least fifteen (15) days prior to commencement of Services, Firm shall provide City with a copy of all Certificates of Insurance or other documentation sufficient to demonstrate the insurance coverage required in this article. If and to the extent requested by the city, Firm shall provide complete, certified copies of all required insurance policies and all required endorsements within thirty (30) days after City's request.

Firm shall ensure that all insurance coverages required by this article shall remain in full force and effect for the duration of this Agreement and until all performance required by Firm has been completed, as determined by Contract Administrator. Firm or Insurer shall provide notice to City of any cancellation or modification of any required policy at least thirty (30) days prior to the effective date of cancellation or modification, and at least ten (10) days prior to the effective date of any cancellation due to nonpayment and shall concurrently provide City with a copy of its updated Certificates of Insurance evidencing continuation of the required coverage(s). Firm shall ensure that there is no lapse of coverage at any time during the time period for which coverage is required by this article

Firm shall ensure that all required insurance policies are issued by insurers: (1) assigned an A. M. Best rating of at least "A-" with a Financial Size Category of at least Class VII; (2) authorized to transact insurance in the State of Florida; or (3) a qualified eligible surplus lines insurer pursuant to Section 626.917 or 626.918, Florida Statutes, with approval by City's Risk Management Dept.

If Firm maintains broader coverage or higher limits than the minimum insurance requirements stated herein, City shall be entitled to any such broader coverage and higher limits maintained by Firm. All required insurance coverages under this article shall provide primary coverage and shall not require contribution from any City insurance, self-insurance or otherwise, which shall be in excess of and shall not contribute to the insurance required and provided by Firm.

INSURANCE REQUIREMENTS

Firm shall declare in writing any self-insured retentions or deductibles over the limit(s) prescribed in herein and submit to City for approval at least fifteen (15) days prior to the Effective Date or commencement of Services. Firm shall be solely responsible for and shall pay any deductible or self-insured retention applicable to any claim against City. City may, at any time, require Firm to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. Firm agrees that any deductible or self-insured retention may be satisfied by either the named insured or City, if so, elected by City, and Firm agrees to obtain same in endorsements to the required policies.

Unless prohibited by the applicable policy, Firm waives any right to subrogation that any of Firm's insurer may acquire against City and agrees to obtain same in an endorsement of Firm's insurance policies.

Firm shall require that each SubFirm maintains insurance coverage that adequately covers the Services provided by that SubFirm on substantially the same insurance terms and conditions required of Firm under this article. Firm shall ensure that all such SubFirms comply with these requirements and that "City of Plantation" is named as an additional insured under the SubFirms' applicable insurance policies.

In the event Firm or any SubFirm fails to maintain the insurance required by this Agreement, City may pay any costs of premiums necessary to maintain the required coverage and deduct such costs from any payment otherwise due to Firm. Firm shall not permit any SubFirm to provide Services under this Agreement unless and until the requirements of this article are satisfied. If requested by City, Firm shall provide evidence of each SubFirm's compliance with this article.

If any of the policies required under this article provide claims-made coverage: (1) any retroactive date must be prior to the Effective Date or at least fifteen (15) days prior to commencement of Services; (2) the required coverage must be maintained after termination or expiration of the Agreement for at least the duration stated in Exhibit __, and (3) if coverage is canceled or nonrenewed and is not replaced with another claims-made policy form with a retroactive date prior to the Effective Date or at least fifteen (15) days prior to commencement of Services, Firm must obtain and maintain "extended reporting" coverage that applies after termination or expiration of the Agreement for at least the duration stated in herein.

Re: Sewer Lift Station #28 Replacement - Project Oversight Proposal
City Project No. 1040
Engineer Project No. CP21000

Dear Mr. Pollio:

The following is our proposal for the professional engineering services involved in the above referenced project.

Our anticipated services will include civil engineering inspection oversight as discussed with you during our field meeting of July 20, 2021. Attached as Exhibit B, please find our "Estimated Professional Services Backup Information", upon which our engineering services will be based. A more complete list of the work expected to be involved, with their respective cost, is contained in Exhibit A, attached.

This proposal includes the terms and conditions of the contract between City and Winningham & Fradley, Inc. for "Continuing Services Agreements for Construction Engineering and Inspection Services", dated April 28, 2021.

If you have any questions or comments, please do not hesitate to call.

Sincerely,
WINNINGHAM & FRADLEY, INC.

Werner T. Vaughan, PE
Principal

EXHIBIT A
TO THE LETTER AGREEMENT BETWEEN
CITY OF PLANTATION
AND
WINNINGHAM AND FRADLEY, INC. (WFI)
FOR
SEWER LIFT STATION #28 REPLACEMENT

August 02, 2021

The following is a further description of the basic Surveying services and related matters.

ITEM	DESCRIPTION	AMOUNT
I.	<u>PHASED FIXED FEE ITEMS</u>	
	INSPECTION PHASE:	
1.	Provide periodic field inspections as needed for the construction of City Sewer Lift Station No. 28. (Estimate is based upon an expected eight (8) months of construction duration).	
2.	Review construction drawings [MIDTOWN SQUARE (OFF-SITE) LIFT STATION #28 REPLACEMENT, project number 15-0090-001-04, dated 5/23/2019] prepared by Craven Thompson & Associates, Inc. (CTA).	
3.	Assistance from office engineering staff during construction as needed.	
4.	Review shop drawings (if required), assist City as needed to resolve any field coordination issues, attend pre-construction meeting(s), and review inspection reports from City and Engineer of Record.	
	SUBTOTAL FOR THIS PHASE:	\$19,455.10
	GENERAL CONSULTING PHASE:	
1.	WFI shall act as City's oversight engineer on an as needed basis.	
2.	WFI's primary role for this project will be prior to construction commencement. Tasks will include, but not be limited to, reviewing the design plans, reviewing Contractor's means & methods of construction, meet with Engineer of Record, Contractor(s), Sub-Contractor(s), and City Representatives for the purpose of providing additional input and assistance as needed.	
3.	Prepare miscellaneous services not already included within the phase above (see Exhibit B for professional personnel with corresponding hours allocated for this phase).	
	SUBTOTAL FOR THIS PHASE:	\$6,827.40

NOTES:

1. The above does not include any fees, out of pocket expenses, deliveries or printing costs, all of which will be billed according to the rates as per the City contract (estimated cost is \$500.00)
2. This proposal does not include any other services not specifically described herein.
3. Engineer of Record or City shall provide site survey, one (1) copy of the approved and permitted construction plans and construction developer's agreement between City and Contractor/Owner to WFI. Contractor(s) shall also provide construction schedule and means & methods of construction to WFI.
4. This estimate is based upon the information provided by the City and resulting from our recent field meeting of July 20, 2021 at the site. This estimate may have to be revised if the project/site/scope definition changes from the descriptions presented within this proposal. Should the scope of the project be expanded, Winningham and Fradley, Inc. (WFI), upon request, will provide City with an expanded scope of work and prepare a change order for approval prior to beginning such work.
5. WFI shall not be liable for any portion of the design nor construction efforts associated with this project. The purpose of WFI's oversight efforts are solely due to the fact that CTA is the City's Utilities Consulting Engineer working on a private project within the City limits.
6. WFI's professional service fees for this project are based upon the hours provided (and at the rates per City Contract) as shown on Exhibit B, attached.

TOTAL ESTIMATE FOR PROJECT: \$26,782.50

City Council Chambers and via Zoom**

Subject:

Request for authorization and approval to execute an agreement between the City of Plantation and BLD Services, LLC., for "Citywide Rehabilitation of Sewer Lateral Pipe Lining" in accordance with ITB No. 070-21.

Summary:

Request for authorization and approval of the following:

1. To execute a term agreement between the City of Plantation and BLD Services, LLC for "Citywide Rehabilitation of Sewer Lateral Pipe Lining" in accordance with ITB No. 070-21. The initial agreement period will be for two (2) years. In addition, the City reserves the right to extend this agreement for three (3) additional one (1) year periods based on mutual approval.
2. Authorization and approval to issue purchase orders to BLD Services, LLC for "Citywide Rehabilitation of Sewer Lateral Pipe Lining".
3. Authorization and approval to issue purchase order(s) to BLD Services, LLC for "Citywide Rehabilitation of Sewer Lateral Pipe Lining" that may exceed an aggregate value of \$25,000.00 for the initial and extension agreement periods.

Background:

Strategic Priorities: Quality Customer Care; Sustainability; Economic Opportunity & Recovery.

Lateral lining is a non-destructive, trenchless technology using Cured-in-Place-Piping (CIPP)

to replace and rehabilitate aging sewer lateral connections to gravity sewer mains in order to maintain pipe integrity and eliminate groundwater infiltration into the sanitary sewer collection system. The process involves inserting a flexible liner into the existing sewer lateral and curing it in place to create a new, durable pipe within the old pipe.

system. The newly cured piping is impervious to corrosion and has a life expectancy of greater than 50+ years.

Pursuant to City Code Sec. 2-226(c) and 2-220(e) the Procurement Department secured formal competitive bids for the project referenced herein. On July 27, 2021 two (2) competitive bids were received for ITB No. 070-21; Citywide Rehabilitation of Sewer Lateral Pipe Lining. Copies of the two (2) bid submittals are attached for your review.

The numerical results are as followed:

<u>Bidder</u>	<u>Base Bid Total</u>	<u>Original Bid Bond Submitted</u>	<u>Plantation Local Business pursuant to Section 2-22 City Code</u>
BLD Services, LLC	\$397,750.00	Yes	No
LMK Pipe Renewal, LLC	\$664,525.00	No	No
Best Painting Company	Incomplete Bid- No Submittal Document Provided	No	Unknown

The Procurement Department staff performed a review of the apparent low bidder (BLD Services, LLC) to ascertain submittal responsiveness. After careful consideration of all information provided by bidder, the Procurement Department staff concluded that BLD Services, LLC, has submitted the lowest, responsive bid submittal.

The Utilities Department staff and Craven and Thompson & Associates (Engineer of Record) performed a review of the lowest, responsive bid(der) to ascertain if they were responsible. After careful consideration of all information provided, the Utilities Department staff and Craven and Thompson & Associates (Engineer of Record) has concluded that BLD Services, LLC, has submitted the lowest responsible bid.

Base on the foregoing, the Utilities and Procurement Departments recommends authorization and approval of the following:

1. To execute a term agreement between the City of Plantation and BLD Services, LLC for "Citywide Rehabilitation of Sewer Lateral Pipe Lining" in accordance with ITB No. 070-21. The initial agreement period will be for two (2) years. In addition, the City reserves the right to extend this agreement for three (3) additional one (1) year periods based on mutual approval.
2. Authorization and approval to issue purchase orders to BLD Services, LLC for "Citywide Rehabilitation of Sewer Lateral Pipe Lining".

3. Authorization and approval to issue purchase order(s) to BLD Services, LLC for "Citywide Rehabilitation of Sewer Lateral Pipe Lining" that may exceed an aggregate value of \$25,000.00 for the initial and extension agreement periods.

This item is now ready for City Council consideration.

Funding:

Account No.: 443-0000-169-9623

Project: 933; Sanitary Sewer Rehab

Amount:

See Attached Bid Form submitted by BLD Services, LLC.

*The total indicated in the bid form does not represent the anticipated annual expenditure. This agreement is based on the Department needs and available funding for this type of work.

Finance Director/Budget Manager Recommendation:

The Repair and Replacement Fund budgeted \$2,000,000 in FY2022 for the Sanitary Sewer Rehab (Project #933).

NOTICE TO BIDDERS

INVITATION TO BID # 070-21; CITY-WIDE REHABILITATION SEWER LATERAL PIPE LINING

The City of Plantation, Florida is soliciting bids for ***City-Wide Rehabilitation of Sewer Lateral Pipe Lining***. The project will generally consist of, but is not limited to, the following:

Furnishing all labor, materials and equipment for sanitary sewer lateral pipe repairs. Work scope includes, cured-in-place lateral lining, cleanout installation, and associated work such as cleaning, TV, bypass pumping, and traffic control.

Bid Documents may be obtained electronically at <https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>. Bids will not be considered and cannot be entered online after the above referenced date and time. All Responses will be received electronically via the Demand Star website (www.demandstar.com) on or before **11:00 am. on Tuesday, July 27, 2021.**

If a Bid Security is required for this solicitation the original bid security shall be received at the Office of the City Clerk, City of Plantation, 400 NW 73rd Ave, Plantation, Florida 33317, **BEFORE** the due date of the solicitation.

Bids will be opened, read and recorded pursuant to State of Florida Law and City of Plantation code.

It will be the responsibility of the BIDDER to ensure that bids are received no later than the time indicated above. **Bids received after that time will not be considered.**

All questions may be addressed in writing to the **Procurement Director, Charles Spencer**, 400 NW 73rd Avenue, Plantation Florida 33317. Charles Spencer can be reached at 954-797-2647, Monday through Friday, 8AM to 4:30PM, Email: Espencer@Plantation.org.

Pursuant to Broward County Ordinance No. 2011-19 and City of Plantation Resolution No. 12242, this solicitation requires that each BIDDER must be registered as a Vendor with the CITY prior to or contemporaneous with submitting a Bid. Vendor registration can be completed at www.Plantation.org.

As a further condition precedent for consideration of any bid, such Bid must strictly comply with the Instructions to Bidder as issued by the City. The City reserves the right in its sole discretion to reject any bid which does not strictly comply with said Instructions to Bidder and further reserves the right to accept or reject any bid as set forth in said instructions.

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

1. Defined Terms:

The following terms have the meanings indicated which are applicable to both the singular and plural thereof.

- 1.1 BIDDER: One who submits a Bid directly to CITY, as distinct from a sub-Bidder, who submits a bid to a BIDDER
- 1.2 CITY REP: City of Plantation, Procurement Director
- 1.3 CITY: The City of Plantation, a Florida municipal corporation
- 1.4 CONTRACTOR: The BIDDER with whom CITY enters into a Contract for the Work.
- 1.5 The words ‘proposal’ and ‘bid’ for this proposal are considered interchangeable.

2. Copies of Bidding Documents:

- 2.1 Complete sets of the Solicitation Documents shall be obtained electronically from the Demand Star website <https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>.
- 2.2 Complete sets of Bid Documents shall be used in preparing Bids, neither CITY nor the CITY REP that prepared or assisted in the preparation of the Bid Documents assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bid Documents.

3. Qualifications of Bidders:

No bid will be accepted from, nor will any Contract be awarded to, any person or firm who is in arrears to CITY, upon any debt or contract, or who is a defaulter, as surety or otherwise, upon any obligation to said CITY, or who is deemed irresponsible or unreliable by CITY. The CITY shall have no liability to any Successful BIDDER unless and until the CITY executes a contract with such Successful BIDDER.

CITY shall also have the right, unless prohibited by law, to meet with one or more BIDDER after bids are opened to ensure that all CITY’s expectations with respect to performance can be met and that the requirements and scope of the Contract Work are clearly understood.

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

4. Examination of Bid Documents and Site:

- 4.1 Before submitting a Bid, each BIDDER(s) must (a) examine the Bid Documents thoroughly; (b) visit the site to familiarize themselves with local conditions that may in any manner affect performance, cost, progress or furnishing of the Work as required by the solicitation; (c) familiarize themselves with Federal, State, and local laws, ordinances, Florida Building Code or other applicable construction codes, rules and regulations affecting the performance, cost, progress, or furnishing of the Work; (d) study and carefully correlate their observations with the requirements of Contract Documents, and (e) notify CITY REP of all conflicts, errors or discrepancies in the Contract Documents.
- 4.2 BIDDERS should also note any references made to the Specifications for identification of those surveys and investigation reports of subsurface and latent physical conditions at the site or otherwise affecting performance, cost, progress or furnishing of the Work which have been relied upon by CITY REP in preparing the Drawings and Specifications, if any. CITY will make copies of such surveys and reports, which are not bound into these documents, available to any BIDDER requesting them. These reports are not guaranteed as to accuracy or completeness, nor are they part of the Bid Documents.
- 4.3 The submission of a Bid will constitute an incontrovertible representation by the BIDDER that they have complied with every requirement of this Article 4 and that the Bid Documents are sufficient in scope and detail to indicate and convey understanding of all terms and conditions for performance of the Work.
- 4.4 Any information and data reflected in the Contract Documents with respect to Underground Facilities at or contiguous to the site is based upon information and data furnished to CITY and CITY REP by owners of such Underground Facilities or others, and neither CITY nor CITY REP assumes responsibility for the accuracy or completeness thereof unless it is expressly provided otherwise in SUPPLEMENTARY CONDITIONS.
- 4.5 SUPPLEMENTARY CONDITIONS, if any, may identify for limited reliance by the CONTRACTOR certain specified technical data. These (as well as other documents) should be reviewed.
- 4.6 Before submitting a Bid, each BIDDER will, at its own expense, make or obtain any additional examinations, investigations, explorations, surveys, tests and studies and obtain any additional information or data which pertains to the physical conditions (surface, subsurface and Underground Facilities) at or contiguous to the site or otherwise which may affect cost, progress, performance or furnishing of the Work and which BIDDER deems necessary to determine their Bid price for

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

performance and furnishing of the Work in accordance with the time, price and other terms and conditions of the Bid Documents.

- 4.7 On request in advance, CITY will provide each BIDDER access to the site to conduct explorations and tests as each BIDDER deems necessary for submission of a Bid. Bidder shall fill all holes, clean up and restore the site to its former condition upon completion of such explorations.
- 4.8 The lands upon which the Work is to be performed, and the right-of-ways and easements for access thereto and other lands designated for use in performing the Work are identified in the Bid Documents. All additional lands and access thereto required for temporary construction facilities or storage of materials and equipment or construction operations are to be provided by the CONTRACTOR.

5. Interpretations and Addenda:

All questions about the meaning or intent of the Bid Documents shall be submitted to CITY REP in writing. Interpretations or clarifications considered necessary by CITY REP in response to such questions will be issued by Addenda and posted to the Demand Star website by CITY'S Procurement Department. Questions received less than ten (10) days prior to the date for opening of Bids will be answered at the option of the CITY. Only questions answered by formal written addenda will be binding. Oral and other interpretations or clarifications will be without legal effect.

In the event of conflict between the Notice to Bidders and the terms written within the Scope of Services and/or Specifications contained within Bid documents, the terms within the Scope of Services and/or Specifications shall control.

6. Bid Security:

- 6.1 A original bid bond is required for this bid. The amount and type of Bid Security is stated in the "Notice to Bidders" where required. The required security must be in the form of a certified or bank issue cashier's check made payable to City of Plantation or bid bond by a surety licensed to conduct business in the State of Florida and named in the current list of "Surety Companies Acceptable on Federal Bonds" as published in the Federal Register by the Audit Staff Bureau of Accounts, United States Treasury Department.
- 6.2 The Bid Security of the Successful Bidder will be retained until such successful Bidder and the CITY have executed the Agreement and furnished the required insurance and Contract security [for performance and payment obligations (i.e., the public construction bond), whereupon it will be returned. If Successful BIDDER fails to execute and deliver the Agreement and furnish the required Contract Security and insurance coverages within fifteen (15) calendar days of the later of a

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

Notice of Award or demand to execute contract, unless such deadline is extended by the CITY, the Bid Security of that BIDDER will be forfeited.

- 6.3 The Bid Security of any Bidder whom CITY believes to have a reasonable chance of receiving the award may be retained by CITY until earlier of the seventh calendar day after the executed Agreement is delivered by CITY to CONTRACTOR and the required Contract Security and insurance is furnished, or the ninety-first (91st) day after the Bid opening. Bid Security of other BIDDERS will be returned within twenty-one (21) calendar days of the Bid opening.
- 6.4 Bidder shall utilize the Bid Bond form provided within this solicitation. If any other form is used your bid submittal shall be deemed non-responsive.
- 6.5 A scan or copy of the original Bid Bond or Bid Security must be submitted with your electronic Bid. However, the original (raised seal/thicker stock) paper must be received by U.S. Mail, air, ground courier services, by messenger services; or in person to the Office of the City Clerk, City of Plantation, 400 NW 73rd Ave, Plantation, Florida 33317, **BEFORE** the due date of the solicitation. Failure to provide the original Bid Bond/Security prior to the Bid opening **WILL** result in your Bid being non-responsive.

7. Subcontractors, Suppliers and Others:

- 7.1 CITY requires the identity of major Subcontractors working on the project and Suppliers of unique material or products to be submitted to CITY in advance of the Notice of Award the apparent Successful BIDDER. Any other BIDDER requested by City in writing will, within seven (7) calendar days, submit to CITY a list of all Subcontractors, Suppliers and other persons and organizations (including those who are to furnish the principal items of material and equipment) proposed for portions of this Project. An experience statement shall accompany such list with pertinent information as to similar projects and other evidence of qualifications for each identified Subcontractor, Supplier, person and organization.
- 7.2 If CITY or CITY REP after due investigation has reasonable objection any proposed Subcontractor, Supplier or other person or organization, may before giving the Notice of Award request the apparent Successful BIDDER to submit an acceptable substitute without an increase in Bid price. If the apparent Successful BIDDER declines to make any such substitution, CITY may award the contract to the next lowest BIDDER whose bid is determined to be the most advantageous to the CITY taking into consideration the evaluation factors and criteria set forth in the INVITATION TO BID or the code if none are provided in the INVITATION TO BID that proposes to use acceptable Subcontractors, Suppliers and other persons and organizations. The BIDDER declining to make requested substitutions would not constitute grounds for sacrificing the Bid Security of any BIDDER.

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

- 7.3 No BIDDER shall be required to employ any Subcontractor, other person or organization against whom BIDDER has reasonable objection.

8. Bid Form:

- 8.1 The Bid Form is included with the Solicitation Documents.
- 8.2 All blanks on the Bid Forms must be completed in ink or be typed. The bid price of each item on the form must be stated in numerals. Whiteout of prices or words and numerals on Bid Form is not permitted.
- 8.3 Bids by corporations must be executed in the corporate name by the president or a vice-president (or other corporate office accompanied by evidence of authority to sign).
- 8.4 Bids by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature and the official address of the partnership must be shown below the signature.
- 8.5 All names must be typed or printed below the signature (if a blank line is provided). The signer shall date all signatures (if a line is provided).
- 8.6 The Bid shall contain an acknowledgement of receipt of all Addenda (the numbers of which must be filled in on the Bid Form).
- 8.7 The address and telephone number for communications regarding the Bid must be shown.

9. SUBMISSION OF BIDS:

- 9.1 Bids shall be submitted before the time and at the place indicated in the Notice to Bidders.
- 9.2 All Bids will be received electronically via the Demand Star website. Bid Documents may be obtained electronically at <https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>. Bids will not be considered and cannot be entered online after the referenced date.
- 9.3 More than one Bid received for the same work from an individual, firm or partnership, a Corporation or Association under the same or different names will not be considered. Reasonable grounds for believing that any BIDDERS is interested in more than one Bid for the same work will cause the rejection of all such Bids in which the Bidders is interested. If there are reasonable grounds for

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

believing that collusion exists among the BIDDER, the Bids of participants in such collusion will not be considered.

10. Modification and Withdrawal of Bids:

- 10.1 Bids may be modified or withdrawn by an appropriate document duly executed (in the manner that a Bid must be executed) and delivered to the place where Bids are to be submitted at any time prior to the opening of Bids.
- 10.2 If within twenty-four (24) hours after Bids are opened, any BIDDER files a duly signed, written notice with CITY and promptly thereafter demonstrates to the reasonable satisfaction of CITY that there was a material and substantial mistake in the preparation of its Bid, that BIDDER may withdraw its Bid and the Bid security will be returned. Thereafter, that BIDDER will be disqualified from further bidding on the Work to be provided under the Bid Documents.

11. Opening of Bids:

Bids will be opened, read and recorded pursuant to State of Florida Law and City of Plantation code.

12. Bids to Remain Subject to Acceptance:

- 12.1 All bids MAY remain subject to acceptance for sixty (60) days after the day of the Bid opening, but CITY may, in its sole discretion, release any Bid and return any Bid security prior to that date.
- 12.2 Extension of time when Bids shall remain open beyond the original period may be made only by mutual agreement between CITY, the Successful BIDDER, and the surety, if any, for the Successful BIDDER.

13. Award of Contract:

- 13.1 CITY reserves the right to reject any and all Bids, to waive any and all informalities, incompleteness, or irregularities not involving price, time or material changes in the Work, and to negotiate contract terms with the Successful BIDDER, and the right to disregard all nonconforming, nonresponsive, unbalanced, incomplete, irregular, or conditional Bids. Also, CITY reserves the right to reject the Bid of any BIDDER if CITY believes that it would not be in the best interest of the Project to make an award to that BIDDER, whether because the Bid is not responsible or the Bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by CITY. Discrepancies in the multiplication of units of Work and unit prices will be

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

resolved in favor of the unit prices. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

- 13.2 CITY may conduct such investigations as CITY deems necessary to assist in the evaluation of any BIDDER and to establish the responsibility, reputation, work load, qualifications and financial ability of BIDDER, proposed Subcontractors, Suppliers and other persons and organizations to perform and furnish the Work in accordance with the Contract Documents to CITY's satisfaction within the prescribed time.
- 13.3 The CITY shall not be obligated to any BIDDER to enter into a contract with the BIDDER despite the CITY governing body prospectively awarding the contract to a successful BIDDER. The CITY shall be obligated to any Bidder for the project if and only if the CITY enters into a contract for the project with the Bidder, and further, no action will lie against the CITY to compel CITY to execute any such contract, or to recover from the CITY any damages, costs, lost profits, expenses, etc., that BIDDER may incur if the CITY chooses not to sign such contract. By bidding on this project, all BIDDERS acknowledge and agree that no enforceable contractual relationship arises until the CITY signs the contract, and that no action shall lie to require CITY to sign such contract at any time, and that Bidder waives all claims to damages, lost profits, costs, expenses, etc., as a result of the CITY not signing such contract.
- 13.4 If the contract is to be awarded, CITY will give the Successful BIDDER a Notice of Award.

14. Signing of Agreement:

When CITY gives a Notice of Award to the Successful BIDDER, the CITY will follow-up by forwarding at least one (1) unsigned counterparts of the Agreement with all other written Contract Documents attached. Within fifteen (15) days thereafter, unless extended by CITY, CONTRACTOR shall sign and deliver the required number of counterparts of the Agreement and attached documents to CITY with the required Bonds.

15. Taxes:

The CONTRACTOR shall pay all applicable sales, consumer, use and other similar taxes required by law. The CONTRACTOR is responsible for reviewing the pertinent state statutes involving the sales tax and complying with all requirements.

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

16. Insurance Requirements:

All Bond and Insurance requirements are described in a separate document included with this solicitation (if applicable).

17. Liquidated Damages:

CITY and CONTRACTOR recognize that time is of the essence as to Completion of the Work and that CITY will suffer financial and other losses, if the Work is not completed within the time specified. CITY and CONTRACTOR recognize the delays, expense, speculation and difficulties involved in proving in a legal proceeding the actual loss suffered by CITY if the Work is not completed on time. Accordingly, instead of requiring any such proof, CITY and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay CITY \$50.00/per day for each day that expires after the time specified for Completion. This City reserves the right to increase this amount based on the complexity of each project issued to the CONTRACTOR.

18. Text of Proposed Contract Documents:

The BIDDERS shall review the text of the Contract Documents referred to or referenced herein. In the event BIDDERS have any objection to the terms of such documents, the objections shall be disclosed at the time the bid is submitted.

19. Fees Waiver Disclosure:

The CITY shall not require the CONTRACTOR to pay any of the CITY's permit fees, license fees, impact fees, or inspection fees or any of the other usual CITY permits and fees that may be associated with a construction project. These fees will be waived or paid by the CITY, if payment cannot be waived. Without limiting the foregoing, CONTRACTOR shall pay all fees, costs, and expenses in connection with the applications, processing, and securing of approvals or permits from all governmental authorities which have jurisdiction over all aspects of this work except City of Plantation permits and fees which shall be waived (except for so much of said City of Plantation fees as the CITY is required to remit to other governmental agencies).

20. Equal Employment Opportunity Clause

City of Plantation, Florida, in accordance with the provisions of Title VII of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 CFR, Part 8) issued pursuant to such Act, hereby notifies all BIDDERS that it will ensure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit proposals in response to this advertisement and will not be discriminated against on the ground of race, color or national origin in consideration for an award.

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

21. Regulations

Violation of any local, state or federal law in the performance of this Contract shall constitute a material breach of this Contract.

22. Fiscal Non-Funding Clause

In the event sufficient funds are not budgeted for a new fiscal period, the CITY shall notify the successful BIDDER of such occurrence and the contract shall terminate on the last day of the current fiscal year without penalty or expense to the CITY.

23. Amendment

The awarded BIDDER understands and agrees the contract constitutes the sole and complete understanding between the parties and supersedes all agreements between them, whether oral or written with respect to the subject matter. No amendment, change, or addendum to this Contract is enforceable unless agreed to in writing by both parties and incorporated into the Contract.

24. Assignment

The awarded BIDDER shall not assign any interest in this Contract and shall not transfer any interest in same (whether by assignment or novation) without prior written consent of the CITY except that claims for the money due or to become due the awarded BIDDER from the CITY under this Contract may be assigned to a financial institution or to a trustee in Bankruptcy without such approval from the CITY. Notice of such transfer or assignment due to Bankruptcy shall be promptly given to the CITY.

25. Cone of Silence:

Once the Solicitation has been issued, a Cone of Silence will be implemented. At that time communication with the CITY is limited to Charles Spencer, Procurement Director (email address: spencer@plantation.org). During the solicitation advertising, review and evaluation process no person shall make any private or separate delivery of marketing information concerning any BIDDER to any elected officers of the CITY, members of the CITY staff or members of the Evaluation Committee.

Cone of Silence shall terminate at the time the CITY makes an award to a BIDDERS(S) that becomes final as a result of no procurement protest being filed or takes other action that ends this solicitation.

Any action of a BIDDER in violation of this may be cause for disqualification of the BIDDER.

INSTRUCTIONS TO BIDDERS

INVITATION TO BID # 070-21

26. Alternative Products:

When bidding on an Alternative Product “or equal,” Bids must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific items(s) to which it pertains. All deviations from the specifications must be noted in detail by the BIDDER. Any deviation from the specifications as written and accepted by the CITY may be grounds for rejection of the material and/or equipment when delivered.

30. Equal Product:

Manufacturer’s brand name and model number are used in these specifications for the purpose of establishing minimum requirement level of quality and standards of performance and design required. This is in no way intended to prohibit the proposing of other manufacturer’s items of equal material and function, unless otherwise indicated. Equal (substitution) may be bid, providing the product bid is found to be equal in quality, standards of performance, design, etc. to item specified, unless otherwise indicated. Where equal is proposed, bid must be accompanied by complete factory information sheets (specifications, brochures, etc.) documenting the equipment bid as equal. The CITY, after evaluation of the documentation submitted, will determine if products is approved as equal to the specified request.

31. Contract Time:

The initial term of this contract shall be for two (2) years. The City shall have the option to extend the Contract for three (3) additional one (1) year periods, at terms mutually acceptable by both parties.

END OF DOCUMENT

EVALUATION CRITERIA

In evaluating Bids, The CITY will consider the following criteria of the Bidders;

- A. The ability, capacity and skill of the respondent to perform under terms of the bid documents;
- B. Whether the bidder can perform the contract or provide the materials or services promptly, or within the time specified, without delay or interference;
- C. The character, integrity, reputation, judgment, experience, and efficiency of the bidder;
- D. The quality of performance of previous contracts and the providing of materials or services, or both;
- E. The previous and existing compliance by the bidder with the laws and ordinances relating to the contract, or providing of materials or services, or both;
- F. The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the materials or services, or both;
- G. The quality, availability and adaptability of supplies, equipment, or contractual services to the particular use required;
- H. The ability of the bidder to provide future maintenance and service for the use of the subject of the contract;
- I. The number and scope of conditions attached to the bid; and
- J. Prior litigation experience.

As may be requested in the Bid form or prior to the Notice of Award. The City will also consider any applicable ordinance or statutory criteria applicable to the Bid.

SECTION 01010 - SUMMARY OF WORK

PART 1 - GENERAL

1.01 WORK COVERED BY CONTRACT DOCUMENT

A. The Project consists of furnishing all labor, materials and equipment for performing sanitary sewer repairs.

1. Work scope includes, cured-in-place lateral lining, cleanout installation, and associated work such as cleaning, TV, lateral reinstatement, bypass pumping, and traffic control.
2. Upon receipt of any work order, the contractor shall evaluate the work site and determine whether any foreseeable item of expense is not covered by a pay item under this contract. If the contractor determines that any foreseeable item of expense is not covered by a pay item under this contract, the contractor shall notify the owner of this fact prior to initiation of the associated work and shall await authorization to proceed. In the event that no such prior notification is made and no such prior authorization is received, the contractor will not be paid for the expense(s) in question. No after-the-fact change orders will be considered or approved.
3. Work shall be performed to ensure a minimum of traffic disruption or sewer down time, and work must be coordinated with affected residents and utility personnel. Whenever the property owners' use of the sanitary sewer must be interrupted by the work, the contractor shall notify the residents well in advance of the interruption. This notification shall be accomplished with door hanger notification cards to be placed at the addresses of affected customers. Property owners shall be informed when service interruption will take place and the approximate duration. This notice shall be provided a minimum of 24 hours in advance of commencement of service interruption, unless otherwise specified. The contractor shall make every effort to minimize inconvenience to the public and property owners.
4. The contractor shall perform all work in strict accordance with all applicable OSHA Standards. Particular attention is drawn to those safety requirements involving man entry in confined spaces. Prior to entering manholes and other confined spaces, the atmosphere shall be evaluated by the contractor to determine the system is safe to perform the designated repairs. Contractor shall follow all procedures outlined by OSHA's Confined Space Entry requirements.
5. The contractor shall warrant to the owner that the equipment used on this contract where covered by patents or license agreements is furnished in accordance with such agreements and that the prices included herein cover all applicable royalties and fees in accordance with such license agreements. The contractor shall defend, indemnify and hold the owner harmless from and against any and all costs, loss, damage or expense arising out of or in any way connected with any claim of infringement of patent, trademark or violation of license agreement.
6. Contractor shall provide a written quotation of proposed work to the City within two (2) weeks of request for proposal. The Contractor shall commence the work within three (3) weeks of receipt of Purchase Order.

B. Preconstruction Conference:

1. Prior to the commencement of work at the site, a preconstruction conference will be held at a mutually agreed time and place which shall be attended by the contractor, its superintendent, and its subcontractors as appropriate.
2. The owner will schedule monthly progress meetings. The contractor, owner, **and all subcontractors active on the site** shall be represented at each meeting. Contractor may at its discretion request attendance by representatives of its suppliers, manufacturers, or subcontractors.

1.02 Site Conditions:

1. The contractor acknowledges that he has investigated prior to bidding and satisfied himself as to the conditions affecting the work. The contractor further acknowledges that they have satisfied themselves as to the character, quality and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, drawings and specifications. Any failure by the contractor to acquaint themselves with the available information will not relieve him from responsibility for estimating properly the difficulty or cost of successfully performing the work. The owner assumes no responsibility for any conclusions or interpretations made by the contractor on the basis of the information made available by the owner.
2. The contractor shall promptly and before such conditions are disturbed, notify the owner in writing of: (1) subsurface or latent physical conditions at the site differing materially from those indicated in this contract, or (2) unknown physical conditions at the site, of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this contract. The owner will promptly investigate the conditions, and if they find that such conditions do materially so differ and cause an increase or decrease in the contractor's cost of, or time required for, performance of any part of the work under this contract, whether or not changed as a result of such conditions, an equitable adjustment shall be made and the contract modified in writing accordingly.

- END OF SECTION -

SECTION 01025 - MEASUREMENT AND PAYMENT

PART 1 - GENERAL

1.01 GENERAL

- A. Payments to the contractor shall be made on the basis of the bid/proposal schedule proposal as full and complete payment for furnishing all materials, labor, tools and equipment, and for performing all operations necessary to complete the work included in the contract documents. Such compensation shall also include payments for any loss or damages arising directly or indirectly from the work, or from any discrepancies between the actual quantities of work and those shown in the contract documents.
- B. The contractor's attention is called to the fact that the quotations for the various items of work are intended to establish a total price for completing the work in its entirety. Should the contractor feel that the cost for any item of work has not been established in the bid/proposal schedule proposal or this section, the cost for that work shall be included in some other applicable bid/proposal item, so that the proposal for the project reflects the total price for completing the work in its entirety. It is intended that all work required to complete this contract will be included in the various items as described herein.
- C. In the event that repairs to any other public or private property are required due to damage caused by the contractor's operations, the contractor shall provide and employ all necessary labor, equipment, and materials, at no additional cost, to complete such repairs.

1.02 PERFORMANCE, PAYMENT, AND GUARANTEE BONDS

- A. Contractor may be required to ensure a Public Construction Bond equal to one hundred (100) percent of the authorized work. The unit pricing provided by the contractor in the bid/proposal schedule proposal shall include the bonding cost. The Bond must be written through a company licensed to do business in the State of Florida and be rated at least "A", Class X, in the latest edition of "Best's Key Rating Guide", published by A.M. Best Company.

1.03 MEASUREMENT

- A. The quantities for payment under this Contract shall be determined by actual field measurement of the completed items, in place, ready for service and accepted by the owner unless otherwise specified. The owner will verify all field measurements and required testing.

The quantities stated in the bid/proposal are approximate only and are intended to serve as a basis for the comparison of bids/proposals and to fix the approximate amount of the cost of the project. The owner does not expressly or impliedly agree that the actual amount of the work to be done in the performance of the contract will correspond with the quantities in the bid/proposal schedule; the amount of work to be done may be more or less than the said quantities and may be increased or decreased by the owner as circumstances may require. The increase or decrease of any quantity shall not be regarded as grounds for an increase in the unit price or in the time allowed for the completion of the work, except as provided in the contract documents. Time to complete the issued work will be determined at the construction meetings.

- B. Payment items for cleaning and televising of mains and laterals will apply when sewer is cleaned and televised for inspection only. Cleaning and television inspection performed to prepare for a repair or to document a completed repair are not considered separate pay items. The only exception to this is to document a completed mainline point repair.

- C. Where needed, the unit prices in the bid/proposal schedule shall include, but not be limited to, all necessary or required resident notification, mobilization costs, traffic control, sewer pipe cleaning and preparation of the existing sewer, including blocking or plugging incoming lines; removal, transportation and disposal of material generated by cleaning and preparation; pre- and post-lining television surveys; sonde locating the pipe (laterals and mains); sealing if necessary; pipe lining; excavating; dewatering; coating; patching; water; sample collection; grouting; cleanup; documentation and reporting; hoses, cables and fittings; providing all labor, materials and equipment required for a complete and acceptable quality job as requested in the specifications and on the bid/proposal schedule .

PART 2 - PAYMENT ITEMS

2.01 Group #3: "Sanitary Sewer Lateral Connection and Lateral Pipe" PAYMENT ITEMS

A. "Furnish and Install Lateral Connection and Lateral Pipe Lining"

1. Bid Items 3-1 to 3-3 will be measured and paid at the unit price per each full circle main lateral connection liner, as delineated by the pipe size and depth brackets named in the bid schedule, and shall include up to 10 feet of lateral.
2. Bid Item 3-4 will be measured and paid at the unit price per each 8-inch to 15- inch CIPP drop connection lining installed, and shall include up to 10 feet of drop, to provide a complete and acceptable liner installation as delineated by the size and depth bracket names in the bid schedule.
3. Bid Item 3-5 will be measured and paid at the unit price per each 4-inch or 6- inch lateral liner installed and shall include up to 10 feet of lateral piping, to provide a complete and acceptable liner installation. (no mainline connection included)
4. Bid Item 3-6 will be measured and paid for at the unit price per foot of 4-inch or 6-inch sewer laterals lined beyond 10 feet of lateral, in addition to the corresponding item. This item will be full compensation for all additional costs associated with work of installing lateral liner beyond 10 feet.
5. Bid Item 3-7 will be measured and paid for at the unit price per each, as defined in the bid/proposal schedule to provide a transitional liner (4-inch to 6-inch), as part of a pipe transition or lateral liner, complete in place. Payment for this item, when authorized by the owner, shall be in addition to the main / lateral connection item.

B. "Provide Lateral TV Inspection from Main" (up to 30 feet)

1. Bid/Proposal item 3-11 of work will be measured and paid at the unit price per each lateral televised from the mainline (up to 30 feet), including all restoration work.
2. Videos and reports must be done in accordance with the specifications or a re-inspection will be required, at no additional cost to the owner.

C. "Provide Lateral TV Inspection from Main" (beyond 30 feet)

1. Bid/Proposal item 3-12 will be measured and paid for at the unit price per foot of sewer laterals televised (beyond 30 feet), including all restoration work.

D. "Furnish and Install Cleanout"

1. Bid Items 3-14, 3-15, 3-16 & 3-17 will be measured and paid for at the unit price bid, will be measured and paid for at the unit price per each cleanout installed for depths up to 5 feet. Payment is for a complete cleanout installation in keeping with the City's Standard Detail for a complete in place new cleanout. Restoration items, sod, asphalt, concrete and brick pavers are to be included as a cost of the cleanout installation complete, in place.

E. "Furnish and Install Cleanout beyond 5 Foot of Vertical Depth"

1. Bid Item 3-18, for cleanout installations greater than 5 feet in depth, payment will be made at the contract unit cost for each vertical foot below 5 feet excavated. The item should be adjusted to include the increase in surface restoration. This item shall be paid in addition to the contract unit cost for the first 5 feet of depth.

F. "Furnish and Install Double Wye"

1. Bid Item 3-20 will be measured and paid for at the unit price bid each named in the Bid Schedule. This item shall provide full payment for removal of pipe, restoration, excavation, installation of double wye and all restoration for a complete and functional restoration.

2.02 Common: "Items – In - Common" PAYMENT ITEMS

A. "Clean and Videotape Existing Sanitary Sewer"

1. Bid Items, 3-9 & 3-10 will be measured and paid for at the unit price bid per foot (LF) of sanitary sewer cleaned and televised for inspection only. The unit price shall provide full compensation for all work required to perform television inspection of sanitary sewer including, but not limited to, furnishing all labor, equipment and material for cleaning, flow isolation, TV inspection, reports, disks, and all incidentals related to sewer inspection and reporting. The videos, report and pictures, shall be acceptable to the owner or otherwise the contractor shall re-televiser the sewer line to the satisfaction of the owner.
2. Cleaning and TV inspection performed to prepare for a repair or to document a completed repair are not considered separate pay items. Costs for such cleaning and TV inspection shall be included in the contract unit cost for each particular repair.
3. TV inspections to document a completed excavated point repair are payable under this item. No other post video inspections are payable.

B. "Provide Work in Rear-Yard Easement"

1. Bid Items 3-8 & 3-13 will be measured and paid for at the unit price bid, paid each per Manhole Section to Manhole Section in an easement for performing work away from vehicular traveled ways, if so, requested by the owner. This item will be paid in addition to the price paid under the corresponding work item, and will only be paid when the area where work that must necessarily be performed is in the easement area and presents restrictions to vehicular access from roads. This item shall be full compensation for all additional costs associated with working in an easement area.
2. When the contractor judges that this item is applicable, the contractor shall obtain the

owner's concurrence on such judgment in advance of performing the work or no payment will be authorized.

C. "Furnish and Install Bypass Pumping"

1. Bid Items 3-19 will be measured and paid for at the unit price bid each. This item shall provide full compensation for bypass pumping operations required for video or repair work. The contractor shall attempt to perform the sewer work without bypass pumping. However, if, in the opinion of the owner bypass pumping is necessary, it will be identified as a payment item. The pay item is a charge per each designated repair and will only be paid once per repair. For all bypass pumping operations during a specific sewer repair, including services, regardless of the number of pumps required. Bypass Pumping shall be bid on the basis of each bypassed operation as shown on the bid/proposal schedule items, regardless of pipe size.
2. Plugging, blocking the flow and all associated hoses to bypass a sewer line shall be included in the appropriate bid/proposal item for which the flow must be stopped, and shall be considered incidental work and no additional payment shall be considered.
3. This item can only be charged once per repair, regardless of the number of days the actual bypassing is setup.

D. "Furnish and Install Traffic Control Devices"

1. Bid Items 3-21 thru 3-23 Traffic control refers to the additional charge incurred for placing traffic control personnel or devices in City, County or DOT Right-of-Way. This does not cover the placement of standard traffic cones in non-DOT Right-of-Ways, which is included in the unit price for items under this contract. Payment is based on a unit price per each device, unit price per day or unit price per hour for personnel. Payment for these items will only be authorized with the approved MOT plans & drawings attached to the request for payment.
2. The contractor shall advise the owner in advance in the event that traffic control beyond standard traffic cones is deemed necessary.

- END OF SECTION -

SECTION 01090 - REFERENCE STANDARDS

PART 1 - GENERAL

1.01 WORK INCLUDED

- A. Titles of Sections and Paragraphs: Captions accompanying specification sections and paragraphs are for convenience of reference only, and do not form a part of the Specifications.
- B. Applicable Publications: Whenever in these Specifications references are made to published specifications, codes, standards, or other requirements, it shall be understood that wherever no date is specified, only the latest specifications, standards, or requirements of the respective issuing agencies which have been published as of the date of the opening of bids/proposals, shall apply; except to the extent that said standards or requirements may be in conflict with applicable laws, ordinances, or governing codes. No requirements set forth herein or shown on the Drawings shall be waived because of any provision of, or omission from, said standards or requirements.
- C. Specialists, Assignments: In certain instances, Specification text requires (or implies) that specific work is to be assigned to specialists or expert entities, who must be engaged for the performance of that work. Such assignments shall be recognized as special requirements over which the CONTRACTOR has no choice or option. These requirements shall not be interpreted so as to conflict with the enforcement of building codes and similar regulations governing the Work; also, they are not intended to interfere with local union jurisdiction settlements and similar conventions. Such assignments are intended to establish which party or entity involved in a specific unit of work is recognized as "expert" for the indicated construction processes or operations. Nevertheless, the final responsibility for fulfillment of the entire set of contract requirements remains with the CONTRACTOR.

1.02 REFERENCE SPECIFICATIONS, CODES, AND STANDARDS

- A. Without limiting the generality of other requirements of the specifications, all work specified herein shall conform to or exceed the requirements of all applicable codes.
- B. References herein to "Building Code", "South Florida Building Code" or SFBC shall mean the Florida Building Code. The latest edition of the code as approved and used by the local agency as of the date of the Notice to Proceed, as adopted by the agency having jurisdiction, shall apply to the Work herein, including all addenda, modifications, amendments, or other lawful changes thereto.
- C. In case of conflict between codes, reference standards, Drawings and the other Contract Documents, the most stringent requirements shall govern. All conflicts shall be brought to the attention of the ENGINEER for clarification and directions prior to ordering or providing any materials or labor. The CONTRACTOR shall bid/propose the most stringent requirements.
- D. Applicable Standard Specifications: The CONTRACTOR shall construct the Work specified herein in accordance with the requirements of the Contract Documents and the referenced portions of those referenced codes, standards, and Specifications listed herein.
- E. References herein to "OSHA Regulations for Construction" shall mean Title 29, Part 1926, Construction Safety and Health Regulations, Code of Federal Regulations (OSHA), including all changes and amendments thereto.

- F. References herein to "OSHA Standards" shall mean Title 29, Part 1910, Occupational Safety and Health Standards, Code of Federal Regulations (OSHA), including all changes and amendments thereto.

PART 2 - PRODUCTS - (Not Used)

PART 3 - EXECUTION - (Not used)

- END OF SECTION -

SECTION 01340 - SUBMITTALS

PART 1 - GENERAL

1.01 DESCRIPTION

A. Scope of Work:

1. The Contractor shall submit to the City and Engineer for review and approval, such Shop Drawings, Test Reports and Product Data on materials and equipment (hereinafter in this Section called Data), and material samples (hereinafter in this Section called Samples) as are required for the proper control of work, including but not limited to those Shop Drawings, Data and Samples for materials and equipment specified elsewhere in the Specifications and in the Contract Drawings.
2. Within fourteen (14) calendar days after the Effective Date of the Agreement, the Contractor shall submit to the Engineer a complete list of preliminary Data on items for which Shop Drawings are to be submitted. Included in this list shall be the names of all proposed manufacturers furnishing specified items. Review of this list by the City and Engineer shall in no way expressed or implied relieve the Contractor from submitting complete Shop Drawings and providing materials, equipment, etc., fully in accordance with the Specifications. This procedure is required in order to expedite final review of Shop Drawings.
3. The Contractor is to maintain an accurate updated submittal log and will bring this log to each scheduled progress meeting with the Owner and the Engineer. This log should include the following items:
 - a. Submittal-Description and Number assigned.
 - b. Date to City.
 - c. Date returned to Contractor (from Engineer).
 - d. Status of Submittal (Approved as Noted, Rejected/Re-submit).
 - e. Date of Resubmittal and Return (as applicable).
 - f. Projected date of delivery to site.
 - g. Specification Section.
 - h. Projected date of delivery to OWNER.
 - i. Specification Section.

1.02 CONTRACTOR'S RESPONSIBILITY

- A. The Contractor shall furnish the City and Engineer a schedule of Shop Drawings submittals fixing the respective dates for the submission of Shop Drawings, the beginning of manufacture, testing and installation of materials, supplies and equipment. This schedule shall indicate those that are critical to the progress schedule.

- B. The Contractor shall not begin any of the work covered by a Shop Drawing, Data, or a Sample returned for correction until a revision or correction thereof has been reviewed and returned to contractor, by the Engineer, with approval.
- C. The Contractor shall submit to the City and Engineer all drawings and schedules sufficiently in advance of construction requirements to provide no less than twenty (20) calendar days for checking and appropriate action from the time the Engineer receives them.
- D. All submittals shall be accompanied with a transmittal letter prepared in duplicate containing the following information:
 - 1. Date.
 - 2. Project Title and Number.
 - 3. Contractor's name and address.
 - 4. The number of each Shop Drawings, Project Data, and Sample submitted.
 - 5. Notification of Deviations from Contract Documents.
 - a. The Contractor shall indicate in bold type at the top of the cover sheet of submittal of shop drawing if there is a deviation from contract drawings, project specifications and referenced specifications or codes.
 - b. The Contractor shall also list any deviations from contract drawings, project specifications and referenced specifications or codes and identify in "green" ink prominently on the drawings.
 - 6. Submittal Log Number conforming to Specification Log Number.
- E. The Contractor shall submit three (3) copies of Shop Drawings to the City plus the number of copies which the Contractor requires returned.
- F. The Contractor shall be responsible for and bear all costs of damages which may result from the ordering of any material or from proceeding with any part of work prior to the completion of the review by the City and Engineer of the necessary Shop Drawings.
- G. The Contractor shall be fully responsible for observing the need for and making any changes in the arrangement of piping, connections, wiring, manner of installation, etc., which may be required by the materials/equipment the contractor proposes to supply both as pertains to their own work and any work affected under other parts, headings, or divisions of drawings and specifications.
- H. The Contractor shall not use shop drawings as means of proposing alternate items to demonstrate compliance to contract requirements.
- I. Each submittal will bear a stamp indicating that Contractor has satisfied Contractor's obligations under the Contract Documents with respect to Contractor's review and approval of that submittal.

- J. Drawings and schedules shall be checked and coordinated with the work of all trades and sub-contractors involved, before they are submitted for review by the City and Engineer and shall bear the Contractor's stamp of approval as evidence of such checking and coordination. Drawings or schedules submitted without this stamp of approval shall be returned to the Contractor for resubmission.

1.03 CITY AND ENGINEER'S REVIEW OF SHOP DRAWINGS

- A. The City and Engineer's review of Shop Drawings, Data and Samples as submitted by the Contractor, will be to determine if the items(s) conform to the information in the Contract Documents and is compatible with the design concept. The City and Engineer's review and exceptions, if any, will not constitute an approval of dimensions, connections, quantities, and details of the material, equipment, device, or item shown.
- B. The review of drawings and schedules will be general, and shall not be construed:
 - 1. As permitting any departure from the Contract requirements.
 - 2. As relieving the Contractor of responsibility for any errors, including details, dimensions, and materials.
 - 3. As approving departures from details furnished by the Engineer, except as otherwise provided herein.
- C. If the drawings or schedules as submitted describe variations and show a departure from the Contract requirements which the City and Engineer finds to be in the interest of the Owner and to be so minor as not to involve a change in Contract Price or time for performance, the Engineer may return the reviewed drawings without noting an exception.
- D. "Approved as Noted" - Contractor shall incorporate City and Engineer's comments into the submittal before release to manufacturer. The Contractor shall send a letter to the City and Engineer acknowledging the comments and their incorporation into the Shop Drawing.
- E. "Amend and Resubmit" - Contractor shall resubmit the Shop Drawing to the City and Engineer. The resubmittal shall incorporate the Engineer's comments highlighted on the Shop Drawing.
- F. "Rejected" - Contractor shall resubmit Shop Drawing for review by City and Engineer.
- G. Resubmittals will be handled in the same manner as first submittals. On resubmittals the Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, to revisions other than the corrections requested by the City and Engineer on previous submissions. The Contractor shall make any corrections required by the City and Engineer.
- H. If the Contractor considers any correction indicated on the drawings to constitute a change to the Contract Drawings or Specifications, the Contractor shall give written notice thereof to the Engineer.
- I. When the Shop Drawings have been completed to the satisfaction of the City and Engineer, the Contractor shall carry out the construction in accordance therewith and shall make no further changes therein except upon written instructions from the Engineer.

- J. No partial submittals will be reviewed. Submittals not deemed complete will be stamped "Rejected" and returned to the Contractor for resubmittal. Unless otherwise specifically permitted by the Engineer, make all submittals in groups containing all associated items for:

1. Systems.
2. Processes.
3. As indicated in specific Specifications Sections.

All drawings, schematics, manufacturer's product Data, certifications and other Shop Drawing submittals required by a system specification shall be submitted at one time as a package to facilitate interface checking.

- K. Only the City and Engineer shall utilize the color "red" in marking Shop Drawing submittals.

1.04 SHOP DRAWINGS

- A. Shop Drawings shall be complete and detailed and shall consist of fabrication, erection and setting drawings and schedule drawings, manufacturer's scale drawings, etc., and wiring and control diagrams. Cuts, catalogs, pamphlets, descriptive literature, and performance and test data, shall be considered only as supportive information. As used herein, the term "manufactured" applies to standard units usually mass-produced; and "fabricated" means items specifically assembled or made out of selected materials to meet individual design requirements.
- B. Manufacturer's catalog sheets, brochures, diagrams, illustrations and other standard descriptive data shall be clearly marked to identify pertinent materials, product or models. Delete information which is not applicable to the Work by striking or cross-hatching.
- C. Each Shop Drawing shall have a blank area 3-1/2 inches by 3-1/2 inches, located adjacent to the title block. The title block shall display the following:
1. Project Title and Number.
 2. Name of project building or structure.
 3. Number and title of the Shop Drawing.
 4. Date of Shop Drawing or revision.
 5. Name of contractor and subcontractor submitting drawing.
 6. Supplier/manufacturer.
 7. Separate detailer when pertinent.
 8. Specification title and number.
 9. Specification section.
 10. Application Contract Drawing Number.

- D. Data on materials and equipment include, without limitation, materials and equipment lists, catalog data sheets, cuts, performance curves, diagrams, materials of construction and similar descriptive material. Materials and equipment lists shall give, for each item thereon, the name and location of the supplier or manufacturer, trade name, catalog reference, size, finish and all other pertinent Data.
- E. For all mechanical and electrical equipment furnished, the Contractor shall provide a list including the equipment name, and address and telephone number of the manufacturer's representative and service company so that service and/or spare parts can be readily obtained.

1.05 WORKING DRAWINGS

- A. When used in the Contract Documents, the term "Working Drawings" shall be considered to mean the Contractor's plan for temporary structures such as temporary bulkheads, support of open cut excavation, support of utilities, ground water control systems, forming and falsework; for underpinning; and for such other work as may be required for construction but does not become an integral part of the Project.
- B. Working Drawings shall be signed by a registered Professional Engineer, currently licensed to practice in the State of Florida.

1.06 SAMPLES

- A. The Contractor shall furnish, for the approval of the City and Engineer, samples required by the Contract Documents or requested by the City and Engineer. Samples shall be delivered to the Engineer as specified or directed. The Contractor shall prepay all shipping charges on samples. Materials or equipment for which samples are required shall not be used in work until approved by the City and Engineer.
- B. Samples shall be of sufficient size and quantity to clearly illustrate:
 - 1. Functional characteristics of the product, with integrally related parts and attachment devices.
 - 2. Full range of color, texture and pattern.
 - 3. A minimum of two (2) samples of each item shall be submitted.
- C. Each sample shall have a label indicating:
 - 1. Name of Project.
 - 2. Name of Contractor and Subcontractor.
 - 3. Material or Equipment Represented.
 - 4. Place of Origin.
 - 5. Name of Producer and Brand (if any).
 - 6. Location in Project.

(Samples of finished materials shall have additional marking that will identify them under the finished schedules.)

- D. The Contractor shall prepare a transmittal letter in triplicate for each shipment of samples containing the information required in Paragraph 1.06 B. above. The contractor shall enclose a copy of this letter with the shipment and send a copy of this letter to the City and Engineer. Approval of a sample shall be only for the characteristics or use named in such approval and shall not be construed to change or modify any Contract requirements.
- E. Approved samples not destroyed in testing shall be sent to the City and Engineer or stored at the site of the work. Approved Samples of the hardware in good condition will be marked for identification and may be used in the work. Materials and equipment incorporated in work shall match the approved Samples. Samples which failed testing or were not approved will be returned to the Contractor at contractor's expense, if so, requested at time of submission.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

-END OF SECTION-

SECTION 01400 - QUALITY CONTROL

PART 1 - GENERAL

1.01 QUALITY ASSURANCE

- A. Quality: All materials shall be new and correctly designed. They shall be standard first-grade quality produced by expert workmen and be intended for the use for which they are offered. Materials which, in the opinion of the owner, are inferior or of a lower grade than indicated or do not meet the specified standards required will not be acceptable.
- B. Compatibility of Options: Where more than one choice is available as option for contractor's selection of a product, material, or equipment, the contractor shall select an option which is compatible with other products and materials already selected. Compatibility is a basic general requirement of product/material selections. The contractor is particularly directed to the joining of unlike materials to form a sealed system to eliminate the possibility of continued system leakage. Leakage is a big concern and one objective for the project.

1.02 PRODUCT EVALUATION

- A. The owner will employ and pay for the services of an independent testing laboratory for specified testing as specified by the owner. Sample collection will be at the expense of the contractor.
- B. The work or actions of the testing laboratory shall in no way relieve the contractor of his obligations under the contract. The laboratory testing work will include such inspections and testing required by the contract documents, existing laws, codes, ordinances, etc. The testing laboratory will have no authority to change the requirements of the contract documents, nor perform, accept or approve any of the contractor's work.
- C. The owner will bear the cost of all tests, evaluation, or investigations undertaken by the order of the owner for the purpose of determining conformance with the contract documents if such tests, evaluation, or investigations are not specifically required by the contract documents, and if conformance is ascertained thereby. Whenever nonconformance is determined by the owner as a result of such tests, evaluation, or investigations, the contractor shall bear the full cost of any additional tests, evaluations and investigations, which are ordered by the owner to ascertain subsequent conformance with the contract documents.

1.03 EVALUATION AT PLACE OF MANUFACTURE

- A. Unless otherwise specified, all products and materials shall be subject to evaluation by the owner at the place of manufacture.
- B. The presence of the owner at the place of manufacture however, shall not relieve the contractor of the responsibility for furnishing products, materials, and equipment, which comply with all requirements of the contract documents. Compliance is a duty of the contractor, and said duty shall not be avoided by any act or omission on the part of the owner.

1.04 SAMPLING AND TESTING

- A. Unless otherwise specified, all sampling and testing shall be in accordance with the methods prescribed in the current standards of the ASTM, or other referenced standards, as applicable to

the class and nature of the article or materials considered; however, the owner reserves the right to use any generally accepted system of sampling and testing which, in the opinion of the owner will insure the owner that the quality of the workmanship is in full accord with the contract documents.

- B. In addition to any other evaluation, observation or quality assurance provisions that may be specified, the owner shall have the right to independently select, test, and analyze, at the expense of the owner, additional test specimens or any or all of the materials to be used. Results of such tests and analyses shall be considered along with the tests or analyses made by the contractor to determine compliance with the applicable specifications for the materials so tested or analyzed; provided, however, that where testing or investigation by the owner reveals failure to meet the requirements of the contract documents, all costs of such independent inspection and investigation, and all costs of removal, correction, and reconstruction or repair of any such work shall be borne by the contractor.

1.05 SITE INVESTIGATION AND CONTROL

- A. The contractor shall verify all dimensions in the field and shall check field conditions continuously during construction. The contractor shall be solely responsible for any inaccuracies built into the work due to its failure to comply with the requirements in the specifications.
- B. The contractor shall inspect related and appurtenant work and shall report in writing to the owner any conditions which will prevent proper completion of the work. Failure to report any such conditions shall constitute acceptance of all site conditions, and any required removal, repair, or replacement caused by unsuitable conditions shall be performed by the contractor at its sole cost and expense.

1.06 RIGHT OF REJECTION

- A. The owner shall have the right, at all times and places, to reject any articles or materials to be furnished hereunder which, in any respect, fail to meet the requirements of the contract documents, regardless of whether the defects in such articles or materials are detected at the point of manufacture or after completion of the work at the site. If the owner, through an oversight or otherwise, has accepted materials or work which is defective or which is contrary to the contract documents, such materials, no matter in what stage or condition of manufacture, delivery, or erection, may be subsequently rejected by the owner.

1.07 WATER-TIGHTNESS OF STRUCTURES

- A. It is the intent of these specifications that all CIPP work, concrete work, sealing work around built-in items and penetrations be performed as required to ensure that groundwater and/or rainwater will not leak into any repaired collection line, service lateral, or manhole.
- B. The required water tightness shall be achieved by quality construction and proper sealing of all pipe ends, all piping, lateral connections, and manhole connections. Specifically, the contractor will be required to document that all CIP liner ends, mains, laterals, and lateral reinstatements are properly sealed in keeping with these specifications.
- C. The contractor shall provide at its own expense all labor, material, temporary bulkheads, pumps, water, measuring devices, etc., necessary to perform the required tests.

1.08 OBSERVATION OF THE WORK

- A. The work shall be conducted under the general observation of the owner and shall be subject to observation by representatives of the owner. The presence of the owner or any observer, however, shall not relieve the contractor of the responsibility for the proper execution of the work in accordance with all requirements of the contract documents.
- B. All materials and articles furnished by the contractor shall be subject to rigid inspection, and no materials or articles shall be used in the work until they have been inspected and accepted by the owner or its representative.

1.09 OTHER CONSTRUCTION CONSIDERATIONS

- A. Cutting and Patching: The CONTRACTOR shall perform all cutting and patching of the Work that may be required to make its several parts come together properly and fit it to receive or be received by such other work. The CONTRACTOR shall not endanger any work of others by cutting, excavating or otherwise altering their work and shall only cut or alter work with the written consent of the ENGINEER and of the other contractors whose work will be affected.
- B. Weather Conditions: Work that may be affected by inclement weather shall be suspended until proper conditions prevail. In the event of impending storms, the CONTRACTOR shall take necessary precautions to protect all work, materials and equipment from exposure.
- C. Fire Protection: The CONTRACTOR shall take all necessary precautions to prevent fires at or adjacent to the Work, including its own buildings and trailers.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

-END OF SECTION -

SECTION 01500 - CONSTRUCTION CONSIDERATIONS

PART 1 - GENERAL

1.01 CUTTING AND PATCHING

- A. The CONTRACTOR shall perform all cutting and patching of their work that may be required to make its several parts come together properly and fit it to receive or be received by such other work. The CONTRACTOR shall not endanger any work of others by cutting, excavating or otherwise altering their work and shall only cut or alter work with the written consent of the ENGINEER and of the other CONTRACTORS whose work will be affected.

1.02 ABANDONMENT AND SALVAGE OF EXISTING FACILITIES

- A. General: The scope of work requires the CONTRACTOR to interface with existing structures, and piping which will be abandoned or otherwise removed and/or relocated as part of the work. Prior to beginning any work associated with existing facilities to be abandoned, salvaged, or otherwise removed or relocated, the CONTRACTOR shall inform the OWNER and the ENGINEER of their intent so that all arrangements can be made with the OWNER for isolating pipelines (where possible) or otherwise removing existing facilities from service to the extent possible. The CONTRACTOR shall not proceed without written authorization from the OWNER.
- B. Pipelines: The CONTRACTOR shall abandon, salvage or otherwise remove existing pipelines or segments of existing pipelines shown to be abandoned in place, salvaged, or removed as part of the contract work. Unless otherwise indicated in the Contract Documents, all piping shown on the Drawings to be abandoned shall be abandoned in place. Pipe shown to be abandoned need only be removed a minimum three feet clear of new utilities to be installed. Abandon-in-place shall be defined as installing plugs, or other permanent closure, as reviewed and accepted by the OWNER, on all terminations, open ends or ends of pipe designated as being cut, capped and anchored in an acceptable manner. The pipe will remain buried unless otherwise noted.
- C. Piping indicated on the Drawings as being removed, or any piping to be abandoned that interferes with new structures or piping, shall be excavated and removed using methods which will not disturb adjacent piping or other facilities. All pipe materials shall be subject to salvage by the OWNER as defined below. Any remaining piping on both ends of pipe segments removed shall be abandoned in-place, per the above definition. After piping has been removed, the CONTRACTOR shall backfill the evacuated area in accordance with requirements set forth in other sections of these specifications.
- D. Salvage: The OWNER may desire to salvage certain items of existing equipment which are to be dismantled and removed during the course of construction. Prior to removal of any existing equipment or piping from the site of work, the CONTRACTOR shall ascertain from the OWNER whether or not the particular item or items are to be salvaged. Items to be salvaged shall be stockpiled to the OWNER's yard, or a location as designated by the OWNER. All other items of equipment shall be disposed of off-site by the CONTRACTOR at their own expense, in accordance with applicable laws, ordinances and regulations.

1.03 SUBSURFACE INVESTIGATIONS

- A. The CONTRACTOR shall be responsible for having determined to their satisfaction, prior to the submission of their bid/proposal, the nature and location of the work, the conformation of the ground, the character and quality of the substrata, the types and quantity of materials to be

encountered, the nature of the groundwater condition, the character of equipment and facilities required preliminary to and during the performance of the work, the general and local conditions and all other matters which can in any way affect the work under this Contract. The prices established for the work to be done shall reflect all costs pertaining to the work. Any claims for extras based on the substrata or ground water table conditions will be disallowed.

- B. Subsurface data are offered in good faith solely for placing the CONTRACTOR in receipt of all information available to the OWNER and ENGINEER and in no event is to be considered as part of the Contract Documents. The CONTRACTOR shall interpret such sub-surface data according to their own judgment and not rely upon the same as accurately describing the sub-surface conditions, which may be found to exist.
- C. The CONTRACTOR further acknowledges that they assume all risk contingent upon the nature of the subsurface conditions actually encountered by CONTRACTOR in performing the work covered by the Contract, even though such actual conditions may result in the CONTRACTOR performing more or less work than they originally anticipated.
- D. In making this data available, the OWNER makes no guarantee, either expressed or implied, as to their accuracy or to the accuracy of any interpretation thereof.

1.04 OBSTRUCTIONS

- A. All water pipes, storm drains, sanitary sewers, force mains, gas or other pipe, telephone or power cables or conduits and all other obstructions, whether or not shown, shall be temporarily supported across utility line excavations. The CONTRACTOR shall be responsible for any damage to any such pipes, conduits, or structures. Approximate locations of known water, sanitary, drainage, power and telephone installations along route of new pipelines or in the vicinity of new work are shown, but must be verified in the field by the CONTRACTOR. Any discrepancies or differences found shall be brought to the attention of the ENGINEER in order that necessary changes may be made to permit installation of new work. These conditions are supplemental to general requirements elsewhere in the Contract Documents.

1.05 SITE CONDITIONS

- A. The CONTRACTOR acknowledges that CONTRACTOR has investigated prior to bidding/proposing and satisfied himself as to the conditions affecting the Work, including but not restricted to those bearing upon transportation, disposal, handling and storage of materials, availability of labor, water, electric power, roads and uncertainties of weather, canal stages, tides, water tables or similar physical conditions at the site, the conformation and conditions of the ground, the character of equipment and facilities needed preliminary to and during prosecution of the Work. The CONTRACTOR further acknowledges that CONTRACTOR has satisfied himself as to the character, quality and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is reasonably ascertainable from an inspection of the site, or any contiguous site, as well as from information presented by the Drawings and Specifications made a part of this Contract, or any other information made available to him prior to receipt of Bids/Proposals. Any failure by the CONTRACTOR to acquaint himself with the available information will not relieve him from responsibility for estimating properly the difficulty or cost of successfully performing the Work. The OWNER assumes no responsibility for any conclusions or interpretations made by the CONTRACTOR on the basis of the information made available by the OWNER.

1.06 PROTECTION OF PROPERTY

- A. The CONTRACTOR shall protect all property that may be affected by their work or operations. The location and extent of underground and covered facilities are not guaranteed and the CONTRACTOR is cautioned to proceed with care in order to prevent the undermining or damage to existing structures, piping, or facilities.
- B. When city water is being used, the supply source shall be protected against contamination in accordance with existing codes and regulations.
- C. In the event any of the CONTRACTOR's activities were to disrupt or endanger any facilities, they shall at their own expense make all necessary repairs or replacements necessary to correct the situation to the satisfaction of the ENGINEER. Such work shall progress continuously to completion on a 24-hour per day, seven workday basis. The CONTRACTOR shall be responsible for the services of repair crews on call 24 hours per day for emergencies that arise involving work under this Contract.

1.07 WEATHER CONDITIONS

- A. Work that may be affected by inclement weather shall be suspended until proper conditions prevail. In the event of impending storms, the CONTRACTOR shall take necessary precautions to protect all work, materials and equipment from exposure. The OWNER reserves the right, through the opinion of the ENGINEER, to order that additional protection measures over and beyond those proposed by the CONTRACTOR, be taken to safeguard all components of the project. The CONTRACTOR shall not claim any compensation for such precautionary measures so ordered, nor claim any compensation from the OWNER for damage to the work from the elements of weather.

1.08 FIRE PROTECTION

- A. The CONTRACTOR shall take all necessary precautions to prevent fires at or adjacent to the work, including their own buildings and trailers. Adequate fire extinguisher and hose line stations shall be provided throughout the work area.

1.09 SAFETY AND HEALTH REQUIREMENTS

- A. The CONTRACTOR shall comply in every respect with all Federal, State and local safety and health regulations.
- B. The CONTRACTOR shall provide all barricades and flashing warning lights or other devices necessary to warn pedestrians and area traffic.
- C. Personnel working in contact with sewage flow or surfaces carrying wastewaters or sludges shall be immunized as recommended by the Broward County Health Department.

PART 2 - PRODUCTS - (Not Used)

PART 3 - EXECUTION - (Not Used)

- END OF SECTION -

SECTION 01505 - TEMPORARY FACILITIES AND CONTROLS

PART 1 - GENERAL

1.01 SECTION INCLUDES

- A. Temporary Utilities: Electricity, telephone service, water, and sanitary facilities.
- B. Temporary Controls: Barriers, fencing, protection of the Work, and water control.
- C. Construction Facilities: Progress cleaning, project signage, and temporary buildings.

1.02 RELATED SECTIONS

- A. Section 01010 – Summary of Work
- B. Section 01570 – Traffic Regulation
- C. Section 01705 – Project Closeout

1.03 TEMPORARY ELECTRICITY (NOT USED)

1.04 TELEPHONE SERVICE

- A. The project superintendent and all other site personnel in responsible charge shall be reachable by cellular phone at all times work is in progress.

1.05 TEMPORARY WATER SERVICE

- A. Schedule use and provide deposit to the City's Utility Department for a portable hydrant meter. No water shall be taken from the existing water distribution system unless it's through the portable hydrant meter. Using water from private homes and/or business' is strictly forbidden.

1.06 TEMPORARY SANITARY FACILITIES

- A. Provide and maintain required facilities and enclosures. Provide at time of project mobilization.
- B. At the time of Final Acceptance, Contractor shall remove all temporary sanitary facilities from the project location.

1.07 BARRIERS

- A. Provide barriers to prevent unauthorized entry to construction areas to allow for Owner's use of site, and to protect existing facilities and adjacent properties from damage from construction operations.
- B. Provide barricades and covered walkways required by governing authorities for public rights-of-way and for public access to existing building where access is required.
- C. Provide protection for plants designated to remain. Replace damaged plants.
- D. Protect non-owned vehicular traffic, stored materials, site, and structures from damage.

1.08 WATER CONTROL

- A. Maintain excavations free of water. Provide, operate, and maintain pumping equipment.
- B. Protect site from puddling or running water. Provide water barriers as required to protect site from soil erosion.
- C. Contractor shall submit a written plan for authorization to proceed for the control and discharge of subsurface water. Dewatering operations shall not commence until this plan has been reviewed and accepted by the Engineer.
- D. All permits and inspections required by NPDES shall be implemented and posted in the Contractor's site office prior to the start of site work.

1.09 PROTECTION OF INSTALLED WORK

- A. Protect installed Work and provide special protection where specified in individual specification sections.
- B. Provide temporary and removable protection for installed products. Control activity in immediate work area to prevent damage.
- C. Prohibit traffic from landscaped areas.

1.10 PROGRESS CLEANING AND WASTE REMOVAL

- A. Maintain areas free of waste materials, debris, and rubbish. Maintain site in a safe, clean and orderly condition.
- B. If the Contractor needs a roll-on / roll-off dumpster, they must contract it with Central Carting, Inc., who has the City franchise. No other dumpsters are allowed on the project site, with the exception of those used for the disposal of hazardous waste.
- C. Collect and remove waste materials, debris, and rubbish from site periodically and dispose off-site.

1.11 REMOVAL OF UTILITIES, FACILITIES, AND CONTROLS

- A. Remove temporary utilities, equipment, facilities, and materials, prior to Final Application for Payment.
- B. Remove underground installations to a minimum depth of three (3) feet. Grade and restore the site.
- C. Clean and repair damage caused by installation or use of temporary work.
- D. Restore existing facilities used during construction to original condition. Restore permanent facilities used during construction to specified condition.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

-END OF SECTION-

SECTION 01510 - TEMPORARY UTILITIES

PART 1 - GENERAL

1.01 GENERAL

- A. It shall be the CONTRACTOR's responsibility to provide equipment that is adequate for the performance of the Work under this Contract within the time specified. All equipment shall be kept in satisfactory operating condition, shall be capable of safely and efficiently performing the required Work, and shall be subject to review by the OWNER's representative at any time within the duration of the Contract. All Work hereunder shall conform to the applicable requirements of the OSHA Standards for Construction.
- B. The CONTRACTOR shall provide for utilities and services for its own operations. The CONTRACTOR shall furnish, install and maintain all temporary utilities during the contract period including removal upon completion of the Work.

1.02 POWER AND LIGHTING

- A. Power: The CONTRACTOR shall provide all necessary power required for its operations under the Contract, and shall provide and maintain all temporary power lines required to perform the Work in a safe and satisfactory manner.
- B. Construction Lighting: All Work conducted at night or under conditions of deficient daylight shall be suitably lighted to insure proper Work and to afford adequate facilities for inspection and safe working conditions. Temporary lighting shall be maintained during nonworking periods if the area is subject to access by the public or plant personnel.
- C. Electrical Connections: All temporary connections for electricity shall be subject to review by the ENGINEER and the power company representative, and shall be removed in like manner at the CONTRACTOR's expense prior to final acceptance of the Work.
- D. Separation of Circuits: Unless otherwise permitted by the ENGINEER, circuits separate from lighting circuits shall be used for all power purposes.
- E. Construction Wiring: All wiring for temporary electric light and power shall be properly installed and maintained and shall be securely fastened in place. All electrical facilities shall conform to the requirements of Subpart K of the OSHA Safety and Health Standards for Construction.

1.03 WATER SUPPLY

- A. General: Except as noted otherwise, the CONTRACTOR shall make arrangements for and pay for all costs for all water used for construction, and testing. The CONTRACTOR shall provide and maintain all meters, piping, fittings, adapters, and valving required.
- B. To obtain potable water, if required, the CONTRACTOR shall install an OWNER supplied meter. The OWNER will charge the CONTRACTOR for potable water. The CONTRACTOR shall make all necessary connections to existing piping and shall provide all necessary appurtenances at their own expense.

- C. Drinking Water: All drinking water on the site during construction shall be furnished by the CONTRACTOR and shall be bottled water or water furnished in suitable dispensers.
- D. Water Connections: The CONTRACTOR shall not make connection to, or draw water from, any fire hydrant or pipeline without first obtaining permission of the authority having jurisdiction over the use of said fire hydrant or pipeline and from the agency owning the affected water system. For each such connection made, the CONTRACTOR shall first attach to the fire hydrant or pipeline a valve and a meter, if required by the said authority, of a size and type acceptable to said authority and agency.
- E. Removal of Water Connections: Before final acceptance of the Work on the project, all temporary connections and piping installed by the CONTRACTOR shall be entirely removed, and all affected improvements shall be restored to their original condition, or better, to the satisfaction of the ENGINEER and to the agency owning the affected utility.
- F. Fire Protection: The construction, and all other parts of the Work shall be connected with the CONTRACTOR's water supply system and shall be adequately protected against damage by fire. Hose connections and hose, water casks, chemical equipment, or other sufficient means shall be provided for fighting fires in the temporary structures and other portions of the Work, and responsible persons shall be designated and instructed in the operation of such fire apparatus so as to prevent or minimize the hazard of fire. The CONTRACTOR's fire protection program shall conform to the requirements of Subpart F of the OSHA Standards for Construction.

PART 2 - PRODUCTS - (Not Used)

PART 3 - EXECUTION - (Not Used)

- END OF SECTION -

SECTION 01520 - MAINTENANCE OF FACILITIES AND SEQUENCE OF CONSTRUCTION

PART 1 - GENERAL

1.01 GENERAL

- A. The water system and sewer system (if applicable) to be replaced will be maintained in continuous operation by the OWNER during the entire construction period of this Contract. Work under this Contract shall be so scheduled and coordinated by the CONTRACTOR that such work shall not impact any operation of distribution or collection (if applicable), systems that connect to the water mains or sewer mains (if applicable) within the City. In addition, the CONTRACTOR shall coordinate its work so as not to impact any nearby public or private facilities.

1.02 CONSTRUCTION SCHEDULE

- A. The Construction Schedule and Sequence of Construction shall be submitted by the CONTRACTOR in accordance with the Section of these Specifications entitled "Submittals".

1.03 CONNECTION OF EXISTING SYSTEMS

- A. All connections to existing systems shall be performed in such a manner that no damage and minimal interruption is caused to the existing facilities. Any damage caused to existing installations shall be repaired or replaced by the responsible CONTRACTOR at no additional cost to the OWNER.
- B. The CONTRACTOR shall note that the work in this Contract will require the CONTRACTOR to connect to existing pipelines and structures. An average operating pressure of 80 psi is anticipated in the water supply system or sewer system (if applicable). The CONTRACTOR shall be responsible for the proper containment and disposal of water drained from existing pipelines and structures during construction.
- C. The CONTRACTOR shall contain such water (in accordance with all applicable codes) and shall dispose of such to an on-site wastewater basin as designated by the OWNER. The CONTRACTOR shall be responsible for the prevention of wastewater spills within its work area.

1.04 COORDINATION WITH UTILITY PERSONNEL

- A. Before commencing work involving removing or placing in operation existing or new facilities or tie-ins to existing facilities, the CONTRACTOR shall notify the OWNER at least twenty (20) days in advance in writing. The OWNER shall be responsible for removing water facilities from operation.
- B. Only the OWNER's appointed representative can authorize the shutdown of portions of the water or wastewater (if applicable) facilities. The CONTRACTOR shall, under no circumstances, interfere with any water or wastewater (if applicable) facility component without the OWNER's authorization, in writing, and supervision.

1.05 TEMPORARY SHUTDOWN OF EXISTING OPERATIONS AND UTILITIES

- A. Connections to existing services or utilities, or other work that requires the temporary shutdown of any existing operations or utilities shall be planned in detail with appropriate scheduling of the work and coordinated with the OWNER and ENGINEER. The approved schedule for shutdown or restart shall be indicated on the CONTRACTOR's Progress Schedule, and advance notice shall be given in order that the OWNER and ENGINEER may witness the shutdown, tie-in and startup and coordinate with affected people.
- B. All materials and equipment (including emergency equipment) necessary to expedite the tie- in shall be on hand prior to the shutdown of existing services or utilities.

PART 2 - PRODUCTS - (Not Used)

PART 3 – EXECUTION

3.01 COORDINATION WITH EXISTING UTILITIES AND OTHER AGENCIES

- A. The CONTRACTOR shall notify all utilities, FPL, Bell South, People's Gas, Comcast Cable TV, AT&T, etc. in writing with a copy to the City Engineer before construction is started and shall coordinate its activities with them. The CONTRACTOR shall cooperate with the owners of utility lines that may require temporary interruption of service in order to minimize the interruption. The CONTRACTOR shall call **811** a minimum of five (5) days prior to any excavation for location of existing underground facilities.

- END OF SECTION -

SECTION 01530 - PROTECTION OF EXISTING FACILITIES

PART 1 - GENERAL

1.01 WORK INCLUDED

- A. The CONTRACTOR shall protect all existing utilities and improvements not designated for removal and shall restore damaged or temporarily relocated utilities and improvements to a condition equal to or better than they were prior to such damage or temporary relocation, all in accordance with requirements of the Contract Documents.
- B. The CONTRACTOR shall verify the exact locations and depths of all utilities shown and the CONTRACTOR shall make exploratory excavations of all utilities that may interfere with the Work. All such exploratory excavations shall be performed as soon as practicable after award of Contract and, in any event, a sufficient time in advance of construction to avoid possible delays to the CONTRACTOR's Work. When such exploratory excavations show the utility location as shown to be in error, the CONTRACTOR shall so notify the ENGINEER.
- C. The number of exploratory excavations required shall be that number that is sufficient to determine the alignment and grade of the utility.

1.02 RIGHTS-OF-WAY

- A. The CONTRACTOR shall not do any Work that would affect any oil, gas, sewer, or water pipeline; any telephone, telegraph, or electric transmission line; any fence; or any other structure, nor shall the CONTRACTOR enter upon the rights-of-way involved until notified by the ENGINEER that the OWNER has secured authority therefor from the proper party. After authority has been obtained, the CONTRACTOR shall give said party due notice of their intention to begin Work, and shall give said party convenient access and every facility for removing, shoring, supporting, or otherwise protecting such pipeline, transmission line, ditch, fence, or structure, and for replacing same. When two or more contracts are being executed at one time on the same or adjacent land in such manner that Work on one contract may interfere with that on another, the OWNER shall determine the sequence and order of the Work. When the territory of one contract is the necessary or convenient means of access for the execution of another contract, such privilege of access or any other reasonable privilege may be granted by the OWNER to the CONTRACTOR so desiring, to the extent, amount, in the manner, and at the times permitted. No such decision as to the method or time of conducting the Work or the use of territory shall be made the basis of any claim for delay or damage.

1.03 RESTORATION OF PAVEMENT

- A. All paved areas including asphaltic concrete berms cut or damaged during construction shall meet the requirements of the City of Plantation Engineering Department Standards. All pavements that are subject to partial removal shall be neatly saw cut in straight lines.

1.04 PUBLIC UTILITY INSTALLATIONS AND STRUCTURES

- A. Public utility installations and structures shall be understood to include all poles, tracks, pipes, wires, conduits, house service connections, vaults, manholes and all other appurtenances and facilities pertaining thereto whether owned or controlled by the OWNER, other governmental bodies or privately owned by individuals, firms or corporations, used to serve the public with transportation, traffic control, gas, electricity, telephone, sewerage, drainage, water or other public or private property which may be affected by the work shall be deemed included hereunder.
- B. The Contract Documents contain data relative to existing public utility installations and structures above and below the ground surface. These data are not guaranteed as to their completeness or accuracy and it is the responsibility of the CONTRACTOR to make their own investigations to inform himself fully of the character, condition and extent of all such installations and structures as may be encountered and as may affect the construction operations.
- C. The CONTRACTOR shall protect all public utility installations and structures from damage during the work. The CONTRACTOR shall so arrange their operations as to avoid any damage to these facilities. All required protective devices and construction including but not limited to temporary pipe supports shall be provided by the CONTRACTOR at their expense. All existing public utilities damaged by the CONTRACTOR which are shown on the Drawings or have been located in the field by the utility shall be repaired by the CONTRACTOR, at their expense, as directed by the ENGINEER. No separate payment shall be made for such protective devices or repairs to public utility installations or structures.
- D. The CONTRACTOR shall be solely and directly responsible to the OWNER and operators of such properties for any damage, injury, expense, loss, inconvenience, delay, suits, actions or claims of any character brought because of any injuries or damage which may result from the construction operations under this Contract.
- E. Neither the OWNER nor their officers or agents shall be responsible to the CONTRACTOR for damages as a result of the CONTRACTOR's failure to protect utilities encountered in the work.
- F. Public utility installations or structures owned or controlled by the OWNER or another governmental body which are shown on the Drawings to be removed, relocated, abandoned, replaced or rebuilt by the CONTRACTOR shall be considered as a part of the general cost of doing the work and shall be included in the prices bid/proposal for the various contract items. No separate payment shall be made therefore.
- G. Where public utility installations or structures owned or controlled by the OWNER, another governmental body or public agency are encountered during the course of the work, and are not indicated on the Drawings or in the Specifications, and when, in the opinion of the ENGINEER, removal, relocation, replacement or rebuilding is necessary to complete the work under this Contract, such work shall be accomplished by the utility having jurisdiction, or such work may be ordered, in writing by the utility for the CONTRACTOR to accomplish. If such work is accomplished by the utility having jurisdiction, it will be carried out expeditiously and the CONTRACTOR shall give full cooperation to permit the utility to complete the removal, relocation, replacement or rebuilding as required. If such work is accomplished by the CONTRACTOR, it will be paid for as extra work as provided in the Agreement.

- H. In the event of interruption to domestic water, sewer, storm drain or other utility services as a result of accidental breakage due to construction operations, promptly notify the proper authority. Cooperate with said authority in restoration of service as promptly as possible and bear all costs of repair. In no case shall interruption of any water or utility service be allowed to exist outside working hours unless prior approval is granted.
- I. The CONTRACTOR shall, at all times in performance of the Work, employ approved methods and exercise reasonable care and skill so as to avoid unnecessary delay, injury, damage or destruction of public utility installations and structures; and shall, at all times in the performance of the work, avoid unnecessary interference with, or interruption of, public utility services, and shall cooperate fully with the owners thereof to that end.
- J. The maintenance, repair, removal, relocation or rebuilding of public utility installations and structures, when accomplished by the CONTRACTOR as herein provided, shall be done by methods approved by the OWNER of the utility.
- K. The CONTRACTOR shall give written notice to OWNER and other governmental utility departments and other owners of public utilities of the location of their proposed construction operations, at least forty-eight (48) hours in advance of breaking ground in any area or on any unit of the work. This can be accomplished by making the appropriate contact with the following utility companies:

<u>Name of Utility</u>	<u>Responsible Authority</u>	<u>Telephone No.</u>
Electricity	Florida Power and Light	(954) 797-5000
Gas	Teco/Peoples Gas	(877) 832-6747
Water	City of Plantation	(954) 797-2285
Wastewater	City of Plantation	(954) 797-2285
Telephone	ATT -Bell South	(954) 423-6305
Cable TV	Comcast	(800) 266-2278
Sunshine 811	General Utility Location	811 or (800) 432-4770

1.05 INTERFERING STRUCTURES

- A. Take necessary precautions to prevent damage to existing structures whether on the surface, aboveground or underground. An attempt has been made to show major structures on the Drawings. The completeness and accuracy of information shown cannot be guaranteed, and it is presented simply as a guide to avoid known possible difficulties.
- B. Protect underground and above ground existing structures from damage, whether or not they lie within the limits of the existing right-of-way and/or additional right-of-way and easements obtained by the OWNER. Where such existing fences, gates, barns, sheds, buildings or any other structure must be removed during construction, restore to their original condition to the satisfaction of the property owner involved at the CONTRACTOR's own expense. Notify the ENGINEER and OWNER of any damaged underground structure and make repairs or replacements before backfilling.
- C. Without additional compensation, the CONTRACTOR may remove and replace in a condition good as or better than original, such small miscellaneous structures as fences, mailboxes and signposts that interfere with the CONTRACTOR's operations.

1.06 FIELD RELOCATION

- A. During the progress of construction, it is expected that minor relocations of the work may be necessary. Such relocations shall be made only by direction of the ENGINEER. If existing structures are encountered which prevent the construction, and which are not properly shown on the Drawings, notify the ENGINEER before continuing with the construction in order that the ENGINEER may make such field revisions as necessary to avoid conflict with the existing structures. If the structure is encountered, and CONTRACTOR proceeds with the construction despite this interference, or without notifying the ENGINEER they shall do so at their own risk.

PART 2 -- PRODUCTS - (Not Used)

PART 3 -- EXECUTION - (Not Used)

- END OF SECTION -

SECTION 01550 - SITE ACCESS AND STORAGE

PART 1 - GENERAL

1.01 SITE ACCESS

- A. The contractor shall make its own investigation of the condition of available public and private roads and of clearances, restrictions, bridge load limits, and other limitations affecting transportation and ingress and egress to the site of the work.

1.02 TEMPORARY CROSSINGS

- A. Street Use: No street shall be closed to the public without first obtaining permission of the owner and proper governmental authority. Where excavation is being performed in primary streets or highways, one lane in each direction shall be kept open to traffic at all times unless otherwise provided or shown. Fire hydrants on or adjacent to the work shall be kept accessible to firefighting equipment at all times.
- B. Traffic Control: For the protection of traffic in public or private streets and ways, the contractor shall provide, place, and maintain all necessary barricades, traffic cones, warning signs, lights, and other safety devices.
 - 1. The contractor shall take all necessary precautions for the protection of the work and the safety of the public. All barricades and obstructions shall be illuminated at night, and all lights shall be kept burning from sunset until sunrise. The contractor shall station such guards or flaggers and shall conform to such special safety regulations relating to traffic control as may be required by the public authorities within their respective jurisdictions.
 - 2. The contractor shall remove traffic control devices when no longer needed, repair all damage caused by installation of the devices.
- C. Temporary Street Closure: If closure of any street is required during construction, a formal application for a street closure shall be made to the authority having jurisdiction, prior to the required street closure in order to determine necessary sign and detour requirements. Costs for drawings, permits or related items are at the contractor's expense.
- D. Temporary Driveway Closure: The contractor shall notify the owner or occupant (if not owner-occupied) of the closure of the driveways to be closed more than one eight-hour work day, at least three working days prior to the closure. The contractor shall minimize the inconvenience and minimize the time period that the driveways will be closed. The contractor shall fully explain to the owner/occupant how long the work will take and when closure is to start.

1.03 STORAGE

- A. The contractor shall store his equipment and materials at the contractor's base of operations in accordance with the manufacturer's recommendations and as indicated by the owner. No storage facility is provided by the owner.

PART 2 - PRODUCTS (NOT USED).

PART 3 - EXECUTION (NOT USED).

-END OF SECTION -

SECTION 01560 - TEMPORARY ENVIRONMENTAL CONTROLS

PART 1 - GENERAL

1.01 EXPLOSIVES AND BLASTING

- A. The use of explosives on the Work will not be permitted.

1.02 DUST ABATEMENT

- A. The CONTRACTOR shall furnish all labor, equipment, and means required and shall carry out effective measures wherever and as often as necessary to prevent its operation from producing dust in amounts damaging to property, cultivated vegetation, or domestic animals, or causing a nuisance to persons living in or occupying buildings in the vicinity. The CONTRACTOR shall be responsible for any damage resulting from any dust originating from its operations. The dust abatement measures shall be continued until the CONTRACTOR is relieved of further responsibility by the ENGINEER. No separate payment will be allowed for dust abatement measures and all costs thereof shall be included in the CONTRACTOR's bid/proposal price.

1.03 RUBBISH CONTROL

- A. During the progress of the Work, the CONTRACTOR shall keep the site of the Work and other areas used by it in a neat and clean condition, and free from any accumulation of rubbish. The CONTRACTOR shall dispose of all rubbish and waste materials of any nature occurring at the Work site, and shall establish regular intervals of collection and disposal of such materials and waste. The CONTRACTOR shall also keep its haul roads free from dirt, rubbish, and unnecessary obstructions resulting from its operations. Disposal of all rubbish and surplus materials shall be off the site of construction in accordance with local codes and ordinances governing locations and methods of disposal, and in conformance with all applicable safety laws, and to the particular requirements of Part 1926 of the OSHA Safety and Health Standards for Construction.

1.04 SANITATION

- A. Toilet Facilities: Fixed or portable chemical toilets shall be provided wherever needed for the use of employees. Toilets at construction job sites shall conform to the requirements of Part 1926 of the OSHA Standards for Construction.
- B. Such facilities shall be made available when the first employees arrive on the Work, shall be properly secluded from public observation, and shall be constructed and maintained in suitable numbers and at such points and in such manner as may be required.
- C. The CONTRACTOR shall maintain the sanitary facilities in a satisfactory and sanitary condition at all time and shall enforce their use. CONTRACTOR shall rigorously prohibit the committing of nuisances on the site of the Work, on the lands of the OWNER, or an adjacent property.
- D. The OWNER and the ENGINEER shall have the right to inspect any building or other facility erected, maintained, or used by the CONTRACTOR, to determine whether or not the sanitary regulations have been complied with.

- E. Sanitary and Other Organic Wastes: The CONTRACTOR shall establish a regular daily collection of all sanitary and organic wastes. All wastes and refuse from sanitary facilities provided by the CONTRACTOR or organic material wastes from any other source related to the CONTRACTOR's operations shall be disposed of away from the site in a manner satisfactory to the ENGINEER and in accordance with all laws and regulations pertaining thereto.

1.05 CHEMICALS

- A. All chemicals used during project construction or furnished for project operation, whether defoliant, soil sterilant, herbicide, pesticide, disinfectant, polymer, paint, fuel, solvent or reactant of other classification, shall show approval of either the U.S. Environmental Protection Agency or the U.S. Department of Agriculture. The handling, storage, use and disposal of all such chemicals and disposal of residues shall be in strict accordance with all applicable rules and regulations of Federal, State and local jurisdictional agencies and the printed instructions of the manufacturer and all regulatory requirements. Copies of antidote literature shall be kept at the storage site and at the CONTRACTOR's job site office. A supply of antidotes shall be kept at the CONTRACTOR's office.

1.06 NOISE CONTROL

- A. Noise resulting from the CONTRACTOR's work shall not exceed the noise levels and other requirements stated in local ordinances. The CONTRACTOR shall be responsible for curtailing noise resulting from its operation. CONTRACTOR shall, upon written notification from the ENGINEER or the noise control officers, make any repairs, replacements, adjustments, additions and furnish mufflers when necessary to fulfill requirements.

1.07 PRECAUTIONS DURING ADVERSE WEATHER

- A. During adverse weather, and against the possibility thereof, the CONTRACTOR shall take all necessary precautions so that the Work may be properly done and satisfactory in all respects. When required, protection shall be provided by use of tarpaulins, wood and building paper shelters, or other acceptable means. The CONTRACTOR shall be responsible for all changes caused by adverse weather.
- B. The CITY ENGINEER may suspend construction operations at any time when, in its judgment, the conditions are unsuitable or the proper precautions are not being taken, whatever the weather conditions may be, in any season.

1.08 HURRICANE AND STORM WARNINGS

- A. The CONTRACTOR shall take all precautions necessary to protect the job site during hurricane and storm watches and warnings.

1.09 SITE RESTORATION AND CLEANUP

- A. At all times during the Work, keep the premises clean and orderly and upon completion of the Work, repair all damage caused by equipment and leave the project free of rubbish or excess materials of any kind.

- B. Stockpile excavated materials in a manner that will cause the least damage to adjacent lawns, grassed areas, gardens, shrubbery, or fences, regardless of whether these are on private property or on state, county or city rights-of-way. Remove all excavated materials from grassed and planted areas and leave these surfaces in a condition equivalent to their original conditions.
- C. All existing drainage ditches and culverts shall be reopened and graded and natural drainage restored. Restore culverts broken or damaged to their original condition and location.
- D. Upon completion of pipe laying and backfilling operations, hand-rake and drag all former grassed and planted areas leaving all disturbed areas free from rocks, gravel, clay or any other foreign materials and ready, in all aspects, for planting. The finished surface shall conform to the original surface and shall be free-draining and free from holes, ruts, rough spots or other surface features detrimental to a seeded area.
- E. No trees, except those specifically shown on the Drawings to be removed, shall be removed without the express approval of the ENGINEER and OWNER. Removed trees will be disposed of off the work site by the CONTRACTOR. All permits for tree removal shall be obtained by the CONTRACTOR at no additional cost to the OWNER.
- F. Grassed areas disturbed by construction activities, regardless of original condition (percent cover, weed content, etc.), shall be planted with new sod. Irrigated lawns shall receive Floratam sod and non-irrigated lawns shall receive Bahia sod. All ground preparation and sodding shall be done in accordance with the best accepted practices for lawn planting. The CONTRACTOR shall be responsible for obtaining a satisfactory grass turf acceptable to the property owner.
- G. Thoroughly clean all spilled dirt, gravel or other foreign material caused by the construction operations from all streets and roads at the conclusion of each day's operation.

1.10 PRESERVATION OF IRRIGATION AND DRAINAGE DITCHES

- A. Arrange schedules so that construction will not interfere with the irrigation of cultivated lands or pasturelands. Construction may proceed during the irrigation season provided the CONTRACTOR constructs, at their own expense, temporary irrigation ditches, turnouts and miscellaneous structures acceptable to the owner of the property.
- B. After backfilling of the trenches, restore all irrigation and storm drain ditches destroyed, damaged or otherwise modified during construction to a condition equivalent, in the opinion of the ENGINEER, to the condition of the ditch before construction. Ditches to be reconstructed shall be built in their original locations.

PART 2 - PRODUCTS - (Not Used)

PART 3 - EXECUTION - (Not Used)

- END OF SECTION -

SECTION 01570 - TRAFFIC REGULATION

PART 1 - GENERAL

1.01 REQUIREMENTS INCLUDED

- A. Contractor shall submit for Owner approval, a maintenance of traffic plan (MOT) for all work performed within the City right of way. Contractor must also obtain an Engineering Department Right-of-Way Usage Permit.
- B. Provide, operate and maintain equipment, services and personnel, with traffic control and protective devices, as required to expedite vehicular traffic flow around the construction area.
- C. Remove temporary equipment and facilities when no longer required, restore grounds to original, or to specified conditions.

1.02 RELATED REQUIREMENTS

- A. Section 01010: Summary of Work
- B. Section 01500: Temporary Facilities and Controls

1.03 TRAFFIC SIGNALS AND SIGNS

- A. Provide and operate traffic control and directional signals required to direct and maintain an orderly flow of traffic in all areas under Contractor's control, or affected by Contractor's operations.
- B. Provide traffic control and directional signs, mounted on barricades or standard posts:
 - 1. At each change of direction of a roadway and at each crossroad.
 - 2. At detours.
 - 3. At parking areas.

1.04 FLAGMEN

- A. Provide qualified and suitably equipped flagmen when construction operations encroach on traffic lanes, as required for regulation of traffic.

1.05 FLARES AND LIGHTS

- A. Provide flares and lights during period of low visibility:
 - 1. To clearly delineate traffic lanes and to guide traffic.
 - 2. For use by flagmen in directing traffic.
- B. Provide illumination of critical traffic and parking areas.

1.06 CONSTRUCTION PARKING CONTROL

- A. Control vehicular parking to preclude interference with public traffic or parking, access by emergency vehicles, Owner's Operations, or construction operations.
- B. Monitor parking of construction personnel's private vehicles.
 - 1. Maintain free vehicular access to and through parking areas.
 - 2. Prohibit parking on or adjacent to access roads, or in non-designated areas.

1.07 HAUL ROUTES

- A. Consult with governing authorities, establish public thoroughfares which will be used as haul routes and site access.
- B. Confine construction traffic to designated haul routes.
- C. Provide traffic control at critical areas of haul routes to expedite traffic flow, to minimize interference with normal public traffic.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

-END OF SECTION-

SECTION 01580 - PROJECT IDENTIFICATION AND SIGNS

PART 1 - GENERAL

1.01 DESCRIPTION

A. Scope of Work:

1. Furnish, install and maintain project signs.
2. Remove signs on completion of construction.
3. Allow no other signs to be displayed.

B. Related Requirements Described Elsewhere:

1. Summary of Work: Section 01010.

1.02 PROJECT SIGNS

A. Two (2) painted signs with lettering, size, color and construction in accordance with the local requirements.

B. Erect on the Work site at a location of high public visibility, as approved by the Engineer and the Owner. Relocate when and where directed by the Engineer.

C. Information:

1. Project Sign:

- a. Owner title and logo.
- b. Project name.
- c. Contractor.
- d. Engineer.
- e. City Dignitaries as noted on cover sheet.

2. Size: 8' x 12'.

1.03 INFORMATIONAL SIGNS

A. Painted signs with painted lettering, or standard products.

1. Size of signs and lettering: As required by the Owner, or as appropriate to usage.
2. Color: As required by the Owner, otherwise of uniform colors throughout Project.

B. Erect at appropriate locations to provide required information.

C. Information:

1. Contractor's name and home office address.
2. List of subcontractors and type of subcontract work.

1.04 QUALITY ASSURANCE

- A. Sign Painter: Professional experience in type of work required.
- B. Finishes, Painting: Adequate to resist weathering and fading for scheduled construction period.

1.05 SUBMITTALS

- A. An 11 inch by 17-inch color sketch of the project sign shall be submitted to the Engineer for approval prior to final preparation of the project sign.

PART 2 - PRODUCTS

2.01 SIGN MATERIALS

- A. Structure and Framing: May be new or used, wood or metal, in sound condition, structurally adequate and suitable for specified finish.
- B. Sign Surfaces: Exterior softwood plywood with medium density overlay, standard large sizes to minimize joints.
 1. Thickness: As required by standards to span framing members, to provide even, smooth surface without waves or buckles.
- C. Rough Hardware: Galvanized.
- D. Paint: Exterior quality.

PART 3 - EXECUTION

3.01 PROJECT IDENTIFICATION SIGNS

- A. Paint exposed surface of supports, framing and surface material; one coat of primer and one coat of exterior paint.
- B. Paint graphics in styles, sizes, and colors selected.

3.02 MAINTENANCE

- A. Maintain signs and supports in a neat, clean condition; repair damages to structures, framing or signs.

3.03 REMOVAL

- A. Remove signs, framing, supports and foundations at completion of project.

-END OF SECTION-

SECTION 01600 - MATERIAL AND EQUIPMENT

PART 1 - GENERAL

1.01 DESCRIPTION

A. Scope of Work: Material and equipment incorporated into the Work:

1. Manufactured and fabricated products:

- a. Design, fabricate and assemble in accord with the best engineering and shop practices.
- b. Manufacture like parts of duplicate units to standard sizes and gauges, to be interchangeable.
- c. Two (2) or more items of the same kind shall be identical, by the same manufacturer.
- d. Products shall be suitable for service conditions.
- e. Equipment capacities, sizes and dimensions shown or specified shall be adhered to unless variations are specifically approved in writing.

2. Do not use material or equipment for any purpose other than that for which it is designed or specified.

1.02 MANUFACTURER'S INSTRUCTIONS FOR INSTALLATION

A. When Contract Documents require that installation of work shall comply with manufacturer's printed instructions, obtain and distribute copies of such instructions to parties involved in the installation, including five copies to the Engineer.

1. Maintain one (1) set of complete instructions at the job site during installation and until completion.

B. Handle, install, connect, clean, condition and adjust products in strict accord with such instructions and in conformity with specified requirements.

1. Should job conditions or specified requirements conflict with manufacturer's instructions, consult with Engineer for further instructions.

2. Do not proceed with work without clear instructions.

C. Perform work in accordance with manufacturer's instructions. Do not omit any preparatory step or installation procedure unless specifically modified or exempted by Contract Documents.

1.03 TRANSPORTATION AND HANDLING

A. Arrange deliveries of products in accordance with progress schedules, coordinate to avoid conflict with work and conditions at the site.

1. Deliver products in undamaged condition, in manufacturer's original containers or packaging, with identifying labels intact and legible.
 2. Immediately on delivery, inspect shipments to assure compliance with requirements of Contract Documents and approved submittals, and that products are properly protected and undamaged.
- B. Provide equipment and personnel to handle products by methods to prevent soiling or damage to products or packaging.

1.04 STORAGE AND PROTECTION

- A. The Contractor shall furnish a covered, weather-protected storage structure providing a clean, dry, noncorrosive environment for all mechanical equipment, valves, architectural items, electrical and instrumentation equipment, and special equipment to be incorporated into this Project. Storage or equipment shall be in strict accordance with the "instructions for storage" of each equipment supplier and manufacturer including connection of heaters, placing of storage lubricants in equipment, etc. Corroded, damaged or deteriorated equipment and parts shall be replaced before acceptance of the project. Equipment and materials not properly stored will not be included in a payment estimate.
- B. Store products in accord with manufacturer's instructions, with seals and labels intact and legible.
1. Store products subject to damage by the elements in weather-tight enclosures.
 2. Maintain temperature and humidity within the ranges required by manufacturer's instructions.
 3. Store fabricated products above the ground, on blocking or skids, prevent soiling or staining. Cover products which are subject to deterioration with impervious sheet coverings, provide adequate ventilation to avoid condensation.
 4. Store loose granular materials in a well-drained area on solid surfaces to prevent mixing with foreign matter.
- C. All materials and equipment to be incorporated in the work shall be handled and stored by the Contractor before, during and after shipment in a manner to prevent warping, twisting, bending, breaking, chipping, rusting, and any injury, theft or damage of any kind whatsoever to the material or equipment.
- D. Cement, sand and lime shall be stored under a roof and off the ground and shall be kept completely dry at all times. All structural and miscellaneous steel, and reinforcing steel shall be stored off the ground or otherwise to prevent accumulations of dirt or grease, and in a position to prevent accumulations of standing water and to minimize rusting. Beams shall be stored with the webs vertical. Precast concrete beams shall be handled and stored in a manner to prevent accumulations of dirt, standing water, staining, chipping or cracking. Brick, block and similar masonry products shall be handled and stored in a manner to reduce breakage, chipping, cracking and spalling to a minimum.

- E. All materials, which, in the opinion of the Engineer, have become so damaged as to be unfit for the use intended or specified shall be promptly removed from the site of the work, and the Contractor shall receive no compensation for the damaged material or its removal.
- F. Arrange storage in a manner to provide easy access for inspection. Make periodic inspections of stored products to assure that products are maintained under specified conditions, and free from damage or deterioration.
- G. Protection After Installation: Provide substantial coverings as necessary to protect installed products from damage from traffic and subsequent construction operations. Remove covering when no longer needed.
- H. The Contractor shall be responsible for all material, equipment and supplies sold and delivered to the Owner under this Contract until final inspection of the work and acceptance thereof by the Owner. In the event any such material, equipment and supplies are lost, stolen, damaged or destroyed prior to final inspection and acceptance, the Contractor shall replace same without additional cost to the Owner.
- I. Should the Contractor fail to take proper action on storage and handling of equipment supplied under this Contract within seven (7) days after written notice to do so has been given, the Owner retains the right to correct all deficiencies noted in previously transmitted written notice and deduct the cost associated with these corrections from the Contractor's Contract. These costs may be comprised of expenditures for labor, equipment usage, administrative, clerical, engineering and any other costs associated with making the necessary corrections.

1.05 STORAGE AND HANDLING OF EQUIPMENT ON SITE

- A. Because of the long period allowed for construction, special attention shall be given to the storage and handling of equipment on site. As a minimum, the procedure outlined below shall be followed:
 - 1. All equipment having moving parts such as gears, electric motors, etc. and/or instruments shall be stored in a temperature and humidity-controlled building approved by the Engineer, until such time as the equipment is to be installed.
 - 2. All equipment shall be stored fully lubricated with oil, grease, etc. unless otherwise instructed by the manufacturer.
 - 3. Manufacturer's storage instructions shall be carefully studied by the Contractor and reviewed with the Engineer by him. These instructions shall be carefully followed and a written record of this kept by the Contractor.
 - 4. Moving parts shall be rotated a minimum of once weekly to insure proper lubrication and to avoid metal-to-metal "welding". Upon installation of the equipment, the Contractor shall start the equipment, at least half the load, once weekly for an adequate period of time to ensure that the equipment does not deteriorate from lack of use.
 - 5. Lubricants shall be changed upon completion of installation and as frequently as required thereafter during the period between installation and acceptance. Mechanical equipment to be used in the work, if stored for longer than ninety (90) days, shall have the bearings cleaned, flushed and lubricated prior to testing and startup, at no extra cost to the Owner.

6. Prior to acceptance of the equipment, the Contractor shall have the manufacturer inspect the equipment and certify that its condition has not been detrimentally affected by the long storage period. Such certifications by the manufacturer shall be deemed to mean that the equipment is judged by the manufacturer to be in a condition equal to that of equipment that has been shipped, installed, tested and accepted in a minimum time period. As such, the manufacturer will guarantee the equipment equally in both instances. If such a certification is not given, the equipment shall be judged to be defective. It shall be removed and replaced at the Contractor's expense.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

-END OF SECTION-

SECTION 01705 - PROJECT CLOSEOUT

PART 1 - GENERAL

1.01 FINAL CLEANUP

- A. The contractor shall promptly remove from the vicinity of the completed Work, all rubbish, unused materials, concrete forms, construction equipment, temporary structures and facilities, construction signs, tools, scaffolding, materials, supplies and equipment which may have been used in the performance of the work. The contractor shall broom clean paved surfaces and rake clean other surfaces of grounds. Final acceptance of the work by the owner will be withheld until the contractor and any sub-contractors have satisfactorily complied with the foregoing requirements for final cleanup of the project site.
- B. The contractor shall thoroughly clean all materials, equipment and structures; all marred surfaces shall be touched up to match adjacent surfaces.

1.02 FINAL SUBMITTALS

- A. Before the final acceptance of the project, the contractor shall submit to the owner certain records, certifications, etc., which are specified elsewhere in the contract documents. Missing, incomplete or unacceptable items, as determined by the owner, shall constitute grounds for withholding final payment to the contractor. A partial list of such items appears below, but it shall be the contractor's responsibility to submit any other items which are required in the contract documents:
 - 1. Written Test results of project components.
 - 2. Written guarantees, where required in these documents.
 - 3. Certificates of inspection and acceptance by local governing agencies having jurisdiction.
 - 4. Turned in on a single disk drive the contractor is to provide the following, all digital video recordings (pre & post videos, still pictures and tv logs). In addition, all CIPP installation logs (processing), pictures of completed work such as manholes, point repairs, or cleanouts and all invoices (balanced to the spreadsheet).
 - 5. CIPP lining tabulation showing the liner thicknesses installed (mm) on the project. The tabulation must show all mains, sectionals and laterals, laterals must include the lateral connection thickness. This will be checked against the submitted design calculations submitted for the project.
 - 6. Pre-construction photos and post construction photos of excavations done.
 - 7. Releases from all parties who are entitled to claims against the subject project, property, or improvement pursuant to the provisions of law.

1.03 PUNCH LISTS

- A. The owner will make his final inspection whenever the contractor has notified the owner that the work is ready for the inspection. Any work not found acceptable and requiring repair and/or replacement will be noted on the "Punch" list. Work that has been inspected and accepted by the

owner shall be maintained by the contractor, until final acceptance of the entire project.

- B. Whenever the contractor has completed the items on the punch list, he shall again notify the owner that it is ready for final inspection. This procedure will continue until the entire project is accepted by the owner. The "Final Payment" will not be processed until the entire project has been accepted by the owner and all of the requirements in previous Article 1.02 "Final Submittals" have been satisfied.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION (NOT USED)

- END OF SECTION -

SECTION 02220 - EXCAVATION, BACKFILLING, AND COMPACTION

PART 1 - GENERAL

1.01 DESCRIPTION

- A. Scope of Work: The work included under this Section consists of dewatering, excavating, trenching, sheeting/shoring, grading, backfilling, and compacting those soil materials required for the construction of the structures, piping, ditches, utility structures, and appurtenances as shown on the Drawings and specified herein.
- B. Definitions:
1. Maximum Density: Maximum weight in pounds per cubic foot of a specific material.
 2. Optimum Moisture Content: The optimum moisture content shall be determined by ASTM D 1557 specified to determine the maximum dry density for relative compaction. Field moisture content shall be determined on the basis of the fraction passing the 3/4- inch sieve.
 3. Rock Excavation: Excavation of any hard-natural substance which requires the use of explosives and/or special impact tools such as jack hammers, sledges, chisels, or similar devices specifically designed for use in cutting or breaking rock, but exclusive of trench excavating machinery.
 4. Suitable: Suitable materials for fills shall be a non-cohesive, non-plastic granular local sand which shall be free from vegetation, organic material, marl, silt, or muck. The Contractor shall furnish all additional fill material required.
 5. Unsuitable: Unsuitable materials are materials that do not meet the requirements of suitable materials as defined above. Specifically, highly organic soil (peat or muck) classified as A-8 in accordance with AASHTO Designation M 145 is unsuitable.
- C. Plan for Earthwork:
1. The Contractor shall be responsible for having determined to his satisfaction, prior to the submission of his bid, the conformation of the ground, the character and quality of the substrata, the types and quantities of materials to be encountered, the nature of the groundwater conditions, the prosecution of the work, the general and local conditions, and all other matters which can in any way affect the work under this Contract according to the General Conditions.
 2. Prior to commencing the excavation, the Contractor shall submit a plan of his proposed operations to the Engineer for review. The Contractor shall reflect the equipment and methods to be employed in the excavation. Prices established in the Proposal for the work to be done will reflect all costs pertaining to the work. No claims for extras based on substrata or groundwater table conditions will be allowed.
- D. Trench Safety Act: The Contractor shall comply with all of the requirements of the Florida Trench Safety Act (Chapter 90-96, CS/CB 2626, Laws of Florida). The Contractor shall acknowledge that included his bid proposal and in the total bid price are costs for complying with the provisions of

the Act. Additionally, the Contractor is required to break out the costs for complying with the Florida Trench Safety Act. FAILURE TO COMPLY WITH THE REQUEST IN THIS SECTION SHALL RESULT IN THE BID BEING DECLARED NONRESPONSIVE.

1.02 APPLICABLE PUBLICATIONS

- A. All publications and standard specifications referred to herein are the latest or current issue of that publication or specification as of the specification date.

1.03 QUALITY ASSURANCE

- A. The requirements for testing and laboratory services are specified in the Contract Documents.

1.04 FEDERAL AND STATE REGULATORY REQUIREMENTS

- A. All trench excavations which exceed 5 feet in depth shall comply with the applicable trench safety standards as stated in the OSHA excavation safety standards 29 CFR S. 1926.650 Subpart P as regulated and administered by the Florida Department of Labor and Employment Security as the "Florida Trench Safety Act."

1.05 JOB CONDITIONS

- A. If, in the opinion of the City and Engineer, conditions encountered during construction warrant a change in the depth of removal of unsuitable material the existing pipe invert elevation, an adjustment will be made in the contract price, as provided in the General and Supplementary Conditions.

1.06 PROTECTION

- A. Pre-Construction Survey:

1. Prior to commencing excavation, backfill, or dewatering, the City and Engineer and Contractor shall jointly conduct a survey of those existing structures which, in the opinion of the Engineer, may be subject to settlement or distress resulting from excavation or dewatering operations.
2. The Engineer will monitor the structures surveyed to ascertain evidence of settlement or distress. If settlement or distress becomes evident the Contractor shall be required to repair the structures to the previous condition to the satisfaction of the Engineer. Costs shall be paid by the Contractor.

1.07 SUBMITTALS

- A. Submit to the City and Engineer for review the proposed methods of construction, including dewatering, excavation, bedding, filling, compaction, and backfilling for the various portions of the work. Review shall be for method only. The Contractor shall remain responsible for the adequacy and safety of the methods.

1.08 MEASUREMENT AND PAYMENT

1. SEE MEASUREMENT AND PAYMENT SECTION 01025

PART 2 - PRODUCTS

2.01 MATERIALS

A. General:

1. All fill material from on and off-site sources shall be subject to the approval of the City and Engineer.
2. All fill material shall be free of organic material, trash, or other objectionable material. Excess or unsuitable material as designated by the Engineer shall be removed from the job site by the Contractor.

B. Common Fill Material:

1. Common fill shall be sand not containing stones, rock, concrete, or other rubble larger than 2 inches in diameter. It shall have physical properties which allow it to be easily spread and compacted.
2. The Contractor shall utilize as much excavated material as possible for reuse in accordance with the contract drawings and specifications or as directed by the Engineer.
3. The Engineer shall direct the Contractor on the type of material allowed in certain sections of the earthwork operations.

C. Structural Fill: Structural fill shall be well graded sand to gravelly sand having the following gradation:

<u>U.S. Sieve Size</u>	<u>Percent Passing by Weight</u>
1 – inch	100
No. 4	75-100
No. 40	15-80
No. 100	0-30
No. 200	0-10

D. Class I Soils¹: Manufactured angular, granular material, 1/4 to 1-1/2 inches (6 to 40 mm) in size, including materials having significance such as crushed stone or rock, broken coral, crushed slag, cinders, or crushed shells. Sieve analysis for crushed stone is given below separately.

1. Crushed Stone: Crushed stone shall consist of clean mineral aggregate free from clay, loam, or organic matter, conforming with ASTM C33 stone size No. 89 and with particle size limits as follows:

<u>U.S. Sieve Size</u>	<u>Percent Passing by Weight</u>
1/2	100
3/8	90-100
No. 4	20-55
No. 8	5-30
No. 16	0-10
No. 50	0-5

¹ Soils defined as Class I soils are not defined in ASTM D2487

E. Class II Soils²:

1. GW: Well-graded gravels and gravel-sand mixtures, little or no fines. Fifty (50) percent or more retained on No. 4 sieve. More than 95 percent retained on No. 200 sieve. Clean.
2. GP: Poorly graded gravels and gravel-sand mixtures, little or no fines. Fifty (50) percent or more retained on No. 4 sieve. More than 95 percent retained on No. 200 sieve. Clean.
3. SW: Well-graded sands and gravelly sands, little or no fines. More than fifty (50) percent passes No. 4 sieve. More than 95 percent retained on No. 200 sieve. Clean.
4. SP: Poorly graded sands and gravelly sands, little or no fines. More than fifty (50) percent passes No. 4 sieve. More than 95 percent retained on No. 200 sieve. Clean.

F. Coarse Sand: Sand shall consist of clean mineral aggregate with particle size limits as follows:

<u>U.S. Sieve Size</u>	<u>Percent Passing by Weight</u>
No. 10.....	100
No. 20.....	0-30
No. 40.....	0-5

G. Other Material: All other material, not specifically described, but required for proper completion of the work shall be selected by the Contractor and approved by the Engineer.

PART 3 - EXECUTION

3.01 PREPARATION

- A. Establish extent of excavation by area and elevation. Designate and identify datum elevation.
- B. Set required lines and levels.
- C. Maintain bench marks, monuments and other reference points.

3.02 PROTECTION

A. Sheet piling and Bracing:

1. Furnish, put in place, and maintain sheet piling and bracing as required to support the sides of excavations, to prevent movement which could in any way diminish the width of the excavation below that necessary for proper construction, to protect adjacent structures, and to protect workers from hazardous conditions or other damage. Such support shall consist of braced steel sheet piling, braced wood lagging and soldier beams or other approved methods. If the Owner is of the opinion that sufficient or proper supports have not been provided, he may order additional supports be installed at the expense of the Contractor and compliance with such order shall not relieve or release the Contractor from his responsibility for the sufficiency of such supports. Care shall be taken to prevent voids beside the sheet piling, but if voids are formed, they shall be immediately filled and compacted. Where soil cannot be properly compacted to fill a void, lean concrete shall be used as backfill at no additional expense to the Owner.

² In accordance with ASTM D2487, less than 5 percent pass No. 200 sieve

2. The Contractor shall construct sheeting outside the neat lines of the foundation unless deemed undesirable for his method of operation. Sheeting shall be plumb and securely braced and tied in position. Sheeting and bracing shall withstand all pressure to which the structure or trench will be subjected. Any deformation shall be corrected by the Contractor at his own expense so as to provide the necessary clearances and dimensions.
3. Where sheeting and bracing is required to support the sides of excavations for structures, the Contractor shall engage a Professional Geotechnical Engineer, registered in the State of Florida, to design the sheeting and bracing.
4. The installation of sheeting, particularly by driving or vibrating, may cause distress to existing structures. The Contractor shall evaluate the potential for such distress and, if necessary, take all precautions to prevent distress of existing structures because of sheeting installation.
5. The Contractor shall leave in place to be embedded in the backfill, all sheeting and bracing not shown on the Drawings but which the Owner directs him in writing to leave in place at any time during the progress of the work for the purpose of preventing injury to structures, utilities, or property, whether public or private. The Owner may direct that timber used for sheeting and bracing be cut off at any specified elevation.
6. All sheeting and bracing not left in place shall be carefully removed in such manner as not to endanger the construction, or other structures, utilities, or property. All voids left or caused by withdrawal of sheeting shall be immediately refilled with sand by ramming with tools especially adapted for that purpose, or otherwise directed by the Owner.
7. The right of the Owner to order sheeting and bracing left in place shall not be construed as creating any obligation on his part to issue such orders, and his failure to exercise his right to do so shall not relieve the Contractor from liability for damages to persons or property occurring from or upon the work occasioned by negligence or otherwise, growing out of a failure on the part of the Contractor to leave in place sufficient sheeting and bracing to prevent any caving or moving of the ground.
8. No wood sheeting is to be withdrawn if driven below mid-diameter of any pipe, and under no circumstances shall any wood sheeting be cut off at a level lower than 1 foot above the top of any pipe.

B. Pumping and Drainage:

1. The Contractor shall at all times during construction provide and maintain proper equipment and facilities to remove all water entering excavations, and shall keep such excavations dry so as to obtain a satisfactory undisturbed subgrade foundation condition until the fills, structures or pipes to be built thereon have been completed to such extent that they will not be floated or otherwise damaged by allowing water levels to return to natural levels. All pumping and drainage operations shall be performed in accordance with Contract Documents.

3.03 EXCAVATION

A. Excavating for Structures and Utilities:

1. Excavation work shall be performed in a safe and proper manner with appropriate precautions being taken against all hazards. Excavations shall provide adequate working space and clearances for the work to be performed therein and for installation and removal of concrete forms. In no case shall excavation faces be undercut for extended footings.
2. Excavation shall be made to such dimensions as will give suitable room for bracing and supporting, for pumping and draining, for installing the pipelines, and for all other work required.
 - a. Excavation for precast or prefabricated structures shall be carried to an elevation two (2) feet lower than the proposed outside bottom of the structure to provide space for the backfill material.
 - b. Excavation for structures constructed or cast-in-place in dewatered or dry excavations shall be carried down to the 2-feet below the bottom of the structure where dewatering methods are such that a dry excavation bottom is exposed and the naturally occurring material at this elevation leveled and left ready to receive construction. Material disturbed below the foundation elevation in dewatered excavations shall be replaced with Class B concrete.
3. Immediately document the location, elevation, size, material type, and function of all new subsurface installations, and utilities encountered during the course of construction.
4. Excavation equipment operators and other concerned parties shall be familiar with subsurface obstructions as shown on the Drawings and should anticipate the encounter of unknown obstructions during the course of the work.
5. Encounters with subsurface obstructions shall be hand excavated.
6. Excavation and dewatering shall be accomplished by methods which preserve the undisturbed state of subgrade soils. Subgrade soils which become soft, loose, "quick", or otherwise unsatisfactory for support of structures as a result of inadequate dewatering or other construction methods, shall be removed and replaced by crushed stone as required by the Engineer at the Contractor's expense.
7. The bottom of excavations shall be rendered firm and dry before placing any structure or pipe. Excavated material not suitable for backfill shall be removed from the site and disposed of by the Contractor in a legal manner. The bedding schedule for pipes shall be as shown in Table 02220-B.
8. Excavated material shall be stockpiled in such a manner as to prevent nuisance conditions. Surface drainage shall not be hindered.
9. All structure and pipe locations and elevations as required herein must be permanently documented by the Contractor on the Record Drawings prior to the Engineer's approval of the Application for Payment for that work.

3.04 DRAINAGE

- A. The Contractor shall at all times during construction provide and maintain proper equipment and facilities to remove promptly and dispose of properly all water entering excavations, and keep such excavations dry so as to obtain a satisfactory undisturbed subgrade foundation condition. The dewatering method used shall prevent disturbance of earth below grade.
- B. All water pumped or drained from the excavated area shall be disposed of in a suitable manner without undue interference with other work, without damage to surrounding property, and in accordance with pertinent rules and regulations.
- C. No construction, including pipe laying, shall be allowed in water. Groundwater shall be maintained at least 24 inches below excavation. No water shall be allowed to come into contact with masonry or concrete within 24 hours after being placed. The Contractor shall constantly guard against damage due to water and take full responsibility for all damage resulting from his failure to do so.
- D. The Contractor will be required at his expense to excavate below grade and refill with approved fill material if the Owner determines that adequate drainage has not been provided.

3.05 UNDERCUT

- A. If the bottom of any excavation is below that shown on the Drawings or specified, because of Contractor error, convenience, or unsuitable subgrade due to the Contractor's excavation methods, he shall refill to normal grade with fill at his own cost. Fill material and compaction method shall be as directed by the Engineer.

3.06 STABILIZATION

- A. Subgrades for concrete structures and trench bottoms shall be firm, dense, and thoroughly compacted and consolidated; shall be free from mud and muck; and shall be sufficiently stable to remain firm and intact.
- B. Subgrades for concrete structures or trench bottoms which are otherwise solid, but which become mucky on top due to construction operations, shall be reinforced with one or more layers of crushed rock or gravel. Not more than 1/2-inch depth of mud or muck shall be allowed to remain on stabilized trench bottoms when the pipe bedding material is placed thereon. The finished elevation of stabilized subgrades for concrete structures shall not be above subgrade elevations shown on the Drawings.
- C. All stabilization work shall be performed by and at the expense of the Contractor.

3.07 FILL AND COMPACTION

- A. Materials:
 - 1. To the maximum extent available, excess earth obtained from structure and trench excavation shall be used for the construction of fills and embankments.
 - 2. Materials used as backfill shall be free from rocks or stones larger than 2 inches in their greatest dimension; brush, stumps, logs, roots, debris, and organic or other deleterious materials; and must be acceptable to the Engineer.

B. Placement and Compaction:

1. Backfill materials shall be placed in approximately horizontal layers not to exceed 12 inches in un-compacted thickness. Material deposited in piles or windrows by excavating and hauling equipment shall be spread and leveled before compaction.
 2. Each layer of material being compacted shall have the best practicable uniform moisture content to ensure satisfactory compaction. The Contractor will be required to add water and harrow, disc, blade, or otherwise work the material in each layer to ensure uniform moisture content and adequate compaction. Each layer shall be thoroughly compacted by rolling or other method acceptable to the Engineer to 98 percent of maximum density at optimum moisture content as determined by Modified Proctor Method, ASTM D1557, (latest).
 3. Whenever a trench passes through a backfill or embankment, material shall be placed and compacted to an elevation 12 inches above the top of the pipe before the trench is excavated.
- C. Compact and backfill excavations and construct embankments for structures according to the schedule listed in Table 02220-A. Backfill schedule for pipe is listed in Table 02220-B. (Modified Proctor shall be ASTM D-1557).
- D. Pipe shall be laid in open trenches unless otherwise indicated on the Drawings or elsewhere in the Contract Documents.
- E. Excavations shall be backfilled to the original grades or as indicated on the Drawings. Deviation from this grade because of settling shall be corrected. Backfill operation shall be performed to comply with all rules and regulations and in such a manner that it does not create a nuisance or safety hazard.
- F. Embankments shall be constructed true to lines, grades, and cross sections shown on the plans or ordered by the Owner. Embankments shall be placed in successive layers of not more than 8 inches in thickness, loose measure, for the full width of the embankment. As far as practicable, traffic over the work during the construction phase shall be distributed so as to cover the maximum surface area of each layer.
- G. If the Contractor requests approval to backfill material utilizing lifts and/or methods other than those specified herein, such request shall be in writing to the Engineer. Approval will be considered only after the Contractor has performed tests, at the Contractor's expense, to identify the material used and density achieved throughout the backfill area utilizing the method of backfill requested. The Engineer's approval shall be in writing.

3.08 TRENCH EXCAVATION

- A. The Contractor shall not open more trench in advance of pipe laying than is necessary to expedite the work. Four hundred (400) feet shall be the maximum length of open trench on any line under construction. All trench excavation shall be open cut from the surface.
1. Alignment, Grade, and Minimum Cover: The alignment and grade or elevation of each pipeline shall be fixed and determined by the location of the existing pipeline. Vertical and horizontal alignment of pipes, and the maximum joint deflection used in connection therewith shall be in conformity with requirements of the section covering installation of pipe.

2. Where pipe grades or elevations are not definitely fixed by the contract drawings, trenches shall be excavated to a depth sufficient to provide a minimum depth of backfill cover over the top of the pipe of 30 inches. Greater pipe cover depths may be necessary on vertical curves or to provide necessary clearance beneath existing pipes conduits, drains, drainage structures, or other obstructions encountered at normal pipe grades. Measurement of pipe cover depth shall be made vertically from the outside top of pipe to finished ground or pavement surface elevation.

B. Limiting Trench Widths:

1. Trenches shall be excavated to a width which will provide adequate working space and sidewall clearances for proper pipe installation, jointing, and embedment. However, minimum permissible sidewall clearances between the installed pipe and each trench wall, expressed in inches, shall be as follows:

<u>Minimum Pipe Size</u>	<u>Sidewall Clearance</u>
60	24
54	21
48	19
36 or smaller	12

2. Stipulated minimum sidewall clearances are not minimum average clearances but are minimum clear distances which will be required.
3. Cutting trench banks on slopes to reduce earth load to prevent sliding and caving will be permitted only in areas where the increased trench width will not interfere with surface features or encroach on right-of-way limits. Slopes shall not extend lower than one foot above the top of the pipe.

- C. Artificial Foundations in Trenches: Whenever so ordered by the Engineer, the Contractor shall excavate to such depth below grade as the Engineer may direct and the trench bottom shall be brought to grade with such material as the Engineer may order installed. All piling, concrete, or other foundations made necessary by unstable soil shall be installed as directed by the Engineer. Compensation for extra excavation and piling, concrete, or other foundations, except where provided by contract unit prices, shall be made in accordance with the contract provisions for extra work.

- D. Bell Holes: Bell holes shall provide adequate clearance for tools and methods used in installing pipe. No part of any bell or coupling shall be in contact with the trench bottom, trench walls, or granular embedment when the pipe is jointed.

3.09 TESTS

- A. Testing shall be per City Standards and Contract Documents.

3.10 SETTLEMENT

- A. The Contractor shall be responsible for all settlement of backfill, fills, and embankments which may occur within the correction period stipulated in the General Conditions.

- B. The Contractor shall make, or cause to be made, all repairs or replacements made necessary by settlement within 30 days after notice from the Engineer or Owner.

TABLE 02220-A
COMPACTION AND BACKFILL SCHEDULE
FOR STRUCTURES

Area	Material	Compaction
Beneath structures, foundations, slabs, and pavements. (minimum 2-foot depth below concrete foundation)	Structural Fill (Para. 2.01 C)	8-inch lifts, compacted to 95% Modified Proctor maximum dry density. Fill should not be placed over any in-place soils until those layers have been compacted to 95% Modified Proctor maximum dry density.
Around structures, foundations and slabs (minimum 2-foot spacing)	Structural Fill (para. 2.01 C)	8-inch lifts, compacted to 95% Modified Proctor maximum dry density. Use light rubber-tired or vibratory plate compactors.
From cleared existing surface to subgrade for paved and gravel roadway surfaces	Common Fill (Para. 2.01 B)	12-inch lifts, compacted to 95% Modified proctor maximum dry density.

TABLE 02220-B

BACKFILL SCHEDULE FOR GRAVITY AND PRESSURE PIPING

Pipe Material	Pipe Size	Trench Condition	BEDDING Material	PIPE ENVELOPE				Others
				PRIMARY ZONE		SECONDARY ZONE		
				Material	Depth ^c	Material	Depth	
Ductile Iron, Stainless Steel, and Corrugated Steel Culvert Pipe	<16"	Normal ^a	Compacted Common Fill Class I	Coarse Sand	0.5 O.D.	Coarse Sand	0.5 O.D.+12"	Class II Material should not have stones size >2". Organic content <1.1% by wt.
		Special ^b		Coarse Sand	0.5 O.D.	Coarse Sand	0.5 O.D.+12"	
	≥16"	Normal ^a	Class II	Common Fill	0.25 O.D.	Common Fill	--	
		Special ^b	Class I	Common Fill	0.25 O.D.	Common Fill	--	
Fiberglass, PVC and Other Plastic Pipe	<6"	Normal ^a	Coarse Sand	Coarse Sand	0.7 O.D.	Coarse Sand	0.3. O.D.+12"	
		Special ^b	Class I	Coarse Sand	0.7 O.D.	Coarse Sand	0.3. O.D.+12"	
	≥16"	Normal ^a	Class II	Class II	0.7. O.D.	Class II	0.3. O.D.+12"

R.C.P. and C.C.P.	<48"	Normal ^a	Class II	Class II	0.5 O.D.	Common Fill	--	
		Special ^b	Class I	Class II	0.5 O.D.	Common Fill	--	
	≥48"	Normal ^a	Class II	Class II	0.25 O.D.	Common Fill with max. stone size ≤2	0.75 O.D.+12"	
		Special ^b	Class I	Class II	0.25 O.D.	Common Fill with max.	0.75 O.D.+12"	

Pipe Material	Pipe Size	Trench Condition	BEDDING Material	PIPE ENVELOPE				Others
				PRIMARY ZONE		SECONDARY ZONE		
				Material	Depth ^c	Material stone size ≤2	Depth	
Pipe laid in rock (min. trench requirements) except for fiberglass and PVC pipe	All	Rock	Class I	Class II	0.5 O.D.	Common Fill with max. stone size ≤2"	0.5 O.D.+12"	
Gravity pipe (not specified above)	All	Normal	Coarse Sand	Coarse Sand	0.5 O.D.	Common Fill	0.50 O.D.+12"	
Pressure pipe (not specified above)	All	Normal	Suitable Undisturbed Earth or Compacted Common Fill	Common Fill with max. stone size ≤2"	0.5 O.D.	Common Fill with max. stone size ≤2"	0.50 O.D.+12"	

- a Dry soils.
b Saturated soils.
c Outside Diameter of pipe = O.D.

Notes:

1. No Special bedding shall be required in case of suitable undisturbed earth type trench bottom.
2. Bedding thickness shall be 12 inches unless specified otherwise.
3. The backfill shall be compacted to 95% Modified Proctor maximum dry density and shall be placed in 6-inch lifts for pipe envelope and in 12-inch lifts from secondary zone to grade. Common fill shall be used as final backfill material.
4. It is intended that additional excavation be conducted to remove unsuitable material below the pipe bedding level which prevents bedding compaction as required herein and replace such materials with suitable materials. Over excavation, geotextile fabric, gravel blanket, granular fill, and other acceptable stabilization methods shall be placed within 4 feet of the bedding level or within 10 feet of the existing ground (whichever is greater depth) at no additional cost to the Owner. Construction required beyond these limits shall be executed in accordance with the General Conditions. When indicated on the Drawings, the Contractor shall remove unsuitable material below bedding level to the limits indicated and replace with coarse sand or other acceptable stabilization method up to the bedding level without any additional cost to the Owner.

-END OF SECTION-

Excavation, Backfilling, and Compaction

02220-12

SECTION 02500 - SURFACE RESTORATION

PART 1 - GENERAL

1.01 THE REQUIREMENT

- A. Items specified in this Section include repairs to landscaped, grassed areas and other areas that may be damaged by CONTRACTOR activities.

1.02 RELATED WORK SPECIFIED ELSEWHERE

- A. All applicable sections of the Contract Documents.

1.03 SUBMITTALS

- A. The CONTRACTOR shall submit submittals for review in accordance with the Section entitled "Submittals".

1.04 DEFINITIONS

- A. The phrase "DOT Specifications" shall refer to the Florida Department of Transportation Standard Specifications for Road and Bridge Construction. The DOT Specifications are referred to herein and are hereby made a part of this Contract to the extent of such references, and shall be as binding upon the Contract as though reproduced herein in their entirety.

1.05 PROTECTION OF EXISTING IMPROVEMENTS

- A. The CONTRACTOR shall be responsible for the protection of all pavements and other improvements within the work area. All damage to such improvements, as a result of the CONTRACTOR's operations, beyond the limits of the work of pavement replacement shall be repaired by the CONTRACTOR at its expense.

1.06 GUARANTEE

- A. The CONTRACTOR shall guarantee all trees, ground cover or shrubs planted or replanted under this Contract for a period of one year beyond acceptance of the project. In the event that any new tree, plant or shrub dies within the guarantee period, the CONTRACTOR shall be responsible for replacement in kind. In the event that a transplanted (reused) tree dies within the guarantee period, the CONTRACTOR shall be responsible for replacement in kind, except that the maximum height of any new tree shall be eight feet as measured from the ground surface, once planted, to the top of the tree.

PART 2 - PRODUCTS

2.01 SOD

- A. Sod shall be Floratam Sod in irrigated areas and Bahia in non-irrigated areas.

2.02 REPLACEMENT TREES, GROUND COVER AND SHRUBS

- A. Replacement trees, ground cover and shrubs shall be of the same type and size and sound, healthy and vigorous, well branched and densely foliated when in leaf. They shall have healthy, well developed root systems and shall be free of disease and insect pests, eggs or larvae.

2.03 MULCH

- A. Mulch shall be windproof shredded eucalyptus, mulch shall be clean, fresh, free of branches and other foreign matter. Mulch shall be used around all shrubs, ground covers and tree trunks, and placed to a minimum depth of 2 inches extending from the tree trunk outward two feet.

PART 3 - EXECUTION

3.01 GRADING AND SODDING

- A. The CONTRACTOR shall regrade the work areas disturbed by its construction activities to the existing grade prior to commencement of construction.
- B. Sod shall be placed on all grassed areas disturbed by construction activities, unless otherwise indicated on the Drawings. Sodding shall be in accordance with Sections 575 - Sodding and 981 – Grassing and Sodding Materials of the DOT Specifications.
- C. Immediately following sod laying, sod shall be rolled with a lawn roller customarily used for such purpose and then thoroughly watered.
- D. Maintenance: Sufficient watering shall be done by the CONTRACTOR to maintain adequate moisture for optimum development of the sodded areas. Sodded areas shall receive no less than 1.5 inches of water per week.
- E. Repairs to Lawn Areas Disturbed by CONTRACTOR's Operations: Lawn areas damaged by CONTRACTOR's operations shall be repaired at once by proper sod bed preparation, fertilization and resodding, in accordance with these specifications. Regardless of the condition of the lawn area (weed content etc.) prior to the CONTRACTOR working in the area, all repairs shall be made with sod.
- F. Sprinkler System Repairs: The CONTRACTOR shall make repairs to existing private and public sprinkler systems within two days of damaging sprinkler system.

3.02 TREES, GROUND COVER AND SHRUBS

- A. Excavation and Plant Holes: Plant hole excavations shall be roughly cylindrical in shape, with the side approximately vertical. Plants shall be centered in the hole. Bottoms of the holes shall be loosened at least six inches deeper than the required depth of excavation.
- B. Holes for balled and burlapped plants shall be large enough to allow at least eight inches of backfill around the earth ball. For root balls over 18 inches in diameter, this dimension shall be increased to 12 inches. Where excess material has been excavated from the plant hole, the excavated material shall be disposed of as and where directed by the ENGINEER.
- C. Setting of Plants: When lowered into the hole, the plant shall rest on a prepared hole bottom such that the roots are level with, or slightly above, the level of their previous growth and so oriented such as to present the best appearance. The CONTRACTOR, when setting plants in holes, shall make allowances for any anticipated setting of plants.
- D. Palms of the sabal species may be set deeper than the depth of their original growth, provided that the specified clear trunk height is attained.
- E. The backfill shall be made with planting mixture and shall be firmly rodded and watered-in, so that no air pockets remain. The quantity of water applied immediately upon planting shall be sufficient to thoroughly moisten all of the backfilled earth. Plants shall be kept in a moistened condition for the duration of the Contract.
- F. Staking and Guying: Plants shall be staked in accordance with the following provisions:
 - 1. Small Trees: For trees and shrubs of less than one-inch caliper, the size of stakes and the method of tying shall be such as to rigidly support the staked plant against damage caused by wind action or other effects. Trees larger than one inch and smaller than one and one-half inch caliper shall be staked with a two-inch stake, set at least 24 inches in the ground and extending to the crown of the plant. The plant shall be firmly fastened to the stake with two strands of 14-gauge soft wire, enclosed in rubber hose, or other approved covering. The wire shall then be nailed or stapled to the stake to prevent slippage.
 - 2. Medium Trees: All trees, other than palm trees, larger than one and one-half inch caliper and smaller than two- and one-half-inch caliper shall be staked with two or more, two-inch by two-inch stakes, eight feet long, set two feet in the ground. The tree shall be midway between the stakes and held firmly in place by two strands of 12-gauge wire, applied as specified above for single stakes. The wires shall be tightened and kept tight by twisting.
 - 3. Large Trees: All trees, other than palm trees, larger than two- and one-half-inch caliper, shall be braced with three or more two-inch by four-inch wood braces, toenailed to cleats which are securely banded at two points to the palm, at a point at least six feet above the ground. The trunk shall be padded with five layers of burlap under the cleats. Braces shall be approximately equidistantly spaced and secured underground with two-inch by four-inch by 24-inch stake pads. In firm rock soils, Number 4 steel reinforcing rods or one-half inch pipe is acceptable.
 - 4. Palm Trees: Palm trees shall be braced with three or more two-inch by four-inch wood braces, toenailed to cleats which are securely banded at two points to the palm, at a point at least six feet above the ground. The trunk shall be padded with five layers of burlap under the cleats. Braces shall be approximately equidistantly spaced and

secured underground with two-inch by four-inch by 24-inch stake pads. In firm rock soils, Number 4 steel reinforcing rods or one-half inch pipe is acceptable.

- G. Pruning: All broken or damaged roots shall be cut off smoothly, and the tops of all trees shall be pruned in a manner complying with standard horticultural practice. At the time pruning is completed, all remaining wood shall be alive. All cut surfaces of one inch or more in diameter, above the ground, shall be treated with an approved commercial tree paint.
- H. Maintenance: Maintenance shall begin immediately after each plant is planted and shall continue until all work under this Contract has been completed and accepted by the OWNER. Plants shall be watered, mulched, weeded, pruned, sprayed, fertilized, cultivated and otherwise maintained and protected. Settled plants shall be reset to proper grade position, planting saucer restored and dead material removed. Guys shall be tightened and repaired.
- I. Defective work shall be corrected as soon as possible after it becomes apparent. Upon completion of planting, the CONTRACTOR shall remove excess soil and debris, and repair any damage to structures, etc., resulting from planting operations.

3.03 Brick Pavers and Stamped Concrete

- A. Prior to removing brick pavers and stamped concrete, CONTRACTOR shall take a photograph of the driveway so that the pattern and/or color can be matched when reinstalling the pavers and replacing the stamped concrete. The CONTRACTOR shall carefully stack the pavers near the house at a location acceptable to the home owner. The pavers cannot be stacked near the road as to avoid accidental disposal on bulk pickup days. Pavers shall be properly installed on a compacted sand bed in accordance with the manufacturer's directions. The pavers shall be seal coated following installation.

- END OF SECTION -

SECTION 02750 - WASTEWATER FLOW CONTROL

PART 1 - GENERAL

1.01 SCOPE OF WORK

- A. The work specified in this Section includes all labor, materials, accessories, equipment and tools for performing all operations required to bypass pump sewage around a manhole or sewer section in which work is to be performed. The CONTRACTOR shall be prepared to bypass pump sewage as a part of his operations.
- B. The work specified in this Section also includes all labor, materials, accessories, equipment and tools for performing all operations required to bypass pump sewage around a section of force main in which work is to be performed, or around a manhole into which a force main discharges if work is to be performed in the manhole. The CONTRACTOR shall be prepared to bypass pump sewage as a part of his operations.
- C. The CONTRACTOR shall provide all pumps, piping, and other equipment to accomplish this task; perform all construction; obtain all permits; pay all costs; and perform complete restoration of all existing facilities to equal or better condition to the satisfaction of the OWNER.

1.02 GENERAL

- A. When sewer line flows at the upstream manhole of the line being repaired are above the maximum allowable requirements for television survey, or do not allow the proper sewer or manhole repair, the flows shall be reduced to the levels indicated by one of the following methods: manual operation of pumping stations by OWNER forces, by the CONTRACTOR plugging/blocking of the flows, or by the CONTRACTOR pumping/bypassing of the flows as acceptable to the OWNER.
- B. In some applications, the wastewater flow may be plugged and contained within the capacity of the collection system. This shall only be done when it has been determined the system can accommodate the surcharging without any adverse impact.
- C. For the initial television survey, before and after any repair with the exception of Joint testing and sealing, the sewer line shall be blocked completely. No flow, except infiltration/inflow, will be allowed through the respective sewer line being televised on the pre-repair television survey, and the post-repair television survey.
- D. For all other television surveys, including warranty surveys and joint testing and sealing operations, the depth of flow within the sewer shall not exceed that shown below for the respective pipe sizes as measured in the manhole.

1. Maximum Depth of Flow - Warranty Television Survey

6" - 10" Pipe.....	20% of pipe diameter
12" - 24" Pipe.....	25% of pipe diameter
Above 24" Pipe	30% of pipe diameter

2. Maximum Depth of Flow Joint Testing/Sealing

6" - 12" Pipe.....	25% of pipe diameter
15" - 24" Pipe.....	30% of pipe diameter
Above 24" Pipe	35% of pipe diameter

- E. When sewer line flows at the upstream manhole of the line being repaired, in the opinion of the OWNER, are too excessive to plug while the rehabilitation is being performed, the CONTRACTOR shall submit a written plan and pump/bypass the flow as acceptable to the OWNER.
- F. When flows of sewage through a force main being repaired, or discharging by gravity or force main to a manhole being repaired, are in the opinion of the OWNER too excessive to plug or stop while the rehabilitation is being performed, the CONTRACTOR shall submit a written plan and pump/bypass the flow as acceptable to the OWNER.

1.03 SUBMITTALS

- A. The CONTRACTOR shall submit complete, detailed plans for this aspect of the work to the OWNER for review.

PART 2 - PRODUCTS (Not Used)

PART 3 - EXECUTION

3.01 PLUGGING AND BLOCKING

- A. A sewer line plug shall be inserted into the line at a manhole upstream from the section being surveyed or repaired. The plug shall be so designed that all or any portion of the operation flows can be released. During the survey portion of the operation, flows shall be shut off or reduced to within the maximum flow limits specified. During repairs, the flows shall be shut off or pumped / bypassed, as acceptable to the OWNER. After the work tasks have been completed, flows shall be restored to normal.

3.02 PUMPING AND BYPASSING

- A. When pumping/bypassing is required, as determined by the OWNER, the CONTRACTOR will supply the necessary pumps, conduits and other equipment to divert the flow of sewage around the manhole section in which work is to be performed. The bypass system shall be of sufficient capacity to handle existing flows plus additional flow that may occur during periods of rain storms. The CONTRACTOR will be responsible for furnishing the necessary labor and supervision to set up and operate the pumping and bypassing system. A "setup" consists of the necessary pumps, conduits and other equipment to divert the flow of sewage around a manhole section, from the start to finish of work performed in the manhole section.
- B. Pumps and equipment shall be continuously monitored by a maintenance person capable of starting, stopping, refueling and maintaining these pumps during the rehabilitation. Engines shall be equipped in a manner to keep noise to a minimum.
- C. In the case of bypassing force main flows, whether such flows normally discharge into a manhole being repaired or pass through a force main being repaired, bypass shall be accomplished by one of two methods.
 - 1. In the absence of surface conditions that prevent temporary bypass piping, the force main shall be accessed by excavation and temporary piping shall be installed to bypass the repair in a manner acceptable to the OWNER. In general, for manhole repairs, the CONTRACTOR shall excavate to the force main outside the manhole, cut the force main, attach bypass piping, and bypass flow to the next downstream manhole. For force main repairs, the

CONTRACTOR shall excavate to the force main on each side of the repair, cut the force main on each side of the repair, attach bypass piping on each side of the repair, and bypass flow around the repair. Upon the conclusion of bypass activities and repair work, the CONTRACTOR shall install closure pieces to permanently rejoin and restore the force main to full function.

2. Where surface conditions prevent the use of temporary bypass piping, and where the OWNER cannot accomplish the bypass operations in-house, the OWNER shall shut down the associated lift station and the CONTRACTOR shall pump from the wet well into tanker trucks for transport to a designated location. The number of tanker trucks deemed necessary for this operation shall be agreed to in advance by the OWNER.

3.03 FLOW CONTROL PRECAUTIONS

- A. Surcharging Sewers. Where the raw sewage flow is blocked or plugged, sufficient precautions must be taken to protect the public health. No septic conditions shall be allowed due to CONTRACTOR's operations. The sewer lines shall also be protected from damage. The following occurrences shall not be allowed:
 1. No sewage shall be allowed to back up into any homes or buildings.
 2. No sewage shall overflow any manholes, cleanouts or any other access to the sewers.
 3. Users upstream of the repair area shall be able to use all their water and sewer utilities without interruption.
- B. If any of the above unallowable conditions occur or are expected to occur, the CONTRACTOR shall bypass pump to alleviate one or all of the conditions. Additionally, the CONTRACTOR is required to observe the conditions upstream of the plug and be prepared to immediately start bypass pumping, if needed. It is CONTRACTOR's responsibility to pay for all damage claims.
- C. Pumps. Any sump pumps, bypass pumps, trash pumps or any other type pump which pulls sewage/water or any type of material out of the manhole or sewer shall discharge this material into another manhole, or appropriate vehicle or container acceptable to the OWNER. Under no circumstances shall this material be discharged, stored or deposited on the ground, swale, road or open environment.
- D. Traffic Control. The CONTRACTOR shall take appropriate steps to ensure that all pumps, piping and hoses that carry raw sewage are protected from traffic. Traffic control shall be performed in accordance with Section 01570 - Traffic Regulation and Maintenance of Traffic. Sewage Spills. In the event, during any form of "Sewage Flow Control", that raw sewage is spilled, discharged, leaked or otherwise deposited in the open environment, due to the CONTRACTOR's work, the CONTRACTOR is responsible for any cleanup of solids and disinfection of the area affected. This work will be performed at the CONTRACTOR's expense with no additional cost to the OWNER. The CONTRACTOR is also responsible for notifying the sewer system maintenance personnel and complying with any and all regulatory requirements in regards to the size spill with no additional cost to the OWNER.

- END OF SECTION -

SECTION 02751 - PREPARATORY CLEANING AND ROOT REMOVAL

PART 1 - GENERAL

1.01 SCOPE

- A. This Section covers the preparatory cleaning of sanitary and storm sewer lines and manholes as needed prior to the internal survey of the sewer lines by closed-circuit television. It also covers the preparatory cleaning and root removal of sewer lines and the cleaning of manholes prior to rehabilitation. The contractor shall furnish all necessary material, labor, equipment and services required for cleaning the specific sewer lines.
- B. Sewer Line Cleaning. The intent of sewer line cleaning is to remove foreign materials from the lines and restore the sewer to a minimum of 95% of the original carrying capacity or as required for proper seating of internal pipe joint sealing packers or performance of other specified work. It is recognized that there are some conditions such as broken pipe and major blockages that prevent cleaning from being accomplished or where additional damage would result if cleaning were attempted or continued. Should such conditions be encountered, the contractor will not be required to clean those specific sewer sections. If, in the course of normal cleaning operations, damage does result from preexisting and unforeseen conditions such as broken pipe, the contractor will not be held responsible.
- C. The designated sewer sections shall be cleaned using hydraulically propelled, high-velocity jet, or mechanically powered equipment. The equipment shall dislodge, transport and remove all sludge, mud, sand, gravel, rocks, bricks, grease, roots, sticks, and all other debris from the interior of the sewer pipe and manholes. The equipment and methods selected shall be based on the conditions of lines and manholes at the time the work commences and shall be satisfactory to the owner. If cleaning of an entire section cannot be successfully performed from one manhole, the equipment shall be set up on the other manhole and cleaning again attempted. If, again, successful cleaning cannot be performed or the equipment fails to traverse the entire manhole section, the cleaning effort shall be stopped and sufficient inspection performed so that the owner can be notified of the reason for inability to continue.
- D. During all cleaning and preparation operations all necessary precautions shall be taken to protect the sewer from damage. During these operations, precautions shall also be taken to ensure that no damage is caused to public or private property adjacent to or served by the sewer or its branches.
- E. Satisfactory precautions shall be taken in the use of cleaning equipment. When hydraulically propelled cleaning tools (which depend upon water pressure to provide their cleaning force) or tools which retard the flow in the sewer line are used, precautions shall be taken to insure that the water pressure created does not damage or cause flooding of public or private property being served by the sewer. When possible, the flow of sewage in the sewer shall be utilized to provide the necessary pressure for hydraulic cleaning devices. The contractor shall employ operational hydrant meters to be obtained from the owner, and shall obtain water only from the owner's hydrants. No fire hydrant shall be obstructed in case of a fire in the area served by the hydrant.

PART 2 - PRODUCTS (NOT USED)

PART 3 - EXECUTION

3.01 MATERIAL REMOVAL

- A. All sludge, dirt, sand, rocks, grease, roots, and other solid or semisolid material resulting from the cleaning operation shall be removed at the downstream manhole of the section being cleaned. Passing material from manhole section to manhole section, which could cause line stoppages, accumulations of sand in wet wells, or damage pumping equipment, shall not be permitted.
- B. Under no circumstances shall sludge or other debris removed during these operations be dumped or spilled into the streets, ditches, storm drains or other sanitary sewers. The contractor shall remove from the site and properly dispose of all solids or semi-solids recovered during the cleaning operation. The contractor shall obtain permits and make arrangements as required to properly dispose of solids.
- C. The contractor is advised that he shall not dispose of this material by legal or illegal dumping on private or public property, by sale to others, or any means other than those given above.
- D. The general requirements for vehicles hauling such waste materials are as follows: Transport vehicles must be of type(s) approved for this application by the political jurisdictions involved. General requirements are that the vehicles have watertight bodies, that they be properly equipped and fitted with seals and covers to prohibit material spillage or drainage, and that they be cleaned as often as is necessary to prevent deposit of material on roadways. Vehicles must be loaded within legal weight limits and operated safely within all traffic and speed regulations.
- E. The routes used by the contractor for the conveyance of this material on a regular basis shall be subject to approval by the governing authority having jurisdiction over such routes.
- F. All solids or semisolids resulting from the cleaning operations shall be removed from the site and disposed of by the contractor in a legal and sanitary manner as approved by appropriate authorities, at the contractor's cost. Copies of records of all disposal shall be furnished to the owner, indicating disposal site, date, amount and a brief description of material disposed. All materials shall be removed from the site no less often than at the end of each workday.

3.02 ROOT REMOVAL

- A. Roots shall be removed in the designated sections and manholes where root intrusion is indicated on the work order. Special attention should be exercised during the cleaning operation to assure almost complete removal of roots from the joints. Any roots which could prevent the proper survey or rehabilitation shall be removed. Procedures may include the use of mechanical equipment such as rodding machines, bucket machines and winches using root cutters and porcupines, and equipment such as high-velocity jet cleaners.

3.03 ACCEPTANCE OF CLEANING OPERATION

- A. Acceptance of sewer line cleaning shall be made upon the successful completion of the television survey and shall be to the satisfaction of the owner. Liner installation shall not be initiated until the owner has reviewed the post-cleaning television survey tapes and has accepted the cleaning. If television survey shows the cleaning to be unsatisfactory, the contractor shall be required to reclean and reinspect the sewer line until the cleaning is shown to be satisfactory.

- B. In the event that special cleaning involving the mechanical removal of roots, grease, and/or tuberculation has been authorized, acceptance of sewer line cleaning shall be made upon the successful completion of the post-cleaning television survey and shall be to the satisfaction of the owner. Liner installation shall not be initiated until the owner has reviewed the post- cleaning television surveys and has accepted the cleaning.
- C. In addition, on all those lines which have sags or dips, to an extent that the television camera lens becomes submerged for three (3) or more feet during the television inspection, the contractor shall pull down the water, or draft the water by means of high-velocity jet cleaners. Water removal shall be performed until the television camera lens will no longer submerged. This requirement may be waived by the owner if the water in which the camera lens is submerged, is clear enough to allow the identification of pipe defects, cracks, holes and location of service taps.

- END OF SECTION -

SECTION 02759 - SANITARY CLEANOUT

PART 1 - GENERAL

1.01 SCOPE

- A. This Section consists of excavating a section of the existing sewer lateral pipe between mainline and the property line, and furnishing, installing, testing and placing in operation new sewer service cleanout piping, complete in its place, with fittings, and other appurtenances required for a complete installation.
- B. This section also consists of installing a Tee, Saddle or Approved Equal on the existing lateral pipe at an approved location to create a clean out with minimal surface restoration.

1.02 GENERAL INFORMATION AND DESCRIPTION

- A. The pipe and fittings covered by these specifications shall be furnished by fully qualified manufacturers experienced in the fabrication, casting and manufacture of the pipe materials specified herein. The pipe and fittings shall be designed, fabricated and installed in accordance with the best practice of the trade and the standards specified herein.
- B. Portions of existing sanitary sewer service lines shall be excavated to install a cleanout where approved. Where necessary and directed by the owner, the contractor is to remove test tees, roots or defective pipe as required within the area of a cleanout installation. A cleanout installation "area" is to include up to 4' of lateral pipe replacement.
- C. Replacement pipe at the property line including cleanout as approved by the owner per owner's minimum standards shall be the same size. Refer to the **City of Plantation Utility Department Standards**.
- D. The contractor may furnish as an alternate to traditional excavation, vacuumed excavation with a Tee, saddle or approved equal.
- E. The contractor shall submit shop drawings for all materials, couplings, fittings, pipe, clean out boxes, concrete pads or any other item required for the cleanout installation.
- F. The contractor shall furnish all labor, tools, materials, and equipment necessary for installation and jointing of the pipe. All piping shall be installed in accordance with the contract documents in a neat workmanlike manner and shall be set for accurate line and elevation. All piping shall be thoroughly cleaned before installation, and care shall be taken to keep the piping clean throughout the installation, no foreign material is to be allowed to enter the system.
- G. The existing laterals shall be hand excavated to a joint, saw cut, clean and square and the appropriate adapter installed to connect the replacement laterals. Care shall be taken to maintain the slopes of the existing laterals.
- H. The contractor is to maintain traffic so that it causes minimal disruption to the public. Any road closure or work in the public right of way will require an approval prior to work commencing.
- I. After the site has been located for a particular cleanout installation which is to be installed, operations shall progress generally as follows:
 - 1. Call for locations of existing utilities, Sunshine 811. No excavations are to be done without proper locations.

2. Take photographs of the area prior to the excavation and after the excavation and restoration is completed. The photographs will be used in case there is a discrepancy in the restoration required.
3. Carefully remove or protect surface features in work area. Excavate to completely expose the existing pipe, taking adequate precautions not to disturb any other existing underground facilities and handling excavated materials in a manner that will not cause further restoration.
4. The section or reach of pipe being worked on shall be isolated by plugging and/or by-pass pumping where necessary. There is no payment for bypass pumping for this section of work any bypassing required is to be included in the bid item for cleanout installation.
5. Remove and dispose of the existing pipe as necessary, no foreign materials are to be backfilled in the trench.
6. The trench bottom shall be over-excavated, a minimum of 8-inches and new embedment material to go beneath the pipe placed and shaped so as to form uniform support for the pipe barrel and newly installed cleanout piping.
7. Pipe shall be installed in accordance with the manufacturer's recommendations and to the grade and slope as its existing condition. Pipe shall be installed and jointed, normally beginning at its low or outlet end and proceeding upstream, with the bell ends facing upstream toward the direction of flow. Complete embedment or encasement and place compacted backfill as necessary to avoid pipe settlement during backfilling or compaction. Any pipe connection found to be leaking, offset, improperly cut or aligned will be re-excavated and replaced at no additional charge to the owner.
8. Perform leakage test if requested. When this has been successfully completed and acceptable to the owner, remove temporary plugs and reconnect wyes or tees to service lines.
9. Complete placement and compaction of backfill.
10. Restore surface features to at least as good condition as existed before construction began, including roadways, driveways and walks.
11. Excavated cleanouts, restoration items, sod, asphalt or concrete. These items are limited to a maximum of 5' x 5' restoration area. For excavations deeper than 5-feet the restoration area will increase by 1-foot for each additional foot of excavation depth beyond 6-feet. Payment for restoration items will not exceed the dimensions of the existing item being restored. Actual field measurements will be paid up to the preceding maximum dimensions. The contractor is directed to adjust his restoration items to include the "limits of construction" restrictions, any restoration required outside of these limits will be considered the contractor's responsibility.

1.03 PIPE-TO-PIPE CONNECTIONS

- A. Pipe-to-pipe connections shall be made by using stainless steel shear rings as manufactured by Fernco, or approved equal.

- B. Review the standard cleanout installation drawings for the required materials for construction of a cleanout, surface restoration, cleanout box and pad requirements.

-END OF SECTION-

SECTION 02760 - SERVICE LATERAL TELEVISION SURVEY

PART 1 - GENERAL

1.01 SCOPE

- A. The work consists of furnishing all labor, materials, accessories, equipment, tools, transportation, services and technical competence for performing all operations required to execute the internal closed-circuit television survey to inspect service laterals.
- B. The survey shall show all defects and determine amount of infiltration entering the service laterals.

1.02 GENERAL

- A. After cleaning as specified in Section 02751 - Preparatory Cleaning (including special cleaning involving the mechanical removal of roots, grease, and/or tuberculation where authorized), and before and after repair/replacement work, the lateral shall be visually surveyed by means of closed-circuit television in the presence of the OWNER. The survey shall be performed one lateral at a time.
- B. Pre- and post-construction survey video on CD-ROM shall be delivered to the OWNER on CD-ROM, accompanied with the corresponding work orders, and pre- and post-TV logs, for sewer laterals surveyed. The video on CD-ROM shall be direct from a live video source into a video file, format MPEG1, and of good quality for viewing. The recording of multiple laterals on a single CD is acceptable.
- C. The television equipment operator shall be certified under the NASSCO (National Association of Sewer Survey Companies) PACP (Pipe Line Assessment and Certification Program) and LACP (Lateral Assessment Certification Program).

1.03 EQUIPMENT

- A. The television camera used for the lateral survey shall be one specifically designed and constructed for such survey. A Sonde locating device shall be attached to the camera. Lighting for the camera shall be suitable to allow a clear picture of the entire periphery of the pipe. The camera shall be operative in 100% humidity conditions. The camera, television monitor, and other components of the video system shall be capable of producing a minimum 700-line resolution color video picture. The CONTRACTOR shall maintain camera in clear focus at all times. Picture quality and definition shall be to the satisfaction of the OWNER; and if unsatisfactory, equipment shall be removed and replaced with adequate equipment at no additional cost to the OWNER. The lateral camera shall have a pan-and-tilt capability.
- B. The camera system shall be able to inspect 3-, 4-, and 6-inch lateral connections up to 70 feet from the sewer mainline. The launcher shall be mounted on a tread tractor that moves through main sewers and positions the inspection camera launcher opposite the lateral line connection.
- C. The camera system shall have mini black and white or color, fixed position, "positioning" camera to observe and place the mini color, push, "inspection" camera at the lateral. The inspection camera shall be attached to an 80-foot long push cable with a fiberglass rod core for cable rigidity. The camera head shall point forward while traveling through the sewer mainline.

- D. The camera used from a cleanout shall be able to be launched from the cleanout and travel down to the sewer mainline, up to 100 feet. The camera system shall be able to inspect 3-inch, 4-inch, and 6-inch lateral connections.
- E. The video camera shall include a titler feature capable of showing on the tape the following information:
 - 1. City and State
 - 2. Date/Time
 - 3. CONTRACTOR's Name
 - 4. Pipe Size (Diameter) and Material
 - 5. Upstream Manhole Number & Distance to Lateral
 - 6. On-going Footage Counter
- F. A Sonde shall be provided for locating unmarked sewer laterals. A sonde is a transmitter tied on a line and moved through a sewer or duct. A receiver on the surface follows its movement, documenting the line location. The pipe position is then marked on the ground. The sonde is pushed farther into the pipe, the receiver relocates the sonde and the pipe position is marked again. This process is repeated until the desired section of pipe is traced. It is pulled out on completion of the locate. The sonde will be inserted into the lateral through a sewer cleanout or, in case of no cleanout, through a roof vent to locate the cleanout as well as unmarked sewer lateral. The sonde may also be attached to the lateral television camera.

1.04 SUBMITTALS

- A. The CONTRACTOR shall submit shop drawings and other information in accordance with Section 01340 - Submittals. The CONTRACTOR's submittals shall include description of the software to be used and a sample of the video titles to be used, along with a sample of the television survey log to be used.

1.05 QUALIFICATIONS

- A. The Qualifications of the CONTRACTOR shall be submitted prior to contract award. These Qualifications shall include detailed descriptions of the following:
 - 1. Name, business address and telephone number of the CONTRACTOR.
 - 2. Name(s) of all supervisory personnel to be directly involved with this project.
 - 3. The CONTRACTOR shall sign and date the information provided and certify that to the extent of his knowledge, the information is true and accurate, and that the supervisory personnel will be directly involved with and used on this project. Substitutions of personnel and/or methods will not be allowed without written authorization of the OWNER.
 - 4. Specialty technicians shall be certified by the equipment manufacturer and/or its authorized representative. Certifications shall be submitted to the OWNER.

5. The CONTRACTOR shall provide his references of previous project lists going back five years including his customers' names, addresses, and telephone numbers.
6. To be qualified, the CONTRACTOR shall have a minimum of five years previous experience in the work required in this section.

PART 2 - PRODUCTS

All inspection information and data (including video) written to digital media (CD-ROM).

PART 3 - EXECUTION

3.01 PRECONSTRUCTION SURVEY

A. Procedure

1. Prior to any repair work, the entire service lateral (from mainline to property line / cleanout, whichever is farther from the mainline) shall be televised. This is not a separate pay item.
2. Measurement for location of defects shall be above ground by means of a meter device. Measurement meters shall be accurate to tenths of a foot over the length of the section being surveyed. Accuracy of the distance meter shall be checked by use of a walking meter, roll-a-tape, or other suitable device. Linear footage shall be shown on screen during recording.
3. Movement of the television camera shall be temporarily halted for a minimum of ten seconds at each visible point of flow until the source and flow rate from that point are determined.
4. The inspection shall be performed from either the main sewer or the cleanout with proper equipment specified. If the CONTRACTOR chooses to perform the inspection from the cleanout and the cleanout is either inaccessible or does not exist, he shall install a cleanout to facilitate the inspection. All costs of material, equipment, labor, and other costs due to unspecified field conditions shall be borne by the CONTRACTOR. Payment for cleanout installation shall be made by the OWNER as indicated in Section 01025, Measurement and Payment.
5. Above ground horizontal location of lateral shall be marked every five (5) feet utilizing surveyor's paint on an asphalt or concrete surface and surveyor's flags in grass. Approximate depth of laterals at these locations shall be recorded on the TV logs.

B. Field Documentation

1. Television Survey Logs. Location of the lateral by indicating the upstream manhole number, distance from the upstream manhole, lateral connection to the main line (left, center or right), and address of the customer serviced by the lateral, shall be noted on the television survey log. Printed and electrically stored location records shall be kept by the CONTRACTOR and will clearly show the location, in relation to the cleanout or the mainline of each infiltration point observed during survey. Footage shall be shown on the log. In addition, other points of significance such as unusual conditions, roots, broken pipe, presence of scale and corrosion, and other discernible features will be recorded and a

copy of such records will be supplied to the OWNER. The CONTRACTOR shall measure the depth of the upstream and downstream manholes. Measurements shall be from the invert of the pipe to the top of the manhole rim and shall be recorded on the survey log.

2. Photographs. Digital photographs of the television picture of problems shall be taken by the CONTRACTOR upon request of the OWNER.
3. Video Recordings. The purpose of video (CD-ROM) recording shall be to supply a visual and audio record of problem areas of the lines that may be replayed. CDROM recording playback shall be at the same speed that it was recorded. Slow motion or stop motion playback features shall be supplied by the CONTRACTOR. Once recorded, the CD-ROM becomes the property of the OWNER. The CONTRACTOR shall have all CD-ROM and necessary playback equipment readily accessible for review by the OWNER during the Project.
4. Audio. All CD-ROM shall have audio record. As a preamble, at the beginning of the CD-ROM, the CONTRACTOR shall state the following: "(Contractor's Name) is performing a pre/post TV survey for Job No. [provided by the OWNER], City of Plantation". State date, time, operator's name, area, pipe size and material, upstream manhole number and depth. The CONTRACTOR shall verbally state the position of the lateral with respect to the upstream manhole and describe defects. At the end of each line, state: "End of line" and total linear footage.

3.02 POST CONSTRUCTION SURVEY

A. Procedure

1. The same procedures shall be used as indicated in Section 3.01 PRECONSTRUCTION SURVEY.
2. In addition, the CONTRACTOR shall stop the camera at all point repairs and inspect entire repaired pipe sections.
3. The CONTRACTOR shall invert white foreground to black as needed in the line section with light background.
4. In the case of a post-liner survey, the CONTRACTOR shall fully televise both ends of the liner so that the fit of the liner to the host pipe can be evaluated.
5. The post-liner television survey shall be done within 2 weeks of liner installation.

B. Documentation

1. The same documentation shall be provided as indicated in Section 3.01 PRECONSTRUCTION SURVEY.

3.03 LOCATION OF LATERAL FROM RESIDENCE

A. Procedure

1. Run a sonde through a roof vent to locate cleanout as well as unmarked sewer lateral. A

sonde is a transmitter tied on a line and moved through a sewer or duct. A receiver on the surface follows its movements, documenting the line location. The pipe position is then marked on the ground. The sonde is pushed farther into the pipe, the receiver relocates the sonde and the pipe position is marked again. This process is repeated until the desired section of pipe is traced. It is pulled out on completion of the locate.

B. Documentation

1. Above ground horizontal location of lateral shall be marked every five (5) feet utilizing surveyor's paint on an asphalt or concrete surface and surveyor's flags in grass. Approximate depth of laterals at these locations shall be recorded on the TV logs. Location of buried cleanouts, or location for the purposes of installing a new cleanout shall be marked by two measured distances to permanent recoverable objects CONTRACTOR shall furnish a schematic of these locations with sufficient detail to be able to relocate from above ground, at a later date.

- END OF SECTION -

SECTION 02770

CURED-IN-PLACE PIPE LINING - LATERALS

1.0 INTENT

This specification covers material requirements, installation practices, and test methods for the reconstruction of a sewer service lateral pipe and the main connection without excavation. The pipe renovation shall be accomplished by the inversion and inflation of a resin impregnated, single-piece lateral and main connection liner. When cured, the liner extends over a predetermined length of the service lateral and the full circumference of the main pipe at the connection (CIPP) outfitted with gasket seals. The Materials and Installation practices shall, at a minimum, shall conform to the specifications, and be a full circle main line connection with hydrophilic gaskets.

This specification takes precedence over any other similar specification that may be found in other sections of the bid documents.

2.0 GENERAL

The reconstruction shall be accomplished using a resin absorbent textile tube of particular length and a thermo-set resin with physical and chemical properties appropriate for the application. The launching device and launching hose is winched through the mainline and positioned at the appropriate service lateral connection. The mainline bladder is inflated seating the hydrophilic seals and presses the connection liner against the main pipe at the connection while the lateral tube inverts up into the lateral pipe by the action of the inversion bladder. The resin-saturated liner is cured, the hydrophilic gaskets are in place then the inversion bladder and launching device are removed.

3.0 PRODUCT AND INSTALLER ACCEPTABILITY

- A. All sewer products are intended to have a minimum 50-year design life, in order to minimize the owner's long-term risk of failure, only proven products and installers with substantial successful long-term track records will be considered.
- B. Products and installers must document the following minimum criteria to be deemed commercially acceptable:

Product	Unit	Florida Minimum Requirement	U.S. Minimum Requirement
Lateral Liner	LF	50,000	500,000
Main / Lateral Connections	EA	4,000	40,000
Stack Single or Double Wye	EA	25	25
Lateral Transitions	EA	100	500
Siamese Lateral Connections	EA	25	25

- 3.1 For materials and product to be considered commercially proven, the above referenced minimum units of successful wastewater collection system installations must be documented to the satisfaction of the owner to assure commercial viability of the proposed liner system. If changes in the product (installation, resin, materials, configuration, assembly, seals) did occur the date and scope of changes must be part of the product history documentation for the owner to review and tabulated to show the quantity of each specific product type or version. Any modifications to the finished product bid must show the date and reason the change was made.
- 3.2 All sewer rehabilitation materials and products submitted for approval must provide third party test results supporting the long-term performance and structural strength of the product and such data shall be satisfactory to the owner. Tests are to include the main, laterals, and main/lateral connection materials and hydrophilic gasket seals. Test samples shall be prepared so as to simulate installation methods and trauma of the product. No product will be approved without independent third-party testing verification for all components proposed.
- 3.3 The Contractor (the licensed company or subcontractor bidding) must meet the minimum requirements above. This is a company requirement; personal history is valuable, however will not be considered in evaluating the company's ability to meet the minimum requirements of this specification. The Contractor must have installed the same product (in the same constructed configuration) proposed for a minimum of five years.

4.0 MATERIAL

- 4.1 *Liner Assembly*- The liner assembly shall be continuous in length and consist of one or more layers of absorbent needle punched felt, circular knit or circular braid that meet the requirements of ASTM F1216 and ASTM D5813 Sections 6 and 8. No intermediate or encapsulated elastomeric layers shall be in the textile that may cause de-lamination in the CIPP. The textile tube and sheet shall be constructed to withstand installation pressures, have sufficient strength to bridge missing pipe segments, and flexibility to fit irregular pipe sections. The resin saturated textile tube and sheet shall meet ASTM F 1216, 7.2 as applicable, and the tube shall have 5% to 10% excess resin distribution (full resin contact with the host pipe) that when compressed and cured will meet or exceed the design thickness.
- 4.2 *Mainline Liner Tube*- The main liner tube shall be formed from a flat sheet of resin absorbent material suitable for CIPP. The forming of the tube is accomplished by one end of the textile sheet overlapping the second end and sized accordingly to create a circular lining equal to the inner diameter of the lined main pipe. The interior of the textile sheet shall be laminated with an impermeable, translucent flexible membrane. The textile sheet before insertion shall be permanently marked on the membrane as a "Lateral Identification" correlating to the address of the building the lateral pipe provides service.
- 4.3 *Lateral Liner Tube*- The exterior of the lateral liner tube shall be laminated with an impermeable, translucent flexible membrane. Longitudinal seams in the tube shall be stitched and thermally sealed. The lateral tube will be continuous in length. The lateral tube will be capable of conforming to offset joints, bends, bells, disfigured pipe sections and pipe diameter transitions.

- 4.4 *Mainline Connection*- The main tube and lateral tube shall form a one-piece assembly by stitching the lateral tube to the mainsheet aperture. The connecting end of the lateral tube shall be shaped to match the aperture and curvature of the main tube. The lateral tube and main tube shall be sealed by use of a flexible UV cured adhesive/sealant. The main/lateral tube assembly shall take the shape of a complete "TEE" or "WYE" (3 branches) with corresponding dimensions such as a curved circle or a curved elliptical opening in the pipefitting. Submittals for the liner assembly must include the manufacturer's assembly methods and test protocol for the main/lateral liner assembly to be certified as airtight prior to resin saturation. Each liner assembly must include this test data and be certified by the manufacturer to be airtight prior to resin saturation.
- 4.5 *Gasket/Hydrophilic Seals*- The mainline connection shall include a seamless molded flange shaped gasket attached to the main liner tube. The gasket must be a minimum of 2.5mm and must retain this minimum thickness under installation pressures. The lateral tube shall include a compression hydrophilic seal attached six-inches from the terminating end of the lateral tube.
- 4.6 *Mainline End Seal Test Data*- The hydrophilic gasket seals shall include test data that supports substantial expansion properties so to form a watertight compression end seal at the terminating ends of the CIP-lateral liner. The test protocol shall simulate subterranean conditions and hydraulic loading at surface. Gasket seal submittals must include tests data simulating hydration/ dehydration conditions for a period of 10,000-hours and the test results must successfully demonstrate and document long-term performance without deterioration, loss of material, flexibility, and expansion of the gasket during repeated cycles of hydration and dehydration.
- 4.7 *Bladder Assembly*- The liner assembly shall be surrounded by a second impermeable, inflatable, invertible, flexible translucent membrane bladder that will form a liner/bladder assembly. The translucent bladder shall facilitate vacuum impregnation while monitoring the resin saturation process.

5.0 RESIN SYSTEM

- 5.1 The resin/liner system shall conform to ASTM D5813 Section 8.2.2.
- 5.2 The resin shall be a corrosion resistant polyester, vinylester, epoxy or silicate resin and catalyst system that when properly cured within the composite liner assembly, meets the requirements of ASTM F1216, the physical properties herein, and those which are to be utilized in the design of the CIPP, for this project.
- 5.3 The resin shall produce a CIPP, which will comply with the structural and chemical resistance requirements of ASTM F1216.

Table 1 CIPP INITIAL STRUCTURAL PROPERTIES

Property	ASTM Test	Minimum Value	
		PSI	(MPa)
Flexural Strength	D 790	4,500	(31)
Flexural Modulus	D 790	250,000	(1,724)

6.0 DESIGN CONSIDERATIONS

- 6.1 The CIPP shall be designed per ASTM F1216, Appendix X1.
- 6.2 The CIPP design for the lateral tube and main sheet shall assume no bonding to the original pipe.
- 6.3 The resin saturated lateral tube and the main sheet must place the resin in full contact with the host pipe. The cured liner must have any coating on the interior of the lateral piping.
- 6.4 The liner must be smooth and have an average roughness coefficient “n” factor of 0.013 or lower.

- 7.6 ASTM D5813 Standard Specification for Cured-in Place Thermosetting Resin Sewer Pipe.

8.0 INSTALLATION RECOMMENDATIONS

- 8.1 *Access Safety* – Prior to entering access areas such as manholes, an excavation pit, performing inspection or cleaning operations, an evaluation of the atmosphere to determine the presence of toxic or flammable vapors or lack of oxygen shall be undertaken in accordance with local, state, or federal safety regulations.
- 8.2 *Cleaning and Inspection* – As per NASSCO Standards.
- 8.3 *Cleaning Accessing the Lateral Pipe* – A cleanout is required to be located on the exterior of the building. The cleanout fitting shall be TEE shaped so to allow upstream and downstream access to the lateral pipe. The cleanout shall be located within two (2) feet of where the finished liner is to terminate.
- 8.4 *Plugging* – The upstream side of the cleanout shall be plugged during insertion and curing of the liner assembly ensuring no flows enter the pipe and no air, steam or odors will enter the building. When required, the main pipe flows will be by-passed. The pumping system shall be sized for peak flow conditions. The upstream manhole shall be monitored at all times and an emergency deflating system will be incorporated so that the plugs may be removed at any time without requiring confined space entry.

- 8.5 *Inspection of Pipelines* – The interior of the pipeline shall be carefully inspected to determine the location of any condition that shall prevent proper installation, such as roots, severe offsets, and collapsed or crushed pipe sections. Experienced personnel trained in locating breaks, obstacles, and service connections by closed circuit television shall perform inspection of pipelines.
- 8.6 *Line Obstructions* – The existing lateral pipe shall be clear of obstructions that prevent the proper insertion and expansion of the lining system. Changes in pipe size shall be accommodated, if the lateral tube is sized according to the pipe diameter and condition. Obstructions may include dropped or offset joints of no more than 20% of inside pipe diameter.
- 8.7 *Resin Impregnation* – The liner assembly is encapsulated within the translucent bladder (liner/bladder assembly), the entire liner including the flat sheet shall be saturated with the resin system (wet-out) under controlled vacuum conditions. The volume of resin used shall be sufficient to fill all voids in the textile lining material at nominal thickness and diameter. The volume shall be adjusted by adding 5% to 10% excess resin for the change in resin volume due to polymerization and to allow for any migration of resin into the cracks and joints in the original pipe. No dry or unsaturated area in the mainline sheet or lateral tube shall be acceptable upon visual inspection.
- 8.8 *7.8 Liner Insertion* – The lateral tube and inversion bladder shall be inserted into the launching hose. The main bladder and flat textile sheet (main liner tube) shall be wrapped around a launching device, formed into a tube and secured by use of rubber bands. A seamless molded flange shaped gasket shall be attached to the main liner tube by use of stainless-steel snaps. The flanged gasket shall be inserted into the lateral pipe at the main/lateral juncture so that the brim of the flanged gasket is firmly seated against the mainline pipe liner. A hydrophilic seal shall be positioned 6- inches from the terminating end of the lateral liner tube. The launching device is inserted into the pipe and pulled to the point of repair. The pull is complete when the lateral tube is exactly aligned with the lateral pipe connection. The lateral tube is completely protected during the pull. The mainline liner is supported on a rigid “launcher that is elevated above the pipe invert through the use of a rotating skid system. The liner assembly shall not be contaminated or diluted by exposure to dirt or debris during the pull.
- 8.9 *Bladder* – The main bladder shall be inflated causing the main sheet to unwrap and expand; pressing the main tube firmly into contact with the main pipe and embedding the flange shaped gasket between the main tube and the main pipe at the lateral opening. The lateral tube is inverted through the main tube aperture by the action of the lateral bladder extending into the lateral pipe to a termination point that shall be no less than 2-feet from the exterior cleanout. The bladder assembly shall extend beyond each end of the liner, so the liner remains open-ended and no cutting shall be required.

9.0 CIPP PROCESSING

- 9.1 *Curing* – After the liner has been fully deployed into the lateral pipe, pressure is maintained pressing the liner firmly against the inner pipe wall until the liner is cured at ambient temperatures or by a suitable heat source. The heating equipment shall be capable of delivering a mixture of steam and air throughout the liner bladder assembly to a uniform raise the temperature above the temperature required to cure the resin. The curing of the CIPP shall take into account the existing pipe material, the resin system, and ground

conditions (temperature, moisture level, and thermal conductivity of the soil). The heat source temperatures shall be monitored and logged during the cure and cool down cycles. The manufacturer's recommended cure schedule shall be submitted and followed.

- 9.2 *CIPP Processing* – Curing shall be done without pressure interruption with air or a mixture of air and steam for the proper duration of time per the resin manufacturer's recommendations. The curing process is complete when the temperature of the CIPP reaches 100 degrees Fahrenheit or less.

10.0 FINISH

The finished CIPP – CIPP Shall be a homogenous CIPP liner assembly located within a lateral service pipe for a specific length, and extending into the main pipe to renew 18- inches of the main pipe at the main/lateral service connection. The CIPP shall be smooth with minimal wrinkling and shall increase flow rate. The CIPP shall be free of dry spots, lifts, and delamination. The CIPP shall include a textile taper at each end providing a smooth transition to the host mainline liner for accommodating video equipment and maintaining proper flow in the mainline. After the work is completed, the installer will provide the owner with video footage documenting the repair and the visual markings on the CIPP liner assembly identifying the building address. The finished product shall provide a verifiable non-leaking connection between the mainline liner and the CIP-Lateral liner.

11.0 RECOMMENDED INSPECTION AND TESTING PRACTICES

- 11.1 *Sampling* – As designated in the purchase agreement, the preparation of a CIPP sample is required. The sample shall be prepared by securing a flat plate mold using the textile tube material and resin system as used for the rehabilitated pipe.
- 11.2 *Pressure* – The pressure applied on the plate sample will be equal to the highest pressure exerted on the lateral tube during the inversion process.
- 11.3 *Length* – The minimum length of the sample must be able to produce at least five specimens for testing in accordance with ASTM D-790-03.
- 11.4 *Conditioning* – Condition the test specimens at $73.4 \pm 3.6^{\circ} \text{ F}$ ($23 \pm 2^{\circ} \text{ C}$) and $50 \pm 5\%$ relative humidity for not less than 40 hours prior to test in accordance with Practice ASTM D 618, for those tests where conditioning is required.
- 11.5 *Short-Term Flexural (Bending) Properties* – The initial tangent flexural modulus of elasticity and flexural stress shall be measured for gravity and pressure pipe applications in accordance with Test Method D 790 and shall meet the minimum requirements of Table 1.
- 11.6 *Gravity Pipe Leakage Testing* – If required by the owner in the contract documents or purchase order, gravity pipes should be tested using an air test method where a test plug is placed adjacent to the upstream and downstream ends of the main sheet CIPP and at the upper most end of the lateral tube. This test should take place no less than 72-hours after returning the lateral pipe back into service. This test is limited to pipe lengths with no service connections. The test pressure shall be 4-PSI for a test time of three-minutes; the pressure shall not drop below 3.5 PSI.

12.0 WARRANTY

All CIPP liners shall be certified by the manufacturer for specified material properties for the particular repair. The manufacturer warrants the liner to be free from defects in raw materials for ten years from the date of acceptance. The contractor guarantees the work to be free from defects caused by faulty workmanship for a period of five years from the date of acceptance. During the warranty period, any defects which affect the integrity, strength or water tightness of the installed pipe shall be repaired at the contractor's expense.

– END OF SECTION –

SECTION 03305 - CONCRETE AND GROUT

PART 1 - GENERAL

1.01 THE REQUIREMENT

- A. The CONTRACTOR shall furnish all materials for concrete in accordance with the provisions of this Section and shall form, mix, place, cure, repair, finish, and do all other work as required to produce finished concrete, all in accordance with the requirements of the Contract Documents.
- B. The following types of concrete shall be covered in this Section:
 - 1. Structure Concrete: Concrete to be used in all cases except where noted otherwise in Contract Documents.
 - 2. Sitework Concrete: Concrete to be used for curbs, gutters, catch basins, sidewalks, driveways, cart paths, fence and guard post embedment, and all other concrete appurtenant to electrical facilities unless otherwise shown or noted on the Drawings.
- C. The following types of grout are covered in this Section:
 - 1. Non-Shrink Grout: This type of grout shall be used wherever grout is called for in the Contract Documents, unless another type is specifically referenced.
 - 2. Epoxy Grout: This type of grout shall be used for grouting reinforcement steel into existing concrete.

1.02 REFERENCE SPECIFICATIONS, CODES, AND STANDARDS

- A. Without limiting the generality of other requirements of these specifications, all work specified herein shall conform to or exceed the requirements of the Florida Building Code and the applicable requirements of the following documents to the extent that the provisions of such documents are not in conflict with the requirements of this Section.
 - 1. ACI 318 - Building Code Requirements of Reinforced Concrete.
 - 2. CRSI - Manual of Standard Practice.

1.03 SUBMITTALS

- A. Mix Designs: Prior to beginning the Work, the CONTRACTOR shall submit to the OWNER, for review, proposed concrete mix designs that shall show the proportions and gradations of all materials proposed for each class and type of concrete specified herein in accordance with the Section entitled "Submittals". All costs related to such mix design shall be borne by the CONTRACTOR.
- B. Delivery Tickets: Where ready-mix concrete is used, the CONTRACTOR shall provide weighmaster delivery tickets at the time of delivery of each load of concrete. Each certificate shall show the public weighmaster's signature, and the total quantities, by weight of cement, sand, each class of aggregate, admixtures, and the amounts of water in the aggregate and added at the batching plant as well as the amount of water allowed to be added at the site for the specific design mix. Each certificate shall, in addition, state the mix number, total yield in

cubic yards, and the time of day, to the nearest minute, corresponding to when the batch was dispatched, when it left the plant, when it arrived at the job, the time that unloading began, and the time that unloading was finished.

- C. The CONTRACTOR shall furnish shop bending diagrams, placing lists, and Drawings of all reinforcing steel prior to fabrication in accordance with the requirements of the Section entitled "Submittals".

1.04 QUALITY ASSURANCE

- A. Tests on component materials and for compressive strength and shrinkage of concrete will be performed as specified herein. Test for determining slump will be in accordance with the requirements of ASTM C 143.
- B. The cost of all laboratory tests on cement, aggregates, and concrete, will be borne by the OWNER. However, the CONTRACTOR shall be charged for the cost of any additional tests and investigation on work performed which does not meet the specifications.
- C. Concrete for testing shall be supplied by the CONTRACTOR at no cost to the OWNER, and the CONTRACTOR shall provide assistance to the OWNER in obtaining samples. The CONTRACTOR shall dispose of and clean up all excess material.
- D. Field Compression Tests
 - 1. Compression test specimens shall be taken during construction from the first placement of each class of concrete specified herein and at intervals thereafter as selected by the OWNER to ensure continued compliance with these specifications. At least one set of test specimens shall be made for each 50 cubic yards of concrete placed. Each set of test specimens shall be a minimum of 4 cylinders.
 - 2. Compression test specimens for concrete shall be made in accordance with ASTM C 31. Specimens shall be 6-inch diameter by 12-inch-high cylinders.
 - 3. Compression tests shall be performed in accordance with ASTM C 39. One test cylinder will be tested at 7 days and 2 at 28 days. The remaining cylinder will be held to verify test results, if needed.

PART 2 - PRODUCTS

2.01 CONCRETE MATERIALS

- A. Materials shall be delivered, stored, and handled so as to prevent damage by water or breakage. Only one brand of cement shall be used. Cement reclaimed from cleaning bags or leaking containers shall not be used. All cement shall be used in the sequence of receipt of shipments.
- B. All materials furnished for the work shall comply with the requirements of ACI 301, as applicable.
- C. Storage of materials shall conform to the requirements of ACI 301.
- D. Materials for concrete shall conform to the following requirements:
 - 1. Cement shall be standard brand portland cement conforming to ASTM C 150. Type II.

2. Water shall be potable, clean, and free from objectionable quantities of silty organic matter, alkali, salts and other impurities.
3. Aggregates shall be obtained from pits acceptable to the OWNER, shall be non-reactive, and shall conform to the SFBC and ASTM C 33. Maximum size of coarse aggregate shall be as specified in Paragraph 2.05B.
4. Ready-mix concrete shall conform to the requirements of ASTM C 94.
5. Air-entraining agent meeting the requirements of ASTM C 260, shall be used. Sufficient air-entraining agent shall be used to provide a total air content of 3 to 5 percent. The OWNER reserves the right, at any time, to sample and test the air-entraining agent received on the job by the CONTRACTOR. The air-entraining agent shall be added to the batch in a portion of the mixing water. The solution shall be batched by means of a mechanical batcher capable of accurate measurement.
6. Admixtures: Water reducing and retarding admixture shall be added and measured as recommended by the manufacturer. The addition of the admixture shall be separate from the air entraining admixture. The addition of the admixture shall be completed within one minute after addition of water to the cement has been completed, or prior to the beginning of the last three-quarters of the required mixing, whichever occurs first. Water reducing and set retarding admixtures shall be in conformance with ASTM C 494, Type D.

2.02 CURING MATERIALS

- A. Materials for curing concrete as specified herein shall be MB 429 as manufactured by Masterbuilders, or equal. The curing compound shall contain a fugitive dye so that areas of application will be readily distinguishable.

2.03 NON-WATERSTOP JOINT MATERIALS

- A. Materials for non-waterstop joints in concrete shall conform to the following requirements:
 1. Preformed joint filler shall be a non-extruding, resilient, bituminous type conforming to the requirements of ASTM D 1751.
 2. Elastomeric joint sealer shall be a single component, pour grade, polyurethane sealant meeting FS TT-S-230A, Type 1 Materials shall attain Shore A Hardness of 40-45.
- B. Joint Cleaner: Joint cleaner shall be as recommended by sealant caulking compound manufacturer.
- C. Joint Primer: Joint primer shall be as recommended by sealant manufacturer.

2.04 REINFORCING STEEL

- A. All reinforcing steel for all reinforced concrete construction shall conform to the following requirements:
 1. Bar reinforcement shall conform to the requirements of ASTM A 615 for Grade 60 Billet Steel Reinforcement with supplementary requirement S-1, and shall be manufactured in the United States.
 2. Welded wire fabric reinforcement shall conform to the requirements of ASTM A 185. All

welded wire fabric reinforcement shall be galvanized.

2.05 CONCRETE DESIGN REQUIREMENTS

- A. General: Concrete shall be composed of cement, admixtures, aggregates and water. These materials shall be of the quantities specified. In general, the mix shall be designed to produce a concrete capable of being deposited so as to obtain maximum density and minimum shrinkage and, where deposited in forms, to have good consolidation properties and maximum smoothness of surface. All changes shall be subject to review by the OWNER.
- B. Water-Cement Ratio and Compressive Strength: The minimum compressive strength and cement content shall be not less than specified in the following tabulation:

Aggregate Type of Work	Min. 28-Day Compressive Strength per cu yd (psi)	Max. Aggregate Size (in.)	Min. Cement (sacks)	Max. W/C (by wt.)
<u>Structural Concrete:</u>				
All reinforced concrete unless noted otherwise below	4,000 (Class A)	3/4	6.0	0.45
<u>Sitework Concrete:</u>				
Concrete fill, pavement, curbs and sidewalks.	3,000 (Class B)	1	5.5	0.50

Note: One sack of cement equals 94 lbs.

2.06 CONSISTENCY

- A. The consistency of the concrete in successive batches shall be determined by slump tests in accordance with ASTM C 143. The slumps shall be as 3 inches, plus or minus 1 inch.

2.07 READY-MIXED CONCRETE

- A. Ready-mixed concrete shall conform to meeting the requirements as to materials, batching, mixing, transporting, and placing as specified herein and in accordance with ASTM C 94.
- B. Ready-mixed concrete shall be delivered to the site of the work, and discharge shall be completed within one- and one-half hour after the addition of the cement to the aggregates or before the drum has been revolved 250 revolutions, whichever is first. In hot weather, or under conditions contributing to quick stiffening of the concrete, or when the temperature of the concrete is 85 degrees F or above, the time between the introduction of the cement to the aggregates and discharge shall not exceed 60 minutes.

2.08 NON-SHRINK GROUT

- A. Non-shrink grout shall be a prepackaged, inorganic, nongasliberating, nonmetallic, cement-based grout requiring only the addition of water. Manufacturer's instructions shall be printed on each bag or other container in which the materials are packaged. The specific formulation for each class of non-shrink grout specified herein shall be that recommended by the manufacturer

for the particular application.

- B. Non-shrink grouts shall have a minimum 28-day compressive strength of 5000 psi and shall meet the requirements of CRD C 621.

2.09 EPOXY GROUT

- A. Epoxy grout shall be a pourable, non-shrink, 100 percent solids system. The epoxy grout system shall have three components: resin, hardener, and specially blended aggregate, all premeasured and prepackaged. The resin component shall not contain any nonreactive diluents. Resins contained butyl glycidyl ether (BGE) or other highly volatile and hazardous reactive diluents are not acceptable. Variation of component ratios is not permitted unless specifically recommended by the manufacturer. Manufacturer's instructions shall be printed on each container in which the materials are packaged.
- B. The chemical formulation of the epoxy grout shall be that recommended by the manufacturer for the particular application.
- C. The mixed epoxy grout system shall have a minimum working life of 45 minutes at 75 degrees F.
- D. The epoxy grout shall develop a compressive strength of 5000 psi in 24 hours and 10,000 psi in seven days when tested in accordance with ASTM C 579, Method B. There shall be no shrinkage (0.0 percent) and a maximum 4.0 percent expansion when tested in accordance with ASTM C 827.

2.10 FLOWABLE FILL

- A. Flowable fill shall be lean concrete proportioned without the use of coarse aggregate primarily for use as fill for abandoned utilities. Flowable fill shall be utilized only at locations indicated on the Drawings.
- B. Flowable fill shall meet the following requirements:

1. Minimum cementitious materials content, per cubic yard	100 lbs.
2. Maximum water-cementitious materials ratio, by weight	5.0
3. Slump, maximum	30 ± 5
4. Compressive strength lbs. per sq. inch at 28 days - F'c	50-150 psi
5. Coarse aggregate	none
6. Fine aggregate	limestone screenings

PART 3 - EXECUTION

3.01 PROPORTIONING AND MIXING

- A. Proportioning: Proportioning of the concrete mix shall conform to the requirements of Chapter 3 "Proportioning" of ACI 301.
- B. Mixing: Mixing of concrete shall conform to the requirements of Chapter 7 of said ACI 301 Specifications.

- C. Slump: Maximum slumps shall be 4 inches, plus or minus 1 inch.
- D. Retempering: Retempering of concrete or mortar which has partially hardened will not be permitted.

3.02 PREPARATION OF SURFACES FOR CONCRETING

- A. General: Earth surfaces shall be thoroughly wetted by sprinkling, prior to the placing of any concrete, and these surfaces shall be kept moist by frequent sprinkling up to the time of placing concrete thereon. The surface shall be free from standing water, mud, and debris at the time of placing cement.
- B. No concrete shall be placed until the reinforcement steel and formwork have been erected in a manner acceptable to the OWNER. The CONTRACTOR shall notify the OWNER not less than 2 working days prior to concrete placement, allowing for inspection and any corrective measures which are required.
- C. Existing concrete surfaces upon or against which concrete is to be placed shall be given a roughened surface for good bond. Joint surfaces shall be cleaned of all laitance, loose or defective concrete, and foreign material. Such cleaning shall be accomplished by sandblasting followed by thorough washing. All pools of water shall be removed from the surface of construction joints before the new concrete is placed.
- D. Corrosion Protection: Pipe, conduit, dowels, and other ferrous items required to be embedded in concrete construction shall be so positioned and supported prior to placement of concrete that there will be a minimum of 2 inches clearance between said items and any part of the concrete reinforcement will not be permitted.
- E. Cleaning: The surfaces of all metalwork to be in contact with concrete shall be thoroughly cleaned of all dirt, grease, loose scale and rust, grout, mortar, and other foreign substances immediately before the concrete is placed.

3.03 HANDLING, TRANSPORTATION, AND PLACING

- A. General: Placing of concrete shall conform to the applicable requirements of Chapter 8 of ACI 301 and the requirements of this Section.
- B. Non-Conforming Work or Materials: Concrete which upon or before placing is found not to conform to the requirements specified herein shall be rejected and immediately removed from the Work. Concrete which is not placed in accordance with these Specifications, or which is of inferior quality, shall be removed and replaced by and at the expense of the CONTRACTOR.
- C. Unauthorized Placement: No concrete shall be placed except in the presence of duly authorized representative of the OWNER. The CONTRACTOR shall notify the OWNER in writing at least 24 hours in advance of placement of any concrete.
- D. Placement in Slabs: Concrete placed in sloping slabs shall proceed uniformly from the bottom of the slab to the top, for the full width of the pour. As the work progresses, the concrete shall be vibrated and carefully worked around the slab reinforcement, and the surface of the slab shall be screeded in an up-slope direction.

3.04 FINISHING CONCRETE SURFACES

- A. General: Surfaces shall be free from fins, bulges, ridges, offsets, honeycombing, or roughness of any kind, and shall present a finished, smooth, continuous hard surface. Allowable deviations from plumb or level and from the alignment, profiles, and dimensions shown on the Drawings are defined as tolerances and are specified herein. These tolerances are to be distinguished from irregularities in finish as described herein.
- B. Unformed Surfaces: After proper and adequate vibration and tamping, all unformed top surfaces of slabs and curbs shall be brought to a uniform surface with suitable tools.
- C. Slabs shall receive a steel trowel finish without local depressions or high points. In addition, the surface shall be given a light hairbroom finish with brooming perpendicular to drainage unless otherwise shown. The resulting surface shall be rough enough to provide a nonskid finish.

3.05 CURING AND DAMPPROOFING

- A. All concrete shall be cured for not less than 14 days after placing, in accordance with the methods specified herein for the different parts of the work, and described in detail in the following paragraphs.
- B. The surface shall be sprayed with a liquid curing compound. It shall be applied in accordance with the manufacturer's printed instructions at a maximum coverage rate of 200 square feet per gallon and in such a manner as to cover the surface with a uniform film which will seal thoroughly.
- C. Care shall be exercised to avoid damage to the seal during the curing period. Should the seal be damaged or broken before the expiration of the curing period, the break shall be repaired immediately by the application of additional curing compound over the damaged portion.
- D. Wherever curing compound may have been applied by mistake to faces against which concrete subsequently is to be placed and to which it is to adhere, said compound shall be entirely removed by wet sandblasting just prior to the placing of new concrete.
- E. Curing compound shall be applied as soon as the concrete has hardened enough to prevent marring on unformed surfaces, and within 2 hours after removal of forms from contact with formed surfaces. Repairs required to be made to formed surfaces shall be made within the said 2-hour period; provided, however, that any such repairs which cannot be made within the said 2-hour period shall be delayed until after the curing compound has been applied. When repairs are to be made to an area on which curing compound has been applied, the area involved shall first be wet-sandblasted to remove the curing compound, following which repairs shall be made as provided herein.

3.06 PROTECTION

- A. The CONTRACTOR shall protect all concrete against injury until final acceptance by the OWNER. Fresh concrete shall be protected from damage due to rain. The CONTRACTOR shall provide such protection while the concrete is still plastic and whenever such precipitation is imminent or occurring.

3.07 TREATMENT OF SURFACE DEFECTS

- A. As soon as forms are removed, all exposed surfaces shall be carefully examined and any irregularities shall be immediately rubbed or ground in a satisfactory manner in order to secure a smooth, uniform, and continuous surface. Plaster or coat surfaces to secure a smooth, uniform, and continuous surface. Plastering or coating of surfaces to be smoothed will not be permitted. No repairs shall be made until after inspection by the OWNER. In no case will extensive patching of honeycombed concrete be permitted. Concrete containing minor voids, holes, honeycombing, or similar depression defects shall have them repaired as specified herein. Concrete containing extensive voids, holes, honeycombing, or similar depression defects, shall be completely removed and replaced. All repairs and replacements herein specified shall be promptly executed by the CONTRACTOR at its own expense.

3.08 CARE AND REPAIR OF CONCRETE

- A. The CONTRACTOR shall protect all concrete against injury or damage from excessive heat, lack of moisture, overstress, or any other cause until final acceptance by the OWNER. Particular care shall be taken to prevent the drying of concrete and to avoid roughening or otherwise damaging the surface. Any concrete found to be damaged, or which may have been originally defective, or which becomes defective at any time prior to the final acceptance of the completed work, or which departs from the established line or grade, or which, for any other reason, does not conform to the requirements of the Contract Documents, shall be satisfactorily repaired or removed and replaced with the acceptable concrete at the CONTRACTOR's expense.

3.09 FABRICATION OF REINFORCING STEEL

- A. Reinforcing steel shall be accurately formed to the dimensions and shapes shown on the Drawings, and the fabricating details shall be prepared in accordance with ACI 315 and ACI 318, except as modified by the Drawings.

3.10 PLACING REINFORCING STEEL

- A. Reinforcing steel shall be accurately positioned as shown on the Drawings, and shall be supported and wired together to prevent displacement, using annealed iron wire ties or suitable clips at intersections. All reinforcing steel shall be supported by concrete, plastic or metal supports, spacers or metal hangers which are strong and rigid enough to prevent any displacement of the reinforcing steel. Where concrete is to be placed on the ground, supporting concrete blocks (or dobies) shall be used, in sufficient numbers to support the bars without settlement, but in no case shall such support be continuous. All concrete blocks used to support reinforcing steel shall be tied to the steel with wire ties which are embedded in the blocks. For concrete over formwork, the CONTRACTOR shall furnish concrete, metal, plastic, or other acceptable bar chairs and spacers.

3.11 CLEANING AND PROTECTION OF REINFORCING STEEL

- A. Reinforcing steel shall at all times be protected from conditions conducive to corrosion until concrete is placed around it.
- B. The surfaces of all reinforcing steel and other metalwork to be contact with concrete shall be thoroughly cleaned of all dirt, grease, loose scale and rust, grout, mortar, and other foreign substances immediately before the concrete is placed. Where there is a delay in depositing

concrete, reinforcing shall be reinspected and, if necessary recleaned.

3.12 GENERAL

- A. All surface preparation, curing, and protection of cement grout shall be as specified herein. The finish of the grout surface shall match that of the adjacent concrete.
- B. The CONTRACTOR through the manufacturer of nonshrink grout and epoxy grout shall provide on-site technical assistance upon request, at no additional cost to the OWNER.
- C. All mixing, surface preparation, handling, placing, consolidation, and other means of execution for prepackaged grouts shall be done according to the instructions and recommendations of the manufacturer.
- D. Grout shall be placed in such a manner, for the consistency necessary for each application, so as to assure that the space to be grouted is completely filled.

- END OF SECTION -

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a “thirty (30) day notice of cancellation” on all certificates of insurance.
- F. The City requires a “wavier of subrogation” for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

The undersigned certifies under oath the truth and correctness of all statements and of all answers to questions made hereinafter (Attach additional sheets with appropriate reference, if necessary). You must respond to all questions. **FAILURE TO DISCLOSE OR PROVIDE THE REQUESTED INFORMATION BELOW MAY RESULT IN THE BIDDER'S BID BEING DEEMED NON-RESPONSIVE AND THE BIDDER AS NOT QUALIFIED FOR AWARD.**

SUBMITTED TO: City of Plantation

ADDRESS: 400 NW 73rd Avenue
Plantation, FL 33317

SUBMITTED BY: _____

NAME: _____

ADDRESS: _____

TELEPHONE NO.: _____

FAX NO.: _____

EMAIL ADDRESS: _____

1. State the true, exact, correct and complete name of the partnership, corporation, trade or fictitious name under which you do business and the address of the place of business.

The correct name of the BIDDER is: _____

The address of the principal place of business is: _____

The business is a (Sole Proprietorship) _____ (Partnership) _____ (Corporation) _____

2. If BIDDER is a corporation, answer the following:

- a. Date of Incorporation: _____
- b. State of Incorporation: _____
- c. President's Name: _____
- d. Vice President's Name: _____
- e. Secretary's Name: _____
- f. Treasurer's Name: _____
- g. Name and address of Resident Agent: _____

3. If BIDDER is an individual or a partnership, answer the following:

- a. Date of organization: _____
- b. Name, address and ownership units of all partners: _____
- c. State whether general or limited partnership: _____

QUALIFICATION STATEMENT

Fill in Form

4. If BIDDER is other than an individual, corporation or partnership, describe the organization and give the name and address of principals:

5. If BIDDER is operating under a fictitious name, submit evidence of compliance with the Florida Fictitious Name Statute.
6. How many years has your organization been in business under its present business name: _____
 - a. Under what other former names has your organization operated?

7. Indicate registration, license numbers or certificate numbers for the business or professions that are the subject of this Proposal. Please attached certificate of competency and/or state registration. Please include the foregoing information for all parties to be assigned to the project.

8. Have you personally inspected the site(s) of the proposed work? (Y) _____ (N) _____
9. Do you have a complete set of documents, including agenda? (Y) _____ (N) _____
10. Have you ever failed to complete any work awarded to you? If so, state when, where and why?

11. Within the five (5) years, has any officer or partner of your organization ever been an officer or partner of another organization when it failed to complete a contract? If so, explain fully.

12. State the names, telephone numbers and last known addresses of three (3) owners, individuals or representatives of owners with the most knowledge of work which you have performed or goods you have provided, and to which you refer (government owners are preferred as references).

13. List the pertinent experience of the key individuals of your organization (continue on insert sheet, if necessary).

14. Provide a list of similar projects, which have been completed within the past five (5) years, including project description, owner's names, addresses and phone numbers.

15. Provide a list of work currently under contract.

QUALIFICATION STATEMENT

Fill in Form

16. List all disputes, claims, mediations and litigation in which the bidding entity, a parent entity, an affiliate entity, a predecessor entity or other entities with which you were then associated or affiliated were involved in any contract disputes over the last five (5) years as of the solicitation response due date. If BIDDER is a joint venture, the information provided should encompass the joint venture and each of the entities forming the joint venture. For said claim, identify with particularity the nature of such dispute, the names and addresses of the other parties to such disputes, and whether or how such disputes were resolved, including any mediation, arbitration or litigation involved and dollar awards. [Do not include disputes, claims, mediations and litigation that involve only garnishment, auto negligence, personal injury, or a proof of claim filed by BIDDER]

17. List all disputes, claims, mediations and litigation between the Owner and any of the responding entity's subcontractors/subconsultants over the last five (5) years as of the solicitation response due date.

18. Has any governmental entity within the last five (5) years commenced proceedings to discipline any of the officers, partners, or principals of the BIDDER, or sought to revoke a license held by the BIDDER (or its qualifying agent)? If so, please describe in detail the proceedings and how the matter was resolved.

19. Will you sublet any part of this work? If so, give details. (sub-contractor's name, address, phone number and contact)

20. Provide a list of equipment available to be committed to perform the work contemplated under this contract.

21. Please list any objections to the text of the Contract Documents in the area below or on separate sheets of paper attached hereto, if necessary.

22. Please attach a copy of your latest financial statement.

NON-COLLUSION CERTIFICATION

TO BE RETURNED WITH BID

By signing and submitting this bid, the BIDDER certifies that this bid is made independently and free from collusion.

BIDDER shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the BIDDER's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the BIDDER, or if they otherwise stand to personally gain if the contract is awarded to this BIDDER.

Failure to submit this executed statement as part of the bid shall make the bid nonresponsive and not eligible for award consideration. In the event the BIDDER does not indicate any names, the CITY shall interpret this to mean that the BIDDER has indicated that no such relationships exist. Failure of a BIDDER to disclose any relationship described herein shall be reason for termination of bid or award, whichever is applicable, with no time to cure.

STATEMENT UNDER SECTION 287.087
FLORIDA STATUTES

TO BE RETURNED WITH BIDDER

Preference must be given to BIDDER submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

LOCAL BUSINESS CERTIFICATION**TO BE RETURNED WITH BID**

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code **shall not** apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated: _____

Signed: _____

Printed Name of Signor: _____

Title of Signor: _____

Name of Bidder: _____

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for sealed proposals) (but only where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (sealed bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the
Page 3 of 3 Revised 9/2014

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in section 2-226(b) (which is currently three thousand five hundred sixty-nine dollars (\$3,569.00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in section 2-220(b) (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(e)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section.

(Ord. No. 2437, § 1, 2-10-2010)

SWORN STATEMENT UNDER SECTION 287.133(3)(a)
FLORIDA STATUTES

TO BE RETURNED WITH BID

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER
AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for _____.
2. This sworn statement is submitted by _____ (entity submitting sworn statement), whose business address is _____ and its Federal Employer Identification Number (FEIN) is _____. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____).
3. My name is _____ (please print name of individual signing), and my relationship to the entity named above is _____.
4. I understand that a “public entity crime” as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that “convicted” or “conviction” as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, CONTRACTOR is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of CONTRACTOR, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, CONTRACTOR may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com/>.

Certified By: _____,

COMPLIANCE UNDER SECTION 119.0701
FLORIDA STATUTES

TO BE RETURNED WITH BID

The CONTRACTOR hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the CONTRACTOR does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the CONTRACTOR transfers all public records to the public agency upon completion of the contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, abeggerow@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

CITY OF PLANTATION
E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH BID

Project Name: _____

Project No.: _____

1. Definitions:

“*Contractor*” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “*Contractor*” includes, but is not limited to, a vendor or consultant.

“*Subcontractor*” means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

“*E-Verify system*” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Contractors, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the City of Plantation. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland

Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

- c) Should vendor become the successful Contractor awarded for the above-named project, by entering into the contract, the Contractor shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a subcontractor knowingly violated s. 448.095 (2), but the Contractor otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

COOPERATION WITH THE BROWARD COUNTY
OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH BID

The Broward County Office of Inspector General (“OIG”) has the authority to review and investigate how governmental contracts are performed and how BIDDERS and vendors (herein, “BIDDERS”) are paid. To this end, BIDDER agrees to cooperate with the OIG in the event the BIDDER is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of BIDDER’s written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The BIDDER acknowledges and agrees that whatever work or effort is expended by BIDDER in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the BIDDER to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The BIDDER’s failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the BIDDER is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the BIDDER is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, BIDDER shall advise CITY, in writing and in the same manner as BIDDER gives the City formal notice under this Contract, each instance, if ever, that the BIDDER is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the BIDDER is fully performing the requirements of this Paragraph.

_____ Name, Location, Project Title

The CONTRACTOR and Surety are bound to the CITY in the amount set forth above, for the payment of which the CONTRACTOR and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. Now, therefore, if the CITY shall accept the Bid of the CONTRACTOR and the CONTRACTOR shall enter into a Contract with the CITY in accordance with the terms of such Bid, and give such Public Construction, Performance and Payment Bond or Bonds as may be specified in the Bid or Contract Documents with good and sufficient surety acceptable to the CITY, and furnish insurance coverages to CITY as required by the Contract Documents then this obligation shall be null and void, otherwise Surety shall pay over to the CITY immediately the full penal sum of this Bid Bond upon demand. The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety shall not be impaired or affected in any way by any extensions of the time within which the CITY may accept the Bid of the CONTRACTOR and said Surety does hereby waive notice of any such extension.

Any changes in or under the contract documents, compliance or non-compliance with any formalities connected with the contract or the changes does not affect the surety's obligation under this bond. While the CONTRACTOR's allegation that its entering into the contract was prevented or frustrated by the CITY, does not affect the surety's continuing obligation to perform, a finding to such effect by a Trier of fact would affect the surety's continuing obligation.

AGREEMENT

***Agreement
By and Between
City of Plantation
&***

***For
City-Wide Rehabilitation of Sewer Laterals Pipe Lining- Term Contract
ITB No. 070-21***

This Agreement entered into this _____ day of _____, 2021 by and between the City of Plantation (herein, the “City”), a Florida Municipal Corporation, and _____ (herein, the “Contractor”), a Florida Corporation, as follows:

Whereas, the City of Plantation secured sealed bids in accordance with section 2-226(C) of the City’s code; utilizing the procurement model in accordance with section 2-220(e) of the City’s code.

Whereas, this solicitation was advertised for ____ calendar days on the City and Demand Star website.

Whereas, the City of Plantation received ____ sealed bid proposals, opened publicly.

Whereas, on _____, consent agenda item No. _____, the City Council awarded ITB No. 070-21; City-Wide Rehabilitation of Sanitary Sewer Mains Lines, Sewer Laterals Pipe Lining, Storm Sewer Mains and Sewer Manholes- Term Contract to _____.

Whereas, the services performed under this Agreement shall be based on the City’s needs and available/approved funding within the City’s fiscal year budget.

Whereas, the City shall issue an approved purchase order to the Contractor for each project(s) that references this Agreement and the work that the City desires to be performed by the Contractor in accordance with this agreement.

Whereas, the Contractor will timely complete the services outlined in the Technical Specifications/Scope of Services section of this Agreement within the defined costs of this Agreement.

NOW, THEREFORE, BE IT AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS:

General Provisions

The above recitations are true and correct and made a part hereof.

Solicitation Documents

All front-end solicitation documents are incorporated herein and made a part hereof. Any conflicts between the terms set forth in this Agreement and the front-end documents shall be controlled by the terms of this Agreement. The front-end solicitation documents are attached hereto as **Exhibit “A”**.

AGREEMENT

Scope of Services

The Contractor shall provide the work as provided for in **Exhibit “B”**, Technical Specifications/Scope of Services, which is incorporated herein and made a part hereof. The Contractor shall provide the Insurance certificates listing the City of Plantation as an additional insured that meet or exceed the City requirements as set forth in **Exhibit “C”**, which is incorporated herein and made a part hereof. **Exhibit “D”** contains Documentation and bid submitted by Contractor prior to Notice of Award, which is incorporated herein and made a part hereof.

Contract Term

1. The initial contract period shall be for two (2) years, commencing _____. In addition, the City reserves the right to extend this agreement for three (3) additional one (1) year periods, provided the Contractor also agrees in writing to extension upon such terms as the City and Contractor agree.
2. Contingent upon Budget approval.
3. Prices shall remain firm and fixed for the term of the Contract, including any option or extension periods.

Contractor’s Compensation

Payment

Payment for work shall be authorized upon completion of all work specified in “Technical Specifications/Scope of Services” of this specification. Invoices will be subject to verification and approval by the department requesting the service. Each invoice shall be submitted in increments not greater than thirty (30) days.

All invoices are required to be submitted within thirty (30) days, if invoices are not submitted within thirty (30) days, the City reserves the right not to pay due to delinquency.

Contractor’s Compensation

The unit prices for all line items as agreed to under the Contract is provided in **Exhibit “E”**, which is incorporated herein and made apart hereof.

Reimbursements

The Contractor is not to be reimbursed for any out-of-pocket expenses such as travel, telephones, office supplies, copying, etc.

Contract Price

Contractor shall not be entitled to an increase in the Contract/Unit Price or payment or compensation of any kind from City for direct, indirect, consequential, impact of other costs, expenses or damages including but not limited to costs of acceleration or inefficiency or extended overhead, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by Contractor for hindrances or delays due solely to fraud, bad faith, or active malicious interference on the part of the City. Otherwise, Contractor shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for delay.

Contract General Terms

This Contract shall constitute the entire agreement by and between the City and the Contractor, and no inducements, considerations and promises or other references shall be implied or impressed upon this Agreement that are not expressly addressed herein.

AGREEMENT

1. Intended Beneficiaries

The City of Plantation has three dependent districts (Plantation Midtown Development District, Plantation Gateway, and the City of Plantation Community Redevelopment Agency) hereinafter “Districts”, all of which have the power to execute contracts, and all of which are served by the City personnel for the purpose of Administration. Where the contract is with the City of Plantation with one or more of the Districts being an intended beneficiary of the contract, then such District(s) shall be an intended 3rd Party Beneficiary and shall be able to enforce the terms hereof.

Property of City

All documents including correspondence, plans, memoranda, drawings and specifications prepared or furnished by Contractor (and Contractor’s independent professional associates and Contractors) pursuant to this Agreement shall become owned by and be the property of the City shall thereby obtain ownership by any statutory common law and other reserved rights thereto, including copyright; however, such documents are not intended or represented to be suitable for reuse by the City on extensions of the Project or on any other project. Any such reuse, modification or adaptation of such documents without written verification or adoption by Contractor for the specific purpose intended will be at the City’s sole risk and without liability or legal exposure to Contractor or to Contractor’s independent professional associates or Contractors. If required by the City, any such verification or adaptation will entitle Contractor to further compensation at rates to be agreed upon by the City and Contractor.

No Damages for Delay

No claim for damages or any claim, other than for an extension of time, shall be made or asserted against City by reason of any delays. Contractor shall not be entitled to an increase in the Contract Price or payment or compensation of any kind from City for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by Contractor for actual delays due solely to fraud, bad faith or active interference on the part of City. Otherwise, Contractor shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.

City Responsibilities

1. City Information

The City shall be responsible to provide the Contractors with information in City’s present possession that is reasonably necessary for the Project work, such as correspondence documents, maps, and other pertinent information. The Contractors shall be entitled to rely upon such City information as sufficiently complete and accurate for planning and developing an understanding of the parties involved in the Project.

Contractor Responsibilities

1. No Transfer of Agreement

Contractor shall not assign or transfer the Contract or its rights, title or interests therein without City’s prior written approval. The obligations undertaken by Contractor pursuant to the Contract shall not be delegated or assigned to any other person or firm unless City shall first consent in writing to the assignment. The City is relying upon the apparent qualifications and expertise of the Contractor, and such firm’s familiarity with the City’s area, circumstances, and desires. In the event the City is not for any reason or for no reason at all, satisfied with such substitute, Contractor shall be considered in breach of this Contract. Violation of the terms of this Paragraph shall constitute a breach of Contract by Contractor and the City may, at its discretion, cancel the Contract and all rights, title and interest of Contractor shall thereupon cease and terminate.

Independent Contractor

The Contractors and its employees, volunteers and agents shall be and remain independent Contractors and not agents or employees of the City with respect to all of the acts and services performed by and under the terms of this Agreement. This Agreement shall not in any way be construed to create a partnership, association or any other kind of joint undertaking, enterprise or venture between the parties hereto.

AGREEMENT

Ethics Disclosure

The Contractors warrant and represent that no elected official, officer, agent or employee of the City has a financial interest directly or indirectly in this Contract or the compensation to be paid under it, and further, that no City employee who acts in the City as a “purchasing agent” as defined by §112.312(20), Florida Statutes, nor any elected or appointed officer of the City, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer, director, or proprietor of the Contractors, and further, that no such City employee purchasing agent, City elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the Contractors. Material interest means direct or indirect ownership of more than **FIVE PERCENT (5%)** of the total assets or capital stock of the Contractors.

Disciplinary Action

The Firm agrees to immediately notify the CITY of any disciplinary action imposed against the Firm or any of its employees by any regulatory agency with the charge of regulating the Firm.

Project Work Initiation

The Contractor shall not begin the Project work as outlined in “*Scope of Services*” without the prior written approval of the City.

Utility Structures

The Contractor shall coordinate the adjustment of any structures with the appropriate utility company except the Owner’s Utilities Department. The Contractor shall be responsible to abide by the Owner’s specifications to adjust the Owner’s manholes and valve boxes.

Subcontractor Agreements and Payments

All work performed for Contractor by a Subcontractor or Supplier will be pursuant to an appropriate agreement between Contractor and the Subcontractor or Supplier, which specifically binds the Subcontractor or Supplier to the applicable terms and conditions of the Contract Documents for the benefit of the City. The Contractor shall be responsible for the payments to any Subcontractors including any professional fees and additional costs within fourteen (14) calendar days of City’s payment to Contractor. The City shall not be responsible for any payments to Subcontractors. The City shall not be billed directly or indirectly for any professional fees or additional costs of the Subcontractors for the Project.

Mechanics Liens

The Contractor covenants and agrees that no mechanics’ liens, equitable liens, construction liens asserted under the Construction Lien Law, Chapter 255, Florida Statutes, or other liens against public funds or property (herein “mechanics’ liens”) will be permitted to arise, be filed or maintained against the City, the Project or any part of it, any interest in it or any improvements on it, or any real or personal property City by the City, against any monies due or to become due from the City to the Contractor, for or on account of any work, labor, services, materials, equipment or other items performed or furnished for or in connection with the Project, and the Contractor further agrees to indemnify the City for any costs, charges, expenses, losses, or damages City may incur as a result of any asserted mechanics’ lien. Contractor agrees to cause any of the foregoing liens and claims to be satisfied, removed or discharged at its own expense by bond, payment or otherwise within thirty (30) days from the date of the filing, and upon the Contractor’s failure to do so the City shall have the right, in addition to all other rights and remedies provided under this Contract or by law, to cause the liens or claims to be satisfied, removed or discharged by whatever means the City chooses, at the entire cost and expense of the Contractor, the expense to include legal fees and costs and all expenses. Real property owned by a Florida municipal corporation is not subject to liens, and nothing in this paragraph shall waive the City’s right to assert that its property is immune from mechanics’ liens, or to waive other defenses or immunities that may be enjoyed by the City of Plantation.

AGREEMENT

Termination

1. For Cause

If for any reason, the Contractor fails to fulfill its obligations under this Agreement in a proper to timely manner as agreed to, this Agreement may be terminated by the City upon **FIFTEEN (15)** Business Days' notice to the Contractor. The Contractor may not terminate this Agreement except upon a breach by the City, which is not cured upon **FIFTEEN (15)** Business Days' notice to City. In case of the Contractor's termination for cause, the Contractor shall be paid for services satisfactorily provided to such termination date, less any setoffs or adjustments City may claim arising out of the Contractors' breach, the remaining unperformed parts of the Agreement, and for that portion (if any) of the Contractor's performance which is unsatisfactory (the intent being that the Contractor be paid what is just and equitable compensation given the Contractors' performance).

For Convenience

Upon **THIRTY (30)** Calendar Days written notice to the Contractor, City may, without cause and without prejudice to any other right or remedy, terminate this Agreement for City's convenience. Where the Agreement is terminated for the convenience of City, the notice of termination to the Contractor must state that the Agreement is being terminated for the convenience of City under this termination clause, the effective date of the termination, and the extent of termination. The Contractor shall be paid for the services up to and including the effective date of the termination. This shall mean payment for all completed tasks and payment for uncompleted tasks based upon a percentage of completion of such uncompleted tasks. The Contractor shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

Mutual Termination

This Agreement may also be terminated by mutual agreement at any time and under any terms.

Legal Terms and Conditions

1. Compliance with Laws/Codes/Rules, Etc.

The Contractor shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same. Contractor represents to City that it is not a person or affiliate as defined in §287.133, Florida Statutes, which has been placed on the convicted vendor list maintained by the Florida Department of Management Services following a conviction for a public entity crime. Contractor acknowledges and agrees that it may not submit a bid on a contract to provide any goods or services to the City, may not submit a bid on a contract with the City for the construction or repair of any public building or public work, may not submit bids on leases of real property with the City, may not be awarded an opportunity to perform work as a contractor, supplier, subcontractor or Contractor under a contract with the City, and may not transact business with the City in an amount set forth in §287.017, Florida Statutes, for Category Two for a period of **THIRTY-SIX (36)** months from the date of being placed on the convicted vendor list.

The Contractor shall not be reimbursed for any additional costs which the Contractor incurs as a result of laws enacted after the effective date of this Contract, nor be entitled to an extension of the Scheduled Date of Final Completion as a result of laws, except as set forth in this Article X, Paragraph 1. The Contractor shall be reimbursed, in addition to the Contract Sum, for additional costs incurred by the Contractor in the performance of the Contract resulting from the following:

- a. City ordinances passed by the City Council after the effective date of this Contract.
- b. Any unforeseen new state or federal laws, regulations or rules enacted after the effective date of the Contract, which require a significant change in the Project. The Contractor shall not be reimbursed for any other costs resulting from any other new state or federal laws, regulations or rules enacted after the effective date of the Contract, including but not limited to laws relating to techniques, procedures, research, analysis and materials.

In order to obtain reimbursement from the City under this Article X, Paragraph 1, the Contractor shall submit a claim to the City with documentation that the City may reasonably require for the City's review and approval. A claim may also include a request for an equitable adjustment of the Project Schedule. Upon approval by the City, the claim shall

AGREEMENT

become a Change Order or a formal written amendment to the Contract. If not approved, the claim will be placed on the Disputed Work List.

Applicable Laws Governing Project

The laws of the State of Florida shall govern the validity, construction and effect of this Contract.

Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.

All claims, counterclaims, disputes and other matters in question between City and Contractor arising out of, relating to, or pertaining to this Agreement, or the breach thereof, or the services thereof, or the standard of performance therein required, shall be determined by litigation in the Circuit Court of the Seventeenth Judicial Circuit in and for Broward County, Florida, or the Federal City Court of the Southern City of Florida and appropriate appellate courts for such venue and jurisdiction.

To any extent that the Contractor may be acting as an "agent" or Contractor on behalf of the City, the City expects the Contractor to fully comply with all Federal, State, and Local laws applicable to and specifically those covering Equal Opportunity Employment, American Disabilities Act (ADA), 42 U.S.C. 12101, et seq. and Florida Building Code. We reserve the right to verify your compliance with the various laws. Failure to comply with any laws will be grounds for termination of the Contract.

Dispute Resolution

In the event that any dispute between the City and the Contractor concerning questions or issue arising under this Contract that have not been resolved, or for items on the Disputed Work List, a request for resolution shall be submitted by the Contractor to the City for determination. Request for such determination shall be made in writing. The City's decision may be reached in accordance with assistance, as it may deem reasonably necessary or desirable. The City's decision shall be rendered in writing no more than **THIRTY (30)** Calendar Days after receipt of a fully documented (to the extent that such documents are within the control of the Contractor) request for a determination. The decision shall be conclusive, final, and binding on all parties, unless the Contractor shall seek a judicial determination in accordance with the provisions set forth below.

No later than **SIXTY (60)** Calendar Days after the Contractor's receipt of the City's determination, the Contractor shall respond to the City in writing, either accepting the determination or stating the Contractor's factual or legal objection to the determination. If the Contractor's response is an objection, the City shall respond in writing to the objection within **THIRTY (30)** Calendar Days after receipt of it. No further response by either party shall be required. Thereafter, the Contractor may seek a judicial determination of the dispute. In the event that the Contractor intends to seek judicial determination of a matter decided by the City, the Contractor shall notify the City of its intent to do so within **SIXTY (60)** Calendar Days of the City's final decision.

In the event of litigation in order to enforce this Contract, or which arises out of, pertains to, or relates to this Contract, or the breach thereof, or the services provided herein, or the standard of performance herein required, the prevailing party shall be entitled to a reasonable attorney's fee. Notwithstanding the foregoing sentence, the maximum attorney's fees which one party can recover from the other will not exceed \$15,000.00.

If required by City, the Contractor shall continue to perform the Work required under the Contract during this resolution period, including any judicial resolution. The City's written determination shall be complied with pending final resolution, including judicial, of the dispute. If the Contractor complies with the City's written determination, the City shall continue to perform under the Contract and make all payments due (other than those or the portions of payments in dispute, if any) during the resolution period. This payment provision shall not apply in the event that the Contractor fails to submit a dispute to the City as required by this Article X, Paragraph 3. The continued performance of the Contract by either party shall not constitute an admission as to any factual or legal position in connection with the dispute, or a waiver of its rights under the Contract or at Law.

AGREEMENT

Amendments

No supplement, modification of, or amendment of this Agreement shall be binding unless executed in writing by both parties.

Severability.

In the event any one or more of the provisions of this Order is held to be invalid or otherwise unenforceable, the enforceability of the remaining provisions shall be unimpaired.

Non-exclusivity.

The services provided pursuant to this Agreement shall be non-exclusive.

Consideration Adequate.

The parties acknowledge that there is adequate consideration to enforce each and every provision of this Agreement.

No Waiver of Legal Rights

No approval required to be given by the City under the Contract shall operate to relieve the Contractor from any of its responsibilities under the Contract or to be deemed as an approval by the City of any deviation contained in the items or documents subject to such approval from, or of their failure to comply with any provision or requirement of the Contract, unless the failure or deviation has been specifically approved by a Change Order to the Contract.

Unless the City has specifically approved in writing a deviation from the Contract Documents in a Contract modification, as provided above, the City shall not be precluded or estopped by any approval, review, measurement, estimate or certificate made either before or after the completion and acceptance of the Work and payment for it, from showing the true amount and character of the Work performed and goods and materials furnished by the Contractor or from showing that any measurement, estimate or certificate is untrue or incorrectly made, or that the Work or goods and materials do not conform in fact to the Contract. Unless the City has specifically approved in writing a deviation from the Contract Documents in a Contract modification, as provided above, the City shall not be precluded or estopped, notwithstanding any approval, review, measurement, estimate or certificate and payment in accordance with it, from recovering from the Contractor and its sureties damages it may sustain by reason of its failure to comply with the terms of the Contract. Except as provided, neither the acceptance of the City, or any representative of the City, nor any payment for or acceptance of the whole or any part of the Work, nor any extension of time, nor any possession taken by the City, shall operate as a waiver of any portion of the Contract, or of any power reserved or any right to damages provided to the City. A waiver of any breach of the Contract shall not be held to be a waiver of any other breach whether prior to or subsequent to it. The City's delay in declaring that a breach has occurred or otherwise asserting its rights under this Contract shall not constitute a waiver of the breach or limit any of the City's rights under this Contract.

Indemnity Clause

Contractor shall indemnify and hold harmless City, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all claims, fines, fees, liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Contractor and other persons employed or utilized by the Contractor in the performance of this Agreement.

Contractor agrees to indemnify, defend, save and hold harmless the City, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against City, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

AGREEMENT

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Contractor from the City that such amount is due, be made by Contractor prior to the City being required to pay same, or in the alternative, the City, at the City's option, may make payment of an amount so due and Contractor shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Contractor of written notice from the City that such payment is due. Contractor agrees, at Contractor's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Contractor. Additionally, if Contractor, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Contractor shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Contractor.

Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor.

Cooperation with the Broward County Office of Inspector General.

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how contractors and vendors are paid. To this end, Contractor agrees to cooperate with the OIG in the event the Contractor is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of Contractor's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The Contractor acknowledges and agrees that whatever work or effort is expended by Contractor in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the Contractor to the City, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The Contractor's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the Contractor is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the Contractor is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, Contractor shall advise City, in writing and in the same manner as Contractor gives the City formal notice under this Contract, each instance, if ever, that the Contractor is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the Contractor is fully performing the requirements of this Paragraph. In the absence of this Contract containing a provision concerning to whom the Contractor gives formal notice for matters relating to this contract, such notice shall be in writing, and shall be addressed to the following person, and either faxed or mailed by First Class Mail:

Attn: Mayor Lynn Stoner
City of Plantation City Hall
400 NW 73rd Avenue
Plantation, Florida, 33317.

Legal Status: Corporation
Address: 2424 Tyler St. Kenner LA 70062

SURETY:

Name: Hartford Accident and Indemnity Company
Legal Status: Corporation
Principal place of Business: Hartford, CT

CITY:

City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

BOND AMOUNT: \$ Five Percent of Bid Amount (5%)

PROJECT:

ITB NO. 070-21 City-Wide Rehabilitation of Sewer Lateral Pipe Lining - Term Contract City of Plantation Name, Location, Project Title

The CONTRACTOR and Surety are bound to the CITY in the amount set forth above, for the payment of which the CONTRACTOR and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. Now, therefore, if the CITY shall accept the Bid of the CONTRACTOR and the CONTRACTOR shall enter into a Contract with the CITY in accordance with the terms of such Bid, and give such Public Construction, Performance and Payment Bond or Bonds as may be specified in the Bid or Contract Documents with good and sufficient surety acceptable to the CITY, and furnish insurance coverages to CITY as required by the Contract Documents then this obligation shall be null and void, otherwise Surety shall pay over to the CITY immediately the full penal sum of this Bid Bond upon demand. The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety shall not be impaired or affected in any way by any extensions of the time within which the CITY may accept the Bid of the CONTRACTOR and said Surety does hereby waive notice of any such extension.

Any changes in or under the contract documents, compliance or non-compliance with any formalities connected with the contract or the changes does not affect the surety's obligation under this bond. While the CONTRACTOR's allegation that its entering into the contract was prevented or frustrated by the CITY, does not affect the surety's continuing obligation to perform, a finding to such effect by a Trier of fact would affect the surety's continuing obligation.

**AUTHORIZATION OF AGENT
AND ATTORNEY-IN-FACT FOR BLD
SERVICES, L.L.C., BY SHIRLEY JARRELL WAGNER**

I, Shirley Jarrell Wagner, the duly elected and acting Secretary/Treasurer and Manager of BLD Services, L.L.C., a Louisiana limited liability company, pursuant to the authority granted to me by resolutions unanimously adopted by the Members and Managers of BLD Services, L.L.C., in a Unanimous Written Consent of the Members and Managers of BLD Services, L.L.C., dated June 15, 2018, which resolutions are in full force and effect as of the date hereof, do hereby take the following action:

I hereby authorize, empower and appoint Jacob Trapani, Vice President and Manager, to serve as authorized Agent and Attorney-in-Fact of BLD Services, L.L.C., to act on behalf of BLD Services, L.L.C., in connection with any and all negotiations, bids, concerns and transactions, including but not limited to the execution of any and all bids, papers, documents, affidavits, bonds, sureties, contracts and acts, and to receive and receipt thereof all purchase orders and notices issued pursuant to the provisions of any such bids or contracts; and further to take any and all actions necessary to carry to the purposes and intents of this action; and that the Members and Managers of BLD Services, L.L.C., therefore do therefore ratify, confirm and approve and accept each and every act performed by Jacob Trapani, Vice President and Manager, as said Agent and Attorney-in-Fact of BLD Services, L.L.C., in furtherance of this appointment.

SHIRLEY JARRELL WAGNER
SECRETARY/TREASURER AND MANAGER

**UNANIMOUS WRITTEN CONSENT
OF THE MEMBERS AND MANAGERS OF BLD SERVICES, L.L.C.**

We, the undersigned, constituting all of the Members and Managers of BLD Services, L.L.C., a Louisiana limited liability company, do hereby unanimously approve the following resolutions, effective immediately:

RESOLVED, that the following persons are hereby elected and confirmed as the Officers and Managers of BLD Services, L.L.C.:

Daniel P. Wagner III – President and Manager

Shirley Jarrell Wagner – Secretary/Treasurer and Manager

Jacob Trapani – Vice President and Manager

RESOLVED FURTHER, that Shirley Jarrell Wagner be and is hereby authorized and empowered to submit bids for private or public contracts for or on behalf of BLD Services, L.L.C., whether such bids be inside or outside the State of Louisiana, with all of the rights, powers, and authority incumbent thereto.

FURTHER RESOLVED, that Shirley Jarrell Wagner be and she is further authorized and empowered to sign or otherwise execute any and all contracts for or on behalf of BLD Services, L.L.C., whether they be inside or outside the State of Louisiana, including but not limited to the execution of any and all bids, papers, documents, change orders, affidavits, bonds, sureties and acts, and to receive and receipt thereof all purchase orders and notices issued pursuant to the provisions of any such bids or contract, with all of the rights, powers, and authority incumbent thereto.

FURTHER RESOLVED, that Shirley Jarrell Wagner be and she is an authorized agent of BLD Services, L.L.C., for any and all purposes and with all of the rights, powers and authority incumbent thereto.

FURTHER RESOLVED, that Shirley Jarrell Wagner be and she is further authorized and empowered to appoint Daniel P. Wagner, III, Jacob Trapani, Brent D. Albert, Danny M. Albert and Dustin T. Richards to each serve as an authorized Agent and Attorney-in-Fact of BLD Services, L.L.C., to act on behalf of BLD Services, L.L.C., in connection with any and all negotiations, bids, concerns and transactions, including but not limited to the execution of any and all bids, change orders, papers, documents, affidavits, bonds, sureties, contracts and acts, and to receive and receipt thereof all purchase orders, notices issued pursuant to the provisions of any such bids or contracts; and further to take any and all actions necessary to carry to the purpose and intent of this resolution; and that the Members and Managers of BLD Services, L.L.C., therefore do ratify, confirm and approve and accept each and every act performed by Daniel P. Wagner, III, Jacob Trapani, Brent D. Albert, Danny M. Albert and Dustin T. Richards as an Agent and Attorney-in-Fact of BLD Services, L.L.C., in furtherance of this resolution.

Thus done and signed this 15th day of June, 2018.

DRUG-FREE WORKPLACE

Fill in Form

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH BIDDER

Preference must be given to BIDDER submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

CITY OF PLANTATION
E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH BIDProject Name: City-Wide Rehabilitation of Sewer Lateral Pipe LiningProject No.: 070-21

1. Definitions:

“*Contractor*” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “Contractor” includes, but is not limited to, a vendor or consultant.

“*Subcontractor*” means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

“E-Verify system” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Contractors, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the City of Plantation. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland

Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

- c) Should vendor become the successful Contractor awarded for the above-named project, by entering into the contract, the Contractor shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a subcontractor knowingly violated s. 448.095 (2), but the Contractor otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "wavier of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

LOCAL BUSINESS CERTIFICATION

Fill in Form

TO BE RETURNED WITH BID

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code **shall not** apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated: 07/26/2021

Signed: 

Printed Name of Signor: JACOB TRAPANI

Title of Signor: VICE PRESIDENT

Name of Bidder: BLD SERVICES, LLC

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for sealed proposals) (but only where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (sealed bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the
Page 3 of 3 Revised 9/2014

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in section 2-226(b) (which is currently three thousand five hundred sixty-nine dollars (\$3,569.00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in section 2-220(b) (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(e)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section.

(Ord. No. 2437, § 1, 2-10-2010)

NON-COLLUSION CERTIFICATION

Fill in Form

TO BE RETURNED WITH BID

By signing and submitting this bid, the BIDDER certifies that this bid is made independently and free from collusion.

BIDDER shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the BIDDER's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the BIDDER, or if they otherwise stand to personally gain if the contract is awarded to this BIDDER.

Failure to submit this executed statement as part of the bid shall make the bid nonresponsive and not eligible for award consideration. In the event the BIDDER does not indicate any names, the CITY shall interpret this to mean that the BIDDER has indicated that no such relationships exist. Failure of a BIDDER to disclose any relationship described herein shall be reason for termination of bid or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY
OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH BID

The Broward County Office of Inspector General (“OIG”) has the authority to review and investigate how governmental contracts are performed and how BIDDERS and vendors (herein, “BIDDERS”) are paid. To this end, BIDDER agrees to cooperate with the OIG in the event the BIDDER is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of BIDDER’s written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The BIDDER acknowledges and agrees that whatever work or effort is expended by BIDDER in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the BIDDER to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The BIDDER’s failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the BIDDER is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the BIDDER is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, BIDDER shall advise CITY, in writing and in the same manner as BIDDER gives the City formal notice under this Contract, each instance, if ever, that the BIDDER is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the BIDDER is fully performing the requirements of this Paragraph.

BID FORM

Bidding Company's Name: BLD SERVICES, LLC

Address: 2424 TYLER STREET, KENNER, LA 70062

Phone: 504-466-1344

Email: jacob@bldllc.net

To furnish and deliver all materials and to do and perform all work in accordance with the Contract Documents for the Project entitled:

CITY-WIDE REHABILITATION OF SEWER LATERAL PIPE LINING
ITB No. 070-21
City of Plantation

TO: City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

The Undersigned BIDDER proposes and agrees if this bid is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Contract Documents for the Contract Price and within the Contract Time indicated in this Bid and in accordance with the Contract Documents.

BIDDER accepts all of the terms and conditions of the Instructions to Bidders, including without limitation. This bid will remain open for thirty days after the day of Bid Opening.

A. BIDDER has examined copies of all the Contract Documents and of the following Addenda:
(if any addenda have been issued)

3-23	Traffic control - daily charge for each barricade.	250	EA	\$ 2.00	\$ 500.00
			Total Bid:		\$ 397,750.00

TOTAL BASE BID FOR ALL BID ITEMS:

Three Hundred Ninety-Seven Thousand Seven Hundred Fifty _____ Dollars and **No** _____ Cents

Note No. 1: The contractor is directed to bid and install the above minimum CIPP material thicknesses. The contractor is responsible for providing sealed design calculations confirming the stated thicknesses are appropriate for the intended installation. Design requirements that indicate a thicker material will be compensated at the above unit prices for additional thickness. All designs in accordance with ASTM F1216, X1.

Note No. 2: If Contractor is awarded a contract. Contractor shall provide a written quotation of work identified by City within two (2) weeks of request for quotation. The Contractor shall commence the work within three (3) weeks of receipt of Purchase Order.

Bidder accepts the provisions of the Agreement as to liquidated damages in the event of failure to complete the Work on time.

Communications concerning this Submittal shall be addressed to the address of Bidder indicated below.

BID FORM

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the CONTRACTOR.

Second: Within fifteen days from the "Notice of Award", of this submittal, to execute the Contract.

To do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the BIDDER. SUBMITTED ON July 26 2021

COMPLIANCE UNDER SECTION 119.0701
FLORIDA STATUTES

TO BE RETURNED WITH BID

The CONTRACTOR hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the CONTRACTOR does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the contractor or keep and maintain public records required by the public agency to perform the service. If the CONTRACTOR transfers all public records to the public agency upon completion of the contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the contractor keeps and maintains public records upon completion of the contract, the contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, abeggerow@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

EXPERIENCE

Mr. Trapani has over 34 years of management experience in the utility and sewer rehabilitation industry. He is responsible for the overall management, operations and administration of BLD's Trenchless Rehabilitation Division which includes Cured-In-Place-Pipe (CIPP) lateral lining and pipe cleaning/CCTV inspection services. Jacob, in conjunction with the President, is responsible for developing, implementing, and leading all activities to achieve BLD's financial, quality, and safety objectives. He supports the field operations in all phases of construction and related functions; coordinates training and other skill development for operations personnel; and is also responsible for market strategy and customer development in his area of responsibility. Prior to joining BLD, Jacob had a long career with Insituform Technologies accumulating extensive experience in the CIPP industry. While at Insituform, he held multiple Operations Management positions including General Manager of the Louisiana office which managed CIPP rehabilitation for Louisiana, Arkansas, Alabama, Tennessee, Mississippi, and Kentucky and included a construction portfolio exceeding \$50 million annually. Jacob is the current President of NASSCO and highly involved with ASTM International.

WORK HISTORY

2009 - Present: Vice President - BLD Services Rehab Operations

2003 - 2009: General Manager - Insituform Technologies Gulf Coast

2002 - 2003: District Manager - Insituform Technologies

1995 - 2002: Operation/Production Manager - Insituform

EXPERIENCE

Mark began his trenchless career at Insituform Technologies in 1994 as a Superintendent moving up as Project Manager in the Florida market averaging \$15 million in revenue annually. In 2010, Mark brought his expertise to BLD as Project Manager for the Florida, South Georgia area where he is responsible for coordinating and managing five crews. He has also assisted in the enhancement and development lateral lining equipment and processes. Currently, Mark oversees five full-time CIPP lateral lining crews in Florida generating an annual revenue in excess of \$10 million.

- Successfully installed over 6000 CIPP laterals and over 2,000,000 LF of CIPP mainline
- Oversee and coordinate operations associated with our lateral lining crews, setting goals and production standards
- Enhancement and development of BLD lateral products and equipment
- Responsible for meeting the profitability objectives of the FL business unit as defined by the corporation
- Established and implemented a set of controls, processes, and systems to stream-line all work from set-up to restoration

WORK HISTORY

2010 - Present: CIPP Project Manager BLD Services

2006 - 2010: Project Manager Insituform Technologies

2000 - 2006: General Superintendent Insituform Technologies

1994 - 2000: Superintendent Insituform Technologies

JONDELL JOHNSON

GENERAL SUPERINTENDENT CIPP LATERAL LINING

CONTRACTOR Name: BLD SERVICES, LLC
CONTRACTOR FEIN: 72-1512625
CONTRACTOR Authorized Representative Name and Title: JACOB TRAPANI/VICE PRESIDENT
Address: 2424 TYLER STREET
City: KENNER State: LA Zip: 70062
Phone Number: 504-466-1344
Email Address: jacob@bdlc.net

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, CONTRACTOR is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of CONTRACTOR, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, CONTRACTOR may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com/>.

Certified By: ,

BID FORM

Bidding Company's Name: LMK Pipe Renewal, LLC

Address: 1131 NW 55th St, Fort Lauderdale, FL. 33309

Phone: 815-482-4877

Email: shaun@lmkpipe.com

To furnish and deliver all materials and to do and perform all work in accordance with the Contract Documents for the Project entitled:

CITY-WIDE REHABILITATION OF SEWER LATERAL PIPE LINING
ITB No. 070-21
City of Plantation

TO: City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

The Undersigned BIDDER proposes and agrees if this bid is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Contract Documents for the Contract Price and within the Contract Time indicated in this Bid and in accordance with the Contract Documents.

BIDDER accepts all of the terms and conditions of the Instructions to Bidders, including without limitation. This bid will remain open for thirty days after the day of Bid Opening.

A. BIDDER has examined copies of all the Contract Documents and of the following Addenda:
(if any addenda have been issued)

DATE:

[]

			Total Bid:		\$ 664,525.00

TOTAL BASE BID FOR ALL BID ITEMS:

Six hundred sixty-four thousand five hundred twenty-five _____ Dollars and **zero** _____ Cents

Note No. 1: The contractor is directed to bid and install the above minimum CIPP material thicknesses. The contractor is responsible for providing sealed design calculations confirming the stated thicknesses are appropriate for the intended installation. Design requirements that indicate a thicker material will be compensated at the above unit prices for additional thickness. All designs in accordance with ASTM F1216, X1.

Note No. 2: If Contractor is awarded a contract. Contractor shall provide a written quotation of work identified by City within two (2) weeks of request for quotation. The Contractor shall commence the work within three (3) weeks of receipt of Purchase Order.

Bidder accepts the provisions of the Agreement as to liquidated damages in the event of failure to complete the Work on time.

Communications concerning this Submittal shall be addressed to the address of Bidder indicated below.

BID FORM

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the CONTRACTOR.

Second: Within fifteen days from the "Notice of Award", of this submittal, to execute the Contract.

To do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the BIDDER. SUBMITTED ON 27 2021

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY)

7/20/2021

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer any rights to the certificate holder in lieu of such endorsement(s).

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a “thirty (30) day notice of cancellation” on all certificates of insurance.
- F. The City requires a “wavier of subrogation” for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

FAX NO.: _____

EMAIL ADDRESS: _____

1. State the true, exact, correct and complete name of the partnership, corporation, trade or fictitious name under which you do business and the address of the place of business.

The correct name of the BIDDER is: _____

The address of the principal place of business is: _____

The business is a (Sole Proprietorship) _____ (Partnership) _____ (Corporation) _____

2. If BIDDER is a corporation, answer the following:

- a. Date of Incorporation: _____
- b. State of Incorporation: _____
- c. President's Name: _____
- d. Vice President's Name: _____
- e. Secretary's Name: _____
- f. Treasurer's Name: _____
- g. Name and address of Resident Agent: _____

3. If BIDDER is an individual or a partnership, answer the following:

- a. Date of organization: _____
- b. Name, address and ownership units of all partners: _____
- c. State whether general or limited partnership: _____

QUALIFICATION STATEMENT

Fill in Form

4. If BIDDER is other than an individual, corporation or partnership, describe the organization and give the name and address of principals:

5. If BIDDER is operating under a fictitious name, submit evidence of compliance with the Florida Fictitious Name Statute.
6. How many years has your organization been in business under its present business name: _____
 - a. Under what other former names has your organization operated?

7. Indicate registration, license numbers or certificate numbers for the business or professions that are the subject of this Proposal. Please attached certificate of competency and/or state registration. Please include the foregoing information for all parties to be assigned to the project.

8. Have you personally inspected the site(s) of the proposed work? (Y) _____ (N) _____
9. Do you have a complete set of documents, including agenda? (Y) _____ (N) _____
10. Have you ever failed to complete any work awarded to you? If so, state when, where and why?

11. Within the five (5) years, has any officer or partner of your organization ever been an officer or partner of another organization when it failed to complete a contract? If so, explain fully.

12. State the names, telephone numbers and last known addresses of three (3) owners, individuals or representatives of owners with the most knowledge of work which you have performed or goods you have provided, and to which you refer (government owners are preferred as references).

13. List the pertinent experience of the key individuals of your organization (continue on insert sheet, if necessary).

14. Provide a list of similar projects, which have been completed within the past five (5) years, including project description, owner's names, addresses and phone numbers.

15. Provide a list of work currently under contract.

QUALIFICATION STATEMENT

Fill in Form

16. List all disputes, claims, mediations and litigation in which the bidding entity, a parent entity, an affiliate entity, a predecessor entity or other entities with which you were then associated or affiliated were involved in any contract disputes over the last five (5) years as of the solicitation response due date. If BIDDER is a joint venture, the information provided should encompass the joint venture and each of the entities forming the joint venture. For said claim, identify with particularity the nature of such dispute, the names and addresses of the other parties to such disputes, and whether or how such disputes were resolved, including any mediation, arbitration or litigation involved and dollar awards. [Do not include disputes, claims, mediations and litigation that involve only garnishment, auto negligence, personal injury, or a proof of claim filed by BIDDER]

17. List all disputes, claims, mediations and litigation between the Owner and any of the responding entity's subcontractors/subconsultants over the last five (5) years as of the solicitation response due date.

18. Has any governmental entity within the last five (5) years commenced proceedings to discipline any of the officers, partners, or principals of the BIDDER, or sought to revoke a license held by the BIDDER (or its qualifying agent)? If so, please describe in detail the proceedings and how the matter was resolved.

19. Will you sublet any part of this work? If so, give details. (sub-contractor's name, address, phone number and contact)

20. Provide a list of equipment available to be committed to perform the work contemplated under this contract.

21. Please list any objections to the text of the Contract Documents in the area below or on separate sheets of paper attached hereto, if necessary.

22. Please attach a copy of your latest financial statement.

STATEMENT UNDER SECTION 287.087
FLORIDA STATUTES

TO BE RETURNED WITH BIDDER

Preference must be given to BIDDER submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

LOCAL BUSINESS CERTIFICATION**TO BE RETURNED WITH BID**

The undersigned affirms as true, under penalties of perjury, as follows:

The undersigned, a principal or corporate officer of the business listed below, has read and is familiar with the provisions of City of Plantation Ordinance Number 2437, § 1 which codified Section 2-227 of the City Code.

Pursuant to Section 255.0991, for a competitive solicitation for construction services in which 50 percent or more of the cost will be paid from state-appropriated funds which have been appropriated at the time of this competitive solicitation, Section 2-227 of the City Code **shall not** apply.

The undersigned, as such principal or corporate officer, further certifies to the best of his/her information and belief that such business is a Local Business as defined by the Code.

The undersigned claims qualification in the event that the Local Business Preference applies to this procurement and the business is determined to be a Qualified Local Business as defined by the Code.

Dated: _____

Signed: _____

Printed Name of Signor: _____

Title of Signor: _____

Name of Bidder: _____

Sec. 2-227. - Local business preference.

(a)

Definitions. For purposes of this section, the following terms shall have the respective meanings as set forth in this subsection:

Business location means a permanent office or other use of property in which a vendor operates, conducts, engages in or carries on all or a portion of its business, provided that the mere use of a post office box shall not be sufficient to constitute a business location under this provision.

Local business means a vendor or contractor who has paid its local business tax to the City of Plantation at least six (6) months prior to bid or proposal opening date; does business in the city community by providing goods, services, or construction; and maintains a physical business address located within the jurisdictional limits of the city in an area zoned for the conduct of such business from which the vendor or contractor operates or performs business on a day-to-day basis. Post office boxes shall not be used for the purpose of establishing said physical address.

Qualified local business means a local business that satisfies the requirements under the bid or proposal guidelines to perform the services or goods requested.

Vendor means a sole proprietorship, partnership, corporation, limited partnership or limited liability corporation or other recognized business entity that offers to contract with the city for either goods or services.

(b)

Procedure; notice of option to match lowest response. The city shall give a preference to a qualified local business that responds to competitive procurement in the following manner:

(1)

If a qualified local business submits a response to one (1) of the city's competitive procurement processes set forth in section 2-220(b) (requests for sealed proposals) (but only where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will be available), (d) (requests for competitive proposals), 2-220(e) (sealed bids in response to an invitation to bid), and 2-220(f) (design build projects which are procured using a competitive proposal process), or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments, and the original response of the qualified local business is within five (5) percent of the low response, then the city shall give the qualified local business the opportunity to meet the price of the low response. The order of preference by which the qualified local business shall be given the opportunity to match the low response shall be from the lowest to the highest response, as long as the initial response was within five (5) percent of the low response.

(2)

The city shall give the qualified local business written notice of the opportunity to match the price of the low response within five (5) business days of determining the low response. There shall only be one (1) valid notice of an opportunity to match the price of the low response outstanding at any one (1) point in time. Notice shall be deemed received by the qualified local business by mailing or otherwise transmitting the notice to the address, email, facsimile or otherwise that was supplied by the qualified local business at the time of responding.

(3)

The qualified local business to whom a written notice has been mailed or otherwise transmitted must respond to the city in writing. If the qualified local business fails to file a response to the notice with the city within two (2) days of the posting or transmission of the notification of the
Page 3 of 3 Revised 9/2014

option to match the low response, then the failure to respond shall be deemed to be a denial of the opportunity to match the low response. Should the qualified local business choose to meet the price of the low response, then the city shall award the contract to the qualified local business. If no qualified local business accepts the option to match the low response, then the contract shall be offered to the lowest responder.

(c)

Disclosure. The requirements of the city's local policy shall be disclosed in all the city's competitive procurement processes to which this preference applies or informal purchases in excess of the current amount of three thousand five hundred sixty-nine dollars (\$3,569.00), as referenced and indexed in section 2-226(b) and as may be increased or decreased by authorized adjustments.

(d)

Exceptions. The procurement preference set forth in this section shall not apply to any of the following purchases or contracts:

(1)

Goods or services provided under a cooperative purchasing agreement or interlocal agreement;

(2)

Purchases or contracts which are funded, in whole or in part, by a governmental entity where the laws, regulations, or policies governing such funding prohibit or prevent the application of the preference;

(3)

Purchases made or contracts let under emergency or noncompetitive situations;

(4)

Purchases with an estimated cost of less than the amount stipulated for informal bids, as referenced and indexed in section 2-226(b) (which is currently three thousand five hundred sixty-nine dollars (\$3,569.00)) and as may be increased or decreased by authorized adjustments;

(5)

Purchases or contracts procured utilizing procurement processes set forth in section 2-220(b) (requests for sealed proposals) (except where the procurement documents in a request for sealed proposals expressly indicates that the local business preference created by this section will apply) (c), (requests for qualifications), and (g) (design build projects and professional services contracts which are competitively procured using a qualifications based procurement process); and,

(6)

Notwithstanding the above, any purchase using any of the available procurement processes in this Code wherein the procurement documents expressly indicate that the local business preference set forth in this section shall not be available.

(e)

The application of local preference to a particular purchase, contract, or category of contracts for which the city council is the awarding authority may be waived upon written justification and recommendation by the mayor and approval of the city council.

(f)

The preference established in this section does not prohibit the right of the city council or the mayor to compare quality or fitness for use of supplies, materials, equipment and services proposed for purchase and compare qualifications, character, responsibility and fitness of all persons, firms, or corporations submitting bids or proposals.

(g)

The response preference established in this section does not prohibit the city council, or mayor, from giving any other preference permitted by law in addition to the preference authorized in this section.

Project Name: _____

Project No.: _____

1. Definitions:

“*Contractor*” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “*Contractor*” includes, but is not limited to, a vendor or consultant.

“*Subcontractor*” means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

“*E-Verify system*” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Contractors, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the City of Plantation. The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland

Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

- c) Should vendor become the successful Contractor awarded for the above-named project, by entering into the contract, the Contractor shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a subcontractor knowingly violated s. 448.095 (2), but the Contractor otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

- **Larry W. Kiest, Jr.**
CEO

Larry Kiest Jr. is an inventor and entrepreneur who has continuously introduced innovations to the underground trenchless utility industry for more than 30 years.

Larry founded LMK Technologies in Ottawa, Illinois in 1993. He went on to establish LMK Pipe Renewal, LLC located in Fort Lauderdale, Florida serving as CEO/President since 2006. He leads educated and skilled top-level teams that provides specialized sewer renovation services for municipalities throughout the state of Florida.

Larry is an internationally respected leader and speaker in the Trenchless Industry. He has authored numerous technical papers presented at industry conferences and published in industry trade journals.

Larry has authored five ASTM Industry Standards relating to materials and methods for trenchless pipe renovation targeting sealing leaking collection systems:

ASTM-F2561, ASTM-F3240, ASTM-F2588, ASTM-F3097, ASTM F3033

Larry has developed materials, equipment, and processes for the rehabilitation of underground sewer systems with a major focus on gasket sealing CIPP for long-term water tightness resulting in more than 250 patents issued in 14 countries.

- **Shaun Flanery**
Vice President

Shaun have over 25 total years' experience of installing T-Liners manufactured by LMK Technologies. Flanery had 3 years as Vice President of LMK Pipe Renewal. Business Development Manager, Estimating, Operations. Flanery has extensive knowledge in production and project cost estimating.

Prior to joining LMK Pipe Renewal, Flanery served as owner operator of Performance Pipeline building on of the largest and most productive licensees of LMK Technologies.

- **Matt Linton**
Director of Operations

Matthew Linton is the Director of Operations at LMK Pipe Renewal, LLC. Linton started with LMK Pipe Renewal in August 2018, and during his time in this role, he has developed expertise in several aspects related to CIPP construction projects, including Vac-A-Tees® and restoration.

Prior to joining LMK Pipe Renewal, Linton served as construction foreman at L & R Construction in Ottawa, IL. In this position he scheduled laborers, operators, and equipment for construction projects. Linton also spent eleven years at Performance Pipelining, Inc. as field superintendent before holding the position of Chief Technical Officer.

Linton's areas of expertise include CIPP installation, equipment operation training and CIPP project management.

- **Frank Schwartz**
Project Manager

Frank Schwartz is the head of West Coast Business Development at LMK Pipe Renewal, LLC. In the role of company liaison since 2018, Schwartz has been responsible for the development and retention of client relations, preparing project estimates, reviewing bid documentation, and overseeing project management. Preceding this role, he worked for eight years as an account executive for LMK Pipe, ensuring quality review throughout the sales and installation process.

Prior to joining LMK Pipe Renewal, LLC, Schwartz was a business owner and operator in his own right, providing services as a certified home inspector. In this capacity, Frank performed complete inspections of buildings and facilities - including exterior structure and foundations - to provide customers with reports of home or building conditions.

Schwartz is a respected speaker in the trenchless technology industry. He has given multiple presentations on the understanding and advantages of the ASTM 2561 Industry Standard for lateral lining.

Schwartz also holds several professional certifications for home inspection, construction management and EPA Mold Testing. He is also an active member of the American Public Works Association (APWA), and spends his spare time helping to better his community as an active volunteer with his church.

- **Andrea Sorensen**
Project Manager

Andrea joined LMK Pipe Renewal over 2 years ago bring a background in engineering. Sorensen is responsible overseeing the day-to-day production and communicating with the customers to make sure everyone is on task and customer is informed of production.

Sorensen started at LMK Pipe Renewal developing the video review department and with hard work and dedication has moved into a project manager role. She has become a valued and knowledgeable member of LMK Pipe Renewal's team.

- **Kevin Orlowski**
Information Control Manager

Kevin is the head of our Information Control center. His day-to-day communication with team leaders and gathering of information plays a key role in LMK Pipe Renewal. He can transfer that information into project management software that helps with managing projects and helps team leaders on there day to day scheduling.

Kevin started at LMK Pipe Renewal as a robot truck operator were, he became of leader in his field with installations of cap-a-connections and cutting out defective liners and installing sectionals. This unique experience has proven to be a value in his newer position with LMK Pipe Renewal as Information Control Manager.

TO BE RETURNED WITH BID

By signing and submitting this bid, the BIDDER certifies that this bid is made independently and free from collusion.

BIDDER shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the BIDDER's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the BIDDER, or if they otherwise stand to personally gain if the contract is awarded to this BIDDER.

Failure to submit this executed statement as part of the bid shall make the bid nonresponsive and not eligible for award consideration. In the event the BIDDER does not indicate any names, the CITY shall interpret this to mean that the BIDDER has indicated that no such relationships exist. Failure of a BIDDER to disclose any relationship described herein shall be reason for termination of bid or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH BID

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how BIDDERS and vendors (herein, "BIDDERS") are paid. To this end, BIDDER agrees to cooperate with the OIG in the event the BIDDER is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of BIDDER's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The BIDDER acknowledges and agrees that whatever work or effort is expended by BIDDER in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the BIDDER to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The BIDDER's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the BIDDER is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the BIDDER is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, BIDDER shall advise CITY, in writing and in the same manner as BIDDER gives the City formal notice under this Contract, each instance, if ever, that the BIDDER is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the BIDDER is fully performing the requirements of this Paragraph.

TO BE RETURNED WITH BID

BID BOND

Bond No. Bid Bond

CONTRACTOR:

Name: LMK Pipe Renewal, LLC

Legal Status: Limited Liability Company

Address: 1131 NW 55th Street, Fort Lauderdale,
FL 33309

SURETY:

Name: North American Specialty Insurance Company

Legal Status: Corporation

Principal place of Business: 1200 Main Street, Suite 800, Kansas City, MO 64105

CITY:

City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

BOND AMOUNT: \$ Five Percent (5%) of Total Amount Bid

PROJECT:

ITB No. 070-21 City-Wide Rehabilitation of Sewer Lateral Pipe Lining, Name, Location, Project Title
Plantation, FL

The CONTRACTOR and Surety are bound to the CITY in the amount set forth above, for the payment of which the CONTRACTOR and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. Now, therefore, if the CITY shall accept the Bid of the CONTRACTOR and the CONTRACTOR shall enter into a Contract with the CITY in accordance with the terms of such Bid, and give such Public Construction, Performance and Payment Bond or Bonds as may be specified in the Bid or Contract Documents with good and sufficient surety acceptable to the CITY, and furnish insurance coverages to CITY as required by the Contract Documents then this obligation shall be null and void, otherwise Surety shall pay over to the CITY immediately the full penal sum of this Bid Bond upon demand. The Surety, for the value received, hereby stipulates and agrees that the obligations of said Surety shall not be impaired or affected in any way by any extensions of the time within which the CITY may accept the Bid of the CONTRACTOR and said Surety does hereby waive notice of any such extension.

Any changes in or under the contract documents, compliance or non-compliance with any formalities connected with the contract or the changes does not affect the surety's obligation under this bond. While the CONTRACTOR's allegation that its entering into the contract was prevented or frustrated by the CITY, does not affect the surety's continuing obligation to perform, a finding to such effect by a Trier of fact would affect the surety's continuing obligation.

Subject:

Request for authorization and approval to participate in the City of Margate contract (No. 2019-009) and utilize Pavement Technology, Inc. for Asphalt Rejuvenation.

Summary:

Request for authorization and approval of the following:

1. To participate in the City of Margate contract (No. 2019-009) and utilize Pavement Technology, Inc. for Asphalt Rejuvenation until August 21, 2022.
2. To issue purchase not to exceed \$0.95 per square yard for applications of Reclaimate Asphalt Rejuvenation Agent
3. To issue purchase not to exceed \$1.49 per square yard for A.R.A.-1 T1 Pollution-Reducing Polymerized Rejuvenation.
4. To issue purchase orders that may exceed an aggregate value of \$25,000.00.

Background:

Strategic Priority - Quality of Life

Public Works Department Information:

With any asset, the life cycle cost is lowest when that asset is properly maintained. Consequently when it comes to roadways, by spending money at the “Top of the Curve” we are able to touch more miles more frequently thereby lowering the “cost of

ownership”. We do this by using a Maltene-based asphalt rejuvenator called Reclamite® which puts back the light oils that allow the binder in asphalt pavement to remain pliable and resist fatigue adding approximately 5 years to the life of those roadways. This type of “Top of the Curve” approach is encouraged by the Federal Highway Administration and has been adopted by dozens and dozens of agencies in Florida. The proper time to apply Reclamite® Asphalt Rejuvenator is while the pavement is in good condition, typically 1 to 5 years after paving. Reclamite® works by rejuvenating the asphalt binder and sealing the existing roadway from water intrusion while not obliterating existing pavement markings. Residents can drive on the treated road in as little as 20 minutes.

Procurement Department Information:

The City of Margate competitively solicited (Bid No. 2019-009) for Asphalt Rejuvenation, this advertisement resulted in one (1) bid submission from Pavement Technology, Inc. The bid was reviewed and submitted to the City of Margate Commission for consideration. The City of Margate adopted and approved the award and execution of a contract with Pavement Technology, Inc on August 21, 2019. The following cities participated and are named in this solicitation- City of Margate (lead agency), Miami-Gardens, and City of Plantation. Work performed under this contract shall be on an as needed basis, performed in accordance with Contract No. 2019-19, and shall be complete within the agreed upon time frame established by the Director of Public Works and the Contractor for each assigned project, pursuant to available funding. The original executed agreement contains a renewal provision for three (3) additional one (1) years extensions, providing both parties agree, providing all terms and conditions and specifications remain the same; providing for availability of funding. The City of Margate has exercised the first of three available renewal options.

Based on the foregoing information, the Public Works and Procurement Departments staff recommend authorization and approval of the following:

1. To participate in the City of Margate contract (No. 2019-009) and utilize Pavement Technology, Inc. for Asphalt Rejuvenation until August 21, 2022.
2. To issue purchase not to exceed \$0.95 per square yard for applications of Reclaimate Asphalt Rejuvenation Agent
3. To issue purchase not to exceed \$1.49 per square yard for A.R.A.-1 T1 Pollution-Reducing Polymerized Rejuvenation.
4. To issue purchase orders that may exceed an aggregate value of \$25,000.00.

This item is now ready for City Council consideration.

Funding:

Account Number: **113-1300-541-5301**

Amount:

1. Not to exceed \$0.95 per square yard for applications of Reclaimate Asphalt Rejuvenation Agent.
2. Not to exceed \$1.49 per square yard for A.R.A.-1 T1 Pollution- Reducing Polymerized Rejuvenation.

Finance Director/Budget Manager Recommendation:

The Road and Traffic Control Fund budget for the Asphalt Rejuvenation program is as follows:

FY2021 Adopted Budget \$1,135,000

FY2022 Proposed Budget \$1,148,970

No funds have been used in FY2021.

CITY OF MARGATE, FLORIDA

RESOLUTION NO. 19-085

A RESOLUTION OF THE CITY OF MARGATE, FLORIDA, APPROVING CONTRACT AND AWARDED BID NO. 2019-009 FOR ASPHALT REJUVENATION, TO PAVEMENT TECHNOLOGY INC., IN AN AMOUNT NOT TO EXCEED \$0.95 PER SQUARE YARD FOR APPLICATIONS OF RECLAMITE ASPHALT REJUVENATION AGENT OR \$1.49 PER SQUARE YARD FOR A.R.A.-1 TI POLLUTION-REDUCING POLYMERIZED REJUVENATING SEAL; UTILIZING A JOINT COOPERATIVE BID; PROVIDING FOR EFFECTIVE DATE.

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF MARGATE, FLORIDA:

SECTION 1: That the City Commission of the City of Margate, Florida, approves a contract and award of Bid No. 2019-009 for asphalt rejuvenation, to Pavement Technology, Inc., in an amount not to exceed \$0.95 per square yard for applications of reclamite asphalt rejuvenation agent or \$1.49 per square yard for A.R.A.-1 TI pollution-reducing polymerized rejuvenating seal.

SECTION 2: That this contract shall be awarded under a joint cooperative bid for the cities of Margate, Miami-Gardens, and Plantation, with the City of Margate acting as lead agency.

SECTION 3: That the Mayor and City Manager are authorized and directed to execute a contract for the above, or the administration is authorized to issue a purchase order to implement same.

SECTION 4: That this Resolution shall become effective immediately upon its passage.

PASSED, ADOPTED AND APPROVED THIS 21ST day of AUGUST, 2019.

CONTRACT

THIS CONTRACT, made and entered into this 21st day of August, 2019, by and between:

CITY OF MARGATE, FLORIDA, a municipal corporation organized and existing under the laws of the State of Florida, 5790 Margate Blvd., Margate, Florida, 33063, (hereinafter referred to as "CITY"); and Pavement Technology, Inc. 24144 Detroit Road, Westlake, Ohio 44145 (hereinafter referred to as "CONTRACTOR").

WITNESSETH:

IN CONSIDERATION of the mutual covenants and conditions as herein expressed and of the faithful performance of all such covenants and conditions, the parties do mutually agree as follows:

ARTICLE I

THE CONTRACT DOCUMENTS

The Contract Documents consist of all of the following: Notice Inviting Bid, Instructions to Bidders, Special Conditions, Bid Proposal Form, Schedule of Bid Prices, Information Required of Bidders, Bid Bond, Reference Sheet, Non-Collusive Affidavit, Drug-Free Workplace Form, Performance Bond, and Certificate of Insurance, and which are made a part of this contract, or any additional documents which are required to be submitted under the Contract, and all amendments, modifications and supplements issued on or after the effective date of the Contract.

ARTICLE 2

SCOPE OF THE WORK

CONTRACTOR shall furnish all of the labor, materials, equipment, transportation, supplies, and services necessary to perform all of the work required by the Contract Documents for:

BID NO. 2019-009 ASPHALT REJUVENATION PROJECT

ARTICLE 3

CONTRACT TIME

TIME IS OF THE ESSENCE OF THIS CONTRACT. A purchase order shall be issued by the City. Work shall be performed on an as needed basis and shall be complete within the agreed upon time frame established by the Director of Public Works and the Contractor for each assigned project. Failure to achieve timely, substantial, and/or final completion shall be regarded as a breach of this Contract and subject to appropriate remedies.

Contractor shall in accordance with the instructions received from the City, furnish all of the labor, materials, equipment, transportation, supplies and services necessary to perform all asphalt rejuvenation work required as specified by the City of Margate, from the date of this agreement, for a period of two (2) years with an option to renew for three (3) additional one (1) year extensions, providing both parties agree, providing all terms and conditions and specifications remain the same; providing for availability of funding. Rates shall remain fixed and firm for the initial contract term. Rates for any extension options are subject to negotiation, and if adjusted, approved by the City Commission.

ARTICLE 4

CONTRACT SUM

1. CITY shall pay to CONTRACTOR the amount of \$0.95 per square yard for applications with Reclamite asphalt rejuvenation agent or \$1.49 per square yard for applications with the offered alternate product A.R.A.-1 TI pollution-reducing polymerized rejuvenating seal for all scheduled work projects upon its determination that the project has been completed.
2. Payment shall be made at the above itemized price for all completed work upon approval by the City. This price shall be full compensation for all costs associated with completion of all the work in full conformity with the requirements as stated or shown, or both in the Contract Documents.

ARTICLE 5

PAYMENT

1. The CONTRACTOR shall requisition payment for work completed. Payment shall be made as above provided upon full completion of the job as determined by CITY together with properly executed releases of liens by all subcontractors, suppliers and materialmen as may be required by CITY. CITY shall make payment to CONTRACTOR within 30 calendar days after its approval.
2. CITY may withhold in whole or in part, payment to such extent as may be necessary to protect itself from loss on account of:
 - a. Defective work not remedied.
 - b. Claims filed or unreasonable evidence indicating the probable filing of claims by other parties against the CONTRACTOR.
 - c. Failure of the CONTRACTOR to make payment to subcontractors or suppliers for materials or labor.
 - d. Damage to the CITY or to another contractor not remedied.
 - e. Reasonable evidence that the work cannot be completed for the unpaid balance of the Contract time.
 - f. Reasonable evidence that the work will not be completed within the Contract Time.
 - g. Persistent failure to carry out the work in accordance with the Contract Documents.

When the above grounds are removed or resolved or the CONTRACTOR provides a surety bond or a consent of surety satisfactory to the CITY which will protect the CITY in the amount withheld, payment may be made in whole or in part.

ARTICLE 6

FINAL PAYMENT

Final payment, constituting the entire unpaid balance of the Contract Sum, shall be paid by the CITY to the CONTRACTOR when all outstanding work has been completed and all controversy regarding the preceding has been settled to the CITY'S satisfaction.

ARTICLE 7

MISCELLANEOUS PROVISIONS

1. Terms used in this Agreement which are defined in the Special and General Conditions of the Contract shall have the meanings designated in those Conditions.
2. This agreement shall have been deemed to have been executed within the State of Florida. The validity, construction, and effect of this Agreement shall be governed by the laws of the State of Florida. Any claim, objection, or dispute arising out of this Agreement shall be litigated only in the Seventeenth Judicial Circuit in and for Broward County, Florida.
3. No waiver of any provision, covenant, or condition within this agreement or of the breach of any provision, covenant, or condition within this agreement shall be taken to constitute a waiver of any subsequent breach of such provision, covenant, or condition.
4. CONTRACTOR shall not assign or transfer the Contract or its rights, title or interests therein without CITY'S prior written approval. The obligations undertaken by CONTRACTOR pursuant to the Contract shall not be delegated or assigned to any other person or firm unless CITY shall first consent in writing to the assignment. Violation of the terms of this Paragraph shall constitute a breach of Contract by CONTRACTOR and the CITY may, at its discretion, cancel the Contract and all rights, title and interest of CONTRACTOR shall thereupon cease and terminate.
5. This agreement, and attachments, represents the entire understanding of the parties as to the matters contained herein. No prior oral or written understanding shall be of any force and effect with respect to those matters covered hereunder. This agreement may only be modified by amendment in writing signed by each party.
6. **THE PARTIES TO THIS AGREEMENT HEREBY KNOWINGLY, IRREVOCABLY, VOLUNTARILY AND INTENTIONALLY WAIVE ANY RIGHT EITHER MAY HAVE TO A TRIAL BY JURY IN RESPECT TO ANY ACTION, PROCEEDING, LAWSUIT OR COUNTERCLAIM BASED UPON THE CONTRACT, ARISING OUT OF, UNDER, OR IN CONNECTION WITH THE MATTERS TO BE ACCOMPLISHED IN THIS AGREEMENT, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR THE ACTIONS OR INACTIONS OF ANY PARTY.**
7. **SCRUTINIZED COMPANIES:** In accordance with s. 287.135, Florida Statutes, as amended, a company is ineligible to, and may not bid on, submit a proposal for, or enter into or renew a contract with an agency or local governmental entity for goods or services if:

- a. Any amount of, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company is on the Scrutinized Companies that Boycott Israel List, created pursuant to s. 215.4725, Florida Statutes, or is engaged in a boycott of Israel; or
- b. One million dollars or more, if, at the time of bidding on, submitting a proposal for, or entering into or renewing such contract, the company:
 - i. Is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to s. 215.73, Florida Statutes; or
 - ii. Is engaged in business operations in Syria.
- c. By submitting a bid, proposal or response, the company, principals or owners certify that they are not listed on the Scrutinized Companies that Boycott Israel List, Scrutinized Companies with Activities in Sudan List, Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or is engaged in business operations in Syria.

8. PUBLIC RECORDS: The Contractor shall comply with Florida's Public Records Act, Chapter 119, Florida Statutes, and specifically agrees to:

- A. Keep and maintain public records required by the City of Margate to perform the service.
- B. Upon request from the City of Margate's custodian of public records, provide the City of Margate with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the Contractor does not transfer the records to the City of Margate.
- D. Upon completion of the Agreement, transfer, at no cost, to the

City of Margate all public records in possession of the Contractor or keep and maintain public records required by the City of Margate to perform the service. If the Contractor transfers all public records to the City of Margate upon completion of the Agreement, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the Agreement, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the City of Margate, upon request from the City of Margate's custodian of public records, in a format that is compatible with the information technology systems of the City of Margate.

- E. IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:**

Westlake, OH 44145

SUBJECT: Contract Renewal Option Bid #2019-009 – ASPHALT REJUVENATION PROJECT

Dear Ms. Durante:

The contract term for Bid #2019-009 expires on August 20, 2021. The City of Margate is offering a one (1) year renewal option effective August 21, 2021 through August 20, 2022. All terms, conditions, and specifications of the contract shall remain as awarded in the bid documents. After this renewal option, there will be two (2) additional one (1) year renewal options left.

Please sign below to confirm your agreement to renew the contract for an additional one (1) year term, and email a copy to purchase@margatefl.com. The signed original of the letter must be mailed or delivered to the Purchasing Division at the address listed below.

I can be reached at (954) 935-5340 should you have any questions or concerns.

Sincerely,

Cale Curtis
City Manager

I hereby agree to a one (1) year extension of the subject contract at the same terms and conditions.

RE: Bid No. 2019-009; Asphalt Rejuvenation- Joint Cooperative Bid for the cities of Margate, Miami-Gardens, and Plantation. City of Margate is the lead agency.

Dear Susan J. Durante:

This letter is to inform you that the City of Plantation- City Council approved the utilization of the above subject contract during their November 6, 2019 meeting on Consent Agenda item No. 5. In accordance with executed contract between the City of Margate and Pavement Technology, Inc., the contract expiration date will be August 21, 2021.

Pricing Information:

Description/Cost
Not to exceed \$0.95 per square yard for applications of Reclaimate Asphalt Rejuvenation Agent; or
Not to exceed \$1.49 per square yard for A.R.A.-1 T1 Pollution- Reducing Polymerized Rejuvenation.

All product and services shall comply with Bid No. 2019-009.

In addition, if you have not already done so, please register as a City of Plantation vendor by visiting our website (www.plantation.org) and completing the proper application. Also provide the City with a Certificate of Insurance, naming the City of Plantation as additional insured.

If you have any questions, please do not hesitate to contact me.

Respectfully,

Charles Spencer, ECON
Procurement Administrator
Email: Espencer@Plantation.org

**Plantation City Council Meeting
Agenda****Notice of City Council Meeting****Wednesday, November 6, 2019 ~ 7:30 PM**

COUNCIL APPROVED

DATE: 11 / 6 / 2019

Consent Agenda Item #5

**City of Plantation
City Council Chambers****Subject:**

Request for authorization and approval to participate in the City of Margate contract (No. 2019-009) and utilize Pavement Technology, Inc. (awarded Contractor) for Asphalt Rejuvenation.

Summary:

Request for authorization and approval to participate in the City of Margate contract (No. 2019-009) and utilize Pavement Technology, Inc. (awarded Contractor) for Asphalt Rejuvenation in an amount not to exceed \$0.95 per square yard for applications of Reclaimite Asphalt Rejuvenation Agent or \$1.49 per square yard for A.R.A.-1 T1 Pollution-Reducing Polymerized Rejuvenating, with a contract expiration of August 21, 2021.

Background:**Public Works Department Information:**

With any asset, the life cycle cost is lowest when that asset is properly maintained. Consequently when it comes to roadways, by spending money at the "Top of the Curve" we are able to touch more miles more frequently thereby lowering the "cost of ownership". We do this by using a Maltene-based asphalt rejuvenator called Reclamite® which puts back the light oils that allow the binder in asphalt pavement to remain pliable and resist fatigue adding approximately 5 years to the life of those roadways. This type of "Top of the Curve" approach is encouraged by the Federal Highway Administration and has been adopted by dozens and dozens of agencies in Florida. The proper time to apply Reclamite® Asphalt Rejuvenator is while the pavement is in good condition, typically 1 to 5 years after paving. Reclamite® works by rejuvenating the asphalt binder and sealing the existing roadway from water intrusion while not obliterating existing pavement markings. Residents can drive on the treated road in as little as 20 minutes.

Procurement Division Information:

The City of Margate competitively solicited (Bid No. 2019-009) for Asphalt Rejuvenation, this advertisement resulted in one (1) bid submission from Pavement Technology, Inc. The bid was reviewed and submitted to the City of Margate Commission for consideration. The City of Margate adopted and approved the award and execution of a contract with Pavement Technology, Inc on August 21, 2019.

The following cities participated and are named in this solicitation- City of Margate (lead agency), Miami-Gardens, and City of Plantation.

Work performed under this contract shall be on an as needed basis, performed in accordance with Contract No. 2019-19, and shall be complete within the agreed upon time frame established by the Director of Public Works and the Contractor for each assigned project, pursuant to available funding.

The executed agreement also contains a renewal provision for three (3) additional one (1) years extensions, providing both parties agree, providing all terms and conditions and specifications remain the same; providing for availability of funding.

The information is submitted for your authorization and approval to participate in the City of Margate contract (No. 2019-009) and utilize Pavement Technology, Inc. (awarded Contractor) for Asphalt Rejuvenation in an amount not to exceed \$0.95

per square year for applications of Reclaimate Asphalt Rejuvenation Agent or \$1.49 per square yard for A.R.A.-1 T1 Pollution-Reducing Polymerized Rejuvenating, with a contract expiration of August 21, 2021.

This item is now ready for your consideration.

Funding:

113-1300-541-5301

Work performed under this contract shall be on an as needed basis and shall be complete within the agreed upon time frame established by the Director of Public Works and the Contractor for each assigned project, pursuant to available funding.

Amount:

- Not to exceed \$0.95 per square year for applications of Reclaimate Asphalt Rejuvenation Agent; or
- Not to exceed \$1.49 per square yard for A.R.A.-1 T1 Pollution-Reducing Polymerized Rejuvenating

Work performed under this contract shall be on an as needed basis and shall be complete within the agreed upon time frame established by the Director of Public Works and the Contractor for each assigned project, pursuant to available funding.

Finance Director/Budget Manager Recommendation:

In FY2020 the Road & Traffic Fund (Fund 113) has a total of \$1,135,000 budgeted in the line item "R/M Re-pavement Program" (Account # 113-1300-541-5301).

Subject:

Request for approval of a competitive procurement exemption, and authorization to process a payment to Bejar Construction, Inc for work performed (Structural Repairs) at the Helen B. Hoffman Library.

Summary:

Requesting authorization and approval of the following:

1. Competitive procurement exemption pursuant to Sec. 2-226(g)(4) of City's Code;
2. To process a payment to Bejar Construction, Inc., in the amount of \$42,590.00 for work performed (Structural Repairs) at the Helen B. Hoffman Library.

Background:

Strategic Priority: Quality Customer Care; Sustainability; Quality of Life.

Over time and from previous alteration made to the truss system, the weight of the concrete roof tiles created damage and a structural situation to the existing Helen B. Hoffman Library. To prevent further damage and potential collapse, the concrete tile roof was removed, a temporary dry-in underlayment installed, and the underside of the truss system was shored while an emergency repair plan was prepared by a structural engineer. Due to time being of the essence and in the best interest of the City, the emergency repairs were engineered, permitted and completed to stabilize the existing structure in the most expedient manner to help eliminate any further damage or loss of property.

Administration acting in the best interest of the City, and due to time being of the essence authorized Bejar Construction Inc., to proceed with the necessary structural repairs at the Helen B. Hoffman Library.

Based on the foregoing, Procurement and Administration requests authorization and approval of the following:

1. Competitive procurement exemption pursuant to Sec. 2-226(g)(4) of City's Code;
2. To process a payment to Bejar Construction, Inc., in the amount of \$42,590.00 for work performed (Structural Repairs) at the Helen B. Hoffman Library.

This item is now ready for City Council consideration.

Funding:

Account No. 001-8852-519-6302

Amount:

\$42,590.00

Finance Director/Budget Manager Recommendation:

The Structural Repairs at the Helen B. Hoffman Library will be funded by the Fund Balance Assigned to Risk Management.

Request for authorization and approval to amend the agreement for "Midtown Landscape/Lawn Maintenance" (term contract) with Landscape Service Professionals, Inc., expiring September 30, 2021.

Summary:

Request for authorization and approval of the following:

1. Exempt competitive procurement pursuant to the City Code of Ordinances Sec. 2-226 (a)
2. Amend the current expiration term from one-year renewals to successive one-year renewals.
3. Issue purchase orders that may exceed an aggregate value of \$25,000.00.

Background:

Strategic Priorities - Quality of Life and Quality Customer Care

PZED Department Information

The PZED Department seeks to continue the service contract with Landscape Service Professionals, Inc., for the Midtown corridor. The services rendered in this contract is essential in order to retain a highly-experienced, well equipped and fully staffed company to maintain the swales, medians and irrigation system along the Midtown (American Express/SW 84 corridor).

Procurement Department Information

The current agreement for Midtown Landscape Lawn Maintenance expires September 30, 2021. The agreement has no more available renewal options. The PZED and Procurement Departments seek City Council approval, to effectively waive competitive bidding pursuant to the City Code of Ordinances Sec.2-226 (a) "The word "purchase" shall not include maintenance activities or projects designed to maintain the foregoing," allowing for the amending of the current expiration date of September 30, 2021 to successive one-year renewals. The PZED Department has found Landscape Service Professionals, Inc to provide satisfactory services and desires the company to continue said services. During the successive renewal terms, services shall remain in effect until the City terminates for Cause, Convenience, and/or by Mutual Termination by both the City and Landscape Service Professionals, Inc as outlined in Article VIII of the Original Agreement. If approved, any future amendments to the pricing, terms and conditions, and/or scope of services, shall be presented to the City of Plantation City Council for approval.

-
Based on the foregoing information, the PZED and Procurement Departments staff recommend authorization and approval of the following:

1. Exempt competitive procurement pursuant to the City Code of Ordinances Sec. 2-226 (a)
2. Amend the current expiration term from one-year renewals to successive one-year renewals.
3. Issue purchase orders that may exceed an aggregate value of \$25,000.00.

This item is now ready for City Council consideration.

Amount:

At completion of all work described in the Scope of Services, Landscape Service Professionals, Inc shall receive the total compensation of **\$71,490.00**, broken down, and subject to commencement as follows:

- **\$38,010.00** for right-of-way on American Expressway from Cleary Boulevard to Pine Island Road and the roundabout to American Expressway and 82 Avenue.
- **\$33,480.00** for NW 84 Avenue from SW 3 Street to American Expressway.

The City's maximum liability under this agreement is the total compensation stated above.

Finance Director/Budget Manager Recommendation:

In FY2021 the Plantation Midtown Development District budgeted \$75,000 for these services. Current funds available in FY2021 is: \$15,425.

In addition the District budgeted \$75,000 in the FY2022 for these services.

Agreement
By and Between
City of Plantation
&
Landscape Service Professionals, Inc.
for
Landscape Maintenance

This Agreement entered into this 28 day of July, 2016 by and between the City of Plantation (herein, the "City") a Florida municipal Corporation, and Landscape Service Professional, Inc. (herein, the "Contractor"), a Florida corporation, as follows:

Whereas, the Parties desire to enter into an Agreement to provide Landscape Maintenance Service for the Plantation Midtown District as more practically described in this agreement; and

Whereas, the CONTRACTOR will timely complete the services outlined in the Scope of Services section of this Agreement within the defined costs of this Agreement.

NOW, THEREFORE, BE IT AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS:

I. General Provisions

The above recitations are true and correct and made a part hereof.

II. Scope of Services

The CONTRACTOR shall provide the work as mentioned herein and provided in Attachment "A", Technical Specifications, which is incorporated herein and made a part hereof.

1. CONTRACTOR will provide ongoing communications with CITY regarding this services, including updates, emails and etc. as requested. Additionally, CONTRACTOR will meet with CITY as needed or requested.
2. CONTRACTOR is responsible for the professional quality, technical accuracy, timely completion and coordination of all services furnished by or in relation to this Agreement
3. CONTRACTOR represents and warrants that its services shall be performed within the limits and standards provided by the CITY, in a manner consistent with the level of care and skill ordinarily exercised by similar Contractors under similar circumstances at the time the services are performed

III. Effective and Termination Dates

This Agreement shall be effective and commence immediately upon the same date as its full execution. The agreement shall expire September 30, 2019. Thereafter, the parties may extend the agreement for up to two (2) times, each extension being for one (1) year term, provided such extension is approved by the parties thirty days prior to the extension term expiring.

IV. CONTRACTOR's Compensation

1. Payment

Upon the satisfactory completion of each task included in the Contract, the CITY will pay the CONTRACTOR the agreed upon amount within **THIRTY (30)** calendar days of the CITY's approval of that task.

2. Total Compensation

At the completion of all work described in the Scope of Services, the CONTRACTOR shall have received the total compensation of \$71,490.00, broken down, and subject to commencement as follows.

- \$38,010.00 for right-of-way on American Expressway from Cleary Boulevard to Pine Island Road and the roundabout to American Expressway and NW 82 Avenue, when the additional work on such segment commences as authorized in writing by the Director of Public Works; and

- \$33,480.00 for NW 84 Avenue from SW 3rd Street to American Expressway, when work on such segment commences as authorized in writing by the Director of Public Works

Said compensation shall be all inclusive, including without limitation, reimbursement of all cost, incidentals and operating expense associated with those directly engaged in performance of the requested services.

The CITY's maximum liability under this Agreement is the total compensation as set forth in this section.

3. Reimbursements

The CONTRACTOR shall not be reimbursed for any out-of-pocket expenses such as travel, telephones, office supplies, copying, etc.

4. Contract Price

CONTRACTOR shall not be entitled to an increase in the Contract Price or payment or compensation of any kind from CITY for direct, indirect, consequential, impact of other costs, expenses or damages including but not limited to costs of acceleration or inefficiency or extended overhead, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by CONTRACTOR for hindrances or delays due solely to fraud, bad faith, or active malicious interference on the part of the CITY. Otherwise, CONTRACTOR shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for delay.

V. Contract General Terms

This Contract shall constitute the entire agreement by and between the CITY and the CONTRACTOR, and no inducements, considerations and promises or other references shall be implied or impressed upon this Agreement that are not expressly addressed herein.

1. CITY as Intended Beneficiary

The CONTRACTOR and CITY agree that the CITY of Plantation is an intended beneficiary of this Agreement and has full power and authority to enforce the Agreement terms.

2. Property of CITY

All documents including correspondence, plans, memoranda, drawings and specifications prepared or furnished by CONTRACTOR (and CONTRACTOR's independent professional associates and CONTRACTORS) pursuant to this Agreement shall become owned by and be the property of the CITY shall thereby obtain ownership by any statutory common law and other reserved rights thereto, including copyright; however, such documents are not intended or represented to be suitable for reuse by the CITY on extensions of the Project or on any other project. Any such reuse, modification or adaptation of such documents without written verification or adoption by CONTRACTOR for the specific purpose intended will be at the CITY's sole risk and without liability or legal exposure to CONTRACTOR or to CONTRACTOR's independent professional associates or CONTRACTORS. If required by the CITY, any such verification or adaptation will entitle CONTRACTOR to further compensation at rates to be agreed upon by the CITY and CONTRACTOR.

3. No Damages for Delay

No claim for damages or any claim, other than for an extension of time, shall be made or asserted against CITY by reason of any delays. CONTRACTOR shall not be entitled to an increase in the Agreement Price or payment or compensation of any kind from CITY for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference or hindrance from any cause whatsoever, whether such delay, disruption, interference or hindrance be reasonable or unreasonable, foreseeable or unforeseeable, or avoidable or unavoidable; provided, however, that this provision shall not preclude recovery of damages by CONTRACTOR for actual delays due solely to fraud, bad faith or active interference on the part of CITY. Otherwise, CONTRACTOR shall be entitled only to extensions of the Contract Time as the sole and exclusive remedy for such resulting delay, in accordance with and to the extent specifically provided above.

VI. CITY Responsibilities

1. CITY Information

The CITY shall be responsible to provide the CONTRACTOR with information in CITY's present possession that is reasonably necessary for the Project, such as correspondence documents, maps, and other pertinent information. The CONTRACTOR shall be entitled to rely upon such CITY information as sufficiently complete and accurate for planning and developing an understanding of the parties involved in the Project.

2. Fiscal Year Expenditure Limits

Neither the CITY, during any fiscal year, shall expend money, incur any liability, or enter into any Contract which, by its terms, involves, the expenditure of money in excess of the amounts budgeted as amended which are available for expenditure during such fiscal year. Any Contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such Contract. Nothing herein contained shall prevent the making of Contracts for periods exceeding ONE (1) year, but any Contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years.

VII. Contractor Responsibilities

1. No Transfer of Agreement

CONTRACTOR shall not assign or transfer the Agreement or its rights, title or interests therein without CITY's prior written approval. The obligations undertaken by CONTRACTOR pursuant to the Contract shall not be delegated or assigned to any other person or firm unless CITY shall first consent in writing to the assignment. The CITY is relying upon the apparent qualifications and expertise of the CONTRACTOR, and such firm's familiarity with the CITY's area, circumstances, and desires. In the event the CITY is not for any reason or for no reason at all, satisfied with such substitute, CONTRACTOR shall be considered in breach of this Contract. Violation of the terms of this Paragraph shall constitute a breach of Contract by CONTRACTOR and the CITY may, at its discretion, cancel the Contract and all rights, title and interest of CONTRACTOR shall thereupon cease and terminate.

2. Independent CONTRACTOR

The CONTRACTORS and its employees, volunteers and agents shall be and remain independent CONTRACTORS and not agents or employees of the CITY with respect to all of the acts and services performed by and under the terms of this Agreement. This Agreement shall not in any way be construed to create a partnership, association or any other kind of joint undertaking, enterprise or venture between the parties hereto.

3. Ethics Disclosure

The CONTRACTORS warrant and represent that no elected official, officer, agent or employee of the CITY has a financial interest directly or indirectly in this Contract or the compensation to be paid under it, and further, that no CITY employee who acts in the CITY as a "purchasing agent" as defined by §112.312(20), Florida Statutes, nor any elected or appointed officer of the CITY, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer, director, or proprietor of the CONTRACTORS, and further, that no such CITY employee purchasing agent, CITY elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the CONTRACTORS. Material interest means direct or indirect ownership of more than FIVE PERCENT (5%) of the total assets or capital stock of the CONTRACTORS.

4. Project Work Initiation

The CONTRACTOR shall not begin the Project work as outlined in Article III "Scope of Services" without the prior written approval of the CITY.

5. Utility Structures

The CONTRACTOR shall coordinate the adjustment of any structures with the appropriate utility company except the Owner's Utilities Department. The CONTRACTOR shall be responsible to abide by the Owner's specifications to adjust the Owner's manholes and valve boxes.

6. SubCONTRACTOR Agreements and Payments

All work performed for CONTRACTOR by a SubCONTRACTOR or Supplier will be pursuant to an appropriate agreement between CONTRACTOR and the SubCONTRACTOR or Supplier, which specifically binds the SubCONTRACTOR or Supplier to the applicable terms and conditions of the Agreement Documents for the benefit of the CITY. The CONTRACTOR shall be responsible for the payments to any SubCONTRACTORS including any professional fees and additional costs. The CITY shall not be responsible for any payments to SubCONTRACTORS. The CITY shall not be billed directly or indirectly for any professional fees or additional costs of the SubCONTRACTORS for the Project.

7. Mechanics Liens

The CONTRACTOR covenants and agrees that no mechanics' liens, equitable liens, construction liens asserted under the Construction Lien Law, Chapter 255, Florida Statutes, or other liens against public funds or property (herein "mechanics' liens") will be permitted to arise, be filed or maintained against the CITY, the Project or any part of it, any interest in it or any improvements on it, or any real or personal property CITY by the CITY, against any monies due or to become due from the CITY to the CONTRACTOR, for or on account of any work, labor, services, materials, equipment or other items performed or furnished for or in connection with the Project, and the CONTRACTOR further agrees to indemnify the CITY for any costs, charges, expenses, losses, or damages CITY may incur as a result of any asserted mechanics' lien. CONTRACTOR agrees to cause any of the foregoing liens and claims to be satisfied, removed or discharged at its own expense by bond, payment or otherwise within thirty (30) days from the date of the filing, and upon the CONTRACTOR's failure to do so the CITY shall have the right, in addition to all other rights and remedies provided under this Contract or by law, to cause the liens or claims to be satisfied, removed or discharged by whatever means the CITY chooses, at the entire cost and expense of the CONTRACTOR, the expense to include legal fees and costs and all expenses. Real property owned by a Florida municipal corporation is not subject to liens, and nothing in this paragraph shall waive the CITY's right to assert that its property is immune from mechanics' liens, or to waive other defenses or immunities that may be enjoyed by the CITY of Plantation.

VIII. Termination

1. For Cause

If for any reason, the CONTRACTOR fails to fulfill its obligations under this Agreement in a proper to timely manner as agreed to, this Agreement may be terminated by the CITY upon FIFTEEN (15) Business Days' notice to the CONTRACTOR. The CONTRACTOR may not terminate this Agreement except upon a breach by the CITY, which is not cured upon FIFTEEN (15) Business Days' notice to CITY. In case of the CONTRACTOR's termination for cause, the CONTRACTOR shall be paid for services satisfactorily provided to such termination date, less any setoffs or adjustments CITY may claim arising out of the CONTRACTORS' breach, the remaining unperformed parts of the Agreement, and for that portion (if any) of the CONTRACTOR's performance which is unsatisfactory (the intent being that the CONTRACTOR be paid what is just and equitable compensation given the CONTRACTORS' performance).

2. For Convenience

Upon THIRTY (30) Calendar Days written notice to the CONTRACTOR, CITY may, without cause and without prejudice to any other right or remedy, terminate this Agreement for CITY's convenience. Where the Agreement is terminated for the convenience of CITY, the notice of termination to the CONTRACTOR must

state that the Agreement is being terminated for the convenience of CITY under this termination clause, the effective date of the termination, and the extent of termination. The CONTRACTOR shall be paid for the services up to and including the effective date of the termination. This shall mean payment for all completed tasks and payment for uncompleted tasks based upon a percentage of completion of such uncompleted tasks. The CONTRACTOR shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

3. Mutual Termination

This Agreement may also be terminated by mutual agreement at any time and under any terms.

IX. Legal Terms and Conditions

1. Compliance with Laws/Codes/Rules, Etc.

The CONTRACTOR shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same. CONTRACTOR represents to CITY that it is not a person or affiliate as defined in §287.133, Florida Statutes, which has been placed on the convicted vendor list maintained by the Florida Department of Management Services following a conviction for a public entity crime. CONTRACTOR acknowledges and agrees that it may not submit a bid on a contract to provide any goods or services to the CITY, may not submit a bid on a contract with the CITY for the construction or repair of any public building or public work, may not submit bids on leases of real property with the CITY, may not be awarded an opportunity to perform work as a CONTRACTOR, supplier, subCONTRACTOR or CONTRACTOR under a contract with the CITY, and may not transact business with the CITY in an amount set forth in §287.017, Florida Statutes, for Category Two for a period of THIRTY-SIX (36) months from the date of being placed on the convicted vendor list.

The CONTRACTOR shall not be reimbursed for any additional costs which the CONTRACTOR incurs as a result of laws enacted after the effective date of this Contract, nor be entitled to an extension of the Scheduled Date of Final Completion as a result of laws, except as set forth in this Article X, Paragraph 1. The CONTRACTOR shall be reimbursed, in addition to the Contract Sum, for additional costs incurred by the CONTRACTOR in the performance of the Contract resulting from the following:

- a. CITY ordinances passed by the CITY Council after the effective date of this Contract.
- b. Any unforeseen new state or federal laws, regulations or rules enacted after the effective date of the Contract, which require a significant change in the Project. The CONTRACTOR shall not be reimbursed for any other costs resulting from any other new state or federal laws, regulations or rules enacted after the effective date of the Contract, including but not limited to laws relating to techniques, procedures, research, analysis and materials.

In order to obtain reimbursement from the CITY under this Article X, Paragraph 1, the CONTRACTOR shall submit a claim to the CITY with documentation that the CITY may reasonably require for the CITY's review and approval. A claim may also include a request for an equitable adjustment of the Project Schedule. Upon approval by the CITY, the claim shall become a Change Order or a formal written amendment to the Contract. If not approved, the claim will be placed on the Disputed Work List.

2. Applicable Laws Governing Project

The laws of the State of Florida shall govern the validity, construction and effect of this Contract.

Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.

~~In the event of any litigation which arises out of, pertains to, or relates to this Agreement, or the breach thereof, or the standard of performance therein required, the prevailing party shall be entitled to recover a reasonable attorney's fee from the non-prevailing party, subject to the limits of this paragraph. Where the prevailing party is awarded compensatory damages from the non-prevailing party, the amount of attorney's fees shall not exceed the amount of compensatory damages (it being the intent that no attorney's fee shall be recoverable by a prevailing party in the~~

KB
AC

~~absence of an award of compensatory damages). If no compensatory damages are awarded, the prevailing party is entitled to a reasonable attorney's fee for the defense of the non-prevailing party's claim, which shall not exceed the amount of the Agreement as adjusted by change orders as are approved by the parties.~~ All claims, counterclaims, disputes and other matters in question between CITY and CONTRACTOR arising out of, relating to, or pertaining to this Agreement, or the breach thereof, or the services thereof, or the standard of performance therein required, shall be determined by litigation in the Circuit Court of the Seventeenth Judicial Circuit in and for Broward County, Florida, or the Federal CITY Court of the Southern CITY of Florida and appropriate appellate courts for such venue and jurisdiction.

To any extent that the CONTRACTOR may be acting as an "agent" or CONTRACTOR on behalf of the CITY, the CITY expects the CONTRACTOR to fully comply with all Federal, State, and Local laws applicable to and specifically those covering Equal Opportunity Employment, American Disabilities Act (ADA), 42 U.S.C. 12101, et seq. and Florida Building Code. We reserve the right to verify your compliance with the various laws. Failure to comply with any laws will be grounds for termination of the Contract.

3. Dispute Resolution

In the event that any dispute between the CITY and the CONTRACTOR concerning questions or issue arising under this Contract that have not been resolved, or for items on the Disputed Work List, a request for resolution shall be submitted by the CONTRACTOR to the CITY for determination. Request for such determination shall be made in writing. The CITY's decision may be reached in accordance with assistance, as it may deem reasonably necessary or desirable. The CITY's decision shall be rendered in writing no more than THIRTY (30) Calendar Days after receipt of a fully documented (to the extent that such documents are within the control of the CONTRACTOR) request for a determination. The decision shall be conclusive, final, and binding on all parties, unless the CONTRACTOR shall seek a judicial determination in accordance with the provisions set forth below.

No later than SIXTY (60) Calendar Days after the CONTRACTOR's receipt of the CITY's determination, the CONTRACTOR shall respond to the CITY in writing, either accepting the determination or stating the CONTRACTOR's factual or legal objection to the determination. If the CONTRACTOR's response is an objection, the CITY shall respond in writing to the objection within THIRTY (30) Calendar Days after receipt of it. No further response by either party shall be required. Thereafter, the CONTRACTOR may seek a judicial determination of the dispute. In the event that the CONTRACTOR intends to seek judicial determination of a matter decided by the CITY, the CONTRACTOR shall notify the CITY of its intent to do so within SIXTY (60) Calendar Days of the CITY's final decision.

In the event of litigation in order to enforce this Contract, or which arises out or, pertains to, or relates to this Contract, or the breach thereof, or the services provided herein, or the standard of performance herein required, the prevailing party shall be entitled to a reasonable attorney's fee. Notwithstanding the foregoing sentence, the maximum attorney's fees which one party can recover from the other will not exceed \$ _____ (\$15,000 unless otherwise filled in).

If required by CITY, the CONTRACTOR shall continue to perform the Work required under the Contract during this resolution period, including any judicial resolution. The CITY's written determination shall be complied with pending final resolution, including judicial, of the dispute. If the CONTRACTOR complies with the CITY's written determination, the CITY shall continue to perform under the Contract and make all payments due (other than those or the portions of payments in dispute, if any) during the resolution period. This payment provision shall not apply in the event that the CONTRACTOR fails to submit a dispute to the CITY as required by this Article X, Paragraph 3. The continued performance of the Contract by either party shall not constitute an admission as to any factual or legal position in connection with the dispute, or a waiver of its rights under the Contract or at Law.

4. Amendments

No supplement, modification of, or amendment of this Agreement shall be binding unless executed in writing by both parties.

5. No Waiver of Legal Rights

No approval required to be given by the CITY under the Contract shall operate to relieve the CONTRACTOR from any of its responsibilities under the Contract or to be deemed as an approval by the CITY of any deviation contained

in the items or documents subject to such approval from, or of their failure to comply with any provision or requirement of the Contract, unless the failure or deviation has been specifically approved by a Change Order to the Contract.

Unless the CITY has specifically approved in writing a deviation from the Contract Documents in a Contract modification, as provided above, the CITY shall not be precluded or estopped by any approval, review, measurement, estimate or certificate made either before or after the completion and acceptance of the Work and payment for it, from showing the true amount and character of the Work performed and goods and materials furnished by the CONTRACTOR or from showing that any measurement, estimate or certificate is untrue or incorrectly made, or that the Work or goods and materials do not conform in fact to the Contract. Unless the CITY has specifically approved in writing a deviation from the Contract Documents in a Contract modification, as provided above, the CITY shall not be precluded or estopped, notwithstanding any approval, review, measurement, estimate or certificate and payment in accordance with it, from recovering from the CONTRACTOR and its sureties damages it may sustain by reason of its failure to comply with the terms of the Contract. Except as provided, neither the acceptance of the CITY, or any representative of the CITY, nor any payment for or acceptance of the whole or any part of the Work, nor any extension of time, nor any possession taken by the CITY, shall operate as a waiver of any portion of the Contract, or of any power reserved or any right to damages provided to the CITY. A waiver of any breach of the Contract shall not be held to be a waiver of any other breach whether prior to or subsequent to it. The CITY's delay in declaring that a breach has occurred or otherwise asserting its rights under this Contract shall not constitute a waiver of the breach or limit any of the CITY's rights under this Contract.

X. Indemnification

CONTRACTOR shall indemnify and hold harmless CITY, and its elected and appointed officers, the officers, directors, employees, agents and other consultants of each of them, from and against any and all liabilities, damages, losses and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the CONTRACTOR and other persons employed or utilized by the CONTRACTOR in the performance of this Agreement.

CONTRACTOR agrees to indemnify, defend, save and hold harmless CITY, its officers, agents and employees, from all damages, liabilities, losses, claims, fines and fees, and from any and all suits and actions of every name and description that may be brought against CITY, its officers, agents and employees, on account of any claims, fees, royalties, or costs for any invention or patent or for the infringement of any and all copyrights or patent rights claimed by any person, firm, or corporation.

This indemnity includes but is not limited to claims attributable to bodily injury, sickness, disease or death, or to injury or destruction of tangible property, including the Work itself, and including the loss of use resulting therefrom.

Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by CONTRACTOR from the CITY that such amount is due, be made by CONTRACTOR prior to the CITY being required to pay same, or in the alternative, the CITY, at the CITY's option, may make payment of an amount so due and CONTRACTOR shall promptly reimburse the CITY for same, together with interest thereon at the statutory rate from the date of receipt by CONTRACTOR of written notice from the CITY that such payment is due. CONTRACTOR agrees, at CONTRACTOR's expense, after written notice from the CITY, to defend any action against the CITY that falls within the scope of this indemnity, or the CITY, at the CITY's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by CONTRACTOR. Additionally, if CONTRACTOR, after receipt of written notices from the CITY, fails to make any payment due hereunder to the CITY, CONTRACTOR shall pay any reasonable attorney's fees or costs incurred by the CITY in securing any such payment from CONTRACTOR.

Nothing contained herein is intended nor shall it be construed to waive the CITY's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the CITY's favor.

XI. Cooperation with the Broward County Office of Inspector General.

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how CONTRACTORS and vendors are paid. To this end, CONTRACTOR agrees to cooperate with the OIG in the event the CONTRACTOR is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of CONTRACTOR's written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The CONTRACTOR acknowledges and agrees that whatever work or effort is expended by CONTRACTOR in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the CONTRACTOR to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The CONTRACTOR's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the CITY claiming the CONTRACTOR is in default, and may, if not timely cured, allow the CITY to terminate this Contract for cause. Unless the CONTRACTOR is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, CONTRACTOR shall advise CITY, in writing and in the same manner as CONTRACTOR gives the CITY formal notice under this Contract, each instance, if ever, that the CONTRACTOR is contacted by the OIG, and shall supply the CITY with information necessary to allow the CITY to ensure that the CONTRACTOR is fully performing the requirements of this Paragraph. In the absence of this Contract containing a provision concerning to whom the CONTRACTOR gives formal notice for matters relating to this contract, such notice shall be in writing, and shall be addressed to the following person, and either faxed or mailed by First Class Mail:

Attn: Mr. Horace McHugh, Chief Administrative Officer
CITY of Plantation CITY Hall
400 NW 73rd Avenue
Plantation, Florida, 33317.
([Fax] 954-797-2223)

PROJECT LIMITS:

- A. RIGHT-OF-WAY ON AMERICAN EXPRESSWAY FROM CLEARY BOULEVARD TO PINE ISLAND ROAD.
- B. ROUNDABOUT AT AMERICAN EXPRESSWAY AND 82ND AVENUE.
- C. RIGHT-OF-WAY ON 84TH AVE FROM AMERICAN EXPRESSWAY SOUTH TO SW 3RD STREET (West Federated Road)

1. TURF MAINTENANCE

Maintain turf areas in a healthy and neat appearance by performing the following operations:

Special note: Mowing frequencies can be deleted or increased due to climatic or other factors as determined by the Public Works Director. This service would be paid at the same rate as a regular contracted mow cycle.

A. Mowing: Performed thirty (30) times a year.

- 1. Mowing is to be performed once every ten (10) days, April 1 through September 30; once every fourteen (14) days, October 1 through March 31. Grass is never to exceed six inches (6") in height. Never mow lower than four inches (4").
- 2. Mowing shall be performed in a manner that insures a smooth surface appearance without scalping or leaving any "missed" uncut grass.
- 3. All mower blades shall be sharp enough to cut, rather than to tear, grass blades.
- 4. All litter and debris shall be removed from turf and shrub beds before mowing to avoid shredding and/or damage to persons or property by propelled rocks, cans, etc.
- 5. Mowing shall be done carefully so as not to damage trees or shrubs, intrude into ground cover beds, damage sodded areas, or cause damage to sprinkler heads, valves, manifolds, time clocks, curbs, or other facilities. Should any of the above listed damage occur, the Contractor shall be held financially and physically responsible for replacement or repair of equipment, plant materials, and all portions of the irrigation system.
- 6. Mowing shall not be done when weather or conditions will result in damaged turf. Contact the Public Works Director to discuss re-scheduling. Do not mow in the rain. Allow a minimum of two (2) hours following a rainstorm to resume mowing.

B. String Trimming:

- 1. Grass shall be trimmed during, or as an immediate operation following mowing.
- 2. Grass will be trimmed at the same height as adjacent turf is mowed.
- 3. Trim around all obstacles in the turf, such as posts, trees, walls, and signs, etc.
- 4. All trimmings must be removed from all adjacent paved areas and curb areas.

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

5. Particular attention shall be given to trimming around irrigation system fixtures to assure their proper water delivery function. String trimming should be completed in such a manner as to avoid injury to plant material, irrigation equipment or hardscape features. The Contractor shall be responsible for all costs to replace or repair damages.
 6. Dirt and debris produced by trimming shall be removed completely from site.
- C. Edging: Performed thirty (30) times a year.
1. Mechanical edging (vertical trimming) of all turf edges will be done during, or as an immediate operation following mowing. Edging is required with each mowing.
 2. Turf edging at shrub beds, ground cover beds or around tree rings (where "edging" rather than "trimming" is directed) shall be edged with a mechanical edger to a neat vertical uniform line.
 3. Turf shall be edged 12" out from drip line of shrubs and groundcovers.
 4. Dirt and debris produced by edging shall be removed completely from site.
 5. Edging shall be done in such a way as to avoid damage to plant material, paver blocks, concrete or any other hard surface material. The Contractor shall be responsible for all costs to replace or repair damage to any of these items caused by maintenance operations.
- D. Blowing: Performed thirty (30) times a year.
1. Grass clipping or debris caused by mowing, trimming or edging shall be immediately removed from adjacent walks, curbs, beds and roadway.
 2. Grass clippings or debris shall be removed in such a way as to avoid drift into roadways, or adjacent property.

II. FERTILIZERS AND CHEMICALS

For the purposes of this contract, any chemical application shall mean any/ all fertilizers and pesticides that promote optimal horticultural growth and prevent infestation/ spread of harmful insects, weeds and plant pathogens.

- A. Fertilization: Performed four (4) times a year (turf, groundcover, shrubs, trees and palms)
1. Fertilizer – Apply 24-0-11 guaranteed analysis 50% soluble and 50% slow release nitrogen, potassium and phosphorous, at a rate of 1.0 pounds N / 1,000 square feet, to all plant material in the contract. Fertilizer shall be broadcast spread under the canopy of each tree and palm (from the trunk out a minimum of five (5) to six (6) feet, not in bands around the trunk or up against the trunk) and broadcast spread to all turf, groundcover, shrub and flowerbeds throughout this project, as stated in the contract herein, to maintain a green and healthy growing

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

condition at all times.

2. Fertilization dates of application: February, June, August and November.
3. Fertilizers or other additives shall be furnished in bags or other standard containers with name, weight and guaranteed analysis (N-P-K) of contents clearly marked thereon. Apply as per label instructions.
4. Additional fertilizer may be indicated to adjust a specific nutrient deficiency, i.e. iron, magnesium, etc. Should any plant develop a nutrient deficiency, the Contractor shall be responsible for identifying and correcting the deficiency. Material, labor and costs for additional applications, as per the deficiency, will be pre-approved by the Public Works Director or Assistant Director prior to application.
5. Fertilizer to be used will vary according to the time of year, weather conditions and the condition of the plant material. Contractor shall provide Public Works Director with fertilization formulation and application schedule prior to use.
6. The condition of the fertilizer must reflect a dry, uniform condition with no breaks in the bags, or free flowing with no leaks in the container.
7. Application of the fertilizer shall commence and end in one week's time and shall include all areas.
8. City will be notified twenty-four (24) hours before fertilizing takes place.

B. Chemical Use:

Pests are identified as, but not limited to, harmful insects, disease pathogens, weeds or other organism that compete with or harm any and all landscape elements. Bid cost shall include the price for the estimated quantity and application of any and all chemicals to be used in this contract on a monthly basis (no product higher than a caution label).

Chemical Application report to be performed once a month after being submitted to the Public Works Director or Assistant Director.

1. Royal Palm Treatments – Apply Merit once a year, the first week of February, as a soil drench, or preventative disease control applications of foliar fungicide, insecticide and fertilizer. Applications occurring later than the first week of February shall be a bud drench, at no additional cost.
2. Ant treatments: Performed thirty (30) times a year.

C. General Use for Chemicals & Fertilizers:

1. All work involving the use of chemicals and fertilizers shall be in compliance with all Federal, State and local laws.
2. Contractor shall provide Material Safety Data Sheets (MSDS) to the Public

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

Works Director for all proposed chemicals and fertilizers with commercial name, application rates and type of usage prior to application. (Contractor may submit MSDS and proposed chemicals and fertilizers to the City prior to commencing the contract.)

3. Unless otherwise indicated, the use of chemical pest control shall be a result of "as needed" control application of an approved pesticide for control and elimination of harmful insects and plant pathogens. There shall be no blanket application of chemicals.
4. Contractor shall assure that all applicators have current State Certified restricted use Pesticide Applicators license (FCPA). Copy of license to be provided to the City. No one can use another person's license to work. Applicators shall carry MSDS in vehicles at all times.
5. Contractor to follow manufacturer recommendations for repeat application and apply as needed at no additional charge. Contractor must track effectiveness of the application and follow up with a different chemical family if the first product is ineffective, at no additional cost.
6. Applicator to apply chemical spray only in conditions of low air movement to avoid contamination by spray drift.
7. There shall be no runoff or any spillage of any chemical into adjacent areas. Certified pest control operator shall carry spill protection in his vehicle at all times.
8. Contractor shall notify City of day, time and method of application prior to application. Signage shall be applied immediately prior to application in the immediate area of application. Signage to remain in place as dictated by the product label.
9. Applicator shall follow all label instructions and precautions and calibrate the spreader or sprayer to the correct rate of application per one thousand (1,000) square feet.
10. Upon completion, the Contractor shall record all pertinent information on the City's chemical use form and immediately forward to the City. (Records must be kept and retained as prescribed by law for the use of fertilizers and chemicals, of all operations stating dates, times, methods of application, chemical formulations, applicators' names and weather conditions).
11. Any soil, sod, plants or hardscape damage incurred during the chemical operation by misuse of fertilizer or chemicals shall be removed, repaired and/or replaced by the Contractor at his/ her cost immediately. If replacements have not been made within one (1) week after notification, the City may make replacements and deduct the cost of labor and materials from the Contractor's payment. Damage done to adjacent plant material or hardscape feature shall

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

also be repaired or replaced at the Contractor's cost

12. Contractor to carry, at all times, materials to clean up a spill and shall not transport any open containers or spray tanks.
13. Contractor shall follow all Occupational Safety and Health Administration (OSHA) safety requirements in the use of aerial lift units for foliar applications of chemical/ fertilizer.

III. MULCH INSTALLATION SPECIFICATIONS

A. Mulch Material:

1. To be provided by the City of Plantation and picked up at the Public Works facility by making an appointment twenty-four (24) hours prior to requested loading time. Any foreign materials or large pieces of bark shall be removed. Mulch shall not be used at any other site outside the City of Plantation.
2. Contractor shall supply all labor and equipment.
3. Cypress mulch and Iron oxide-dyed 'red' mulch shall not be permitted on this project.

B. Mulch Application: Performed four (4) times a year.

1. Mulch shall be uniformly applied over all shrub and groundcover areas, and around trees and palms in sod areas four (4) times per year.
2. Beds must be clean of weeds and undesirable vegetation (including their root system) prior to mulch application.
3. Old mulch exceeding two inches (2") (that creates a caking or crusting situation) shall be loosened prior to a fresh application of mulch.
4. Mulch shall be applied two inches (2") deep.
5. Mulch must not contact stems, branches or trunks as this can cause damage to plant material. Keep mulch a distance of three inches (3") away from tree and palm trunks, and three inches (3") away from the stems of all plant material.
6. Grades are to be uniform. Grade areas that are rough and uneven shall have voids and holes filled in with planting soil or other approved material prior to a mulch application.
7. Mulch must be kept clear of valve boxes, water meter boxes and other irrigation components.
8. Work must include the entire contract area and be completed within ten (10) calendar days of commencement. Contractor shall notify the Public Works Director twenty-four (24) hours before commencement of the mulch application and notify the same within twenty-four (24) hours after completion. Mulch application is subject to inspection. Corrections must be made within twenty-four

TECHNICAL SPECIFICATIONS

PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

(24) hours.

- g. Blow off mulch on adjacent areas. Upon completion, the areas shall be cleaned of all debris, superfluous materials and equipment. No excess mulch shall be blown into roadways or walkways.

IV. WEED REMOVAL SPECIFICATIONS

A weed is defined as any plant that is not desired in a given location as defined by the existing landscape plan. A weed-free condition describes weed growth that is no more than two weeks old and that is totally removed throughout the contract limits at the completion of each weed removal cycle.

- A. Weed Removal: Performed thirty (30) times a year concurrent with each mowing cycle.

1. Contractor shall provide a minimum of thirty (30) frequencies annually. The City reserves the right to increase or decrease frequencies due to climatic factors as determined by the Public Works Director at no additional cost.

Contractor is responsible for keeping all areas weed-free at all times.

- a. Weeds are to be completely removed from all turf, shrub and ground cover beds, tree rings, and paver block areas during the contract period. Entire area under contract shall remain weed free at all times using manual or chemical methods.
- b. Weeds are to be completely eliminated from all paver block areas, concrete walks, seating areas, valve boxes, sign posts, irrigation equipment, catch basins, curbs, gutters, edges of asphalt and roadway, sidewalk cracks and expansion joints, etc.
- c. Any hardscape element shall be immediately repaired or replaced by the Contractor if it is damaged or stained as a result of this service. Damage to other plant material shall be immediately repaired/ replaced by the Contractor at no additional cost.
- d. There shall be no run-off of chemicals into adjacent roadways, gutters, planting areas or other hard surfaces.
- e. Weeds exceeding four inches (4") in height and/ or four inches (4") in width must be eliminated manually by hand pulling, scuffle-hoeing, etc.
- f. Weeds less than four inches (4") in height and/ or four inches (4") in width may be eliminated by applying a glyphosate-based herbicide (Round-Up or similar herbicide) in a granular or liquid form, or by applying a pre/ post emergent. Contractor may investigate other more effective herbicide treatment for City evaluation. Provide product information and MSDS.

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

- g. Damage to sod or other plant material due to chemical use must be repaired within 24 hours of notification.
- h. Contractor shall supply all chemicals as part of the contract.
- i. All weed debris is to be removed from the site the same day. There shall be no evidence of dead weeds.
- j. Non-compliance of weed removal is subject to verbal warnings, vendor performance reports, deductions and/or contract cancellation.

V. HARDSCAPE MAINTENANCE SPECIFICATIONS

Hardscape elements include, but are not limited to, bus shelters, brick sign walls, paver blocks, benches, trash receptacles, etc.

Special note: Vandalism in any of the areas in this contract shall be reported to the Public Works Director immediately upon discovery.

- A. Hardscape Feature Cleaning: Performed once (1) a year.

Special note: Contractor shall be required to utilize an effective yet mild cleaning solution that does not cause fading or damage to all items being cleaned. Contractor shall be responsible for replacement or repairs to items damaged by cleaning solution.

- 1. Clean by washing with a detergent, trash receptacles, benches and bike racks to remove dirt, debris, gum, stains, mold, etc. Rinse thoroughly. Disinfect receptacle rims. Frequencies of trash receptacle rim cleaning may be increased as necessary to keep them clean.
- 2. Remove marks, stains, gum, graffiti, food or anything stuck to any hardscape surface.

VI. TRASH REMOVAL (WITH NEW CAN LINER)/ LITTER AND DEBRIS REMOVAL

- A. Trash, Litter and Debris Removal from Receptacles: Trash to be removed five (5) days a week.

- 1. Remove trash in receptacles and all litter and debris in and around the receptacles. Contractor shall supply and install new plastic can liners each time. Wash each rim with each trash removal.

- B. Trash, Litter and Debris Removal from All General Areas. Performed fifty-two (52) times a year (one (1) time a week).

- 1. Remove all litter and debris throughout the contract area.

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

General Conditions for A and B above:

1. Remove trash/ litter/ debris from turf areas, plant beds, sidewalks, curbs, gutters and roadways.
2. Litter and debris to be removed includes, but is not limited to, paper, glass, trash, garbage, undesirable material, dead animals, cigarette butts, dead vegetation or debris (unauthorized paper signs), etc. deposited or blown onto the sites. Palm fronds and their inflorescence, tree limbs and leaves shall also be removed.
3. Debris shall be blown, raked and/ or swept off all surfaces. Manually remove large accumulations of leaf and/ or seed debris.
4. Trash, litter and debris shall be completely removed off site from all contract areas as a regular requirement in accordance with City ordinances. Trash, litter and debris may not be stored on site.
5. Fallen debris from trees, shrubs and palms due to storms shall be a part of litter and debris removal. Litter and debris as a result of a hurricane or weather event will be charged under Item VIII. EMERGENCY/ HURRICANE DAMAGE, 'AS NEEDED' B. Litter/ Debris Removal (entire corridor) on the Bid Proposal.

VII. IRRIGATION SYSTEM MAINTENANCE: Maintenance Performed twelve (12) times a year. 'As Needed' Performed twelve (12) times a year.

Special note: Frequency is set for a quantity of twelve (12). This includes service calls and emergency services at no additional cost.

A. Scope of Services:

Scope of Services shall include all services and monetary costs to run the entire irrigation system. The Contractor is responsible for all repairs and associated costs from the power source out. Bid cost to include all costs incurred with a basic wet check. (Submit alternate 'As Needed' bid costs for time and material to repair main line breaks and to repair or replace larger equipment such as valves, pumps, time clocks and electrical components, etc. Alternate bid cost includes service or emergency calls). All equipment is to be kept in good running condition at all times. All plant material is to remain green and healthy at all times

1. Provide and maintain an irrigation system that provides one hundred percent (100%) coverage of all landscaped areas with a minimum of fifty percent (50%) overlap for all plant material.
2. Contractor is responsible for every part of the irrigation system and for all costs incurred for a wet check and services required to inspect, check, and maintain the system. Contractor is responsible for all repairs and associated costs from the power source out to keep the system at its optimal level of service. Public Works Director is to be contacted in writing of major repair or replacements

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

necessary to the pump system. The City will inspect the repairs or replacements within twenty-four (24) hours of installation. Repair or replacement of any equipment shall be of equal or better quality as those replaced as per the 'As Needed' Alternate Bid cost for time and materials.

3. Bid cost for this section shall include all labor, materials, equipment and any related items required to complete a wet check.
4. Trouble-shoot as necessary to secure system is repaired expediently. Address emergency calls within twenty-four (24) hours.
5. Repair and replace malfunctioning equipment within forty-eight (48) hours as per the 'As Needed' Alternate Bid Cost.
6. Contractor is not responsible for maintenance of the rust inhibitor system; however Contractor shall contact the Public Works Director regarding possible problems with the system.

B. Routine Maintenance: Performed twelve (12) times a year

Repair and replace irrigation equipment and parts, beyond a wet check, 'As Needed' as per the Alternate Bid cost for Time and Materials.

1. Check controllers twice (2) a month for correct program setting on controller, i.e., time of day, correct day watering cycle, and zone run times. Increase frequency as necessary to maintain healthy turf and landscape at no additional cost. Contractor must follow South Florida Water Management restrictions.
2. Check all zones for proper operation bi-weekly. Work requires checking heads for clogged nozzles, broken parts, and broken funny pipes.
 - a. Check control valves for bad diaphragm and solenoids.
 - b. Check sprinkler heads for proper water distribution.
 - c. Replace clogged or broken irrigation heads. Adjust irrigation heads, trajectory and throw radius, not to influence sidewalks, shelters or any structures that the City maintains.
 - d. Gear driven rotary heads shall be replaced with Hunter or Rain Bird only.
 - e. Increase frequency as necessary to maintain healthy turf and landscape.
3. Fill and repair depressions caused by settlement in the trenches. Resod. Clean pavement from wash out.
4. Raise or lower heads due to settlement or wash outs.
5. Check all control valves for malfunctions. Repair or replace broken control valves. Electric solenoid valves 24V. and 110V. Rain Bird only. Replace broken valve cover boxes. Valve boxes to be plastic in sod areas and cement or fiberglass in walk way areas. Local codes will apply.

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

6. Repair all solvent-cemented PVC pipe from one half inch (1/2") to four inches (4") as needed for main line breaks, lateral line breaks and leaky PVC pipes. All risers to be Schedule 40 PVC only.
7. Repair or replace gate valves. Brass type "American Brands" only or approved by Public Works designee.
8. Repair irrigation wires and electric valves that are out or damaged as needed. Control wire multi-strand or number twelve (#12) common and number fourteen (#14) control only. Do not mix.
9. Replace battery operated controllers with Rain Bird Uniq only. Replace electric controllers with Rain Bird ESP LX.
 - a. Keep controllers clean and free of dirt, insects and rodents.
 - b. Rain sensors to be Mini-Click or comparable. Dish sensors are prohibited.
 - c. Replace or repair missing or broken heads and associated equipment as needed.
 - d. All other material, not described herein but which are required for proper maintenance, shall be new first quality and subject to the approval of the irrigation supervisor.
- C. Test all backflow prevention devices annually, per local codes. Performed one (1) time a year. Backflow prevention devices must be certified by a licensed Backflow Specialist.
- D. Irrigation Experience:
 1. Bidder must have a minimum of five (5) years maintenance experience with landscape irrigation systems in Florida and a minimum of two (2) years comparable maintenance projects of similar size, scope and layout.
 2. The Contractor shall be licensed in the municipality of his business location, as well as in Broward County. The foreman and all laborers must be experienced in irrigation work. All workers shall be supervised at all times.
 3. The Contractor shall obtain and pay for all permits, fees and use charges required by the City of Plantation.

Inspections and Safety

1. Site Inspection: The Contractor shall personally examine the site prior to the bid to be acquainted with the entire irrigation system. Call Public Works Department at 954-452-2535 to schedule an irrigation inspection with City personnel.
2. Routine Inspections: The Contractor will notify the Public Works Director or Assistant Director of the scheduled irrigation inspections so that the City can

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

monitor the irrigation checks in progress. Contractor shall notify the Public Works Director within twenty-four (24) hours of the inspection.

Safety: For all roadwork, all Maintenance of Traffic (MOT) safety standards must be adhered to and proper Personal Protection Equipment (PPE) must be worn.

VIII SHRUBS AND GROUND COVER SPECIFICATIONS

A. Pruning to be performed 15 times per year (every other cut).

1. Shrubs shall be pruned to maintain growth within space limitations, to maintain or enhance the natural growth habit, or to eliminate diseased or damaged growth. Some species shall be trimmed appropriately to influence flowering and fruiting, or to improve vigor.

2. Shrubs must be trimmed as needed to permit unobstructed passage to residents or vehicles. Trimming near vehicular entry or exits shall be carried out to prevent sight restrictions.

3. Shrubs shall be pruned to conform with the design concept of the landscape. Individual shrubs shall not be clipped into balled or boxed forms, except where specifically instructed.

GROUND COVERS

A. Trimming to be performed 15 times per year.

1. Established ground covers bordering sidewalks or curbs shall be edged as often as necessary to prevent encroachment.

2. Ground covers shall not be allowed to touch or cover the crowns of shrubs and trees.

3. Some ground covers may require cutting back to remove woody growth and promote vigor.

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT

IX. GENERAL

- A. Contractor shall submit a tentative yearly schedule, identifying required dates for annual, semi-annual, quarterly or monthly contract services based on the contract and submit a firm monthly schedule one week prior to the succeeding month. If, however, the Contractor is unable to commence or complete a task as per the schedule, the Public Works Director must be notified one (1) day prior to a schedule change or before the close of day on the day the task is being performed but is not completed. This will ensure that credit and payment are given for the task.
- B. A City appointed Designee shall inspect contract areas subsequent to scheduled maintenance and a maintenance report from the Contractor. Failure to provide services as requested in this bid will result in necessary action as outlined in the Landscape Maintenance Agreement, Plantation Midtown.
- C. For identification purposes, with or without a logo, all maintenance vehicles shall have Contractor name and phone number displayed prominently.
 - 1. All staff shall wear shirts with Contractor name and/ or logo prominently displayed. All staff shall wear safety vests and other personal protective equipment as necessitated by task. Contractor's staff will be dismissed from site by City personnel if not in compliance.
 - 2. Unless otherwise stipulated, all weekly-required maintenance shall be performed Monday through Friday only. Unless otherwise specified, no maintenance shall be performed on weekends or holidays unless requested in writing and approved in advance by the Public Works Director.
 - 3. The Contractor cannot replace the Operations Manager or Maintenance Foreman without prior notification to the Public Works Director. Proposed replacement personnel must be approved by the Public Works Director prior to commencing work on the corridor.
 - 4. Contractors must do all work with company employees.

X. SAFETY

- A. Contractor shall adhere to all State and Federal Department of Transportation (DOT) regulations for roadway operations, which include but are not limited to the proper use and placements of cones, barricades, signage and the wearing of safety vests and other safety equipment.
- B. Any Contractor improperly prepared shall be dismissed until proper equipment is secured.
- C. Contractor shall follow "State of Florida Manual on Traffic Control and Safe Practices"

TECHNICAL SPECIFICATIONS
LANDSCAPE MAINTENANCE
PLANTATION MIDTOWN DISTRICT
ATTACHMENT A

- 1 Contractor is responsible for providing all safety gear, equipment and traffic control devices for maintenance personnel.
- 2 Contractors are responsible for following all OSHA requirements for safe equipment use and operation when performing any contract services.
- 3 The operations manager shall conduct a minimum of three (3) safety meetings with the maintenance foreman and staff yearly. Copies of safety meeting minutes to be provided to the City within forty-eight (48) hours of meeting.

XI. STAFF QUALIFICATIONS AND OPERATIONS

- A. Contractor shall assign a fluent English-speaking operations manager and maintenance foreman to this project.
 - 1. Foreman shall assign and oversee all maintenance work and be on site at all times.
 - 2. Foreman shall be available twenty-four (24) hours a day by cellular phone during working hours, and shall provide a twenty-four (24) hour emergency number.
 - 3. The operations manager shall attend a minimum of one (1) meeting every other month with the Public Works Director. Weekly discussions with the Maintenance Supervisor when necessary.
- B. Contractor shall have a Horticulturalist on staff, with a minimum Associates of Art (AA) degree in horticulture from an accredited college or university, related field or professional experience and/ or is a Florida Nursery Growers & Landscape Association (FNGLA) Florida Certified Horticultural Professional (FCHP).
- C. Contractor shall have an International Society of Arboriculture (ISA) Certified Arborist on staff, with a minimum of five (5) years experience, to perform and/ or direct all pruning operations.
- D. Contractor shall have a licensed Broward County Tree Trimmer on staff.
Contractor shall have a Certified Pest Control Operator on staff to perform all Integrated Pest Management (IPM) services and direct all chemical applications.
- E. All work to be performed in accordance with all local, county and state codes and ordinances.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

PER PROJECT- AMENDMENT OF GENERAL AGGREGATE SUBJECT TO MAXIMUM ANNUAL AGGREGATE LIMIT

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

LIMITS OF INSURANCE:

The Limits of Insurance shown in the Declarations are amended by the following:

The Limits of Insurance, subject to all the terms of this policy that apply, are:

Each Occurrence Limit	\$	See Declarations Page
Personal and Advertising Injury Limit	\$	See Declarations Page
Damage to Premises Rented to You – Any One Premises	\$	See Declarations Page
Medical Expense Limit - Any One Person	\$	See Declarations Page
General Aggregate Limit	\$	
Project General Aggregate Limit	\$	
Maximum Annual Aggregate Limit	\$	
Products-Completed Operations Aggregate Limit	\$	See Declarations Page

In return for the payment of the premium when due and subject to all the terms of the Commercial General Liability Coverage Part not expressly modified herein, we agree with you as follows:

A. The LIMITS OF INSURANCE (SECTION III) is deleted in its entirety and replaced with the following:

1. The Most We Will Pay

The Limits of Insurance shown in the above Schedule and the rules below fix the most we will pay regardless of the number of:

- a. Insureds;
- b. Claims made or "suits" brought; or
- c. Persons or organizations making claims or bringing "suits".

2. Maximum Annual Aggregate

The Maximum Annual Aggregate Limit is the most we will pay for the sum of:

- a. Damages under the General Aggregate Limit and

- b. Damages under any one or more Project General Aggregate Limit(s), as described in paragraph 4. below.

3. General Aggregate Limit

Subject to 2. above, the General Aggregate Limit is the most we will pay for the sum of:

- a. Damages under **Coverage B Personal and Advertising Injury Liability**; and
- b. Damages under **Coverage C Medical Payments, and Coverage A Bodily Injury and Property Damage Liability**, with the following exceptions:
 - (1) "Bodily injury" or "property damage" included in the "products-completed operations hazard"; or

- (2) "Bodily injury" or "property damage" attributed solely to ongoing operations at a single "project";
 - c. "Property damage" included as **Damage to Premises Rented to You**.
- 4. **Project General Aggregate Limit**
Subject to 2. above:
 - a. A separate Project General Aggregate Limit applies to each single "project", in lieu of and not in addition to, the General Aggregate. Such Project General Aggregate is the most we will pay for all damages under **Coverage A Bodily Injury and Property Damage Liability**, or **Coverage C Medical Payments**, with the following exceptions:
 - (1) "Bodily injury" or "property damage" included in the "products-completed operations hazard"; or
 - (2) "Property damage" included in the Damage to Premises Rented to You coverage; or
 - (3) "Bodily injury", "property damage", or medical expenses under **Coverage C**, which cannot be attributed solely to the ongoing operations at a single "project". Such damages will erode the General Aggregate Limit as provided in paragraph 3. above.
 - b. The Project General Aggregate Limit:
 - (1) Applies only to "occurrences" attributed solely to ongoing operations at a single "project"; and
 - (2) Does not include damages for **Coverage B Personal and Advertising Injury Liability**, no matter where or in how many "projects" the offense or offenses may be committed. Such damages will erode the General Aggregate Limit as provided in paragraph 3. above.
 - c. Any payments made under this paragraph 4., for damages for "bodily injury", "property damage", or medical expenses under Coverage C, shall reduce the Maximum Annual Aggregate Limit and the Project General Aggregate for that "project". Such payments shall not reduce the General Aggregate Limit or the Products-Completed Operations Aggregate Limit nor shall they reduce any other Project General Aggregate Limit.

5. **Products-Completed Operations Aggregate Limit**

The Products-Completed Operations Aggregate Limit is the most we will pay for damages under **Coverage A - Bodily Injury and Property Damage Liability** because of "bodily injury" and "property damage" included in the "products-completed operations hazard".

6. **Personal And Advertising Injury Limit**

Subject to 3. above, the Personal and Advertising Injury Limit is the most we will pay under **Coverage B Personal and Advertising Injury Liability** for the sum of all damages because of all "personal and advertising injury" sustained by any one person or organization.

7. **Occurrence Limit**

Subject to 3., 4., or 5. above, whichever applies, the Each Occurrence Limit is the most we will pay for damages under **Coverage A - Bodily Injury and Property Damage Liability** because of "bodily injury" or "property damage" arising out of any one "occurrence".

8. **Damages To Premises Rented To You Limit**

Subject to 7. above, the Damage to Premises Rented to You Limit is the most we will pay for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, lightning or explosion, while rented to you or temporarily occupied by you with permission of the owner.

In the case of damage by fire, lightning or explosion, the Damage to Premises Rented to You Limit applies to all damage proximately caused by the same event, whether such damage results from fire, lightning or explosion or any combination of these.

The Damage to Premises Rented to You Coverage is not subject to any Project General Aggregate Limit, but will erode the General Aggregate Limit.

9. **Medical Expense Limit**

Subject to 3. or 4. above, whichever applies, the Medical Expense Any One Person Limit is the most we will pay under **Coverage C Medical Payments** for all medical expenses because of "bodily injury" sustained by any one person.

Such Medical Payments Coverage is subject to either the Project General Aggregate Limit or the General Aggregate Limit as provided in paragraphs **3.** or **4.** above.

10. How Limits Apply To Additional Insureds

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- (1)** The limits of insurance specified in the written contract or written agreement; or
- (2)** The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

11. If More Than One Limit of Insurance Applies

If more than one limit of insurance under this Coverage Part and any endorsements attached thereto applies to any claim or "suit", the most we will pay under this Coverage Part and such endorsements is the single highest limit of liability of all coverages applicable to such claim or "suit".

However, this paragraph **11.** does not apply to the Medical Expense Limit for Coverage **C.**

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

- B.** For the purposes of this endorsement, the Definitions Section is amended by the addition of the following definition:

"Project" means a jobsite including premises involving the same or connecting lots, or premises whose connection is interrupted only by a street, roadway, waterway or right of way of a railroad.

If a "project" has been abandoned, delayed, or abandoned and then restarted, or if the authorized contracting parties deviate from plans, blueprints, designs, specifications or timetables, the project will still be deemed as the same project.

COMMERCIAL GENERAL LIABILITY COVERAGE FORM

Various provisions in this policy restrict coverage. Read the entire policy carefully to determine rights, duties and what is and is not covered.

Throughout this policy the words "you" and "your" refer to the Named Insured shown in the Declarations, and any other person or organization qualifying as a Named Insured under this policy. The words "we", "us" and "our" refer to the stock insurance company member of The Hartford providing this insurance.

The word "insured" means any person or organization qualifying as such under Section II – Who Is An Insured.

Other words and phrases that appear in quotation marks have special meaning. Refer to Section V – Definitions.

SECTION I – COVERAGES

COVERAGE A BODILY INJURY AND PROPERTY DAMAGE LIABILITY

1. Insuring Agreement

- a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "bodily injury" or "property damage" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "bodily injury" or "property damage" to which this insurance does not apply. We may, at our discretion, investigate any "occurrence" and settle any claim or "suit" that may result. But:

- (1) The amount we will pay for damages is limited as described in Section III – Limits Of Insurance; and
- (2) Our right and duty to defend ends when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages A or B or medical expenses under Coverage C.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments – Coverages A and B.

- b. This insurance applies to "bodily injury" and "property damage" only if:

- (1) The "bodily injury" or "property damage" is caused by an "occurrence" that takes place in the "coverage territory";
 - (2) The "bodily injury" or "property damage" occurs during the policy period; and
 - (3) Prior to the policy period, no insured listed under Paragraph 1. of Section II – Who Is An Insured and no "employee" authorized by you to give or receive notice of an "occurrence" or claim, knew that the "bodily injury" or "property damage" had occurred, in whole or in part. If such a listed insured or authorized "employee" knew, prior to the policy period, that the "bodily injury" or "property damage" occurred, then any continuation, change or resumption of such "bodily injury" or "property damage" during or after the policy period will be deemed to have been known prior to the policy period.
- c. "Bodily injury" or "property damage" will be deemed to have been known to have occurred at the earliest time when any insured listed under Paragraph 1. of Section II – Who Is An Insured or any "employee" authorized by you to give or receive notice of an "occurrence" or claim:
- (1) Reports all, or any part, of the "bodily injury" or "property damage" to us or any other insurer;
 - (2) Receives a written or verbal demand or claim for damages because of the "bodily injury" or "property damage"; or
 - (3) Becomes aware by any other means that "bodily injury" or "property damage" has occurred or has begun to occur.
- d. Damages because of "bodily injury" include damages claimed by any person or organization for care, loss of services or death resulting at any time from the "bodily injury".
- e. **Incidental Medical Malpractice And Good Samaritan Coverage**
- "Bodily injury" arising out of the rendering of or failure to render the following health care services by any "employee" or "volunteer worker" shall be deemed to be caused by an "occurrence" for:

- (1) Professional health care services such as:
 - (a) Medical, surgical, dental, laboratory, x-ray or nursing services or treatment, advice or instruction, or the related furnishing of food or beverages;
 - (b) Any health or therapeutic service, treatment, advice or instruction; or
 - (c) The furnishing or dispensing of drugs or medical, dental, or surgical supplies or appliances; or
- (2) First aid services, which include:
 - (a) Cardiopulmonary resuscitation, whether performed manually or with a defibrillator; or
 - (b) Services performed as a Good Samaritan.

For the purpose of determining the limits of insurance, any act or omission together with all related acts or omissions in the furnishing of these services to any one person will be considered one "occurrence".

However, this Incidental Medical Malpractice And Good Samaritan Coverage provision applies only if you are not engaged in the business or occupation of providing any of the services described in this provision.

2. Exclusions

This insurance does not apply to:

a. Expected Or Intended Injury

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

b. Contractual Liability

"Bodily injury" or "property damage" for which the insured is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages:

- (1) That the insured would have in the absence of the contract or agreement; or
- (2) Assumed in a contract or agreement that is an "insured contract", provided the "bodily injury" or "property damage" occurs subsequent to the execution of the contract or agreement. Solely for the purposes of liability assumed in an "insured contract", reasonable attorney fees and necessary litigation expenses incurred by or for a party other than an insured are deemed to be damages because of "bodily injury" or "property damage", provided:

- (a) Liability to such party for, or for the cost of, that party's defense has also been assumed in the same "insured contract"; and
- (b) Such attorney fees and litigation expenses are for defense of that party against a civil or alternative dispute resolution proceeding in which damages to which this insurance applies are alleged.

c. Liquor Liability

"Bodily injury" or "property damage" for which any insured may be held liable by reason of:

- (1) Causing or contributing to the intoxication of any person;
- (2) The furnishing of alcoholic beverages to a person under the legal drinking age or under the influence of alcohol; or
- (3) Any statute, ordinance or regulation relating to the sale, gift, distribution or use of alcoholic beverages.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in:

- (a) The supervision, hiring, employment, training or monitoring of others by that insured; or
- (b) Providing or failing to provide transportation with respect to any person that may be under the influence of alcohol;

if the "occurrence" which caused the "bodily injury" or "property damage", involved that which is described in Paragraph (1), (2) or (3) above.

However, this exclusion applies only if you are in the business of manufacturing, distributing, selling, serving or furnishing alcoholic beverages. For the purposes of this exclusion, permitting a person to bring alcoholic beverages on your premises, for consumption on your premises, whether or not a fee is charged or a license is required for such activity, is not by itself considered the business of selling, serving or furnishing alcoholic beverages.

d. Workers' Compensation And Similar Laws

Any obligation of the insured under a workers' compensation, disability benefits or unemployment compensation law or any similar law.

e. Employer's Liability

"Bodily injury" to:

- (1) An "employee" of the insured arising out of and in the course of:

- (a) Employment by the insured; or
- (b) Performing duties related to the conduct of the insured's business; or
- (2) The spouse, child, parent, brother or sister of that "employee" as a consequence of Paragraph (1) above.

This exclusion applies:

- (1) Whether the insured may be liable as an employer or in any other capacity; and
- (2) To any obligation to share damages with or repay someone else who must pay damages because of the injury.

This exclusion does not apply to liability assumed by the insured under an "insured contract".

f. Pollution

- (1) "Bodily injury" or "property damage" arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of "pollutants":
 - (a) At or from any premises, site or location which is or was at any time owned or occupied by, or rented or loaned to, any insured. However, this subparagraph does not apply to:
 - (i) "Bodily injury" if sustained within a building and caused by smoke, fumes, vapor or soot produced by or originating from equipment that is used to heat, cool or dehumidify the building, or equipment that is used to heat water for personal use, by the building's occupants or their guests;
 - (ii) "Bodily injury" or "property damage" for which you may be held liable, if you are a contractor and the owner or lessee of such premises, site or location has been added to your policy as an additional insured with respect to your ongoing operations performed for that additional insured at that premises, site or location and such premises, site or location is not and never was owned or occupied by, or rented or loaned to, any insured, other than that additional insured; or
 - (iii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire";
 - (b) At or from any premises, site or location which is or was at any time used by or for any insured or others for

the handling, storage, disposal, processing or treatment of waste;

- (c) Which are or were at any time transported, handled, stored, treated, disposed of, or processed as waste by or for:
 - (i) Any insured; or
 - (ii) Any person or organization for whom you may be legally responsible;
- (d) At or from any premises, site or location on which any insured or any contractors or subcontractors working directly or indirectly on any insured's behalf are performing operations if the "pollutants" are brought on or to the premises, site or location in connection with such operations by such insured, contractor or subcontractor. However, this subparagraph does not apply to:
 - (i) "Bodily injury" or "property damage" arising out of the escape of fuels, lubricants or other operating fluids which are needed to perform the normal electrical, hydraulic or mechanical functions necessary for the operation of "mobile equipment" or its parts, if such fuels, lubricants or other operating fluids escape from a vehicle part designed to hold, store or receive them. This exception does not apply if the "bodily injury" or "property damage" arises out of the intentional discharge, dispersal or release of the fuels, lubricants or other operating fluids, or if such fuels, lubricants or other operating fluids are brought on or to the premises, site or location with the intent that they be discharged, dispersed or released as part of the operations being performed by such insured, contractor or subcontractor;
 - (ii) "Bodily injury" or "property damage" sustained within a building and caused by the release of gases, fumes or vapors from materials brought into that building in connection with operations being performed by you or on your behalf by a contractor or subcontractor; or
 - (iii) "Bodily injury" or "property damage" arising out of heat, smoke or fumes from a "hostile fire"; or
- (e) At or from any premises, site or location on which any insured or any contractors or subcontractors working

directly or indirectly on any insured's behalf are performing operations if the operations are to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants".

(2) Any loss, cost or expense arising out of any:

- (a) Request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants"; or
- (b) Claim or suit by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of, "pollutants".

However, this paragraph does not apply to liability for damages because of "property damage" that the insured would have in the absence of such request, demand, order or statutory or regulatory requirement, or such claim or "suit" by or on behalf of a governmental authority.

g. Aircraft, Auto Or Watercraft

"Bodily injury" or "property damage" arising out of the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft owned or operated by or rented or loaned to any insured. Use includes operation and "loading or unloading".

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage" involved the ownership, maintenance, use or entrustment to others of any aircraft, "auto" or watercraft that is owned or operated by or rented or loaned to any insured.

This exclusion does not apply to:

- (1) A watercraft while ashore on premises you own or rent;
- (2) A watercraft you do not own that is:
 - (a) Less than 51 feet long; and
 - (b) Not being used to carry persons for a charge;
- (3) Parking an "auto" on, or on the ways next

to, premises you own or rent, provided the "auto" is not owned by or rented or loaned to you or the insured;

- (4) Liability assumed under any "insured contract" for the ownership, maintenance or use of aircraft or watercraft;
- (5) "Bodily injury" or "property damage" arising out of:
 - (a) The operation of machinery or equipment that is attached to, or part of, a land vehicle that would qualify under the definition of "mobile equipment" if it were not subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged; or
 - (b) The operation of any of the machinery or equipment listed in Paragraph **f.(2)** or **f.(3)** of the definition of "mobile equipment"; or
- (6) An aircraft that is not owned by any insured and is hired, chartered or loaned with a paid crew. However, this exception does not apply if the insured has any other insurance for such "bodily injury" or "property damage", whether the other insurance is primary, excess, contingent or on any other basis.

h. Mobile Equipment

"Bodily injury" or "property damage" arising out of:

- (1) The transportation of "mobile equipment" by an "auto" owned or operated by or rented or loaned to any insured; or
- (2) The use of "mobile equipment" in, or while in practice for, or while being prepared for, any prearranged racing, speed, demolition, or stunting activity.

i. War

"Bodily injury" or "property damage", however caused, arising, directly or indirectly, out of:

- (1) War, including undeclared or civil war;
- (2) Warlike action by a military force, including action in hindering or defending against an actual or expected attack, by any government, sovereign or other authority using military personnel or other agents; or
- (3) Insurrection, rebellion, revolution, usurped power, or action taken by governmental authority in hindering or defending against any of these.

j. Damage To Property

"Property damage" to:

- (1) Property you own, rent, or occupy, including any costs or expenses incurred by you, or any other person, organization or entity, for repair, replacement, enhancement, restoration or maintenance of such property for any reason, including prevention of injury to a person or damage to another's property;
- (2) Premises you sell, give away or abandon, if the "property damage" arises out of any part of those premises;
- (3) Property loaned to you;
- (4) Personal property in the care, custody or control of the insured;
- (5) That particular part of real property on which you or any contractors or subcontractors working directly or indirectly on your behalf are performing operations, if the "property damage" arises out of those operations; or
- (6) That particular part of any property that must be restored, repaired or replaced because "your work" was incorrectly performed on it.

Paragraphs (1), (3) and (4) of this exclusion do not apply to "property damage" (other than damage by fire) to premises, including the contents of such premises, rented to you for a period of seven or fewer consecutive days. A separate limit of insurance applies to Damage To Premises Rented To You as described in Section III – Limits Of Insurance.

Paragraph (2) of this exclusion does not apply if the premises are "your work" and were never occupied, rented or held for rental by you.

Paragraphs (3) and (4) of this exclusion do not apply to "property damage" arising from the use of elevators.

Paragraphs (3), (4), (5) and (6) of this exclusion do not apply to liability assumed under a sidetrack agreement.

Paragraphs (3) and (4) of this exclusion do not apply to "property damage" to borrowed equipment while not being used to perform operations at the job site.

Paragraph (6) of this exclusion does not apply to "property damage" included in the "products-completed operations hazard".

k. Damage To Your Product

"Property damage" to "your product" arising out of it or any part of it.

l. Damage To Your Work

"Property damage" to "your work" arising out of it or any part of it and included in the "products-completed operations hazard".

This exclusion does not apply if the damaged work or the work out of which the damage arises was performed on your behalf by a subcontractor.

m. Damage To Impaired Property Or Property Not Physically Injured

"Property damage" to "impaired property" or property that has not been physically injured, arising out of:

- (1) A defect, deficiency, inadequacy or dangerous condition in "your product" or "your work"; or
- (2) A delay or failure by you or anyone acting on your behalf to perform a contract or agreement in accordance with its terms.

This exclusion does not apply to the loss of use of other property arising out of sudden and accidental physical injury to "your product" or "your work" after it has been put to its intended use.

n. Recall Of Products, Work Or Impaired Property

Damages claimed for any loss, cost or expense incurred by you or others for the loss of use, withdrawal, recall, inspection, repair, replacement, adjustment, removal or disposal of:

- (1) "Your product";
- (2) "Your work"; or
- (3) "Impaired property";

if such product, work, or property is withdrawn or recalled from the market or from use by any person or organization because of a known or suspected defect, deficiency, inadequacy or dangerous condition in it.

o. Personal And Advertising Injury

"Bodily injury" arising out of "personal and advertising injury".

p. Access or Disclosure Of Confidential Or Personal Information And Data-related Liability

Damages arising out of:

- (1) Any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health information or any other type of nonpublic information; or
- (2) The loss of, loss of use of, damage to, corruption of, inability to access, or inability to manipulate electronic data.

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses,

public relations expenses or any other loss, cost or expense incurred by you or others arising out of that which is described in Paragraph (1) or (2) above.

However, unless Paragraph (1) above applies, this exclusion does not apply to damages because of "bodily injury".

As used in this exclusion, electronic data means information, facts or programs stored as or on, created or used on, or transmitted to or from computer software, including systems and applications software, hard or floppy disks, CD-ROMS, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

q. Employment-Related Practices

"Bodily injury" to:

- (1) A person arising out of any "employment-related practices"; or
- (2) The spouse, child, parent, brother or sister of that person as a consequence of "bodily injury" to that person at whom any "employment-related practices" are directed.

This exclusion applies:

- (1) Whether the injury-causing event described in the definition of "employment-related practices" occurs before employment, during employment or after employment of that person;
- (2) Whether the insured may be liable as an employer or in any other capacity; and
- (3) To any obligation to share damages with or repay someone else who must pay damages because of the injury.

r. Asbestos

- (1) "Bodily injury" or "property damage" arising out of the "asbestos hazard".
- (2) Any damages, judgments, settlements, loss, costs or expenses that:
 - (a) May be awarded or incurred by reason of any claim or suit alleging actual or threatened injury or damage of any nature or kind to persons or property which would not have occurred in whole or in part but for the "asbestos hazard";
 - (b) Arise out of any request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, encapsulate, contain, treat, detoxify or neutralize or in any way respond to or

assess the effects of an "asbestos hazard"; or

- (c) Arise out of any claim or suit for damages because of testing for, monitoring, cleaning up, removing, encapsulating, containing, treating, detoxifying or neutralizing or in any way responding to or assessing the effects of an "asbestos hazard".

s. Recording And Distribution Of Material Or Information In Violation Of Law

"Bodily injury" or "property damage" arising directly or indirectly out of any action or omission that violates or is alleged to violate:

- (1) The Telephone Consumer Protection Act (TCPA), including any amendment of or addition to such law;
- (2) The CAN-SPAM Act of 2003, including any amendment of or addition to such law;
- (3) The Fair Credit Reporting Act (FCRA), and any amendment of or addition to such law, including the Fair and Accurate Credit Transaction Act (FACTA); or
- (4) Any federal, state or local statute, ordinance or regulation, other than the TCPA or CAN-SPAM Act of 2003 or FCRA and their amendments and additions, that addresses, prohibits or limits the printing, dissemination, disposal, collecting, recording, sending, transmitting, communicating or distribution of material or information.

Damage To Premises Rented To You – Exception For Damage By Fire, Lightning Or Explosion

Exclusions c. through h. and j. through n. do not apply to damage by fire, lightning or explosion to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to this coverage as described in Section III – Limits Of Insurance.

COVERAGE B PERSONAL AND ADVERTISING INJURY LIABILITY

1. Insuring Agreement

- a. We will pay those sums that the insured becomes legally obligated to pay as damages because of "personal and advertising injury" to which this insurance applies. We will have the right and duty to defend the insured against any "suit" seeking those damages. However, we will have no duty to defend the insured against any "suit" seeking damages for "personal and advertising injury" to which this insurance does not apply. We may, at our

discretion, investigate any offense and settle any claim or "suit" that may result. But:

- (1) The amount we will pay for damages is limited as described in Section III – Limits Of Insurance; and
- (2) Our right and duty to defend end when we have used up the applicable limit of insurance in the payment of judgments or settlements under Coverages A or B or medical expenses under Coverage C.

No other obligation or liability to pay sums or perform acts or services is covered unless explicitly provided for under Supplementary Payments – Coverages A and B.

- b. This insurance applies to "personal and advertising injury" caused by an offense arising out of your business but only if the offense was committed in the "coverage territory" during the policy period.

2. Exclusions

This insurance does not apply to:

a. Knowing Violation Of Rights Of Another

"Personal and advertising injury" arising out of an offense committed by, at the direction or with the consent or acquiescence of the insured with the expectation of inflicting "personal and advertising injury".

b. Material Published With Knowledge Of Falsity

"Personal and advertising injury" arising out of oral, written or electronic publication, in any manner, of material, if done by or at the direction of the insured with knowledge of its falsity.

c. Material Published Prior To Policy Period

"Personal and advertising injury" arising out of oral, written or electronic publication, in any manner, of material whose first publication took place before the beginning of the policy period.

d. Criminal Acts

"Personal and advertising injury" arising out of a criminal act committed by or at the direction of the insured.

e. Contractual Liability

"Personal and advertising injury" for which the insured has assumed liability in a contract or agreement. This exclusion does not apply to liability for damages that the insured would have in the absence of the contract or agreement.

f. Breach Of Contract

"Personal and advertising injury" arising out of a breach of contract, except an implied contract to

use another's "advertising idea" in your "advertisement".

g. Quality Or Performance Of Goods – Failure To Conform To Statements

"Personal and advertising injury" arising out of the failure of goods, products or services to conform with any statement of quality or performance made in your "advertisement".

h. Wrong Description Of Prices

"Personal and advertising injury" arising out of the wrong description of the price of goods, products or services.

i. Infringement Of Intellectual Property Rights

- (1) "Personal and advertising injury" arising out of any actual or alleged infringement or violation of any intellectual property rights such as copyright, patent, trademark, trade name, trade secret, trade dress, service mark or other designation of origin or authenticity; or
- (2) Any injury or damage alleged in any claim or "suit" that also alleges an infringement or violation of any intellectual property right, whether such allegation of infringement or violation is made by you or by any other party involved in the claim or "suit", regardless of whether this insurance would otherwise apply.

However, this exclusion does not apply if the only allegation in the claim or "suit" involving any intellectual property right is limited to:

- (1) Infringement, in your "advertisement", of:
 - (a) Copyright;
 - (b) Slogan; or
 - (c) Title of any literary or artistic work; or
- (2) Copying, in your "advertisement", a person's or organization's "advertising idea" or style of "advertisement".

j. Insureds In Media And Internet Type Businesses

"Personal and advertising injury" committed by an insured whose business is:

- (1) Advertising, broadcasting, publishing or telecasting;
- (2) Designing or determining content of web sites for others; or
- (3) An Internet search, access, content or service provider.

However, this exclusion does not apply to Paragraphs a., b. and c. of the definition of "personal and advertising injury" under the Definitions Section.

For the purposes of this exclusion, the placing of frames, borders or links, or advertising, for you or others anywhere on the Internet, is not by itself, considered the business of advertising, broadcasting, publishing or telecasting.

k. Electronic Chatrooms Or Bulletin Boards

"Personal and advertising injury" arising out of an electronic chatroom or bulletin board the insured hosts, owns, or over which the insured exercises control.

l. Unauthorized Use Of Another's Name Or Product

"Personal and advertising injury" arising out of the unauthorized use of another's name or product in your e-mail address, domain name or metatags, or any other similar tactics to mislead another's potential customers.

m. Pollution

"Personal and advertising injury" arising out of the actual, alleged or threatened discharge, dispersal, seepage, migration, release or escape of "pollutants" at any time.

n. Pollution-Related

Any loss, cost or expense arising out of any:

- (1) Request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of, "pollutants"; or
- (2) Claim or suit by or on behalf of a governmental authority for damages because of testing for, monitoring, cleaning up, removing, containing, treating, detoxifying or neutralizing, or in any way responding to, or assessing the effects of, "pollutants".

o. War

"Personal and advertising injury", however caused, arising, directly or indirectly, out of:

- (1) War, including undeclared or civil war;
- (2) Warlike action by a military force, including action in hindering or defending against an actual or expected attack, by any government, sovereign or other authority using military personnel or other agents; or
- (3) Insurrection, rebellion, revolution, usurped power, or action taken by governmental authority in hindering or defending against any of these.

p. Internet Advertisements And Content Of Others

"Personal and advertising injury" arising out of:

- (1) An "advertisement" for others on your web site;
- (2) Placing a link to a web site of others on your web site;
- (3) Content, including information, sounds, text, graphics, or images from a web site of others displayed within a frame or border on your web site; or
- (4) Computer code, software or programming used to enable:
 - (a) Your web site; or
 - (b) The presentation or functionality of an "advertisement" or other content on your web site.

q. Right Of Privacy Created By Statute

"Personal and advertising injury" arising out of the violation of a person's right of privacy created by any state or federal act.

However, this exclusion does not apply to liability for damages that the insured would have in the absence of such state or federal act.

r. Violation Of Anti-Trust law

"Personal and advertising injury" arising out of a violation of any anti-trust law.

s. Securities

"Personal and advertising injury" arising out of the fluctuation in price or value of any stocks, bonds or other securities.

t. Recording And Distribution Of Material Or Information In Violation Of Law

"Personal and advertising injury" arising directly or indirectly out of any action or omission that violates or is alleged to violate:

- (1) The Telephone Consumer Protection Act (TCPA), including any amendment of or addition to such law;
- (2) The CAN-SPAM Act of 2003, including any amendment of or addition to such law;
- (3) The Fair Credit Reporting Act (FCRA), and any amendment of or addition to such law, including the Fair and Accurate Credit Transaction Act (FACTA); or
- (4) Any federal, state or local statute, ordinance or regulation, other than the TCPA or CAN-SPAM Act of 2003 or FCRA and their amendments and additions, that addresses, prohibits or limits the printing, dissemination, disposal, collecting, recording, sending, transmitting, communicating or distribution of material or information.

u. Employment-Related Practices

"Personal and advertising injury" to:

- (1) A person arising out of any "employment-related practices"; or
- (2) The spouse, child, parent, brother or sister of that person as a consequence of "personal and advertising injury" to that person at whom any "employment-related practices" are directed.

This exclusion applies:

- (1) Whether the injury-causing event described in the definition of "employment-related practices" occurs before employment, during employment or after employment of that person;
- (2) Whether the insured may be liable as an employer or in any other capacity; and
- (3) To any obligation to share damages with or repay someone else who must pay damages because of the injury.

v. Asbestos

- (1) "Personal and advertising injury" arising out of the "asbestos hazard".
- (2) Any damages, judgments, settlements, loss, costs or expenses that:
 - (a) May be awarded or incurred by reason of any claim or suit alleging actual or threatened injury or damage of any nature or kind to persons or property which would not have occurred in whole or in part but for the "asbestos hazard";
 - (b) Arise out of any request, demand, order or statutory or regulatory requirement that any insured or others test for, monitor, clean up, remove, encapsulate, contain, treat, detoxify or neutralize or in any way respond to or assess the effects of an "asbestos hazard"; or
 - (c) Arise out of any claim or suit for damages because of testing for, monitoring, cleaning up, removing, encapsulating, containing, treating, detoxifying or neutralizing or in any way responding to or assessing the effects of an "asbestos hazard".

w. Access Or Disclosure Of Confidential Or Personal Information

"Personal and advertising injury" arising out of any access to or disclosure of any person's or organization's confidential or personal information, including patents, trade secrets, processing methods, customer lists, financial information, credit card information, health

information or any other type of nonpublic information.

This exclusion applies even if damages are claimed for notification costs, credit monitoring expenses, forensic expenses, public relations expenses or any other loss, cost or expense incurred by you or others arising out of any access to or disclosure of any person's or organization's confidential or personal information.

COVERAGE C MEDICAL PAYMENTS**1. Insuring Agreement**

- a. We will pay medical expenses as described below for "bodily injury" caused by an accident:

- (1) On premises you own or rent;
 - (2) On ways next to premises you own or rent; or
 - (3) Because of your operations;
- provided that:

- (1) The accident takes place in the "coverage territory" and during the policy period;
- (2) The expenses are incurred and reported to us within three years of the date of the accident; and
- (3) The injured person submits to examination, at our expense, by physicians of our choice as often as we reasonably require.

- b. We will make these payments regardless of fault. These payments will not exceed the applicable limit of insurance. We will pay reasonable expenses for:

- (1) First aid administered at the time of an accident;
- (2) Necessary medical, surgical, X-ray and dental services, including prosthetic devices; and
- (3) Necessary ambulance, hospital, professional nursing and funeral services.

2. Exclusions

We will not pay expenses for "bodily injury":

a. Any Insured

To any insured, except "volunteer workers".

b. Hired Person

To a person hired to do work for or on behalf of any insured or a tenant of any insured.

c. Injury On Normally Occupied Premises

To a person injured on that part of premises you own or rent that the person normally occupies.

d. Workers Compensation And Similar Laws

To a person, whether or not an "employee" of

any insured, if benefits for the "bodily injury" are payable or must be provided under a workers' compensation or disability benefits law or a similar law.

e. Athletics Activities

To a person injured while practicing, instructing or participating in any physical exercises or games, sports, or athletic contests.

f. Products-Completed Operations Hazard

Included within the "products-completed operations hazard".

g. Coverage A Exclusions

Excluded under Coverage A.

SUPPLEMENTARY PAYMENTS – COVERAGES A AND B

1. We will pay, with respect to any claim we investigate or settle, or any "suit" against an insured we defend:

- a. All expenses we incur.
- b. Up to \$1,000 for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.
- c. The cost of appeal bonds or bonds to release attachments, but only for bond amounts within the applicable limit of insurance. We do not have to furnish these bonds.
- d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to \$500 a day because of time off from work.
- e. All court costs taxed against the insured in the "suit". However, such costs do not include attorneys' fees, attorneys' expenses, witness or expert fees, or any other expenses of a party taxed to the insured.
- f. Prejudgment interest awarded against the insured on that part of the judgment we pay. If we make an offer to pay the applicable limit of insurance, we will not pay any prejudgment interest based on that period of time after the offer.
- g. All interest on the full amount of any judgment that accrues after entry of the judgment and before we have paid, offered to pay, or deposited in court the part of the judgment that is within the applicable limit of insurance.

These payments will not reduce the limits of insurance.

2. If we defend an insured against a "suit" and an indemnitee of the insured is also named as a

party to the "suit", we will defend that indemnitee if all of the following conditions are met:

- a. The "suit" against the indemnitee seeks damages for which the insured has assumed the liability of the indemnitee in a contract or agreement that is an "insured contract";
- b. This insurance applies to such liability assumed by the insured;
- c. The obligation to defend, or the cost of the defense of, that indemnitee, has also been assumed by the insured in the same "insured contract";
- d. The allegations in the "suit" and the information we know about the "occurrence" are such that no conflict appears to exist between the interests of the insured and the interests of the indemnitee;
- e. The indemnitee and the insured ask us to conduct and control the defense of that indemnitee against such "suit" and agree that we can assign the same counsel to defend the insured and the indemnitee; and
- f. The indemnitee:
 - (1) Agrees in writing to:
 - (a) Cooperate with us in the investigation, settlement or defense of the "suit";
 - (b) Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the "suit";
 - (c) Notify any other insurer whose coverage is available to the indemnitee; and
 - (d) Cooperate with us with respect to coordinating other applicable insurance available to the indemnitee; and
 - (2) Provides us with written authorization to:
 - (a) Obtain records and other information related to the "suit"; and
 - (b) Conduct and control the defense of the indemnitee in such "suit".

So long as the above conditions are met, attorneys' fees incurred by us in the defense of that indemnitee, necessary litigation expenses incurred by us and necessary litigation expenses incurred by the indemnitee at our request will be paid as Supplementary Payments. Notwithstanding the provisions of Paragraph **2.b.(2)** of Section **I – Coverage A – Bodily Injury And Property Damage Liability**, such payments will not be deemed to be damages for "bodily injury" and "property damage" and will not reduce the limits of insurance.

Our obligation to defend an insured's indemnitee and to pay for attorneys' fees and necessary litigation expenses as Supplementary Payments ends when:

- a. We have used up the applicable limit of insurance in the payment of judgments or settlements; or
- b. The conditions set forth above, or the terms of the agreement described in Paragraph f. above, are no longer met.

SECTION II – WHO IS AN INSURED

1. If you are designated in the Declarations as:

- a. An individual, you and your spouse are insureds, but only with respect to the conduct of a business of which you are the sole owner.
- b. A partnership or joint venture, you are an insured. Your members, your partners, and their spouses are also insureds, but only with respect to the conduct of your business.
- c. A limited liability company, you are an insured. Your members are also insureds, but only with respect to the conduct of your business. Your managers are insureds, but only with respect to their duties as your managers.
- d. An organization other than a partnership, joint venture or limited liability company, you are an insured. Your "executive officers" and directors are insureds, but only with respect to their duties as your officers or directors. Your stockholders are also insureds, but only with respect to their liability as stockholders.
- e. A trust, you are an insured. Your trustees are also insureds, but only with respect to their duties as trustees.

2. Each of the following is also an insured:

a. Employees And Volunteer Workers

Your "volunteer workers" only while performing duties related to the conduct of your business, or your "employees", other than either your "executive officers" (if you are an organization other than a partnership, joint venture or limited liability company) or your managers (if you are a limited liability company), but only for acts within the scope of their employment by you or while performing duties related to the conduct of your business.

However, none of these "employees" or "volunteer workers" are insureds for:

- (1) "Bodily injury" or "personal and advertising injury":
 - (a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited

liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

- (b) To the spouse, child, parent, brother or sister of that co-"employee" or that "volunteer worker" as a consequence of Paragraph (1)(a) above;
- (c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs (1)(a) or (1)(b) above; or
- (d) Arising out of his or her providing or failing to provide professional health care services.

If you are not in the business of providing professional health care services:

- (a) Subparagraphs (1)(a), (1)(b) and (1)(c) above do not apply to any "employee" or "volunteer worker" providing first aid services; and
- (b) Subparagraph (1)(d) above does not apply to any nurse, emergency medical technician or paramedic employed by you to provide such services.

(2) "Property damage" to property:

- (a) Owned, occupied or used by,
- (b) Rented to, in the care, custody or control of, or over which physical control is being exercised for any purpose by

you, any of your "employees", "volunteer workers", any partner or member (if you are a partnership or joint venture), or any member (if you are a limited liability company).

b. Real Estate Manager

Any person (other than your "employee" or "volunteer worker"), or any organization while acting as your real estate manager.

c. Temporary Custodians Of Your Property

Any person or organization having proper temporary custody of your property if you die, but only:

- (1) With respect to liability arising out of the maintenance or use of that property; and
- (2) Until your legal representative has been appointed.

d. Legal Representative If You Die

Your legal representative if you die, but only

with respect to duties as such. That representative will have all your rights and duties under this Coverage Part.

e. Unnamed Subsidiary

Any subsidiary, and subsidiary thereof, of yours which is a legally incorporated entity of which you own a financial interest of more than 50% of the voting stock on the effective date of the Coverage Part.

The insurance afforded herein for any subsidiary not named in this Coverage Part as a named insured does not apply to injury or damage with respect to which such insured is also a named insured under another policy or would be a named insured under such policy but for its termination or the exhaustion of its limits of insurance.

3. Newly Acquired Or Formed Organization

Any organization you newly acquire or form, other than a partnership, joint venture or limited liability company, and over which you maintain financial interest of more than 50% of the voting stock, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:

- a. Coverage under this provision is afforded only until the 180th day after you acquire or form the organization or the end of the policy period, whichever is earlier;
- b. Coverage **A** does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and
- c. Coverage **B** does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.

4. Nonowned Watercraft

With respect to watercraft you do not own that is less than 51 feet long and is not being used to carry persons for a charge, any person is an insured while operating such watercraft with your permission. Any other person or organization responsible for the conduct of such person is also an insured, but only with respect to liability arising out of the operation of the watercraft, and only if no other insurance of any kind is available to that person or organization for this liability.

However, no person or organization is an insured with respect to:

- a. "Bodily injury" to a co-"employee" of the person operating the watercraft; or
- b. "Property damage" to property owned by, rented to, in the charge of or occupied by you or the employer of any person who is an insured under this provision.

5. Additional Insureds When Required By Written Contract, Written Agreement Or Permit

The following person(s) or organization(s) are an additional insured when you have agreed, in a written contract, written agreement or because of a permit issued by a state or political subdivision, that such person or organization be added as an additional insured on your policy, provided the injury or damage occurs subsequent to the execution of the contract or agreement.

A person or organization is an additional insured under this provision only for that period of time required by the contract or agreement.

However, no such person or organization is an insured under this provision if such person or organization is included as an insured by an endorsement issued by us and made a part of this Coverage Part.

a. Vendors

Any person(s) or organization(s) (referred to below as vendor), but only with respect to "bodily injury" or "property damage" arising out of "your products" which are distributed or sold in the regular course of the vendor's business and only if this Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

- (1) The insurance afforded the vendor is subject to the following additional exclusions:

This insurance does not apply to:

- (a) "Bodily injury" or "property damage" for which the vendor is obligated to pay damages by reason of the assumption of liability in a contract or agreement. This exclusion does not apply to liability for damages that the vendor would have in the absence of the contract or agreement;
- (b) Any express warranty unauthorized by you;
- (c) Any physical or chemical change in the product made intentionally by the vendor;
- (d) Repackaging, except when unpacked solely for the purpose of inspection, demonstration, testing, or the substitution of parts under instructions from the manufacturer, and then repackaged in the original container;
- (e) Any failure to make such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally

undertakes to make in the usual course of business, in connection with the distribution or sale of the products;

- (f) Demonstration, installation, servicing or repair operations, except such operations performed at the vendor's premises in connection with the sale of the product;
 - (g) Products which, after distribution or sale by you, have been labeled or relabeled or used as a container, part or ingredient of any other thing or substance by or for the vendor; or
 - (h) "Bodily injury" or "property damage" arising out of the sole negligence of the vendor for its own acts or omissions or those of its employees or anyone else acting on its behalf. However, this exclusion does not apply to:
 - (i) The exceptions contained in Sub-paragraphs (d) or (f); or
 - (ii) Such inspections, adjustments, tests or servicing as the vendor has agreed to make or normally undertakes to make in the usual course of business, in connection with the distribution or sale of the products.
- (2) This insurance does not apply to any insured person or organization, from whom you have acquired such products, or any ingredient, part or container, entering into, accompanying or containing such products.

b. Lessors Of Equipment

- (1) Any person(s) or organization(s) from whom you lease equipment; but only with respect to their liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your maintenance, operation or use of equipment leased to you by such person(s) or organization(s).
- (2) With respect to the insurance afforded to these additional insureds this insurance does not apply to any "occurrence" which takes place after the equipment lease expires.

c. Lessors Of Land Or Premises

Any person or organization from whom you lease land or premises, but only with respect to liability arising out of the ownership, maintenance or use of that part of the land or premises leased to you.

With respect to the insurance afforded these additional insureds the following additional exclusions apply:

This insurance does not apply to:

- 1. Any "occurrence" which takes place after you cease to lease that land; or
- 2. Structural alterations, new construction or demolition operations performed by or on behalf of such person or organization.

d. Architects, Engineers Or Surveyors

Any architect, engineer, or surveyor, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- (1) In connection with your premises; or
- (2) In the performance of your ongoing operations performed by you or on your behalf.

With respect to the insurance afforded these additional insureds, the following additional exclusion applies:

This insurance does not apply to "bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of or the failure to render any professional services by or for you, including:

- 1. The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- 2. Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional services by or for you.

e. Permits Issued By State Or Political Subdivisions

Any state or political subdivision, but only with respect to operations performed by you or on your behalf for which the state or political subdivision has issued a permit.

With respect to the insurance afforded these additional insureds, this insurance does not apply to:

- (1) "Bodily injury", "property damage" or "personal and advertising injury" arising out of operations performed for the state or municipality; or

- (2) "Bodily injury" or "property damage" included within the "products-completed operations hazard".

f. Any Other Party

Any other person or organization who is not an additional insured under Paragraphs **a.** through **e.** above, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- (1) In the performance of your ongoing operations;
- (2) In connection with your premises owned by or rented to you; or
- (3) In connection with "your work" and included within the "products-completed operations hazard", but only if
 - (a) The written contract or agreement requires you to provide such coverage to such additional insured; and
 - (b) This Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products-completed operations hazard".

However:

- (1) The insurance afforded to such additional insured only applies to the extent permitted by law; and
- (2) If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

With respect to the insurance afforded to these additional insureds, this insurance does not apply to:

"Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

- (1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
- (2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others

by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional services by or for you.

The limits of insurance that apply to additional insureds is described in Section **III** – Limits Of Insurance.

How this insurance applies when other insurance is available to the additional insured is described in the Other Insurance Condition in Section **IV** – Commercial General Liability Conditions.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

SECTION III – LIMITS OF INSURANCE

1. The Most We Will Pay

The Limits of Insurance shown in the Declarations and the rules below fix the most we will pay regardless of the number of:

- a.** Insureds;
- b.** Claims made or "suits" brought; or
- c.** Persons or organizations making claims or bringing "suits".

2. General Aggregate Limit

The General Aggregate Limit is the most we will pay for the sum of:

- a.** Medical expenses under Coverage **C**;
- b.** Damages under Coverage **A**, except damages because of "bodily injury" or "property damage" included in the "products-completed operations hazard"; and
- c.** Damages under Coverage **B**.

3. Products-Completed Operations Aggregate Limit

The Products-Completed Operations Aggregate Limit is the most we will pay under Coverage **A** for damages because of "bodily injury" and "property damage" included in the "products-completed operations hazard".

4. Personal And Advertising Injury Limit

Subject to **2.** above, the Personal and Advertising Injury Limit is the most we will pay under Coverage **B** for the sum of all damages because of all "personal and advertising injury" sustained by any one person or organization.

5. Each Occurrence Limit

Subject to **2.** or **3.** above, whichever applies, the Each Occurrence Limit is the most we will pay for the sum of:

- a.** Damages under Coverage **A**; and

b. Medical expenses under Coverage C

because of all "bodily injury" and "property damage" arising out of any one "occurrence".

6. Damage To Premises Rented To You Limit

Subject to **5.** above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage **A** for damages because of "property damage" to any one premises, while rented to you, or in the case of damage by fire, lightning or explosion, while rented to you or temporarily occupied by you with permission of the owner.

In the case of damage by fire, lightning or explosion, the Damage to Premises Rented To You Limit applies to all damage proximately caused by the same event, whether such damage results from fire, lightning or explosion or any combination of these.

7. Medical Expense Limit

Subject to **5.** above, the Medical Expense Limit is the most we will pay under Coverage **C** for all medical expenses because of "bodily injury" sustained by any one person.

8. How Limits Apply To Additional Insureds

If you have agreed in a written contract or written agreement that another person or organization be

added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- a.** The limits of insurance specified in the written contract or written agreement; or
- b.** The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

The Limits of Insurance of this Coverage Part apply separately to each consecutive annual period and to any remaining period of less than 12 months, starting with the beginning of the policy period shown in the Declarations, unless the policy period is extended after issuance for an additional period of less than 12 months. In that case, the additional period will be deemed part of the last preceding period for purposes of determining the Limits of Insurance.

SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**1. Bankruptcy**

Bankruptcy or insolvency of the insured or of the insured's estate will not relieve us of our obligations under this Coverage Part.

2. Duties In The Event Of Occurrence, Offense, Claim Or Suit**a. Notice Of Occurrence Or Offense**

You or any additional insured must see to it that we are notified as soon as practicable of an "occurrence" or an offense which may result in a claim. To the extent possible, notice should include:

- (1)** How, when and where the "occurrence" or offense took place;
- (2)** The names and addresses of any injured persons and witnesses; and
- (3)** The nature and location of any injury or damage arising out of the "occurrence" or offense.

b. Notice Of Claim

If a claim is made or "suit" is brought against any insured, you or any additional insured must:

- (1)** Immediately record the specifics of the claim or "suit" and the date received; and
- (2)** Notify us as soon as practicable.

You or any additional insured must see to it that we receive written notice of the claim or "suit" as soon as practicable.

c. Assistance And Cooperation Of The Insured

You and any other involved insured must:

- (1)** Immediately send us copies of any demands, notices, summonses or legal papers received in connection with the claim or "suit";
- (2)** Authorize us to obtain records and other information;
- (3)** Cooperate with us in the investigation or settlement of the claim or defense against the "suit"; and
- (4)** Assist us, upon our request, in the enforcement of any right against any person or organization which may be liable to the insured because of injury or damage to which this insurance may also apply.

d. Obligations At The Insureds Own Cost

No insured will, except at that insured's own cost, voluntarily make a payment, assume any obligation, or incur any expense, other than for first aid, without our consent.

e. Additional Insureds Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written

contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance.

f. Knowledge Of An Occurrence, Offense, Claim Or Suit

Paragraphs **a.** and **b.** apply to you or to any additional insured only when such "occurrence", offense, claim or "suit" is known to:

- (1) You or any additional insured that is an individual;
- (2) Any partner, if you or the additional insured is a partnership;
- (3) Any manager, if you or the additional insured is a limited liability company;
- (4) Any "executive officer" or insurance manager, if you or the additional insured is a corporation;
- (5) Any trustee, if you or the additional insured is a trust; or
- (6) Any elected or appointed official, if you or the additional insured is a political subdivision or public entity.

This duty applies separately to you and any additional insured.

3. Legal Action Against Us

No person or organization has a right under this Coverage Part:

- a.** To join us as a party or otherwise bring us into a "suit" asking for damages from an insured; or
- b.** To sue us on this Coverage Part unless all of its terms have been fully complied with.

A person or organization may sue us to recover on an agreed settlement or on a final judgment against an insured; but we will not be liable for damages that are not payable under the terms of this Coverage Part or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by us, the insured and the claimant or the claimant's legal representative.

4. Other Insurance

If other valid and collectible insurance is available to the insured for a loss we cover under Coverages **A** or **B** of this Coverage Part, our obligations are limited as follows:

a. Primary Insurance

This insurance is primary except when **b.** below applies. If other insurance is also primary, we will share with all that other insurance by the method described in **c.** below.

b. Excess Insurance

This insurance is excess over any of the other insurance, whether primary, excess, contingent or on any other basis:

(1) Your Work

That is Fire, Extended Coverage, Builder's Risk, Installation Risk or similar coverage for "your work";

(2) Premises Rented To You

That is fire, lightning or explosion insurance for premises rented to you or temporarily occupied by you with permission of the owner;

(3) Tenant Liability

That is insurance purchased by you to cover your liability as a tenant for "property damage" to premises rented to you or temporarily occupied by you with permission of the owner;

(4) Aircraft, Auto Or Watercraft

If the loss arises out of the maintenance or use of aircraft, "autos" or watercraft to the extent not subject to Exclusion **g.** of Section **I** – Coverage **A** – Bodily Injury And Property Damage Liability;

(5) Property Damage To Borrowed Equipment Or Use Of Elevators

If the loss arises out of "property damage" to borrowed equipment or the use of elevators to the extent not subject to Exclusion **j.** of Section **I** - Coverage **A** - Bodily Injury And Property Damage Liability;

(6) When You Are Added As An Additional Insured To Other Insurance

Any other insurance available to you covering liability for damages arising out of the premises or operations, or products and completed operations, for which you have been added as an additional insured by that insurance; or

(7) When You Add Others As An Additional Insured To This Insurance

Any other insurance available to an additional insured.

However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this coverage part.

(a) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also

primary, we will share with all that other insurance by the method described in **c.** below.

(b) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract, written agreement, or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs **(a)** and **(b)** do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty under Coverages **A** or **B** to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1)** The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2)** The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown in the Declarations of this Coverage Part.

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

5. Premium Audit

- a.** We will compute all premiums for this Coverage Part in accordance with our rules and rates.
- b.** Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.
- c.** The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

a. When You Accept This Policy

By accepting this policy, you agree:

- (1)** The statements in the Declarations are accurate and complete;
- (2)** Those statements are based upon representations you made to us; and
- (3)** We have issued this policy in reliance upon your representations.

b. Unintentional Failure To Disclose Hazards

If unintentionally you should fail to disclose all hazards relating to the conduct of your business that exist at the inception date of this Coverage Part, we shall not deny coverage under this Coverage Part because of such failure.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

- a.** As if each Named Insured were the only Named Insured; and
- b.** Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

a. Transfer Of Rights Of Recovery

If the insured has rights to recover all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to

impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

b. Waiver Of Rights Of Recovery (Waiver Of Subrogation)

If the insured has waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided the insured waived their rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

SECTION V – DEFINITIONS

1. "Advertisement" means the widespread public dissemination of information or images that has the purpose of inducing the sale of goods, products or services through:

- a. (1)** Radio;
- (2)** Television;
- (3)** Billboard;
- (4)** Magazine;
- (5)** Newspaper; or
- b.** Any other publication that is given widespread public distribution.

However, "advertisement" does not include:

- a.** The design, printed material, information or images contained in, on or upon the packaging or labeling of any goods or products; or
- b.** An interactive conversation between or among persons through a computer network.

2. "Advertising idea" means any idea for an "advertisement".

3. "Asbestos hazard" means an exposure or threat of exposure to the actual or alleged properties of asbestos and includes the mere presence of asbestos in any form.

4. "Auto" means:

- a.** A land motor vehicle, trailer or semitrailer designed for travel on public roads, including any attached machinery or equipment; or
- b.** Any other land vehicle that is subject to a compulsory or financial responsibility law or

other motor vehicle insurance law where it is licensed or principally garaged.

However, "auto" does not include "mobile equipment".

5. "Bodily injury" means physical:

- a.** Injury;
- b.** Sickness; or
- c.** Disease

sustained by a person and, if arising out of the above, mental anguish or death at any time.

6. "Coverage territory" means:

- a.** The United States of America (including its territories and possessions), Puerto Rico and Canada;
- b.** International waters or airspace, but only if the injury or damage occurs in the course of travel or transportation between any places included in **a.** above; or
- c.** All other parts of the world if the injury or damage arises out of:
 - (1)** Goods or products made or sold by you in the territory described in **a.** above;
 - (2)** The activities of a person whose home is in the territory described in **a.** above, but is away for a short time on your business; or
 - (3)** "Personal and advertising injury" offenses that take place through the Internet or similar electronic means of communication

provided the insured's responsibility to pay damages is determined in the United States of America (including its territories and possessions), Puerto Rico or Canada, in a "suit" on the merits according to the substantive law in such territory or in a settlement we agree to.

7. "Employee" includes a "leased worker". "Employee" does not include a "temporary worker".

8. "Employment-Related Practices" means:

- a.** Refusal to employ that person;
- b.** Termination of that person's employment; or
- c.** Employment-related practices, policies, acts or omissions, such as coercion, demotion, evaluation, reassignment, discipline, defamation, harassment, humiliation, discrimination or malicious prosecution directed at that person.

9. "Executive officer" means a person holding any of the officer positions created by your charter, constitution, by-laws or any other similar governing document.

10. "Hostile fire" means one which becomes uncontrollable or breaks out from where it was intended to be.

11. "Impaired property" means tangible property, other than "your product" or "your work", that cannot be used or is less useful because:

- a. It incorporates "your product" or "your work" that is known or thought to be defective, deficient, inadequate or dangerous; or
- b. You have failed to fulfill the terms of a contract or agreement;

if such property can be restored to use by the repair, replacement, adjustment or removal of "your product" or "your work", or your fulfilling the terms of the contract or agreement.

12. "Insured contract" means:

- a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire, lightning or explosion to premises while rented to you or temporarily occupied by you with permission of the owner is subject to the Damage to Premises Rented To You Limit described in Section III – Limits of Insurance;
- b. A sidetrack agreement;
- c. Any easement or license agreement, including an easement or license agreement in connection with construction or demolition operations on or within 50 feet of a railroad;
- d. An obligation, as required by ordinance, to indemnify a municipality, except in connection with work for a municipality;
- e. An elevator maintenance agreement;
- f. That part of any other contract or agreement pertaining to your business (including an indemnification of a municipality in connection with work performed for a municipality) under which you assume the tort liability of another party to pay for "bodily injury" or "property damage" to a third person or organization, provided the "bodily injury" or "property damage" is caused, in whole or in part, by you or by those acting on your behalf. Tort liability means a liability that would be imposed by law in the absence of any contract or agreement.

Paragraph f. includes that part of any contract or agreement that indemnifies a railroad for "bodily injury" or "property damage" arising out of construction or demolition operations, within 50 feet of any railroad property and affecting any railroad bridge or trestle, tracks, road-beds, tunnel, underpass or crossing.

However, Paragraph f. does not include that part of any contract or agreement:

- (1) That indemnifies an architect, engineer or surveyor for injury or damage arising out of:

- (a) Preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

- (b) Giving directions or instructions, or failing to give them, if that is the primary cause of the injury or damage; or

- (2) Under which the insured, if an architect, engineer or surveyor, assumes liability for an injury or damage arising out of the insured's rendering or failure to render professional services, including those listed in (1) above and supervisory, inspection, architectural or engineering activities.

13. "Leased worker" means a person leased to you by a labor leasing firm under an agreement between you and the labor leasing firm, to perform duties related to the conduct of your business. "Leased worker" does not include a "temporary worker".

14. "Loading or unloading" means the handling of property:

- a. After it is moved from the place where it is accepted for movement into or onto an aircraft, watercraft or "auto";
- b. While it is in or on an aircraft, watercraft or "auto"; or
- c. While it is being moved from an aircraft, watercraft or "auto" to the place where it is finally delivered;

but "loading or unloading" does not include the movement of property by means of a mechanical device, other than a hand truck, that is not attached to the aircraft, watercraft or "auto".

15. "Mobile equipment" means any of the following types of land vehicles, including any attached machinery or equipment:

- a. Bulldozers, farm machinery, forklifts and other vehicles designed for use principally off public roads;
- b. Vehicles maintained for use solely on or next to premises you own or rent;
- c. Vehicles that travel on crawler treads;
- d. Vehicles, whether self-propelled or not, maintained primarily to provide mobility to permanently mounted:
 - (1) Power cranes, shovels, loaders, diggers or drills; or
 - (2) Road construction or resurfacing equipment such as graders, scrapers or rollers;
- e. Vehicles not described in a., b., c. or d. above that are not self-propelled and are maintained

primarily to provide mobility to permanently attached equipment of the following types:

- (1) Air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment; or
 - (2) Cherry pickers and similar devices used to raise or lower workers;
- f. Vehicles not described in **a.**, **b.**, **c.** or **d.** above maintained primarily for purposes other than the transportation of persons or cargo.

However, self-propelled vehicles with the following types of permanently attached equipment are not "mobile equipment" but will be considered "autos":

- (1) Equipment designed primarily for:
 - (a) Snow removal;
 - (b) Road maintenance, but not construction or resurfacing; or
 - (c) Street cleaning;
- (2) Cherry pickers and similar devices mounted on automobile or truck chassis and used to raise or lower workers; and
- (3) Air compressors, pumps and generators, including spraying, welding, building cleaning, geophysical exploration, lighting and well servicing equipment.

However, "mobile equipment" does not include any land vehicle that is subject to a compulsory or financial responsibility law or other motor vehicle insurance law where it is licensed or principally garaged. Land vehicles subject to a compulsory or financial responsibility law or other motor vehicle insurance law are considered "autos".

16. "Occurrence" means an accident, including continuous or repeated exposure to substantially the same general harmful conditions.

17. "Personal and advertising injury" means injury, including consequential "bodily injury", arising out of one or more of the following offenses:

- a. False arrest, detention or imprisonment;
- b. Malicious prosecution;
- c. The wrongful eviction from, wrongful entry into, or invasion of the right of private occupancy of a room, dwelling or premises that a person or organization occupies, committed by or on behalf of its owner, landlord or lessor;
- d. Oral, written or electronic publication, in any manner, of material that slanders or libels a person or organization or disparages a person's or organization's goods, products or services;

e. Oral, written or electronic publication, in any manner, of material that violates a person's right of privacy;

f. Copying, in your "advertisement", a person's or organization's "advertising idea" or style of "advertisement"; or

g. Infringement of copyright, slogan, or title of any literary or artistic work, in your "advertisement".

18. "Pollutants" mean any solid, liquid, gaseous or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals and waste. Waste includes materials to be recycled, reconditioned or reclaimed.

19. "Products-completed operations hazard":

a. Includes all "bodily injury" and "property damage" occurring away from premises you own or rent and arising out of "your product" or "your work" except:

(1) Products that are still in your physical possession; or

(2) Work that has not yet been completed or abandoned. However, "your work" will be deemed completed at the earliest of the following times:

(a) When all of the work called for in your contract has been completed.

(b) When all of the work to be done at the job site has been completed if your contract calls for work at more than one job site.

(c) When that part of the work done at a job site has been put to its intended use by any person or organization other than another contractor or subcontractor working on the same project.

Work that may need service, maintenance, correction, repair or replacement, but which is otherwise complete, will be treated as completed.

b. Does not include "bodily injury" or "property damage" arising out of:

(1) The transportation of property, unless the injury or damage arises out of a condition in or on a vehicle not owned or operated by you, and that condition was created by the "loading or unloading" of that vehicle by any insured;

(2) The existence of tools, uninstalled equipment or abandoned or unused materials; or

(3) Products or operations for which the classification, listed in the Declarations or in a policy Schedule, states that products-

completed operations are subject to the General Aggregate Limit.

20. "Property damage" means:

- a. Physical injury to tangible property, including all resulting loss of use of that property. All such loss of use shall be deemed to occur at the time of the physical injury that caused it; or
- b. Loss of use of tangible property that is not physically injured. All such loss of use shall be deemed to occur at the time of the "occurrence" that caused it.

As used in this definition, computerized or electronically stored data, programs or software are not tangible property. Electronic data means information, facts or programs:

- a. Stored as or on;
- b. Created or used on; or
- c. Transmitted to or from;

computer software, including systems and applications software, hard or floppy disks, CD-ROMS, tapes, drives, cells, data processing devices or any other media which are used with electronically controlled equipment.

21. "Suit" means a civil proceeding in which damages because of "bodily injury", "property damage" or "personal and advertising injury" to which this insurance applies are alleged. "Suit" includes:

- a. An arbitration proceeding in which such damages are claimed and to which the insured must submit or does submit with our consent; or
- b. Any other alternative dispute resolution proceeding in which such damages are claimed and to which the insured submits with our consent.

22. "Temporary worker" means a person who is furnished to you to substitute for a permanent "employee" on leave or to meet seasonal or short-term workload conditions.

23. "Volunteer worker" means a person who

- a. Is not your "employee";
- b. Donates his or her work;
- c. Acts at the direction of and within the scope of duties determined by you; and
- d. Is not paid a fee, salary or other compensation by you or anyone else for their work performed for you.

24. "Your product":

a. Means:

- (1) Any goods or products, other than real property, manufactured, sold, handled, distributed or disposed of by:
 - (a) You;
 - (b) Others trading under your name; or
 - (c) A person or organization whose business or assets you have acquired; and
- (2) Containers (other than vehicles), materials, parts or equipment furnished in connection with such goods or products.

b. Includes

- (1) Warranties or representations made at any time with respect to the fitness, quality, durability, performance or use of "your product"; and
 - (2) The providing of or failure to provide warnings or instructions.
- c. Does not include vending machines or other property rented to or located for the use of others but not sold.

25. "Your work":

a. Means:

- (1) Work or operations performed by you or on your behalf; and
- (2) Materials, parts or equipment furnished in connection with such work or operations.

b. Includes

- (1) Warranties or representations made at any time with respect to the fitness, quality, durability, performance or use of "your work", and
- (2) The providing of or failure to provide warnings or instructions.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

COMMERCIAL AUTOMOBILE BROAD FORM ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

To the extent that the provisions of this endorsement provide broader benefits to the "insured" than other provisions of the Coverage Form, the provisions of this endorsement apply.

1. BROAD FORM INSURED

A. Subsidiaries and Newly Acquired or Formed Organizations

The Named Insured shown in the Declarations is amended to include:

- (1) Any legal business entity other than a partnership or joint venture, formed as a subsidiary in which you have an ownership interest of more than 50% on the effective date of the Coverage Form. However, the Named Insured does not include any subsidiary that is an "insured" under any other automobile policy or would be an "insured" under such a policy but for its termination or the exhaustion of its Limit of Insurance.
- (2) Any organization that is acquired or formed by you and over which you maintain majority ownership. However, the Named Insured does not include any newly formed or acquired organization:
 - (a) That is a partnership or joint venture,
 - (b) That is an "insured" under any other policy,
 - (c) That has exhausted its Limit of Insurance under any other policy, or
 - (d) 180 days or more after its acquisition or formation by you, unless you have given us notice of the acquisition or formation.

Coverage does not apply to "bodily injury" or "property damage" that results from an "accident" that occurred before you formed or acquired the organization.

B. Employees as Insureds

Paragraph A.1. - WHO IS AN INSURED - of SECTION II - LIABILITY COVERAGE is amended to add:

- d. Any "employee" of yours while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

C. Lessors as Insureds

Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- e. The lessor of a covered "auto" while the "auto" is leased to you under a written agreement if:
 - (1) The agreement requires you to provide direct primary insurance for the lessor and
 - (2) The "auto" is leased without a driver.

Such a leased "auto" will be considered a covered "auto" you own and not a covered "auto" you hire.

D. Additional Insured if Required by Contract

(1) Paragraph A.1. - WHO IS AN INSURED - of Section II - Liability Coverage is amended to add:

- f. When you have agreed, in a written contract or written agreement, that a person or organization be added as an additional insured on your business auto policy, such person or organization is an "insured", but only to the extent such person or organization is liable for "bodily injury" or "property damage" caused by the conduct of an "insured" under paragraphs a. or b. of Who Is An Insured with regard to the ownership, maintenance or use of a covered "auto."

The insurance afforded to any such additional insured applies only if the "bodily injury" or "property damage" occurs:

- (1) During the policy period, and
- (2) Subsequent to the execution of such written contract, and
- (3) Prior to the expiration of the period of time that the written contract requires such insurance be provided to the additional insured.

(2) How Limits Apply

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the most we will pay on behalf of such additional insured is the lesser of:

- (a) The limits of insurance specified in the written contract or written agreement; or
- (b) The Limits of Insurance shown in the Declarations.

Such amount shall be a part of and not in addition to Limits of Insurance shown in the Declarations and described in this Section.

(3) Additional Insureds Other Insurance

If we cover a claim or "suit" under this Coverage Part that may also be covered by other insurance available to an additional insured, such additional insured must submit such claim or "suit" to the other insurer for defense and indemnity.

However, this provision does not apply to the extent that you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance.

(4) Duties in The Event Of Accident, Claim, Suit or Loss

If you have agreed in a written contract or written agreement that another person or organization be added as an additional insured on your policy, the additional insured shall be required to comply with the provisions in LOSS CONDITIONS 2. - DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS – OF SECTION IV – BUSINESS AUTO CONDITIONS, in the same manner as the Named Insured.

E. Primary and Non-Contributory if Required by Contract

Only with respect to insurance provided to an additional insured in 1.D. - Additional Insured If Required by Contract, the following provisions apply:

(3) Primary Insurance When Required By Contract

This insurance is primary if you have agreed in a written contract or written agreement that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in Other Insurance 5.d.

(4) Primary And Non-Contributory To Other Insurance When Required By Contract

If you have agreed in a written contract or written agreement that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (3) and (4) do not apply to other insurance to which the additional insured has been added as an additional insured.

When this insurance is excess, we will have no duty to defend the insured against any "suit" if any other insurer has a duty to defend the insured against that "suit". If no other insurer defends, we will undertake to do so, but we will be entitled to the insured's rights against all those other insurers.

When this insurance is excess over other insurance, we will pay only our share of the amount of the loss, if any, that exceeds the sum of:

- (1) The total amount that all such other insurance would pay for the loss in the absence of this insurance; and
- (2) The total of all deductible and self-insured amounts under all that other insurance.

We will share the remaining loss, if any, by the method described in Other Insurance 5.d.

2. AUTOS RENTED BY EMPLOYEES

Any "auto" hired or rented by your "employee" on your behalf and at your direction will be considered an "auto" you hire.

The OTHER INSURANCE Condition is amended by adding the following:

If an "employee's" personal insurance also applies on an excess basis to a covered "auto" hired or rented by your "employee" on your behalf and at your direction, this insurance will be primary to the "employee's" personal insurance.

3. AMENDED FELLOW EMPLOYEE EXCLUSION

EXCLUSION 5. - FELLOW EMPLOYEE - of SECTION II - LIABILITY COVERAGE does not apply if you have workers' compensation insurance in-force covering all of your "employees".

Coverage is excess over any other collectible insurance.

4. HIRED AUTO PHYSICAL DAMAGE COVERAGE

If hired "autos" are covered "autos" for Liability Coverage and if Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form for any "auto" you own, then the Physical Damage Coverages provided are extended to "autos" you hire or borrow, subject to the following limit.

The most we will pay for "loss" to any hired "auto" is:

- (1) \$100,000;
- (2) The actual cash value of the damaged or stolen property at the time of the "loss"; or
- (3) The cost of repairing or replacing the damaged or stolen property,

whichever is smallest, minus a deductible. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage. No deductible applies to "loss" caused by fire or lightning. Hired Auto Physical Damage coverage is excess over any other collectible insurance. Subject to the above limit, deductible and excess provisions, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

We will also cover loss of use of the hired "auto" if it results from an "accident", you are legally liable and the lessor incurs an actual financial loss, subject to a maximum of \$1000 per "accident".

This extension of coverage does not apply to any "auto" you hire or borrow from any of your "employees", partners (if you are a partnership), members (if you are a limited liability company), or members of their households.

5. PHYSICAL DAMAGE - ADDITIONAL TEMPORARY TRANSPORTATION EXPENSE COVERAGE

Paragraph A.4.a. of SECTION III - PHYSICAL DAMAGE COVERAGE is amended to provide a limit of \$50 per day and a maximum limit of \$1,000.

6. LOAN/LEASE GAP COVERAGE

Under SECTION III - PHYSICAL DAMAGE COVERAGE, in the event of a total "loss" to a covered "auto", we will pay your additional legal obligation for any difference between the actual cash value of the "auto" at the time of the "loss" and the "outstanding balance" of the loan/lease.

"Outstanding balance" means the amount you owe on the loan/lease at the time of "loss" less any amounts representing taxes; overdue payments; penalties, interest or charges resulting from overdue payments; additional mileage charges; excess wear and tear charges; lease termination fees; security deposits not returned by the lessor; costs for extended warranties, credit life Insurance, health, accident or disability insurance purchased with the loan or lease; and carry-over balances from previous loans or leases.

7. AIRBAG COVERAGE

Under Paragraph B. EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

The exclusion relating to mechanical breakdown does not apply to the accidental discharge of an airbag.

8. ELECTRONIC EQUIPMENT - BROADENED COVERAGE

a. The exceptions to Paragraphs B.4 - EXCLUSIONS - of SECTION III - PHYSICAL DAMAGE COVERAGE are replaced by the following:

Exclusions 4.c. and 4.d. do not apply to equipment designed to be operated solely by use of the power from the "auto's" electrical system that, at the time of "loss", is:

- (1) Permanently installed in or upon the covered "auto";
- (2) Removable from a housing unit which is permanently installed in or upon the covered "auto";
- (3) An integral part of the same unit housing any electronic equipment described in Paragraphs (1) and (2) above; or

- (4) Necessary for the normal operation of the covered "auto" or the monitoring of the covered "auto's" operating system.

b. Section III – Version CA 00 01 03 10 of the Business Auto Coverage Form, Physical Damage Coverage, Limit of Insurance, Paragraph C.2 and Version CA 00 01 10 01 of the Business Auto Coverage Form, Physical Damage Coverage, Limit of Insurance, Paragraph C are each amended to add the following:

\$1,500 is the most we will pay for "loss" in any one "accident" to all electronic equipment (other than equipment designed solely for the reproduction of sound, and accessories used with such equipment) that reproduces, receives or transmits audio, visual or data signals which, at the time of "loss", is:

- (1) Permanently installed in or upon the covered "auto" in a housing, opening or other location that is not normally used by the "auto" manufacturer for the installation of such equipment;
- (2) Removable from a permanently installed housing unit as described in Paragraph 2.a. above or is an integral part of that equipment; or
- (3) An integral part of such equipment.

c. For each covered "auto", should loss be limited to electronic equipment only, our obligation to pay for, repair, return or replace damaged or stolen electronic equipment will be reduced by the applicable deductible shown in the Declarations, or \$250, whichever deductible is less.

9. EXTRA EXPENSE - BROADENED COVERAGE

Under Paragraph A. - COVERAGE - of SECTION III - PHYSICAL DAMAGE COVERAGE, we will pay for the expense of returning a stolen covered "auto" to you.

10. GLASS REPAIR - WAIVER OF DEDUCTIBLE

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

No deductible applies to glass damage if the glass is repaired rather than replaced.

11. TWO OR MORE DEDUCTIBLES

Under Paragraph D. - DEDUCTIBLE - of SECTION III - PHYSICAL DAMAGE COVERAGE, the following is added:

If another Hartford Financial Services Group, Inc. company policy or coverage form that is not an automobile policy or coverage form applies to the same "accident", the following applies:

- (1) If the deductible under this Business Auto Coverage Form is the smaller (or smallest) deductible, it will be waived;
- (2) If the deductible under this Business Auto Coverage Form is not the smaller (or smallest) deductible, it will be reduced by the amount of the smaller (or smallest) deductible.

12. AMENDED DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS

The requirement in LOSS CONDITIONS 2.a. - DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS - of SECTION IV - BUSINESS AUTO CONDITIONS that you must notify us of an "accident" applies only when the "accident" is known to:

- (1) You, if you are an individual;
- (2) A partner, if you are a partnership;
- (3) A member, if you are a limited liability company; or
- (4) An executive officer or insurance manager, if you are a corporation.

13. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

If you unintentionally fail to disclose any hazards existing at the inception date of your policy, we will not deny coverage under this Coverage Form because of such failure.

14. HIRED AUTO - COVERAGE TERRITORY

Paragraph e. of GENERAL CONDITIONS 7. - POLICY PERIOD, COVERAGE TERRITORY - of SECTION IV - BUSINESS AUTO CONDITIONS is replaced by the following:

- e. For short-term hired "autos", the coverage territory with respect to Liability Coverage is anywhere in the world provided that if the "insured's" responsibility to pay damages for "bodily injury" or "property damage" is determined in a "suit," the "suit" is brought in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada or in a settlement we agree to.

15. WAIVER OF SUBROGATION

TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US - of SECTION IV - BUSINESS AUTO CONDITIONS is amended by adding the following:

We waive any right of recovery we may have against any person or organization with whom you have a written contract that requires such waiver because of payments we make for damages under this Coverage Form.

16. RESULTANT MENTAL ANGUISH COVERAGE

The definition of "bodily injury" in SECTION V-DEFINITIONS is replaced by the following:

"Bodily injury" means bodily injury, sickness or disease sustained by any person, including mental anguish or death resulting from any of these.

17. EXTENDED CANCELLATION CONDITION

Paragraph 2. of the COMMON POLICY CONDITIONS - CANCELLATION - applies except as follows:

If we cancel for any reason other than nonpayment of premium, we will mail or deliver to the first Named Insured written notice of cancellation at least 60 days before the effective date of cancellation.

18. HYBRID, ELECTRIC, OR NATURAL GAS VEHICLE PAYMENT COVERAGE

In the event of a total loss to a "non-hybrid" auto for which Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form, then such Physical Damage Coverages are amended as follows:

- a. If the auto is replaced with a "hybrid" auto or an auto powered solely by electricity or natural gas, we will pay an additional 10%, to a maximum of \$2,500, of the "non-hybrid" auto's actual cash value or replacement cost, whichever is less,
- b. The auto must be replaced and a copy of a bill of sale or new lease agreement received by us within 60 calendar days of the date of "loss,"

- c. Regardless of the number of autos deemed a total loss, the most we will pay under this Hybrid, Electric, or Natural Gas Vehicle Payment Coverage provision for any one "loss" is \$10,000.

For the purposes of the coverage provision,

- a. A "non-hybrid" auto is defined as an auto that uses only an internal combustion engine to move the auto but does not include autos powered solely by electricity or natural gas.
- b. A "hybrid" auto is defined as an auto with an internal combustion engine and one or more electric motors; and that uses the internal combustion engine and one or more electric motors to move the auto, or the internal combustion engine to charge one or more electric motors, which move the auto.

19. VEHICLE WRAP COVERAGE

In the event of a total loss to an "auto" for which Comprehensive, Specified Causes of Loss, or Collision coverages are provided under this Coverage Form, then such Physical Damage Coverages are amended to add the following:

In addition to the actual cash value of the "auto", we will pay up to \$1,000 for vinyl vehicle wraps which are displayed on the covered "auto" at the time of total loss. Regardless of the number of autos deemed a total loss, the most we will pay under this Vehicle Wrap Coverage provision for any one "loss" is \$5,000. For purposes of this coverage provision, signs or other graphics painted or magnetically affixed to the vehicle are not considered vehicle wraps.

Endorsement No:	3
Endorsement Effective Date:	06/04/2019

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

FOLLOWING FORM EXCESS LIABILITY INSURANCE POLICY

CANCELLATION AND NONRENEWAL - FLORIDA CHANGES

The Policy is amended as follows:

A. Paragraph B. 2. CANCELLATION of SECTION VI. - CONDITIONS is deleted and replaced by the following:

2. Cancellation Of Policies In Effect:

a. For 90 Days Or Less

If this Policy has been in effect for 90 days or less, we may cancel this Policy by mailing or delivering to the first Named Insured written notice of cancellation, accompanied by the reasons for cancellation, at least:

- (1)** 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
- (2)** 45 days before the effective date of cancellation if we cancel for any other reason, except we may cancel immediately if there has been:
 - (a)** A material misstatement or misrepresentation; or
 - (b)** A failure to comply with the underwriting requirements established by the insurer.

b. For More Than 90 Days

If this Policy has been in effect for more than 90 days, we may cancel this Policy only for one or more of the following reasons:

- (1)** Nonpayment of premium;
- (2)** The Policy was obtained by a material misstatement;
- (3)** Failure to comply with underwriting requirements established by the insurer within 90 days of the effective date of coverage;
- (4)** A substantial change in the risk covered by the Policy; or
- (5)** The cancellation is for all insureds under such policies for a given class of insureds.

If we cancel this Policy for any of these reasons, we will mail or deliver to the first Named Insured written notice of cancellation, accompanied by the reasons for cancellation, at least:

- (a)** 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
- (b)** 45 days before the effective date of cancellation if we cancel for any of the other reasons stated in Paragraph **2.b.**

B. Paragraphs B. 4., B. 5. and B. 6. CANCELLATION of SECTION VI. - CONDITIONS are deleted and replaced by the following:

4. If this Policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. If the return premium is not refunded with the notice of cancellation or when this Policy is returned to us, we will mail the refund within 15 working days after the date cancellation takes effect, unless this is an audit policy.

If this is an audit policy, then, subject to your full cooperation with us or our agent in securing the necessary data for audit, we will return any premium refund due within 90 days of the date cancellation takes effect. If our audit is not completed within this time limitation, then we shall accept your own audit, and any premium refund due shall be mailed within 10 working days of receipt of your audit.

The cancellation will be effective even if we have not made or offered a refund.

C. SECTION VI. – CONDITIONS is amended to include the following condition:

NONRENEWAL

1. If we decide not to renew this policy, we will mail or deliver to the first Named Insured written notice of nonrenewal, accompanied by the reason for nonrenewal, at least 45 days prior to the expiration of this Policy.
2. Any notice of nonrenewal will be mailed or delivered to the first Named Insured's last mailing address known to us. If notice is mailed, proof of mailing will be sufficient proof of notice.

ALL OTHER TERMS, CONDITIONS AND EXCLUSIONS SHALL REMAIN THE SAME.

COMMON POLICY CONDITIONS

All Coverage Parts included in this policy are subject to the following conditions.

A. Cancellation

1. The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering to us advance written notice of cancellation.
2. We may cancel this policy by mailing or delivering to the first Named Insured written notice of cancellation at least:
 - a. 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
 - b. 30 days before the effective date of cancellation if we cancel for any other reason.
3. We will mail or deliver our notice to the first Named Insured's last mailing address known to us.
4. Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.
5. If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.
6. If notice is mailed, proof of mailing will be sufficient proof of notice.

B. Changes

This policy contains all the agreements between you and us concerning the insurance afforded. The first Named Insured shown in the Declarations is authorized to make changes in the terms of this policy with our consent. This policy's terms can be amended or waived only by endorsement issued by us and made a part of this policy.

C. Examination Of Your Books And Records

We may examine and audit your books and records as they relate to this policy at any time during the policy period and up to three years afterward.

D. Inspections And Surveys

1. We have the right to:
 - a. Make inspections and surveys at any time;
 - b. Give you reports on the conditions we find; and
 - c. Recommend changes.
2. We are not obligated to make any inspections, surveys, reports or recommendations and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:
 - a. Are safe or healthful; or
 - b. Comply with laws, regulations, codes or standards.
3. Paragraphs 1. and 2. of this condition apply not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations.
4. Paragraph 2. of this condition does not apply to any inspections, surveys, reports or recommendations we may make relative to certification, under state or municipal statutes, ordinances or regulations, of boilers, pressure vessels or elevators.

COMMON POLICY CONDITIONS

All Coverage Parts included in this policy are subject to the following conditions.

A. Cancellation

1. The first Named Insured shown in the Declarations may cancel this policy by mailing or delivering to us advance written notice of cancellation.
2. We may cancel this policy by mailing or delivering to the first Named Insured written notice of cancellation at least:
 - a. 10 days before the effective date of cancellation if we cancel for nonpayment of premium; or
 - b. 30 days before the effective date of cancellation if we cancel for any other reason.
3. We will mail or deliver our notice to the first Named Insured's last mailing address known to us.
4. Notice of cancellation will state the effective date of cancellation. The policy period will end on that date.
5. If this policy is cancelled, we will send the first Named Insured any premium refund due. If we cancel, the refund will be pro rata. If the first Named Insured cancels, the refund may be less than pro rata. The cancellation will be effective even if we have not made or offered a refund.
6. If notice is mailed, proof of mailing will be sufficient proof of notice.

B. Changes

This policy contains all the agreements between you and us concerning the insurance afforded. The first Named Insured shown in the Declarations is authorized to make changes in the terms of this policy with our consent. This policy's terms can be amended or waived only by endorsement issued by us and made a part of this policy.

C. Examination Of Your Books And Records

We may examine and audit your books and records as they relate to this policy at any time during the policy period and up to three years afterward.

D. Inspections And Surveys

1. We have the right to:
 - a. Make inspections and surveys at any time;
 - b. Give you reports on the conditions we find; and
 - c. Recommend changes.
2. We are not obligated to make any inspections, surveys, reports or recommendations and any such actions we do undertake relate only to insurability and the premiums to be charged. We do not make safety inspections. We do not undertake to perform the duty of any person or organization to provide for the health or safety of workers or the public. And we do not warrant that conditions:
 - a. Are safe or healthful; or
 - b. Comply with laws, regulations, codes or standards.
3. Paragraphs 1. and 2. of this condition apply not only to us, but also to any rating, advisory, rate service or similar organization which makes insurance inspections, surveys, reports or recommendations.
4. Paragraph 2. of this condition does not apply to any inspections, surveys, reports or recommendations we may make relative to certification, under state or municipal statutes, ordinances or regulations, of boilers, pressure vessels or elevators.

WAIVER OF OUR RIGHTS TO RECOVER FROM OTHERS ENDORSEMENT

Endorsement No.

This agreement shall not operate directly or indirectly to benefit anyone not named in the Schedule.

Schedule

Any person or organization for whom the Named Insured has agreed by written contract to furnish this waiver.

AGREEMENT AMENDMENT

AGREEMENT TITLE: Agreement No. 001-2016; Landscape Maintenance (Midtown)

AMENDMENT NUMBER: 1

This Amendment ("Amendment"), effective as of September 30, 2021, for Landscape Maintenance (Midtown) between the City of Plantation "CITY", and Landscape Service Professionals, Inc a Florida Corporation "CONTRACTOR".

WHEREAS, during the August 28, 2013 City Council Meeting, the City of Plantation City Council approved the execution of an agreement between the CITY and CONTRACTOR;

WHEREAS, on July 28, 2016 the CITY and CONTRACTOR entered an agreement for Landscape Maintenance (Midtown) as further defined in the executed agreement;

WHEREAS, the initial term of this agreement was for three (3) years from September 29, 2016 expiring September 30, 2019;

WHEREAS, the CITY had the option to renew this agreement for two (2) additional one (1) year periods, under the same terms conditions and specifications contingent upon Budget approval;

WHEREAS, the CITY has exercised all available renewal options;

WHEREAS, the CITY seeks to exempt competitive procurement pursuant to the City Code of Ordinances Sec. 2-226 (g); The word "purchase" shall not include maintenance activities or projects designed to maintain the foregoing.

WHEREAS, the CITY has found the CONTRACTOR to provide satisfactory services and desires to amend the current expiration term from one-year renewals to successive one-year renewals.

WHEREAS, during the successive renewal terms, services shall remain in effect until the CITY terminates for Cause or Convenience, and Mutual Termination by both the CITY and CONTRACTOR, as outlined in Article VIII of the Original Agreement.

WHEREAS, any amendments to the pricing, terms and conditions, and/or scope of services, shall be presented to the City of Plantation City Council for approval.

WHEREAS, The CITY and CONTRACTOR agree to the following terms and conditions and expressly agree that if any of the following terms and conditions conflict with any of the terms and conditions of the Agreement, then, notwithstanding any term in the Agreement, the following terms and conditions govern and control the rights and obligations of the CITY and CONTRACTOR.

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, CITY and CONTRACTOR agree as follows:

Words in ~~striketrough~~ type are deletions from existing agreement. Words in **bold underlined** type are additions to existing agreement.

1. Agreement Expiration date is hereby changed from ~~September 30, 2021~~ to **Successive One-Year Renewal Terms**
2. All terms, conditions, specifications, insurance requirements- including performance bond requirements (if any), pricing, and any associated amendments shall remain in full force and effect during the renewal period.

E-VERIFY

1) Definitions:

"Contractor" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration.

“Contractor” includes, but is not limited to, a vendor or consultant.

“Subcontractor” means a person or entity that provides labor, supplies, or services to or for a contractor or another subcontractor in exchange for salary, wages, or other remuneration.

“E-Verify system” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Registration Requirement; Termination

Effective January 1, 2021, Contractors, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Contractor shall register for and utilize the U.S. Department of

Homeland Security’s E-Verify System to verify the employment eligibility of:

a) All persons employed by a Contractor to perform employment duties within Florida during the term of the contract; and

b) All persons (including subvendors/subconsultants/subcontractors) assigned by Contractor to perform work pursuant to the contract with the City of Plantation.

The Contractor acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

c) The Contractor shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees.

Contractor shall also require all subcontractors to provide an affidavit attesting that the subcontractor does not employ, contract with, or subcontract with, an unauthorized alien.

The Contractor shall maintain a copy of such affidavit for the duration of the contract. Failure to comply will lead to termination of this Contract, or if a subcontractor knowingly violates the statute, the subcontract must be terminated immediately.

Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination. Termination of this Contract under this Section is not a breach of contract and may not be considered as such. If this contract is terminated for a violation of the statute by the Contractor, the Contractor may not be awarded a public contract for a period of 1 year after the date of termination.

SCRUTINIZED COMPANY

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging

ALL OTHER TERMS AND CONDITIONS OF THE ORIGINAL AGREEMENT AND ANY OTHER EXECUTED AMENDMENTS SHALL REMAIN IN FULL FORCE AND EFFECT.

THIS AMENDMENT, consisting of 3 page(s), is executed by the persons signing below who warrant that they have the authority to execute this Amendment under the original agreement.

IN WITNESS WHEREOF, the CITY and the CONTRACTOR have signed the Amendment.

Subject:

Request for authorization and approval to execute an agreement between the City of Plantation and Ericks Consultants, Inc for "State of Florida Lobbying Services" in reference to RFSP No. 075-21.

Summary:

Request for authorization and approval of the following:

1. Acceptance and Approval of the Selection Committee's Scores and Rankings relating to State Lobbying Services associated with RFSP No. 075-21;
2. Execute an agreement between the City of Plantation and Ericks Consultants, Inc., for "State of Florida Lobbying Services" in reference to RFSP No. 075-21. Whereas this agreement shall have an initial term of two (2) years; and whereas this agreement may be renewed for two (2) additional two (2) year periods by written mutual consent, unless terminated earlier as provided within the agreement.

Background:

Strategic Priorities: Sustainability; Economic Opportunity & Recovery; Quality of Life.

It is in the City's best interests to have representation in Tallahassee during legislative session as well as with State agencies. Ericks Consultants, Inc., has represented the City for many years and, following a procurement process, was recommended by the Selection Committee to continue as the City's State Lobbyist. In this capacity they will support the City's efforts to secure legislative appropriations as well as lobbying

legislation that would affect the City.

The City solicited for the mentioned services pursuant to Sec. 2-220(b) of the City's code. On July 20, 2021, a total three (3) sealed proposals for RFSP No. 075-21 were received and opened. Procurement reviewed proposals and determined that all proposals were responsive.

<u>FIRM(S)</u>	<u>DISCIPLINE</u>
Erick Consultants, Inc., in partnership with Becker	State and Federal
Alcalde & Fay	Federal
Ronald L. Book, P.A.	State

The Firms that submitted for State Lobbying Services provided oral presentations/interviews to the Selection Committee and were then scored and ranked based on the following criteria.

Criteria for Evaluation	Available Points
Firm's Qualifications and Experience	40
Technical Proposal (Firm's ability to provide work as described)	25
Proposed Rate(s)	35
Total Points	100

After evaluating each Firm on each criteria, the two (2) Firms that submitted State Lobbying Services was scored and ranked during a Public Selection Committee Meeting and the results are as follows.

<u>Discipline: State Lobbying Services</u>		
SELECTION COMMITTEE	Ronald L. Book, P.A.	Ericks Consultants, Inc. in partnership with Becker
Committee Member No. 1	96.5	92
Committee Member No. 2	96.5	94
Committee Member No. 3	81.5	94
TOTAL SCORE	274.5	280

The Selection Committee members were Carole Morris, City Administration; Jason Nunemaker, City Administration; April Beggerow, City Clerks Office.

Below you will find the meeting times and dates that was associated with this process.

MEETING DATES	
August 9, 2021 @ 8:30am to 9:30am	Oral Presentation/Interview with Ericks Consultants, Inc in partnership with Becker (This meeting was Publicly posted but not open to the Public)
August 9, 2021 @ 11:00am to 12:00pm	Oral Presentation/Interview with Ronald L. Books, PA (This meeting was publicly posted but not open to the Public)
August 9, 2021 @ 1:30pm	Public Meeting for Committee Discussion and Scoring/Ranking (This meeting was publicly posted and open to the public)

Based on the foregoing the Selection Committee, Administration and Procurement is requesting authorization and approval of the following.

1. Acceptance and Approval of the Selection Committee's Scores and Rankings relating to State Lobbying Services associated with RFSP No. 075-21;
2. Execute an agreement between the City of Plantation and Ericks Consultants, Inc., for "State of Florida Lobbying Services" in reference to RFSP No. 075-21. Whereas this agreement shall have an initial term of two (2) years; and whereas this agreement may be renewed for two (2) additional two (2) year periods by written mutual consent, unless terminated earlier as provided within the agreement.

This item is now ready for City Council consideration.

Funding:

Account No.: 001-8852-512-3102

Amount:

The agreed upon annual retainer of \$36,000.00 (\$3,000.00/per month) shall be paid in quarterly installments of \$9,000.00.

Finance Director/Budget Manager Recommendation:

The Other General Government Department budgeted \$36,000 in FY2021 & FY2022 for Lobbying Services. Current funds available in FY2021: \$9,000.

AGREEMENT

Between

THE CITY OF PLANTATION

And

ERICKS CONSULTANTS, INC.

For

STATE OF FLORIDA LOBBYING SERVICES

AGREEMENT NO. 075-21

**General Service Agreement
By and Between
City of Plantation
&
Ericks Consultants, Inc
for
State of Florida Lobbying Services
Agreement No. 075-21**

1. PARTIES AND DATE.

This Agreement ("Agreement") is made and entered into this _____ day of _____, 2021 by and between the CITY OF PLANTATION, a Florida Municipal Corporation with its principal place of business at 400 NW 73 AVENUE PLANTATION, FL 33317, ("City") and ERICKS CONSULTANTS, INC, a Florida Corporation with its principal place of business at 205 S. Adams, FL 32307 ("Consultant"). City and Consultant are sometimes individually referred to as "Party" and collectively as "Parties" in this Agreement.

2. RECITALS.

2.1 Consultant.

Consultant desires to timely perform and assume responsibility for the provision of certain services required by the City according to the terms and conditions set forth in this Agreement. Consultant represents that it is experienced in providing "State of Florida Lobbying Services" to public clients, is licensed and authorized to do business in the State of Florida, and is familiar with the plans of the City.

2.2 Procurement

Pursuant to City Code Sec. 2-220(b) and 2-226(c) the City publicly solicited for the services mentioned herein, that in the establishment of this Agreement. The Agreement for State of Florida Lobbying Services is not qualified as a professional services agreement which must be competitively procured pursuant to the Consultants Competitive Negotiation Act

3. TERMS.

3.1 Scope of Services and Term.

- limited to:
- A. General Scope of Services. Consultant shall provide services that include but not
 - i. Consultant shall advise, counsel and represent the City in pursuing legislative initiatives, appropriations, grant applications and awards at the State level.
 - ii. Consultant shall assist the City in preparing its state agendas and shall strategize with the City as requested.
 - iii. Consultant shall identify topics and areas of need to legislators, pertinent legislative leaders, state agencies, committee chairs, administrative officials and others.
 - iv. In advance of the legislative session, the Consultant shall meet with City Administration and/or City Council to assist in the development of the City's list of legislative goals, priorities and projects. The Consultant shall identify which of these goals, priorities and projects may be addressed at the State level and assist in developing written material to support each request.

- v. In coordination with City staff and City Council, the Consultant shall actively seek opportunities to enhance the City's legislative priorities and provide strategic guidance as necessary.
- vi. The Consultant shall submit information and data as necessary in support of the City's legislative priorities.
- vii. The Consultant shall monitor and report to the City, orally and in writing as requested, the status of pending State legislation and appropriations, to include legislation that directly or indirectly impacts the City. This shall include weekly activity reports during session.
- viii. The Consultant shall attend meetings and provide testimony/advocate on behalf of the City at appropriate legislative committees/sub-committees and with State agencies in support of the City's goals, priorities, projects and funding requests.
- ix. The Consultant shall coordinate and solicit support from State elected and/or appointed officials and appropriate agencies, including developing and assisting the City in implementing a strategic plan to strengthen and develop relationships.
- x. Consultant shall assist the City and/or its representatives in scheduling and coordinating meeting with State leadership in furtherance of the City's agenda.
- xi. At the conclusion of the state legislative session, the Consultant shall prepare a final report, including the final status of the City's priorities and a summary of the impact of major legislative changes to the City.
- xii. In addition to legislative and appropriation requests and related activities, the Consultant shall maintain a current awareness of the City's goals and priorities and provide information and advice to the City regarding grant opportunities as appropriate

B. Term. The term of this Agreement shall commence on _____ and shall continue for a period of two (2) years ("Term"), with the option of the City for two (2) additional one (1) year terms ("Renewal Term"), unless earlier terminated as provided herein. The City shall notify Consultant of the intent to exercise a Renewal Term(s) at least 30 calendar days prior to the end of the preceding Term. Consultant shall complete the Services within the Term, and shall meet any other established schedules and deadlines. The City may adjust the fees payable for Services for each such renewal, subject to City budget requirements and appropriations for such purpose. In all other respects the terms and conditions set forth in this Agreement shall govern during the Renewal Term. The Parties may, by mutual written consent, extend the Term if necessary to complete the Services. If the Term extends beyond a single fiscal year of City, the continuation of this Agreement beyond the end of any fiscal year shall be subject to both the appropriation and availability of funds in accordance with Chapter 166, Florida Statutes, as amended.

3.2 Responsibilities of Consultant.

A. Control and Payment of Subordinates: Independent Contractor. The Services shall be performed by Consultant or under its supervision. Consultant shall determine the means, methods and details of performing the Services subject to the requirements of this Agreement. City retains Consultant on an independent contractor basis and not as an employee. Consultant retains the right to perform similar or different services for others during the Term. Any additional personnel performing the Services on behalf of Consultant shall also not be employees of City and shall at all times be under Consultant's exclusive direction and control. Consultant shall pay all wages, salaries, and other amounts due such personnel in connection with their performance of Services and as required by law. Consultant

shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, disability insurance, and workers' compensation insurance.

B. Schedule of Services. Consultant shall perform the Services expeditiously, and within the Term. Consultant represents that it has the professional and technical personnel required to perform the Services in conformance with such conditions. In order to facilitate Consultant's conformance with the Schedule, City shall respond to Consultant's submittals in a timely manner. Upon request of City, Consultant shall provide a more detailed schedule of anticipated performance to meet the Schedule of Services.

C. Conformance to Applicable Requirements. All work prepared by Consultant shall be subject to the approval of City.

D. City's Representative. The City hereby designates _____ or their designee, to act as its representative for the performance of this Agreement ("City's Representative"). City's Representative shall have the power to act on behalf of the City for all purposes under this Agreement. Consultant shall not accept direction or orders from any person other than the City's Representative or their designee.

E. Consultant's Representative. Consultant hereby designates Candice Ericks, or their designee, to act as its representative for the performance of this Agreement ("Consultant's Representative"). Consultant's Representative shall have full authority to represent and act on behalf of the Consultant for all purposes under this Agreement.

The Consultant's Representative shall supervise and direct the Services, using their best skill and attention, and shall be responsible for all means, methods, techniques, sequences, and procedures and for the satisfactory coordination of all portions of the Services.

F. Coordination of Services. Consultant agrees to work closely with City staff in the performance of Services and shall be available to City's staff, consultants and other staff at all reasonable times.

G. Laws and Regulations; Employee/Labor Certifications. Consultant shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Project or the Services, and shall give all notices required by law. Consultant warrants that it shall perform the Services in compliance with all applicable Federal and Florida employment laws, including, but not limited to, those laws related to minimum hours and wages; occupational health and safety; fair employment and employment practices; workers' compensation insurance and safety in employment; and all other Federal, State and local laws and ordinances applicable to the services required under this Agreement. Consultant shall indemnify and hold harmless City from and against all claims, demands, payments, suits, actions, proceedings, and judgments of every nature and description including attorneys' fees and costs, presented, brought, or recovered against City for, or on account of any liability under any of the above-mentioned laws, which may be incurred by reason of Consultant's performance under this Agreement. Consultant shall be liable for all violations of such laws and regulations in connection with the Services. If the Consultant performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the City, Consultant shall be solely responsible for all costs arising therefrom. Consultant shall defend, indemnify and hold City, its officials, directors, officers, employees, and agents free and harmless, pursuant to the indemnification provisions of this Agreement, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

i. Equal Opportunity Employment. Consultant represents and warrants that it is an equal opportunity employer and it shall not discriminate against any Subconsultant, employee or applicant for employment because of race, religion, color, national origin, handicap, ancestry, sex or age. Such non-discrimination shall include, but not be limited to, all activities related to initial

employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

H. Insurance.

i. Time for Compliance. Consultant shall not commence Services until it has provided evidence satisfactory to the City that it has secured all insurance pursuant to **Exhibit B**.

I. Accounting Records. Consultant shall maintain complete and accurate records with respect to all costs and expenses incurred under this Agreement. All such records shall be clearly identifiable. Consultant shall allow a representative of City during normal business hours to examine, audit, and make transcripts or copies of such records and any other documents created pursuant to this Agreement. Consultant shall allow inspection of all work, data, documents, proceedings, and activities related to this Agreement for a period of 3 years from the date of final payment under this Agreement.

3.3 Fees and Payments.

A. Compensation. Consultant shall receive compensation as stated below:

Pricing Structure	Amount
Monthly Fee	\$3,000.00 (all-inclusive)
*The agreed upon annual retainer of \$36,000.00 (\$3,000/per month) shall be paid in quarterly installments of \$9,000.00.	
**The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed quarterly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

B. Payment of Compensation. City shall review all invoices and pay all approved charges thereon consistent with Section 218.73, Florida Statutes, as amended.

C. Reimbursement for Expenses. Consultant shall not be reimbursed for any expenses unless authorized in writing by City.

D. Consideration Adequate. The Parties acknowledge that there is adequate consideration to enforce each and every provision of this Agreement.

3.4 Termination of Agreement.

A. For Convenience. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least 30 calendar days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause. The City may terminate this Agreement for convenience even if Consultant avails itself of the Dispute Resolution process set forth below in subsection 3.5C.

B. For Cause. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and with cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least 21 calendar days before the effective date of such termination. The City may, but is not obligated to, provide Consultant with an opportunity to cure any breach prior to the effective date of any termination for cause. The Consultant may not terminate this Agreement except upon a breach by the City, which is not cured upon 21 calendar days' notice to City. In

case of the Consultant's termination for cause, the Consultant shall be paid for Services satisfactorily provided to such termination date, less any setoffs or adjustments City may claim arising out of the Consultant's breach, the remaining unperformed parts of this Agreement, and for that portion (if any) of the Consultant's performance which is unsatisfactory (the intent being that the Consultant be paid what is just and equitable compensation for the Consultants' performance of Services rendered to the satisfaction of the City). Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, and Consultant shall be entitled to no further compensation. Should the Consultant avail itself of the Dispute Resolution process set forth below in subsection 3.5C, then the City may not terminate this Agreement for Cause until the conclusion of the Dispute Resolution process.

C. Mutual Termination. This Agreement may also be terminated by mutual written agreement at any time and under any terms.

D. Effect of Termination. If this Agreement is terminated as provided herein, City may require Consultant to provide all finished or unfinished Documents and Data and other information of any kind prepared by Consultant in connection with the performance of Services. Consultant shall be required to provide such documents and other information within 21 calendar days of the request.

E. Additional Services. In the event this Agreement is terminated in whole or in part as provided herein, City may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated.

(Space intentionally left blank)

3.5 General Provisions.

A. Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address (physical or electronic) as the respective Parties may provide in writing for this purpose:

Such notice shall be deemed made when personally delivered, or, if mailed, 48 hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the Party at its applicable address, or delivered to such electronic mail address provided by the Parties for service of notices under this subsection when receipt is acknowledged by electronic written response by the receiving Party.

B. Indemnification.

i. Scope of Indemnity. To the fullest extent permitted by law, Consultant shall defend, indemnify and hold the City, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any alleged acts, errors or omissions of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all consequential damages, expert witness fees and attorney's fees and other related costs and expenses, to the extent caused by the negligence, recklessness, or intentional wrongful misconduct of the Consultant and other persons employed or utilized by the Consultant in the performance of this Agreement.

ii. Additional Indemnity Obligations. Payment of any amount due pursuant to the foregoing indemnity shall, after receipt of written notice by Consultant from the City that such amount is due, be made by Consultant prior to the City being required to pay same, or in the

alternative, the City, at the City's option, may make payment of an amount so due and Consultant shall promptly reimburse the City for same, together with interest thereon at the statutory rate from the date of receipt by Consultant of written notice from the City that such payment is due. Consultant agrees, at Consultant's expense, after written notice from the City, to defend any action against the City that falls within the scope of this indemnity, or the City, at the City's option, may elect not to tender such defense and may elect instead to secure its own attorney to defend any such action and the reasonable costs and expenses of such attorney incurred in defending such action shall be payable by Consultant. Additionally, if Consultant, after receipt of written notices from the City, fails to make any payment due hereunder to the City, Consultant shall pay any reasonable attorney's fees or costs incurred by the City in securing any such payment from Consultant.

iii. Nothing contained herein is intended nor shall it be construed to waive the City's rights and immunities under the common law or Florida Statute §768.28 as amended from time to time. This obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist in the City's favor. Notwithstanding any other provision of this Agreement to which it is applicable, City shall not be liable or responsible to Consultant beyond the monetary limits and amounts specified in Ch. 768.28, Fla. Stat., regardless of whether said liability be based in tort, contract, indemnity or otherwise; and in no event shall City be liable to Consultant for punitive or exemplary damages or for lost profits or consequential damages.

iv. This paragraph shall survive termination or expiration of this Agreement.

C. Dispute Resolution

i. In the event that any dispute between the City and the Consultant concerning questions or issues arising under this Agreement that have not been resolved, a request for dispute resolution shall be submitted by the Consultant to the City for determination. Request for such determination shall be made in writing. The City's decision may be reached in accordance with assistance, as it may deem reasonably necessary or desirable. The City's decision shall be rendered in writing no more than 30 calendar days after receipt of a fully documented (to the extent that such documents are within the control of the Consultant) request for a determination. The decision shall be conclusive, final, and binding on all Parties, unless the Consultant shall seek a judicial determination in accordance with the provisions set forth below in subsection 3.5D.

ii. No later than 10 calendar Days after the Consultant's receipt of the City's determination, the Consultant shall respond to the City in writing, either accepting the determination or stating the Consultant's factual or legal objection to the determination. If the Consultant's response is an objection, the City shall respond in writing to the objection within 10 calendar days after receipt. No further response by either Party shall be required. Thereafter, the Consultant may seek a judicial determination of the dispute. In the event that the Consultant intends to seek judicial determination of a matter decided by the City, the Consultant shall notify the City of its intent to do so within 10 calendar days of the City's final decision.

iii. If required by City, the Consultant shall continue to perform the Services required under this Agreement during this resolution period, including any judicial resolution. The City's written determination shall be complied with pending final resolution, including judicial, of the dispute. If the Consultant complies with the City's written determination, the City shall continue to perform under this Agreement and make all payments due (other than those or the portions of payments in dispute, if any) during the resolution period. This payment provision shall not apply in the event that the Consultant fails to submit a dispute to the City as required by this subsection. The continued performance of this Agreement by either Party shall not constitute an admission as to any factual or legal position in connection with the dispute, or a waiver of its rights under this Agreement or at Law.

D. Governing Law; Judicial Review; Venue. This Agreement shall be governed by the laws of the State of Florida and venue shall be in Broward County without regard to its conflicts of law. The Parties hereby agree that in the event of any litigation between them, such proceeding shall be brought exclusively in the courts of the State of Florida, County of Broward or the Federal District Court with subject matter jurisdiction and encompassing the County of Broward, Florida. Each Party hereby irrevocably consents and submits to the jurisdiction of, and venue in, the aforementioned courts, and further waives any claim that a proceeding brought therein has been brought in an inconvenient forum. To the extent not prohibited by applicable law that cannot be waived, the City and Consultant hereby waive, and covenant that they will not assert (whether as plaintiff, defendant or otherwise), any right to trial by jury in any action arising in whole or in part under or in connection with this Agreement, whether now existing or hereafter arising, and whether sounding in contract, tort or otherwise.

E. Time of Essence. Time is of the essence for each and every provision of this Agreement.

F. City's Right to Employ Other Consultants. City reserves right employ other consultants in connection with this Service. Successors and Assigns. This Agreement shall be binding on the successors and assigns of the Parties.

G. Assignment or Transfer. Consultant shall not assign, hypothecate, or transfer, either directly or by operation of law, this Agreement or any interest herein without the prior written consent of the City. Any attempt to do so shall be null and void, and any assignees, hypothecates or transferees shall acquire no right or interest by reason of such attempted assignment, hypothecation or transfer.

H. Construction; References; Captions. Since the Parties or their agents have participated fully in the preparation of this Agreement, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any Party. Any term referencing time, days or period for performance shall be deemed calendar days and not work days. All references to Consultant include all personnel, employees, agents, and Subconsultants of Consultant, except as otherwise specified in this Agreement. The captions of the various articles and paragraphs are for convenience and ease of reference only, and do not define, limit, augment, or describe the scope, content or intent of this Agreement.

I. Amendment; Modification. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing and signed by both Parties.

J. Waiver. No waiver of any default shall constitute a waiver of any other default or breach, whether of the same or other covenant or condition. No waiver, benefit, privilege, or service voluntarily given or performed by a Party shall give the other Party any contractual rights by custom, estoppel or otherwise.

K. No Third-Party Beneficiaries. Except to the extent expressly provided for in this subsection, there are no intended third-party beneficiaries of any right or obligation assumed by the Parties. The City has three dependent districts (Plantation Midtown Development District, Plantation Gateway, and the City of Plantation Community Redevelopment Agency) hereinafter "Districts", all of which have the power to execute contracts, and all of which are served by City personnel for the purpose of Administration. Such Districts shall be intended third Party beneficiaries and shall be able to enforce the terms hereof for any Serves provided on behalf of the Districts.

L. Invalidity; Severability. If any portion of this Agreement is declared invalid, illegal, or otherwise unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

M. Prohibited Interests. The Consultant warrants and represents that no elected official, officer, agent or employee of the City has a financial interest directly or indirectly in this Agreement or the compensation to be paid under it, and further, that no City employee who acts in the City as a "purchasing agent" as defined by §112.312(20), Florida Statutes, as amended, nor any elected or appointed officer of the City, nor any spouse or child of such purchasing agent employee or elected or appointed officer, is a partner, officer, director, or proprietor of the Consultants, and further, that no such City employee purchasing agent, City elected or appointed officer, or the spouse or child of any of them, alone or in combination, has a material interest in the Consultants. Material interest means direct or indirect ownership of more than Five Percent (5%) of the total assets or capital stock of the Consultants.

N. Conflicts of Interest. Consultant covenants that no person under its employ who presently exercises any functions or responsibilities in connection with this Agreement has any personal financial interests, direct or indirect, with City. Consultant further covenants that, in the performance of this Agreement, no person having such conflicting interest shall be employed, any such interests, on the part of Consultant or its employees, must be disclosed in writing to City. Consultant is aware of the conflict of interest laws of the State of Florida, Chapter 112, Florida Statutes, as amended, and agrees that it will fully comply in all respects with the terms of said laws. Consultant warrants that it has not employed or retained any person employed by City to solicit or secure this Agreement and that it has not offered to pay, paid, or agreed to pay, any public official or person employed by City any fee, commission, percentage, brokerage fee or gift of any kind, contingent upon or resulting from the award of this privilege.

O. Convicted Vendor List. Consultant represents to City that it is not a person or affiliate as defined in §287.133, Florida Statutes, as amended, which has been placed on the convicted vendor list maintained by the Florida Department of Management Services following a conviction for a public entity crime. Consultant acknowledges and agrees that it may not submit a bid on a contract to provide any goods or services to the City, may not submit a bid on a contract with the City for the construction or repair of any public building or public work, may not submit bids on leases of real property with the City, may not be awarded an opportunity to perform work as a Consultant, supplier, Subconsultant or Consultant under a contract with the City, and may not transact business with the City in an amount set forth in §287.017, Florida Statutes, as amended, for Category Two for a period of 36 months from the date of being placed on the convicted vendor list.

P. Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.

Q. Authority to Enter Agreement. Consultant has all requisite power and authority to conduct its business and to execute, deliver, and perform this Agreement. Each Party warrants that the individuals who have signed this Agreement have the legal power, right, and authority to make this Agreement and bind each respective Party.

R. Counterparts. This Agreement may be signed in counterparts, each of which shall constitute an original, and it shall not be necessary in making proof of this Agreement to produce or account for more than one such counterpart.

S. Entire Agreement. This Agreement, including the below mentioned Exhibits constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, among the parties with respect to the subject matter hereof. The Agreement shall not be modified except by a written amendment dated subsequent to the date of this Agreement and signed of behalf of City and Consultant by their respective duly authorized representatives.

1. **Exhibit A:** City Required Documentation/Forms Submitted by Consultant during Solicitation Period;
2. **Exhibit B:** Consultants Certificate of Insurance and City Insurance Requirements as it pertains to this Agreement.

IN WITNESS WHEREOF, CITY OF PLANTATION AND ERICKS CONSULTANTS, INC have signed this Agreement in duplicate. One counterpart each has been delivered to the City and Consultant.

Key Individuals

Dave Ericks
President/ Founder
Cell: 850-591-7550
dave@ericksconsultants.com

DAVID ERICKS is founder and President of Ericks Consultants, Inc and works out of our Tallahassee office.

After returning from college at C.W. Post (Long Island University), which he attended on a football scholarship, he took a position as a police officer with the City of Plantation.

This eventually transitioned him into the world of Florida politics.

Dave Ericks has been a registered lobbyist in the State of Florida for over 40 years, starting with his representation of the State of Florida Fraternal Order of Police while at the City of Plantation Police Department in 1980. Mr. Ericks was a registered lobbyist for the Broward County Sheriff's Department, the Department of Highway Safety and Motor Vehicles and the 3M Corporation before founding Ericks Consultants, Inc. in 1985. Prior to establishing his own firm, Mr. Ericks was employed by the 3M Corporation as Regional Administrator and Registered Lobbyist in Florida, Mississippi, Louisiana, and Alabama. Mr. Ericks served as Senior Executive Assistant to the Department of Highway Safety and Motor Vehicles, Administrative Assistant to the Broward County Sheriff and served on the City of Plantation Police Force. Mr. Ericks' past experience allowed him the opportunity to work with various police and criminal justice organizations, including the Steering Committee for Constitutional Amendments and the State Law Enforcement Job Task Advisory Committee for the Florida Police Standards and Training Commission. He has also represented members statewide as the President of the Fraternal Order of Police. His service in those positions has given him both law enforcement and administrative expertise at the local, county and state levels. Moreover, since establishing Ericks Consultants in 1985, Mr. Ericks has represented a multi-faceted group of clients, giving him a wide array of expertise in multiple subject areas, including the electric and telecommunication utilities, law enforcement, entertainment, healthcare, travel, corrections, solid waste, growth management, automobile, gaming, and transportation industries; as well as in the many diverse issues which face local governments on a day-to-day basis.

Mr. Ericks resides in Tallahassee, FL.

Qualifications

Candice Ericks- *Main Contact for the City*

Managing Partner

Cell: 954-648-1204

candice@ericksconsultants.com

CANDICE ERICKS is a consultant with Ericks Consultants, Inc., based in Fort Lauderdale, Florida. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Candice is a government relations professional specializing in Florida state and local government relations. Candice began her lobbying career in 1998 when she joined Ericks Consultants, Inc. She developed and expanded the firm into a successful, multi-regional operation with a diverse book of clients. Over the course of the past two decades, Candice has developed an extensive network of contacts and relationships in the governmental, non-profit, and business communities within Florida. Her hands-on approach within the governmental relations world has enabled her to continuously deliver success for her clients in numerous subject areas. For the last two decades she has worked diligently to grow her family's governmental consulting business, Ericks Consultants, Inc.

Candice currently represents a broad spectrum of clients, ranging from local governments to corporations to nonprofits. Most of her clients are longtime relationships due to her dedication and loyalty to their success in the political world. Her client list not only includes some of the largest corporations within the state, but also includes entities from almost every industry within Florida.

Candice was the first recipient of the Theresa Lintz Memorial Award from the Florida Association for Intergovernmental Relations. This award is significant in that it represents excellence in legislative advocacy on behalf of local governments in Florida and an exemplary commitment to consensus building, professionalism and high ethical standards to better serve our local communities.

Candice is active in many organizations within the local community and throughout the state. She was recently elected as the Chair of the Florida Association of Professional Lobbyists (FAPL), an organization committed to establishing and maintaining high standards for the lobbying profession. She also works actively with the Florida League of Cities, the Broward League of Cities, the Palm Beach League of Cities, the Florida Public Transportation Association, both the Fort Lauderdale and the Florida Chamber of Commerce, the Florida Association of Counties, Associated Industries of Florida, and is a recent past President of the Florida Association for Intergovernmental Relations.

Qualifications

Candice also serves as Chair of Broward Days, a non-profit and non-partisan group of people advocating for diverse needs and concerns of Broward County structured under the Broward Delegation. Ultimately, Candice takes every opportunity to work with businesses and local governments to help make the State of Florida the best place to live.

Candice graduated with a Public Relations degree from Florida State University in 1995.

Lauren Jackson
Consultant
Cell: 931-265-8999
lauren@ericksconsultants.com

LAUREN JACKSON joined Ericks Consultants in 2012. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Lauren is a third generation Broward resident with strong roots in the community. Her grandfather and father both served as Port Everglades Harbor Pilots and were pioneer members of the Port Everglades Association. Her father and his three siblings are graduates of Stranahan High School. Her grandmother spent her career as a librarian at Rogers Middle School.

Lauren served on Senator Elyn Bogdanoff's staff as her Broward County coordinator as well as the Legislative Aide to Representative Evan Jenine, who served as the House Minority Whip and Chair of the Broward County Legislative Delegation during her time as staff. As a result, she came to her current position with a working knowledge of both Chambers and with relationships on both sides of the aisle with a focus to Broward County.

Lauren began her career in the political world serving as a legislative assistant for National Strategies in Tallahassee, a legislative intern for Dutko Poole McKinley in Tallahassee, and a fundraising intern for Congressman Jim Matheson in Salt Lake City. Prior to entering the government relations sphere, Lauren worked for Youngs Market Company of Utah, overseeing a four-state advertising program.

She is a graduate of the University of Utah with a Bachelor of Arts in Political Science and a minor in Campaign Management. She is additionally a graduate of the Women's Campaign School at Yale University.

DRUG-FREE WORKPLACE

Fill in Form

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

PUBLIC ENTITY CRIMES

Fill in Form

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for RFSP No. 075-21
2. This sworn statement is submitted by Ericks Consultants Inc (entity submitting sworn statement), whose business address is 205 South Adams Street, Tallahassee FL 32301 and its Federal Employer Identification Number (FEIN) is 59-2722222. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____)
3. My name is Candice Ericks (please print name of individual signing), and my relationship to the entity named above is Managing Partner.
4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

☐ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

NON-COLLUSION CERTIFICATION

Fill in Form

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this proposal is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the proposal shall make the proposal nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of proposal or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how FIRM's and vendors (herein, "FIRM's") are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM'S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

SCRUTINIZED COMPANY CERTIFICATION

Fill in Form

TO BE RETURNED WITH PROPOSAL

FIRM Name: Ericks Consultants Inc.

FIRM FEIN: 59-272222

FIRM Authorized Representative Name and Title: Candice Ericks, Managing Partner

Address: 205 South Adams Street

City: Tallahassee

State: FL

Zip: 32301

Phone Number: 954-648-1204

Email Address: candice@ericksconsultants.com

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, FIRM may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com>.

Certified By: 

who is authorized to sign on behalf of the above referenced company.

PUBLIC RECORDS

Fill in Form

COMPLIANCE UNDER SECTION 119.0701 FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

E-VERIFY FORM

Fill in Form

CITY OF PLANTATION E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

Project Name: State and Federal Lobbyist Services

Project No.: 075-21

1. Definitions:

"*Firm*" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. "Firm" includes, but is not limited to, a vendor or consultant.

"*Sub-Firm*" means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

"E-Verify system" means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

E-VERIFY FORM

Fill in Form

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

PROPOSAL FORM

Proposal of (Name of Firm) Ericks Consultants Inc.

Address: 205 S. Adams St. Tallahassee, FL 32301

Phone: 954-648-1204

Email Address: candice@ericksconsultants.com

To furnish and deliver all services and to do and perform all work in accordance with the Agreement Documents for the entitled solicitation:

PROJECT NAME: Community Shuttle Service
RFSP No. 074-21
City of Plantation

TO: City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

The Undersigned Firm proposes and agrees if this proposal is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Agreement Documents for the Agreement Price and within the Agreement time indicated in this Proposal and in accordance with the Agreement Documents.

Firm accepts all of the terms and conditions of the Instructions to Firm. This proposal will remain open for ninety (90) calendar days after the day of Proposal Opening. Firm will sign the Agreement and other documents required by the Agreement Documents within fifteen (15) days after the date of City's Notice to Award.

In submitting this proposal, Firm represents as more fully set forth in the Agreement, that:

A. Firm has examined copies of all the Solicitation Documents and of the following Addenda: (if any addenda have been issued, receipt of all of which is hereby acknowledged) and also copies of the Advertisement or Notice to Firms and the Instruction to Firms.

DATE:

☐ 06/24/ 2021
☐ 07/07/2021
☐
☐

ADDENDA NUMBER:

☐ 1
☐ 2
☐
☐

B. This proposal is genuine and not made in the interest of or on behalf of any undisclosed person, Firm or corporation and is not submitted in conformity with any agreements or rules of any group, association, organization or corporation. Firm has not directly or indirectly induced or solicited any other Firm to submit a false or sham proposal; Firm has not solicited or induced any person, firm, or a corporation to refrain from proposing; and Firm has not sought by collusion to obtain for themselves any advantage over any other Firm or over City.

PROPOSAL FORM

- C. FIRM shall complete the Work for the following price(s). Award shall be made to the Firm whose proposal is determined to be the most advantageous to the city taking into consideration the evaluation factors and criteria set forth in the RFSP.

The rates for the service shall be based on providing the services and associated amenities as per Scope of Services and include all costs, plus all applicable overhead and profit.

Pricing Structure	Amount
Monthly Fee	\$ 3,000 per month (all-inclusive) for State (ECI)
The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed monthly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

Communications concerning this Proposal shall be addressed to the address of Firm indicated below.

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the FIRM.

Second: Within fifteen (15) days from the "Award", of this proposal, to execute the Agreement.

SUBMITTED ON July 19, 2021

SIGNATURE OF FIRM: 

PRINT NAME: Candice Ericks

TITLE (if any): Managing Partner

ADDRESS: 110 SE 6th Street, #1500, Fort Lauderdale FL 33301

Incorporated under the laws of the State of Florida.

Proposal Checklist and Summary Form

This form must be signed and included with the proposal submittal in addition to the required proposal documents of this solicitation. Failure to do so may result in your proposal submittal being considered non-responsive.

ADDENDUM NO. 1

RSFP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: June 24, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RSFP No. 075-21.

General Questions and Answers:

Question No. 1: Would the city consider a response to this RSFP just for Federal Lobbying Services, with the understanding that if a separate state lobbying firm is selected that federal and state lobbyists would coordinate and collaborate to properly serve the City of Plantation's lobbying needs in Tallahassee and Washington?

Response No. 1: The City is accepting sealed proposals from Firms that are qualified in State and Federal Lobbying Services. The City reserves the right award to one or more Firms that City finds qualified/most advantageous for the aforementioned services.

If any Firm desires to submit for Federal (only), State (only), or Federal and State (both), the Firm shall be responsible for indicating that within their sealed proposal- preferably within their Executive Summary.

Question No. 2: As a federal lobbying firm advocating solely in Washington, and filing required federal lobbying registrations with the U.S. Senate and House of Representative, would a federal proposer to RSFP still be required to also register as a lobbyist in the State or Florida?

Response No. 2: No, a Federal Proposer will not be required to register as a lobbyist in the State of Florida, unless there is a change in the law.

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RSFP No. 075-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.

ADDENDUM NO. 2

RFSP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: July 7, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFSP No. 075-21.

General Questions and Answers:

Question No. 1: Our firm is considering partnering with another firm in our response to the RFSP. We would be submitting only one proposal that would include both firms. As the RSFP calls for an "entity" to submit a response, would we need to submit our proposal as a prime/subcontractor arrangement or could we submit one proposal as equal partners?

Response No. 1: A Firm can submit for either the State or Federal portion or both. If a Firm wish to "partner" with another Firm, the mechanism they chose to facilitate that is up to them. The City's goal is simply to retain the most effective representation for the City at both the state and federal levels.

Question No. 2: Under "State or Federal Lobbying Experience" (Page 12 of RSFP No. 075-21), it reads: "Provide a list of clients for whom Firm has provided or is currently providing state and federal lobbying or consulting services."

A. Our firm solely provides State services. Can we correctly interpret the request to mean clients that have been provided one or the other "state or federal" services? Or is it seeking a list of only clients for which our one firm has provided both state and federal services?

- **Response for A.:** We are seeking a listing of clients represented at the state and/or federal level.

B. It asks for a list of our past clients in addition to our current clients. A list of all previous clients for which our firm has provided services would stretch over thirty years. Would a list of all clients currently represented and previously represented within in the past five years be sufficient?

- **Response for B.:** Yes, however the City reserves the right request additional clients and details.

Question No. 3: The Qualification Statement Form has multiple questions with words and phrases typically used in a construction or contracting bid. Does this form apply to this solicitation for lobbying services?

Response No. 3: If you feel that a question contained in the Qualification Statement Form does not apply to your Firm or the proposed work, please note it as Not Applicable (N/A)

Proposals must be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically ONLY via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

EXHIBIT “B”

Consultants Certificate of Insurance and City
Insurance Requirements as it pertains to this
Agreement.

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "Additional Insured" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "waiver of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ AN THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

ADDENDUM NO. 1

RSFP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: June 24, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RSFP No. 075-21.

General Questions and Answers:

Question No. 1: Would the city consider a response to this RSFP just for Federal Lobbying Services, with the understanding that if a separate state lobbying firm is selected that federal and state lobbyists would coordinate and collaborate to properly serve the City of Plantation's lobbying needs in Tallahassee and Washington?

Response No. 1: The City is accepting sealed proposals from Firms that are qualified in State and Federal Lobbying Services. The City reserves the right award to one or more Firms that City finds qualified/most advantageous for the aforementioned services.

If any Firm desires to submit for Federal (only), State (only), or Federal and State (both), the Firm shall be responsible for indicating that within their sealed proposal- preferably within their Executive Summary.

Question No. 2: As a federal lobbying firm advocating solely in Washington, and filing required federal lobbying registrations with the U.S. Senate and House of Representative, would a federal proposer to RSFP still be required to also register as a lobbyist in the State or Florida?

Response No. 2: No, a Federal Proposer will not be required to register as a lobbyist in the State of Florida, unless there is a change in the law.

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RSFP No. 075-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.

ADDENDUM NO. 2

RFSP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: July 7, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFSP No. 075-21.

General Questions and Answers:

Question No. 1: Our firm is considering partnering with another firm in our response to the RFSP. We would be submitting only one proposal that would include both firms. As the RSFP calls for an “entity” to submit a response, would we need to submit our proposal as a prime/subcontractor arrangement or could we submit one proposal as equal partners?

Response No. 1: A Firm can submit for either the State or Federal portion or both. If a Firm wish to “partner” with another Firm, the mechanism they chose to facilitate that is up to them. The City’s goal is simply to retain the most effective representation for the City at both the state and federal levels.

Question No. 2: Under "State or Federal Lobbying Experience" (Page 12 of RSFP No. 075-21), it reads: “Provide a list of clients for whom Firm has provided or is currently providing state **and** federal lobbying or consulting services.”

- A. Our firm solely provides State services. Can we correctly interpret the request to mean clients that have been provided one or the other “state or federal” services? Or is it seeking a list of only clients for which our one firm has provided both state and federal services?
- **Response for A.:** We are seeking a listing of clients represented at the state and/or federal level.
- B. It asks for a list of our past clients in addition to our current clients. A list of all previous clients for which our firm has provided services would stretch over thirty years. Would a list of all clients currently represented and previously represented within in the past five years be sufficient?
- **Response for B.:** Yes, however the City reserves the right request additional clients and details.

Question No. 3: The Qualification Statement Form has multiple questions with words and phrases typically used in a construction or contracting bid. Does this form apply to this solicitation for lobbying services?

Response No. 3: If you feel that a question contained in the Qualification Statement Form does not apply to your Firm or the proposed work, please note it as Not Applicable (N/A)

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

Bids will be opened, read and recorded pursuant to State of Florida Law and City of Plantation code.

All questions may be addressed in writing to the Charles Spencer, Procurement Director, 400 NW 73 Avenue Plantation, Florida. Charles Spencer can be reached at 954-797-2647, Monday Through Friday, 8AM to 4:30PM, Email: Espencer@plantation.org.

The City reserves the right to reject any and all proposals and to accept the one that is in the best interests of the City.

NOTICE TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

The City of Plantation, Florida is soliciting proposals for the services that will generally consist of, but is not limited to, the following:

The City of Plantation (City) is seeking Proposals from Firm(s) and or qualified individuals to advise, counsel and represent the City in pursuing legislative initiatives, grant applications and awards at the State and Federal government levels. This representation shall include, but is not limited to, being proactive in monitoring and lobbying on budgeting, appropriations, grant funding and legislation which would impact the City.

Solicitation and Proposal Documents may be obtained and submitted electronically at:

<https://www.demandstar.com/app/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>.

Proposals will not be considered after the below referenced date and time. All Responses will be received electronically via the Demand Star website (www.demandstar.com) on or before **11:00 am. on Tuesday, July 20, 2021.**

If a Bid Security is required for this solicitation the original bid security shall be received at the Office of the City Clerk, City of Plantation, 400 NW 73rd Ave, Plantation, Florida 33317, **BEFORE** the due date of the solicitation.

Proposals will be opened, read and recorded pursuant to State of Florida Law and City of Plantation code.

Detailed specifications containing Instructions and Solicitation Forms may be obtained from Charles Spencer in the Procurement Department, 400 NW 73 Avenue, Plantation or through the Plantation website of www.Plantation.org. The solicitation may also be obtained from the www.Demandstar.com website. All questions may be addressed in writing to the **Procurement Director, Charles Spencer**, 400 NW 73rd Avenue, Plantation Florida 33317. Charles Spencer can be reached at 954-797-2647, Monday through Friday, 8AM to 4:30PM, Email: ESpencer@plantation.org.

Pursuant to Broward County Ordinance No. 2011-19 and City of Plantation Resolution No. 12242, this solicitation requires that each FIRM must be registered as a Vendor with the City prior to or contemporaneous with submitting a proposal. Vendor registration can be completed at www.Plantation.org.

As a further condition precedent for consideration of any proposal, such proposal must strictly comply with the Instructions to Firms as issued by the City. The City reserves the right in its sole discretion to reject any proposal which does not strictly comply with said Instructions to Firms and further reserves the right to accept or reject any proposal as set forth in said instructions.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

DEFINED TERMS

The following terms have the meanings indicated which are applicable to both the singular and plural thereof.

1. FIRM: Means any individual, firm, partnership, corporation, association, or other legal entity.
2. CITY REP: City of Plantation, Procurement Director
3. CITY: The City of Plantation, a Florida municipal corporation
4. The words ‘proposal’ and ‘bid’ for this proposal are considered interchangeable.

AUTHORITY AND GENERAL TERMS AND CONDITIONS

1. It is the intent of the City to award the proposal to the responsive FIRM providing a response which is most advantageous to the City. This proposal is issued pursuant to, and governed by the laws of the State of Florida.
2. The City of Plantation reserves the right to reject any or all proposals, to waive any informalities or irregularities in any proposals received, to re-advertise for proposals, to enter into agreement negotiations with the selected Firm or take any other actions that may be deemed to be in the best interest of the City of Plantation.

GENERAL AGREEMENT PROVISIONS

1. The written AGREEMENT between the successful FIRM(s) and the CITY shall include language to the effect that neither the AGREEMENT, nor any portion thereof, nor any other facet of the relationship between the parties will create or be deemed to create a partnership, joint venture, joint enterprise, as a Sub-FIRM, or any other agency relationship, or an employer/employee leasing relationship, and further, shall reflect the CITY's intent that the legal relationship between the parties shall be that of an independent FIRM.
2. Upon THIRTY (30) Calendar Days written notice to FIRM, CITY may, without cause and without prejudice to any other right or remedy, terminate the Agreement for CITY's convenience whenever CITY determines. Where the Agreement is terminated for the convenience of CITY, the notice of termination to FIRM must state that the AGREEMENT is being terminated for the convenience of CITY, the effective date of the termination and the extent of termination.
3. The Agreement may also be terminated by mutual agreement at any time and under any terms.
4. The FIRM shall comply with all existing and future applicable laws, ordinances, rules, regulations, and lawful orders of public authorities relating to the Project and shall give all applicable notices pertaining to same.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

5. The laws of the State of Florida shall govern the validity, construction and effect of this AGREEMENT.
6. Should any part, term or provision of this Agreement be by the courts decided to be invalid, illegal or in conflict with any law of the State, the validity of the remaining portion or provision shall not be affected thereby.

INTERPRETATIONS AND ADDENDUM

1. If Firm is in doubt as to the meaning of any of this RFSP Proposal Documents, believes that the General Conditions, Special Conditions and/or Statement of Work contain errors, contradictions or obvious omissions, or has any questions concerning information contained in this RFSP document, the Firm shall submit a written request to Procurement for interpretation or clarification. Such request must reference RFSP No. 075-21 and should be received by the Procurement Office at least ten (10) calendar days prior to the RFSP due date. Questions received thereafter, may not be answered. Interpretations or clarifications in response to such questions will be addressed via written addendum which shall be available for download electronically from the Demand Star website at www.demandstar.com, or by contacting Charles Spencer (Espencer@plantation.org). The issuance of a written addendum shall be the only official method whereby such an interpretation or clarification will be made.

CONTINGENT FEES PROHIBITED

1. The proposing Firm must warrant that it has not employed or retained a company or person, other than a bona fide employee, contractor or subcontractor, working in its employ, to solicit or secure an agreement with the City, and that it has not paid or agreed to pay any person, company, corporation, individual or firm other than a bona fide employee, contractor or sub-consultant, working in its employ, any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of an agreement with the City.

SUBMISSION OF SEALED RESPONSES

1. Sealed Responses must be submitted electronically via the Demand Star website.
2. All Sealed Responses shall be submitted in the English language.
3. Sealed Responses must contain a signature of a corporate officer or designee with proven authority to bind the firm in matters of this nature. The Address and Phone number for any communications regarding Sealed Response must be included.
4. Sealed Response shall contain an acknowledgment of receipt of all Addendum(s).
5. Sealed Responses by corporations must be executed in the corporation's legal name by the President or other corporate officer, accompanied by evidence of authority to sign. Evidence of authority shall be provided on the enclosed Certified Resolution form, or by the company's own Corporate Resolution.
6. Sealed Responses by partnerships must be executed in the partnership name and signed by a partner, whose title must appear under the signature.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

7. In accordance with Florida Statutes, Chapter §119.07(1) (a) and except as may be provided by other applicable state and federal law, the Request for Sealed Proposals and the responses thereto are in the public domain. However, Firms are requested to specifically identify in the submitted Sealed Response any financial information considered confidential and/or proprietary which may be considered exempt under Florida Statute §119.07(t).
8. The City of Plantation will not be liable for any cost incurred in the preparation submission, or review of any Sealed Response or Response at any point of the procurement process.

MODIFICATION AND WITHDRAWAL OF SEALED RESPONSES

1. Sealed Response may be modified or withdrawn by a duly executed document signed by a corporate officer or other employee with designated signature authority. Evidence of such authority must accompany the request for withdrawal or modification. The request must be electronically delivered to the DemandStar at any time **prior** to the deadline for submitting Sealed Responses. Withdrawal of a Sealed Response will not prejudice the rights of a Firm to submit a new Sealed Response prior to the Sealed Response opening date and time. No Sealed Response may be withdrawn or modified after the date of proposal opening has passed.
2. If, within twenty-four (24) hours after Sealed Responses are opened, any Firm files a duly signed, written notice with the Procurement Office, and within five (5) calendar days thereafter demonstrates to the reasonable satisfaction of City, by clear and convincing evidence, that there was a material and substantial mistake in the preparation of its Sealed Response, or that the mistake is clearly evident on the face of the Sealed Response, but the intended correct Sealed Response is not similarly evident, Firm may withdraw its Sealed Response.

OPENING OF PROPOSALS

1. Proposals will be opened, read and recorded pursuant to State of Florida Law and City of Plantation code.

PROPOSALS TO REMAIN SUBJECT TO ACCEPTANCE

1. All proposals MAY remain subject to acceptance for ninety (90) days after the day of the Proposal opening.
2. Extension of time when Proposals shall remain open beyond the original period may be made only by mutual agreement between CITY and the FIRM.

REJECTION OF PROPOSALS

1. To the extent permitted by applicable state and federal laws and regulations, City reserves the right to reject any and all Sealed Responses, to waive any and all informalities not involving price, time or changes in the work with the Firm, and to disregard all nonconforming, non-responsive, unbalanced or conditional Sealed Responses. Sealed Responses will be considered irregular and may

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

be rejected if they show serious omissions, alterations in form, additions not called for, conditions or unauthorized alterations, or irregularities of any kind.

2. City reserves the right to reject the Sealed Response of any Firm if City believes that it would not be in its best interest of to make an award to that Firm, whether because the Sealed Response is not responsive, the Firm is unqualified, of doubtful financial ability, or fails to meet any other pertinent criteria established by City within the Scope of Services.

INSURANCE REQUIREMENTS

1. All Insurance requirements are described in a separate document included with this solicitation (if applicable).

INDEMNITY

1. The Firm shall indemnify and hold harmless the CITY, its elected officials, officers and employees, from all liabilities, damages, losses and costs (including, but not limited to, reasonable attorneys' fees and court costs, whether such fees and costs are incurred in negotiations, at the trial level or on appeal, or in the collection of attorneys' fees), to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Firm's officers, employees, agents, and other persons employed or utilized by the Proposer in the performance of, or the failure to perform, the Agreement.
2. In the event of a claim, the CITY shall promptly notify the Firm in writing by prepaid certified mail (return receipt requested) or by delivery through any nationally recognized courier service (such as Federal Express or UPS) which provides evidence of delivery, at the address provided for receipt of Notice in the Agreement.
3. The CITY shall provide all available information and assistance that the Firm may reasonably require regarding any claim. This agreement for indemnification shall survive termination or completion of the Agreement.
4. Nothing in this Agreement shall be deemed to affect the rights, privileges and immunities of the CITY as set forth in Florida Statute § 768.28.

EQUAL EMPLOYMENT OPPORTUNITY CLAUSE

1. City of Plantation, Florida, in accordance with the provisions of Title VII of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 CFR, Part 8) issued pursuant to such Act, hereby notifies all FIRMS that it will ensure that in any agreement entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit proposals in response to this advertisement and will not be discriminated against on the ground of race, color or national origin in consideration for an award.

INSTRUCTIONS TO FIRMS

REQUEST FOR SEALED PROPOSALS # 075-21

REGULATIONS

1. Violation of any local, state or federal law in the performance of this Agreement shall constitute a material breach of this Agreement.

TAXES

1. Firm shall pay all applicable sales, consumer use and other similar taxes required by law.

PERMITS, FEES AND NOTICES

1. The Firm shall be responsible for securing all permits and licenses necessary for the proper execution and completion of the work, if applicable.

CONE OF SILENCE

1. Once the RFSP has been issued, a Cone of Silence will be implemented. At that time communication with the City is limited to Charles Spencer, Procurement Director (email address Espencer@plantation.org). During the review and evaluation process no person shall make any private or separate delivery of marketing information concerning any Firm to any elected officers of the City, members of the City staff or members of the Evaluation/Selection Committee. Cone of Silence shall terminate at the time the CITY makes an award to a FIRM(S) that becomes final as a result of no procurement protest being filed or takes other action that ends this RFSP solicitation. Any action of a FIRM in violation of this may be cause for disqualification of the FIRM.

END OF SECTION

SCOPE OF SERVICES

General Scope of Services:

The City of Plantation (City) is seeking Proposals from Firm(s) and or qualified individuals to advise, counsel and represent the City in pursuing legislative initiatives, grant applications and awards at the State and Federal government levels. This representation shall include, but is not limited to, being proactive in monitoring and lobbying on budgeting, appropriations, grant funding and legislation which would impact the City.

Detailed Scope of Services:

The selected Firm(s) shall advise, counsel and represent the City in pursuing legislative initiatives, appropriations, grant applications and awards at the State and Federal level. The Firm(s) shall assist the City in preparing its state and federal agendas and shall strategize with the City as requested. The Firm(s) shall identify topics and areas of need to legislators, pertinent legislative leaders, state and federal agencies, committee chairs, administrative officials and others.

Examples of work shall include but not be limited to:

- In advance of the legislative session, the Firm(s) shall meet with City Administration and/or City Council to assist in the development of the City's list of legislative goals, priorities and projects. The Firm(s) shall identify which of these goals, priorities and projects may be addressed at the State or Federal level and assist in developing written material to support each request.
- In coordination with City staff and City Council, the Firm(s) shall actively seek opportunities to enhance the City's legislative priorities and provide strategic guidance as necessary.
- The Firm(s) shall submit information and data as necessary in support of the City's legislative priorities.
- The Firm(s) shall provide appropriation and/or legislative language and address other legislative needs as directed.
- The Firm(s) shall monitor and report to the City, orally and in writing as requested, the status of pending State or Federal legislation and appropriations, to include legislation that directly or indirectly impacts the City. At the state level this should include weekly activity reports during session. Regular reports on Federal efforts shall also be required.
- The Firm(s) shall attend meetings and provide testimony/advocate on behalf of the City at appropriate legislative committees/sub-committees and with State or Federal agencies in support of the City's goals, priorities, projects and funding requests.
- The Firm(s) shall coordinate and solicit support from State or Federal elected and/or appointed officials and appropriate agencies, including developing and assisting the City in implementing a strategic plan to strengthen and develop relationships.
- At the conclusion of the state legislative session, the Firm(s) shall prepare a final report, including the final status of the City's priorities and a summary of the impact of major legislative changes to the City. Similar reporting shall be required at the Federal level.

SCOPE OF SERVICES

- In addition to legislative and appropriation requests and related activities, the consultant shall maintain a current awareness of the City's goals and priorities and provide information and advice to the City regarding grant opportunities as appropriate.

The Successful Firm will identify one of their employees as the key contact for approval by the City's Project Manager.

It is the City's belief that the service required is adequately described herein. Therefore, any negotiated agreement, which may result from this RFSP, will include the entire effort required of the Firm to provide the service described.

Minimum Qualifications:

- Successful track record of providing lobbyist services, evidenced by ability to secure State and/or Federal legislation and appropriations for local municipal government clients.
- Minimum of five (5) years providing lobbyist services.
- Established relationships with key policymakers.
- Registered lobbyist in the State of Florida.

Submittal Requirements

Proposal Submittals must include the following:

- Executive Summary – a brief abstract providing an understanding of the nature and scope of services to be provided and capability to comply with terms and conditions.
- Company Profile – to include the following (see separate criteria for individuals below):
 - Overview and history of the company;
 - Number of years in business and types of services provided;
 - Identify parent companies, subsidiaries and affiliates of the organization;
 - Describe the ownership structure, including any significant or controlling equity holders;
 - Provide a management organizational chart showing director and officer positions and names, and reporting structure; and
 - Provide detailed information on the segment of the organization that would provide Lobbying services. This information should include reporting structure and any significant organizational changes that have occurred in the last two (2) years or are anticipated in the future.
- Individual Profile – to include the following:
 - Number of years providing State and/or Federal lobbying services; and
 - Current resume which includes level of experience and governmental agencies served.
- Qualification of Firm and Individual Lobbyists:
 - Describe in detail the qualifications your Firm has to conduct the services requested; and
 - Identify the key individuals who would comprise the team providing services requested.

SCOPE OF SERVICES

- Provide a resume or curriculum vitae for each individual and indicate the percentage of their time that would be devoted to services for the City
- State or Federal Lobbying Experience (Firm and Individuals)
 - Provide a list of clients for whom Firm has provided or is currently providing state and federal lobbying or consulting services. For each client, please provide the following information:
 - Client name
 - Names, titles, address(es) and phone numbers for each client
 - Duration of the relationship
 - Types of services provided
 - Were you, or your Firm, the primary contractor
 - Provide a detailed summary of your knowledge and experience in securing funds for public infrastructure or public services through the state or federal appropriation process and through discretionary grant programs.

Term and Time of Performance:

Term of Agreement: The initial term of the Agreement shall be for three (3) years with an option to renew for two (2) additional one (1) year periods upon the written approval of both the City and the Firm. If the term of the Agreement extends beyond a single fiscal year of City, the continuation of the Agreement beyond the end of any fiscal year shall be subject to the availability of funds from City in accordance with the City's budget process. The City may cancel an Agreement by notification, in writing, at least thirty (30) days prior, with or without cause. The City or Firm is under no obligation to extend or renew an Agreement after its expiration.

END OF SECTION

Proposal Evaluation Method and Criteria

The City will designate a Selection Committee to review and evaluate the Proposals submitted in response to this RFSP.

The Procurement Staff shall determine whether each Firm is responsive. For the purposes of this RFSP, a responsive means a Firm that has submitted a proposal that conforms in all material respects to the requirements in the RFSP. Accordingly, Procurement Staff will determine whether each Firm correctly submitted all of the necessary forms and documents.

Among other things, a proposal may be found to be non-responsive if the Firm failed to provide the information requested in the RFSP; failed to utilize or complete the required forms; provided incomplete, indefinite, or ambiguous responses; failed to comply with the applicable deadlines; provided improper or undated signatures; or provided information that is false, misleading, or exaggerated.

Proposal Evaluation Method and Criteria:

A. A Selection Committee will review and evaluate the Proposals submitted.

The Mayor of the City of Plantation shall establish an Evaluation/Selection Committee of a minimum (3) three Members to review Proposals. The Evaluation/Selection Committee shall conduct an evaluation of Firm(s). The Evaluation/Selection Committee may require follow-up interviews and/or presentations as part of the evaluation process and ranking.

B. The Selection Committee will evaluate and rank all eligible and responsible proposals based on the evaluation criteria listed below. The criteria are itemized with their respective weights for a maximum available total of one hundred (100) points. A FIRM may receive all or a portion of this amount depending on the merit of the proposal and in relation to the competing proposals as determined by the Evaluation/Selection committee.

C. The Selection Committee shall evaluate proposals pursuant of the evaluation process mentioned herein. The Selection Committee will score and rank all Firms. The most advantageous firm shall be selected from the highest cumulative score of the evaluation process.

Criteria for Evaluation	Available Points
Firm's Qualifications and Experience	40
Technical Proposal (Firm's ability to provide work as described)	25
Proposed Rate(s)	35
Total Points	100

D. **Criteria** These weighted criteria are provided to assist the firms in the allocation of their time and efforts during the submission process. The criteria also serve as a guide to the Evaluation/Selection Committee during the evaluating and ranking of Firms by establishing a general frame work for those deliberations.

E. The City of Plantation reserves the right to retain all proposals submitted and use any idea in a proposal regardless of whether that proposal is selected.

Proposal Evaluation Method and Criteria

- F.** The City shall select the most advantageous firm based on the evaluation criteria listed. That most advantageous Firm shall be required to execute a City agreement covering the scope of services to be provided and setting forth the duties, rights and responsibilities of the parties. The proposal pricing shall be negotiated and included into the agreement. This agreement must be executed by the successful Firm prior to recommendation of final award to the City Council.

G. Final Selection

The City Council shall approve final recommendation provided/presented by the Mayor.

- a. Date of Incorporation: _____
- b. State of Incorporation: _____
- c. President's Name: _____
- d. Vice President's Name: _____
- e. Secretary's Name: _____
- f. Treasurer's Name: _____
- g. Name and address of Resident Agent: _____

3. If FIRM is an individual or a partnership, answer the following:

- a. Date of organization: _____
- b. Name, address and ownership units of all partners: _____
- c. State whether general or limited partnership: _____

QUALIFICATION STATEMENT

Fill in Form

4. If FIRM is other than an individual, corporation or partnership, describe the organization and give the name and address of principals:

5. If FIRM is operating under a fictitious name, submit evidence of compliance with the Florida Fictitious Name Statute.
6. How many years has your organization been in business under its present business name: _____
 - a. Under what other former names has your organization operated?

7. Indicate registration, license numbers or certificate numbers for the business or professions that are the subject of this Proposal. Please attached certificate of competency and/or state registration. Please include the foregoing information for all parties to be assigned to the project.

8. Have you ever failed to complete any work awarded to you? If so, state when, where and why?

9. Within the five (5) years, has any officer or partner of your organization ever been an officer or partner of another organization when it failed to complete a contract? If so, explain fully.

10. State the names, telephone numbers and last known addresses of three (3) owners, individuals or representatives of owners with the most knowledge of work which you have performed or goods you have provided, and to which you refer (government owners are preferred as references).

11. List the pertinent experience of the key individuals of your organization (continue on insert sheet, if necessary).

12. Provide a list of similar projects, which have been completed within the past five (5) years, including project description, owner's names, addresses and phone numbers.

13. Provide a list of work currently under contract.

14. On Exhibit A, list all disputes, claims, mediations and litigation in which the bidding entity, a parent entity, an affiliate entity, a predecessor entity or other entities with which you were then

QUALIFICATION STATEMENT

Fill in Form

associated or affiliated were involved in any contract disputes over the last five (5) years as of the solicitation response due date. If FIRM is a joint venture, the information provided should encompass the joint venture and each of the entities forming the joint venture. For said claim, identify with particularity the nature of such dispute, the names and addresses of the other parties to such disputes, and whether or how such disputes were resolved, including any mediation, arbitration or litigation involved and dollar awards. [Do not include disputes, claims, mediations and litigation that involve only garnishment, auto negligence, personal injury, or a proof of claim filed by FIRM]

15. List all disputes, claims, mediations and litigation between the Owner and any of the responding entity's subcontractors/subconsultants over the last five (5) years as of the solicitation response due date.
-

16. Has any governmental entity within the last five (5) years commenced proceedings to discipline any of the officers, partners, or principals of the FIRM, or sought to revoke a license held by the FIRM (or its qualifying agent)? If so, please describe in detail the proceedings and how the matter was resolved.
-

17. Will you sublet any part of this work? If so, give details. (sub-contractor's name, address, phone number and contact)
-

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a “thirty (30) day notice of cancellation” on all certificates of insurance.
- F. The City requires a “wavier of subrogation” for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ All THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

SWORN STATEMENT UNDER SECTION 287.133(3)(a)
FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER
AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for _____
2. This sworn statement is submitted by _____ (entity submitting sworn statement), whose business address is _____ and its Federal Employer Identification Number (FEIN) is _____. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____).
3. My name is _____ (please print name of individual signing), and my relationship to the entity named above is _____.
4. I understand that a “public entity crime” as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that “convicted” or “conviction” as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an “affiliate” as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term “affiliate” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm’s length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a “person” as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term “person” includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

_____ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

_____ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

_____ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

_____ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

NON-COLLUSION CERTIFICATION

Fill in Form

TO BE RETURNED WITH PROPOSAL

By signing and submitting this proposal, the FIRM certifies that this proposal is made independently and free from collusion.

FIRM shall disclose below, to their best knowledge, any City of Plantation officer or employee, or any relative of any such officer or employee as defined in Section 112.3135(1) (c), Florida Statutes (2014), who is an officer of director or, or has a material interest in, the FIRM's business, who is in a position to influence this procurement. Any City of Plantation officer or employee who has any input into the writing of specifications or requirements, solicitation of offers, decision to award, evaluation of offers, or any other activity pertinent to this procurement is presumed, for purposes hereof, to be in a position to indirectly own any of the total assets or capital stock of any business entity owned or operated by the FIRM, or if they otherwise stand to personally gain if the contract is awarded to this FIRM.

Failure to submit this executed statement as part of the proposal shall make the proposal nonresponsive and not eligible for award consideration. In the event the FIRM does not indicate any names, the CITY shall interpret this to mean that the FIRM has indicated that no such relationships exist. Failure of a FIRM to disclose any relationship described herein shall be reason for termination of proposal or award, whichever is applicable, with no time to cure.

COOPERATION WITH THE BROWARD COUNTY
OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General (“OIG”) has the authority to review and investigate how governmental contracts are performed and how FIRM’s and vendors (herein, “FIRM’s”) are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM’S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM’s failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

Section 287.135, Florida Statutes, prohibits agencies from contracting with companies for goods or services of any amount that are on the Scrutinized Companies that Boycott Israel List or that are participating in a boycott of Israel; or One million dollars or more if, at the time of bidding, FIRM is on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has business operations in Cuba or Syria. The boycott Israel list is created pursuant to 215.4725 and the Sudan and Iran lists are created pursuant to section 215.473, Florida Statutes.

As the person authorized to sign on behalf of FIRM, I hereby certify that the undersigned company is not participating in a boycott of Israel, on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or that it does not have business operations in Cuba or Syria. I understand and agree that pursuant to section 287.135, Florida Statutes, the submission of a false certification; or being placed on the Scrutinized Companies that Boycott Israel List, or engaging in a boycott of Israel; or being placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; or engaging in business operations in Cuba or Syria will be cause for the CITY to terminate this Agreement at the option of the CITY. In addition, FIRM may be subject to civil penalties, attorney's fees, and/or costs.

The scrutinized company list is maintained by the State Board of Administration and available at <http://www.sbafla.com/>.

COMPLIANCE UNDER SECTION 119.0701
FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

As the person authorized to sign this statement, I certify that this FIRM agrees to comply with the above requirements.

**CITY OF PLANTATION
E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES**

TO BE RETURNED WITH PROPOSAL

Project Name: _____

Project No.: _____

1. Definitions:

“*Firm*” means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. “*Firm*” includes, but is not limited to, a vendor or consultant.

“*Sub-Firm*” means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

“*E-Verify system*” means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security’s E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security’s E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

Executive Summary

- A brief abstract providing an understanding of the nature and scope of services to be provide and capability to comply with terms and conditions.

Ericks Consultants Inc. (ECI), which specializes in state lobbying services, is pleased to submit this proposal in partnership with the federal lobbying services of Becker & Poliakoff (Becker). As we demonstrate in this proposal, the team we proudly put forward is experienced, well-connected, multi-dimensional, intimately familiar with the City of Plantation, and uniquely capable of providing the services in compliance with the terms and conditions laid forth in RFSP No. 075-21.

ECI is a full-service lobbying firm, specializing in Florida state and local government for over 35 years. Unlike major corporate firms, we are a boutique firm capable of responding to our clients with a powerful yet personal touch. At the state level, we have successfully provided the scope services outlined in RFSP 075-21 to the City of Plantation for over twenty years. In doing so, ECI has gained critical institutional knowledge of Plantation's unique local challenges and funding needs. We have developed a sensitivity to the concerns of the Mayor and Council that extends beyond our trained watch for unfunded mandates and encroachments on home rule. We appreciate the Mayor's bold vision and would be honored to continue our work in support of her leadership on behalf of Plantation's residents.

Becker is a Fort Lauderdale-based, multi-state law and lobbying firm that includes 130-plus lawyers, lobbyists, and professional staff ready to provide the resources needed to achieve Plantation's federal lobbying goals. Becker's Washington, DC-based federal lobbying team includes veteran political professionals from South Florida who worked for Florida Members of Congress. Becker's local knowledge of Plantation's unique needs combined with a bipartisan, diverse team of experienced DC lobbyists offers the City an unbeatable opportunity to leverage Hill and Administration relationships with personal knowledge, commitment, and energy. With Becker, the City of Plantation can be bold, proactive, and successful in this post-COVID, pro-infrastructure federal funding climate. Federal lobbying is more important than ever for municipal governments in today's shifting political environment.

ECI and Becker each provide a team of results-driven professionals who are equipped with in-depth knowledge and experience with all levels of government as well as the local community. This team values our professional reputations and will work to provide Plantation with a high-level of attention and service at both the state and federal level. Every member of this team has vast experience in representing local governments and takes genuine pride in helping them achieve success, whether in Tallahassee or Washington DC. Through our lengthy experience and commitment to

Executive Summary

high professional standards, we have cultivated insider knowledge of Tallahassee and DC as well as relationships with key decision makers, who trust us with information and influence.

ECI has provided Plantation with this expert knowledge and intimate access for decades as we have navigated Tallahassee to achieve the City's goals. The addition of Becker will not only allow us to maximize our efforts at the state level, but also enable the City to capitalize on Federal opportunities. Becker not only has a powerful federal team, but also a strong state and local presence that will further benefit the City through our coordination. Further, this partnership is not new. ECI and Becker's federal lobbying team have worked together for a full decade. This team provides state and federal lobbying services to multiple South Florida local governments, including the Town of Davie since 2012 and Palm Beach County since 2011.

Our firms are based in Broward, and we are as vested in the community's success as much as the local governments that serve it. We are engaged in community organizations and networks, keeping us plugged-in to important issues. We are held accountable for our service by our family, friends and other residents. Our home is Broward, and we fight throughout the year to protect our resources and quality of life. Knowing the demographics, the political landscape, as well as the physical landscape is key, and this team has that insight.

As your advocates and consultants in DC, Tallahassee, and back at home in South Florida, our focus will be on using our communication, knowledge, expertise, ability, and relationships to assist Plantation with current priorities, as well as laying the groundwork for future goals. Our goal in supporting and advocating on behalf of the City of Plantation's priorities will always be to present a strategic, compelling, and focused message that differentiates and positions your legislative needs and appropriations requests.

In our proposal, we demonstrate our specific experience, qualifications, ability, relationships, communication method, and understanding of the City's needs as well as the Legislative process. We provide our hands-on approach to the scope of services, which includes: working with the City to craft legislative goals and build and implement strategies to achieve them; identifying potential issues proactively; leveraging our extensive network of contacts and institutional knowledge for insight and to provide the City with quick access to the right decisionmakers; and providing regular communication- including written reports and updates.

Should our team be selected to represent your interests, our firms would work together to provide the following scope of services requested in RFSP No. 075-21. ECI further details its approach to state level work below the scope of services. Please note

Executive Summary

that Becker further details its Federal approach to the scope of services on beginning on page 55.

1. In advance of the legislative session, the Firm(s) shall meet with City Administration and/or City Council to assist in the development of the City's list of legislative goals, priorities and projects. ***ECI will continue to meet with the Administration and City Council well in advance of the State Legislative Session to assist in the development of the City's Legislative goals, priorities, and appropriations requests. We would begin immediately, as the upcoming 2022 Legislative Session begins in January, with preceding committee weeks starting in September 2021. As the Federal calendar operates continually throughout the year, the Federal team at Becker has detailed a strategic timeline that would enable the city to develop and achieve its goals.***
2. The Firm(s) shall identify which of these goals, priorities and projects may be addressed at the State or Federal level and assist in developing written material to support each request. ***ECI will continue to provide our insight gained through experience and relationships to ensure adopted state goals, priorities, and projects are relevant, salient, and viable. We will continue to use our political insight to craft a compelling business case and effective talking points in support of each state goal. Becker will likewise use its expertise and political insight to assess the viability and potential to address the City's identified goals, priorities, and projects on the Federal level. Becker will ensure each Federal project has a compelling and effective business case and the supporting materials needed for success.***
3. In coordination with City staff and City Council, the Firm(s) shall actively seek opportunities to enhance the City's legislative priorities and provide strategic guidance as necessary. ***ECI will continue to proactively seek and inform the City of opportunities to enhance legislative priorities/obtain funding for City projects and provide strategic guidance as necessary. Becker will work closely with the City to ensure every Federal opportunity is taken advantage of that will enhance identified legislative priorities and funding requests.***
4. The Firm(s) shall submit information and data as necessary in support of the City's legislative priorities. ***Our firms will ensure key decisionmakers, as well as the City's elected representatives, always have the information and data necessary in a timely manner to guide government actions and deliberations towards the City's desired outcomes.***
5. The Firm(s) shall provide appropriation and/or legislative language and address other legislative needs as directed. ***Our firms have proven track***

Executive Summary

records in crafting successful legislation, amendments, and appropriations requests. As directed, we will provide specific language to the City and/or decisionmakers in Tallahassee and DC to address any needs of the City. We will ensure that City staff will never have to worry about how to appropriately word legislative/funding requests or whether they have directed their language to the appropriate personnel in Tallahassee or DC.

6. The Firm(s) shall monitor and report to the City, orally and in writing as requested, the status of pending State or Federal legislation and appropriations, to include legislation that directly or indirectly impacts the City. At the state level this should include weekly activity reports during session. Regular reports on Federal efforts shall also be required. ***Our entire team believes regular and timely communication is the fundamental key to achieving mutual success in our relationships with our clients. We continually monitor and track the status of pending legislation and appropriations requests. ECI will continue to notify the City of pending state legislation/ funding opportunities. We will continue to provide weekly status reports to the City during each Legislative Session, committee week, and as frequently as needed throughout the year. Becker's federal team will provide regular reports and continually update the City to any changes in the status of pending legislation and funding requests.***
7. The Firm(s) shall attend meetings and provide testimony/advocate on behalf of the City at appropriate legislative committees/sub-committees and with State or Federal agencies in support of the City's goals, priorities, projects and funding requests. ***Both ECI and Becker are proud of our hands-on approach to serving our clients. We will maintain a constant presence at all meetings where discussions and decisions may impact the City. We will take advantage of every opportunity to advocate on behalf of the City's goals, priorities, projects, and funding requests.***
8. The Firm(s) shall coordinate and solicit support from State or Federal elected and/or appointed officials and appropriate agencies, including developing and assisting the City in implementing a strategic plan to strengthen and develop relationships. ***Our firms enjoy long-term, trust-based relationships with key elected and appointed officials throughout all levels of government. We continually work to cultivate strategic relationships with decisionmakers and their staff. We will each work with the City to develop and implement a strategic plan to strengthen and develop the City's relationships in a way that will prove beneficial to the City's efforts in both Tallahassee and DC.***

Executive Summary

9. At the conclusion of the state legislative session, the Firm(s) shall prepare a final report, including the final status of the City's priorities and a summary of the impact of major legislative changes to the City. Similar reporting shall be required at the Federal level. ***ECI will continue to provide a comprehensive summary of major legislative changes as well as the status of City priorities at the conclusion of each state legislative session. Becker's federal lobbying team will provide similar reports.***

ECI Approach:

As your representatives, we will continue our informed, educated and proactive approach that is based upon our experience representing the City and our insight into the ever-changing layout of Tallahassee. During the early committee weeks, our team works closely with the Mayor, Administration, City Council and staff to create a strategic action plan focused on both short term and long-term goals and craft official Legislative Priorities for the upcoming Session. We meet before the Mayor and Council at a public meeting to answer questions on these priorities, as well as present on Legislative issues that we believe that the City should be aware of. Once the City Administration provides the City's legislative priorities, members of our team continuously track legislation throughout committee weeks and Session, monitoring all state Legislative committee meetings and agency hearings prior to, during and after Session and testifying as needed. We not only focus on the adopted priorities, but also stay constantly engaged in conversations and new developments in order to quickly address any new issues that may arise. Our team "lives" at the Capitol during each Legislative Session. We believe always being present when decisionmakers and their staff are physically at the Capitol is vital to your representation. We are very much a hands-on organization and physically cover each committee meeting at which our clients' issues are discussed.

Competition for state funding has been nothing but fierce in recent times due to Florida's revenue challenges and political climate. Being successful in the Appropriations process today requires an effective strategy that builds a compelling business case to support your appropriations request. We utilize our knowledge of the budget process, our valued relationships, and our unique understanding of local needs to effectively advocate for local projects. We have and will continue to work alongside your in-house staff to communicate an effective business case needed to support your appropriations issues. We collect information we anticipate the appropriations committees will require based on our insight and prior year experience. We then refine the project's business case and secure Legislative sponsors. We also meet early each year with the Governor's Office to help us further refine our projects business case to help meet the Governor's expectations for local initiatives. Once the Legislature provides the appropriations forms, we ensure forms are filled out properly and are

Executive Summary

submitted prior to any deadlines. As a team, we work with our sponsors and the appropriate decision-makers to secure projects within the initial budget framework and continue to advocate for funding throughout budget conference and the veto process.

We believe communication is the most valuable component of a client/lobbyist relationship and is the key to our mutual success. Insight and ongoing communication between our team and the Mayor, Council, and City Administration provides a better understanding of exactly what your goals are, allowing us to be successful in achieving the desired result. We are only a phone call, text, or email away from our clients at all times- whether in Session or out- and are committed to a philosophy of responsiveness. As bills move, amendments are filed and the budget develops, we will be in constant contact with your staff for evaluation due to the urgency of the matter under consideration. Decisions are often made quickly, and we would like to acknowledge that your staff has been outstanding in providing needed information and feedback in a short time frame. We provide written updates of all initiatives impacting the City at the end of each committee week and, during Session, the end of every week. After each Session, we provide a thorough end-of-Session report outlining final outcomes of the City's priorities and review all that took place before the Mayor and Council at a public meeting.

The legislative calendars vary each year depending upon the preferences of legislative leadership and whether the year falls on an election year. Timelines and strategy must be adaptable to be proactive and successful. The 2022 Legislative Session will officially begin in January, with six preceding committee weeks already scheduled beginning in September of 2021. Our work identifying priorities begins in advance of committee weeks and is enhanced during the initial committee weeks. We encourage the City to adopt legislative priorities and funding initiatives early, so that we can proactively lay the groundwork for our case well in advance of the start of the Legislative Session. We have successfully maintained our workloads while addressing Plantation's needs over the past few years using fully-equipped offices, technology, support staff, valuable relationships within key networks and, most importantly, experience. Our personal approach allows us to respond to our client needs in a prompt and attentive manner.

We have an office located in Downtown Fort Lauderdale and a Tallahassee office located one block from the Capitol Complex. With downtown office space at a premium and time always of the essence, our proximity to the Capitol provides our clients quick and convenient access to meeting facilities and office support. During the Legislative Session, we employ interns from state universities to supplement our efforts by assisting with tracking bills and committee actions and participant comments. We also use every technological enhancement offered to our field that allows us to be constantly plugged-in to every conversation and easily accessible to our teammates and clients.

Company or Individual Profile

- Overview and history of the company
- Identify parent companies, subsidiaries and affiliates of the organization
- Number of years in business and types of services provided
- Describe the ownership structure, including any significant or controlling equity holders
- Provide a management organizational chart showing director and officer positions and names, and reporting structure
- Provide detailed information on the segment of the organization that would provide Lobbying services. This information should include reporting structure and any significant organizational changes that have occurred in the last two (2) years or are anticipated in the future

State Team: Ericks Consultants (ECI)

Dave Ericks founded and incorporated ECI as a For Profit Corporation in the State of Florida in 1979. By 1986, ECI had become a powerful lobbying force. ECI is a local firm with an office in Fort Lauderdale and its headquarters in Tallahassee. Our firm has three employees, including three consultants with a combined experience of over 70 years in Florida state government. ECI has been representing public and corporate entities before the Florida State Legislature and Executive Agencies for over 33 years providing the exact same scope of services listed in RFSP No. 075-21.

Candice acts as the main director overseeing our operations and is the main contact for our clients and the City. Dave guides our team with his expert advice built on the decades of institutional knowledge he has gained throughout the years. Lauren provides bill tracking, regular reports, and policy analyses. She also ensures that appropriations requests are technically sound and forms are delivered well within deadlines. While our administrative assistance recently retired due to health reasons, we are looking forward to onboarding a talented new admin in the coming weeks that we believe will be an asset to our clients for years to come.

We are a Tallahassee-based firm with an extremely active South Florida office, both equipped to respond to the City's needs. This dual presence allows constant visibility in both the southern and northern regions of the state. It enables us to be effectively engaged in the home community our team members share with Plantation while also "living" at the Capitol during Legislative Sessions and preceding Committee Weeks. Candice and Lauren are based in our South Florida office when the Legislature is not meeting in Tallahassee.

Our office locations are:

South Florida Office:
110 SE 6th St. #1500

Tallahassee Office:
205 South Adams Street

Federal Team: Becker

About Becker

Becker is a Washington, DC federal lobbying practice that is part of Becker & Poliakoff ("Becker"), a large, multi-state law and lobbying firm based in Broward County. Becker was founded in 1973 in South Florida. It is a corporation owned by its shareholders. The firm includes 130 lawyers and lobbyists in offices in New York, New Jersey, Washington, DC and throughout Florida. The firm practices in several core areas: Business Litigation; Community Association; Construction Law & Litigation; Corporate; Government Law & Lobbying; Public Private Partnerships (P3); Real Estate; Trust & Estate Planning, Probate.

Gary Rosen is the Managing Shareholder and Chief Executive Officer of Becker. In these roles he oversees the firm's governance while playing a leading role in recruitment, marketing and other business functions. Becker has a seven-member Management Committee that sets the strategic direction and oversees the management and operation of the firm along with professional staff. Management also sets the tone for the firm's culture of collaboration and innovation which places a premium on training and career growth.

Becker Organizational Chart

Government Law & Lobbying Practice

Government law and lobbying has been a core practice for the firm since its founding. The founding partners laid the foundation for our federal and state lobbying practices by serving in the Legislature and actively lobbying in Tallahassee and Washington, DC for legislation to protect their clients. The lobbying teams pride themselves on offering

Company Profiles

clients the best of both worlds: a small boutique hands-on lobbying group with the resources and power of a large law firm.

The federal lobbying practice began in 2011 with Floridians Omar Franco and Clarence Williams, two former Capitol Hill Chiefs of Staff to South Florida Congressmen, and Amanda Lawrence Wood, former Legislative Director to US Senator Bob Graham of Florida. The bipartisan, bicameral, diverse powerhouse team of colleagues used their collective knowledge of local, state and federal government programs to create a niche practice representing local governments in Washington, DC.

Lobbyist Omar Franco leads the federal lobbying team and will be the lead Federal lobbyist for the City of Plantation. Omar is the former Chief of Staff for Rep. Mario Diaz-Balart, the ranking member of the all-important House Appropriations Transportation, Housing & Urban Development (THUD) subcommittee. Omar is well-known among Republican lobbyists, especially for his connections to Hispanic Members and staff on Capitol Hill. Omar reports to the firm's Government Law & Lobbying Practice Chair and the Managing Shareholder.

Omar, in partnership with Amanda Wood, will serve as team quarterback with primary responsibility for client communication, overall strategic direction, and execution. They will be supported by other team members including a former USDOT Deputy Assistant Secretary for Congressional and Intergovernmental Affairs and former high-level congressional staffer. Additionally, we have local liaisons available to attend meetings locally as needed. Using a true team approach has served the lobbying team well when it comes to creating consensus among influencers, meeting critical deadlines, and communicating with clients. Fortunately, our team of lobbyists know each other well and have excellent working relationships in which they depend on each other to uphold the high level of service that our clients have come to expect.

FEDERAL LOBBYING TEAM

Today, the Becker lobbying team represents dozens of cities, counties, universities, trade groups, private businesses, and a state port authority in the halls of Congress and with the Executive agencies. We are most proud of our long-standing clients, many of whom have been with us for 5+ years. Palm Beach County, Sarasota County, Collier County, City of Cape Coral, Town of Davie, and others have renewed our contract multiple times despite leadership changes and challenging economic times. Their confidence in our value reflects the Becker team's commitment to ongoing and consistent communication, tireless work ethic, and a consistent return on investment.

Qualification of Firm and Individual Lobbyists

- Describe in detail the qualifications your Firm has to conduct the services requested
- Identify the key individuals who would comprise the team providing services requested.
- Provide a resume or curriculum vitae for each individual and indicate the percentage of their time that would be devoted to services for the City

State Team: ECI

Firm Qualifications

ECI is a full-service lobbying firm that acts as an extended arm of our clients in every aspect. Whether it is on a local, state or federal issue, ECI works closely with each client to understand and represent their specific needs. Dave, Candice, and Lauren collectively have over 70 years of experience in Florida State Government. This has allowed us to gain years of critical knowledge, training, and relationships that enable us to cover a lot of ground within the legislative process. We pride ourselves on efficient coordination and organization that allows us to handle numerous tasks for multiple clients simultaneously. We believe that the long-term and enduring relationships that we enjoy with our clients reflect our standard of performance.

Our Local Government Advocacy:

ECI has vast experience representing local governments in Tallahassee. Dave first began representing local governments during Broward's "Annexation Wars" – which history may prove vital in the coming years. In addition to the City of Plantation, we currently represent Broward County, Palm Beach County, the Florida Association of Counties, the City of Coconut Creek, City of Coral Springs, the City of Fort Lauderdale, the City of Pembroke Pines, the Town of Davie and the Town of Lauderdale-by-the-Sea. In addition, members of our team also represent the City of Parkland. We also work hand-in-hand with the Florida League of Cities and Florida Association of Intergovernmental Relations (FAIR), and other similarly aligned organizations throughout the year. We believe that the experience gained from representing these local governments for many years further enhances our understanding of the challenges the City faces, which gives us the capability to meet your needs. We are sensitive to unfunded mandates and encroachments on home rule, and we are dedicated to providing a quick and effective defense. Our team members also serve on the advocacy teams for a number of clients that often assist with local government interests, particularly in Broward County: the South Florida Regional Transportation Authority, the Broward Metropolitan Planning Organization, the Broward Sheriff's Office, the Seminole County Sheriff's Office, the Broward County Council of Professional Firefighters.

Qualifications

Our Relationships:

The most effective resource we offer is the relationships that we have formed over our time in the Legislative process. Our team members have spent years cultivating trust-based relationships within our local delegation and Florida state government. We take pride in the fact that we have outstanding professional and personal relationships with the key players whose decisions affect Plantation. With term limits, there is no longer an “off-season,” and we spend the entire year in close contact with Legislators and their staff regarding interim projects, campaigns, and possible legislation for the upcoming year. We have fostered solid relationships with Legislative leadership and their teams, including the Senate President, President-Designate, Speaker of the House, Speaker-Designate, as well as their anticipated successors. We are also extremely close to House Democratic Leader DuBose, Co-Leader Jenne, and Senate Democratic Leader Book (and their staff) as we continually work side-by-side with them on issues impacting our home and our clients. We have also fostered solid, trust-based relationships with the chairs of key committees, Legislative Assistants, committee directors, analysts and attorneys- including the Appropriations and Rules Chairs in both the Senate and House. We have excellent relationships with the Governor’s office and Cabinet offices. We enjoy great relationships with all Executive agencies, including the Department of Environmental Protection, Department of Transportation, Department of Economic Opportunity, VISIT Florida, South Florida Water Management District, etc. These relationships are a key component for access to information that, on very short notice, can affect a decision that can impact the City of Plantation.

Locally, we have a solid professional relationship with each member of the Broward County Delegation and their staff, many of whom are our personal friends. We work particularly close with the Senators and Representatives that represent Plantation constituencies. In addition to the Democratic Caucus leadership mentioned above, we have close relationships with Representatives Daley and Omphroy as well as Sen. Thurston. At the time of this proposal, the Plantation Delegation is expected to undergo major changes prior to the 2022 Legislative Session. Our region suffered a huge loss in 2021 with the death of the legendary Congressman Alcee Hastings. He will be impossible to replace. However, two especially impactful members of Plantation’s state delegation are expected to vacate their seats to run for Congress- Leader DuBose and Senator Thurston- demonstrating the deep bench of political talent our community is home to. This change is taking place on top of the once-per-decade redistricting process, altering the make-up of districts across the state. We feel these changes make our firm- with our institutional knowledge of the City, deep community ties, and strong relationship with Leadership- all the more key to the City’s future success.

We have also built a useful and respected network through FAPL (The Florida Association of Professional Lobbyists). FAPL was created to provide on-going training

Qualifications

and professional development and is committed to promoting the highest ethical standards of professional conduct among its membership. As mentioned earlier, Dave Ericks is a pioneer member of the Association and Candice Ericks has continuously served on its Board of Directors for years and currently serves as Chair of the organization. We regularly attend their continuing education seminars and events, allowing us to continue cultivating relationships with other interests that may ultimately affect Plantation's legislative agenda.

Our Knowledge of Plantation:

We are not only dedicated to Plantation on a professional level, but also on a very personal level. The story of Ericks Consultants begins in Plantation, where Dave served as a police officer before rising through the ranks of the Fraternal Order of Police and discovering his talent for government relations. Candice was born in Plantation. Our institutional knowledge of and identity with the City sets our firm apart from our competitors. Many issues are around for years, while others surface first for one Session. The individuals you choose to be the additional eyes, ears, and voice in Tallahassee should have the institutional knowledge and personal understanding that your current team has worked very hard in achieving. As current members of Plantation's lobbying team and residents of the local area, our team has a unique understanding of what Plantation's needs, goals and objectives are and how to continue to meet them. We have worked on many issues that impact Plantation, including but not limited to: home rule and unfunded mandates, pensions, CRAs, ad valorem taxation, wastewater utilities, economic development, E-911 Radio Systems/CAD, growth management, transportation, public safety, taxation, vacation rentals, and traffic safety enforcement.

ECI's institutional knowledge has become an increasingly valuable asset to the City of Plantation's governmental relations efforts. Term limits and high turnover rates have limited the familiarity and judgement of lawmakers on key issues, where the opposing narrative has rewritten historical context or left out important considerations. Too frequently in recent Sessions have we found ourselves educating lawmakers to correct misunderstandings of the roles, challenges, and past compromises of local governments. This is equally true as it relates to the reasoning behind and consequences of past state decisions. Instances in which we are one of the only firms to effectively and accurately communicate historical context has sharply increased. Additionally, our talent for building powerful coalitions quickly and efficiently has proven critical time and again, especially in our work defending local governments against home rule attacks in Tallahassee.

At the same time, we know Plantation is undergoing rapid changes and we stay constantly abreast of emerging issues. In addition to serving as the City's contract

Qualifications

lobbyists, working regularly with the staff on its governmental relations needs, we keep a high level of engagement in the community and with the City. We regularly monitor the City Council agendas and attend meetings, City hosted events, and workshops. We are active members of the Broward League of Cities and Greater Fort Lauderdale Chamber of Commerce, which often focuses on issues with county-wide impacts. We also regularly attend key meetings in the region where important discussions can impact the City, such as Broward Delegation, Broward MPO, Southeast Florida Clean Cities Coalition and Broward County Commission meetings. Candice is entering her fourth year as Chair of Broward Days, a non-partisan organization housed under the Broward Delegation that organizes an advocacy campaign focused on the various and unique needs of Broward County residents. As Chair, Candice renewed the practice of forming diverse advocacy teams focused on serious challenges for our community, such as transportation, public safety, housing, and health care.

As valuable to the City's success as our personal knowledge of the City and its issues has proven to be, what is more critical is that representing Plantation has become part of our identity in Tallahassee. Legislators, agencies, and other staff continuously identify us with Plantation and come to us as a resource for knowledge on issues and quick turnaround for information when time is of the essence and decisions are being made in the fast-paced time frame of Session. We take pride that decision makers identify us with Plantation and reach out to us for trustworthy information and respected advice when accounting for the effects of legislation on the City. We embrace the challenge of constantly educating new members of the Legislature and staff on the history, demographics, lifestyle, environmental challenges and overall make-up of Plantation. We help bolster the efforts of our legislative delegates while engaging Legislators from North and Central Florida on our urban South Florida issues. Our engagement involves a gentle balance of compromise and creativity that is based upon our intimate understanding of the issues of a community that we are proudly associated with. We hope to continue to be unique resource to the City of Plantation as well as the Legislature in this capacity.

We want to thank you for allowing us to demonstrate what we feel is a unique resource for representation of the City of Plantation. We truly appreciate the opportunity to continue working in partnership with your staff, Mayor, and Council.

Examples:

Below we detail some of our recent experiences serving our clients -either specific to local governments or to issues which impact them. Please note that our appropriations are detailed in the next section under "State or Federal Lobbying Experience."

COVID-19

Qualifications

Most years upon returning from Tallahassee, we put all of our energy into legislative reports and protecting appropriations requests in the Governor's veto list. The end of the 2020 Legislative Session was quite different. Once the Session ended and throughout the summer and fall, we were providing near daily updates to the City on federal, state and local communications related to the current COVID-19 health and economic crisis, including important press conferences and emergency orders from the Governor's Office and Executive Agencies and all Task Force to Reopen Florida Executive Committee and industry working group meetings. We also covered all City and County meetings and workshops to ensure our larger community was educated on local communications and emergency orders. We kept in constant contact with the City, the Governor's office, the Division of Emergency Management, the Department of Economic Opportunity, the Department of Agriculture and Consumer Services, and the Department of Management Services. We worked on issues on behalf of counties, airports, seaports, first responders, hunger-relief, senior services, and more due to our active engagement in the community. We also: worked with FDOT on getting the Department of Health's participation at airport screening points for Fort Lauderdale/Hollywood Int'l Airport and worked with DEO on providing information on the re-employment system to our local elected officials.

Home Rule

We fight in every Session, all Session long, to preserve the home rule authority of our local governments. We have far too many examples of success to include in this proposal. We fight side-by-side with the Florida League of Cities and Florida Association of Counties throughout each year on issues impacting municipal authority. Candice was the first recipient of the Theresa Lintz Memorial Award from the Florida Association for Intergovernmental Relations. This award is significant in that it represents excellence in legislative advocacy on behalf of local governments in Florida and an exemplary commitment to consensus building, professionalism and high ethical standards to better serve our local communities. While impossible to list all of the preemptions we have worked against on behalf of the City of Plantation and others, below are a couple recent examples.

- **Vacation Rentals:** In 2013, ECI played an integral role in helping pass an easing of a state preemption on common-sense local vacation rental ordinances that helped ensure critical local protections for residents and tourists. Since that time, the vacation rental industry has put enormous effort into regaining a total preemption on these common-sense local ordinances. ECI has been one of the most active teams in the coalition that has so far defeated these industry-backed attempts year after year- including this most recent Session. Our coalition, led by the Florida League of Cities, has been successful despite strong leadership backing of these efforts. In multiple instances, leadership took extraordinary steps: pressuring members to support the bills, placing extra members on

Qualifications

committees to ensure passage of the legislation when the votes were in favor of killing it, withdrawing amendments last-minute to force a scramble of adding amendments backed by local governments, introducing amendments to various different vehicles, and more. ECI has worked every step of the way in support of our coalition's efforts. We helped educate members on why this issue is best left to local control, cultivate (sometimes unlikely) local government allies, obtain accurate vote counts, gain intel on opposition strategy, counter misinformation disseminated by the opposition, and alerting the coalition to amendments filed to potential vehicles. While we have been successful in stopping this misinformed attempt to elevate "private property rights" over common-sense local regulations, we anticipate this fight will return next year with even more force than years past. Preventing an expansion of the preemption requires teamwork by advocates able to contribute to its defeat while maintaining good relationships with leadership supportive of it.

- **HB 17 and Proposal 95:** While local preemption language is a constant battle in Tallahassee, the past five years has seen a focused attack effort on home rule. HB 17 in 2017 (and Proposal 95 in the Constitutional Revision Commission) represents the most egregious of these recent battles. HB 17 and Proposal 95 were broad preemptions that would have eliminated home rule authority for anything not specifically authorized by the state. We worked closely with all other local government advocates to oppose these initiatives. We discovered later that the language was targeted towards ordinances relating to pet stores along with retailer concerns on environmentally conscious ordinances that ban plastics and other materials. We worked closely with the Florida League of Cities and Florida Association of Counties to supplement their efforts. We focused on our allies in the Senate, who we needed to hold strong against the bill despite whatever trades the House was willing to offer. We also worked with our allies on the CRC. While the Senate filed a companion bill, it ultimately could not get enough support to pass their Chamber. We also worked with all other local government advocates to successfully remove a similar provision in the 2018 tax cut package, which preempted local regulations on anything related to commerce or anything covered under Chapter 212 (taxation). In 2020, the legislature pursued a more narrow preemption on pet stores specifically. However, our coalition worked with animal rights activists to gain a compromise that carved-out current ordinances before ultimately defeating the legislation.
- **Micromobility:** In 2019, a state proposal would have preempted all local ordinances regulating the presence of electric-powered, shared scooters on municipal roads, sidewalks, and trails. Our firm worked to ensure common-sense local controls were available. During initial committee hearings, both the House and Senate bills contained complete preemptions. The House sponsor had taken issue with practices in some local governments. At the time, Fort

Qualifications

Lauderdale was one of the first to implement such a program and we offered their experience for her to use as a resource. We facilitated meetings in Tallahassee for the Fort Lauderdale Mayor and City Manager who gained the House sponsor's trust and was able to show the need for reasonable local regulations. She amended her bill to include a language we crafted allowing local control in high pedestrian traffic areas. The Senate removed all preemption language in negotiations with the Florida League of Cities, However, negotiations in the House were stagnant and fragile outside of our advocacy and Fort Lauderdale's work. Our efforts ultimately enabled us to keep and increase the element of local control in both packages until it was certain that the Senate language would prevail.

In 2018, we were part of a successful coalition that stopped the passage of a vendor-driven preemption on dockless bicycle companies. The preemption would have originally prohibited local governments from: limiting entry to operations; requiring businesses licenses or minimum insurance; and more. Our coalition was able to show the consequences preemption had in other areas of the country and expose the true factors behind the initiative. We also worked with the Senate sponsor to educate her on negative impacts. After losing support, the bill was amended to compromise with local governments by only prohibiting them from banning their entry. The bill was ultimately stopped by the Senate.

Local Revenues

As local government advocates, our firm has long been engaged in the watch for reductions to key sources of municipal revenue- whether shrinking our Ad Valorem tax base, imposing unfunded mandates, raising sovereign immunity caps, reducing to important sources of local revenue, or other financial hits. We work hand-in-hand with the Florida League of Cities and Florida Association of Counties throughout every Legislative Session to defeat these harmful proposals that threaten a reduction in services to City residents. While the number of fights we have been involved in and successful in are too numerous to list in this proposal, below are recent example with other examples found throughout this response.

- **Turnpike Revenues:** In 2017, we were successful in extending an expiring statute that provides a critical revenue source for the Tri-Counties (Palm Beach, Broward, and Miami-Dade). Upon learning that a statute entitling the counties to 90% of turnpike toll revenues attributable to users within the Tri-County area to fund their transportation work programs would expire that year, our team coordinated a meeting between the government relations staff from each of the the Tri-counties. We helped them to agree on the length of extension of the statute, identify potential vehicles, and develop a strategy. We worked closely

Qualifications

with Legislators and helped identify amendment sponsors, file the amendment language and ensure adoption of the language onto multiple packages. We ensured key Leadership knew of the importance of the language and its need for passage. We worked closely with Sen. Brandes, the DOT Secretary and legislative affairs staff as well as the Governor's office, who ultimately signed into law

- **Communications Services Tax:** In 2020, we led the effort to oppose a bill that would have forced local governments to levy flat rate of 4% for the Communications Services Tax. We immediately sought the fiscal impact from our local governments as soon as the bill was filed, which was estimated to be significant. The industry and local governments both share concerns that the tax has developed into a complex and outdated mechanism. However, proposals to decrease the tax often reduce tax burden on industry, leaving critical local budgets and bonds at risk. We found that most of the lawmakers we met with did not have an understanding of the history of the tax, the importance of the local revenue, past proposals to reform the tax that included local government input through a state-established working group, and the severity of the cut contained in the bill. Our institutional knowledge allowed us to raise important questions with these members and provide thoughtful talking points that had not been fully explained and addressed with them prior. While the bill passed its first Senate committee, we were able to set the baseline for future conversations and the bill was not considered again. We anticipate similar proposals in future Sessions as more companies enter the streaming sphere, and we plan to be integral part of every effort to ensure our local governments are protected.

Commerce & Tourism

Our team understands the resources that it takes to support the Mayor's vision of a thriving and diverse business community. We want Plantation to continue to be a place where businesses want to expand, invest in, and relocate to. Additionally, we want to ensure the City has the infrastructure in place for small businesses to thrive. We have successfully worked on legislation and funding on issues ranging from CRAs, TDC and Visit Florida funding, vacation rentals, the environment, cultural arts, enterprise zones, public private partnerships, aviation, and seaports. We have intimate knowledge of the programs that drive tourism in our region and understand the industry challenges and intergovernmental friction that occurs in relation to these programs. Due to our strong relationship with the President/CEO of Visit Florida, we act as a reliable point-of-contact for Visit Florida on matters related to the South Florida region. We enjoy excellent relationships with Enterprise Florida and Department of Economic Opportunity leadership and staff. We are active with organizations such as the Chamber, the Broward Workshop, and the Greater Fort Lauderdale Alliance, the Greater Fort Lauderdale Chamber of Commerce Government Affairs Committee, and the South

Qualifications

Florida Business Council.

Transportation

Our team is very experienced in advocating for transportation issues and project funding for local governments in South Florida. We enjoy close working relationships with the Florida Department of Transportation at both the state level, as well as with our local District 4. Members of our team work with the Broward MPO, the South Florida Regional Transportation Authority, and private transportation entities in addition to local governments. We are also active in the Florida Public Transportation Association. We stay abreast of transportation issues affecting the state, attending numerous transportation forums, workshops, and conferences. We monitor state funding of the Five-Year Work Program. We routinely monitor key public hearings, MPO meetings, Florida Transportation Commission meetings, and Southeast Florida Transportation Executive Committee (SEFTEC) meetings. Candice is a regular participant with a collaborative of transportation power players, termed the Transportation Advocacy Group. As past President of the Florida Association of Intergovernmental Relations, Candice recruited former FDOT Secretaries, the Ports Council, the MPOAC, and others to join the organization and participate in weekly meetings where their expert insight benefits local government advocacy.

As residents and active members of the community, we are especially familiar with the current and emerging transportation issues affecting the City of Plantation. Technology and mobility is constantly changing. We acutely understand the challenges the City faces (such as population growth and congestion) and the need to think-outside-the-box. We have continually been engaged in all policy discussions around emerging technologies and transportation trends on behalf of local governments, the Broward MPO, the South Florida Regional Transportation Authority, or private entity stakeholders. We have worked on issues directly dealing with Autonomous Vehicles, Electric Vehicles and charging infrastructure, TNCs, micromobility, and dockless bicycles. We've attended the annual FDOT Automated Vehicle Summit since its inception as well as all Autonomous Florida (Florida Chamber of Commerce) webinars, calls, and events. We covered Automated, Connected, Electric and Shared-use (ACES) subcommittee meetings which contributed to the state's Long-Range Transportation Plan. We participated in the Florida Department of Agriculture and Consumer Services EV Roadmap development and monitored the FDOT EV Infrastructure Masterplan (EVMP) development.

- **South Florida Regional Transportation Authority:** ECI has represented SFRTA since before its inception, playing an instrumental role in passing its enacting legislation. Early on, ECI was instrumental in passing major legislation that gave the Authority discretionary bonding and ability to receive matching funds should counties provide a local option funding source. In a 2009 Special Session, we

Qualifications

were successful in securing \$15 million annually for five years to close the gap needed to run a full complement of 50 trains. This funding was critical during a time of reduced local revenues. We secured an additional \$1 million in 2010 in spite of a budget shortfall of over \$4 billion.

- In 2012, we successfully defended SFRTA against a Department of Transportation (FDOT) attempt to dramatically alter its board to only Governor-appointed positions and the ability to privatize the agency. ECI met with committee members and successfully refuted the agency's assessment, incentivizing the agency to work out a compromise with SFRTA. Passing the compromise required a complicated legislative strategy that was successfully implemented in multiple committee meetings on multiple legislative vehicles, floor support and passage. Ultimately, HB 599 was signed by the Governor. We also successfully led a team to protect the SFRTA's base budget funding for commuter rail transportation.
- In 2017, our firm was lead for SFRTA in a successful team effort with Brightline (All Aboard Florida) to ensure passage of HB 695. The bill allowed SFRTA to indemnify All Aboard Florida and the FEC for liability insurance purposes regarding use of the rail line. Our team overcame major obstacles, including the sudden resignation of our Senate sponsor mid-way through. The same year, we simultaneously defeated aggressive attacks on SFRTA's budget authority included in the Governor's budget recommendations, the DOT package, and budget proviso. We worked with stakeholders to negotiate a compromise, which we then amended into multiple vehicles.
- In 2018, SFRTA explored ways to help trains more quickly get back up and moving after accidents. The Florida Uniform Traffic Control law required law enforcement to interview all passengers on the train in their crash report forms, even if all relevant witnesses had been interviewed, which caused significant delays. Our team worked on their behalf to develop and move SB 1482 through two Senate committees. We were eventually successful in 2019, working with Rep. LaMarca and Sen. Hutson to pass HB 341.
- **Autonomous Vehicles:** Candice has worked for JM Family Enterprises for over 15 years, working successfully on issues related to emerging vehicle technologies, such as autonomous vehicles, electric vehicles, connected vehicles, dealer franchises, and legislation impacting data collection and use. One example, in 2019, Candice and Lauren worked on behalf of JM Family Enterprises to ensure that autonomous vehicles legislation was written in a manner that could be implemented practically without prohibiting advancements in vehicle safety technology. HB 311, a key update to the State's

Qualifications

autonomous vehicle statutes, would have unintentionally prohibited vehicles that were not fully autonomous but were equipped with autonomous technology (such as a human-driven vehicle automatically stopping when sensing an object.) We worked with both sponsors to amend the bill during committees. We then monitored every iteration of the bill throughout Session, eventually catching another unintentional drafting error in an amendment that we were able to fix. The bill passed with our amended language.

- **Broward Metropolitan Planning Organization:** Candice and Lauren serve on the state advocacy team for the BMPO. During the 2018 Legislative Session, we blocked efforts to restrict the number of voting members allowed on MPO boards according to population and impose term-limits. Our immediate attention to the issue and strong relationship with the bill sponsor enabled us to narrow the language to only impact MPOs in regions below a certain population threshold. As the language appeared later in the Session in the form of an amendment, new issues arose with municipal representation and setting term-limits for board members. The term-limit language posed a significant problem to the Broward MPO as it could have led to a sudden removal of critical board members. Again, we negotiated with the sponsor and alerted the MPOAC as well as representatives of MPOs throughout the state to the issue. We ultimately were able to compromise on language that ensured local control over term-limits and removed the geographical restrictions. The compromise language was amended into a transportation omnibus package that failed to pass in the final hours of the Legislative Session, but it did not contain its original negative impacts to our client. Through this experience, Candice and Lauren learned that MPOs across the state have a strained relationship with their local Legislative Delegations. Our team members have helped foster a greater understanding of the vital role and challenges of the BMPO with the Broward Legislative Delegation and state lawmakers. This includes helping set up and ensure attendance to a successful Delegation workshop in late 2019. We have continued fostering relationships beyond our Delegation, including with the current Secretary of FDOT, Kevin Thibault, as well as his chief of staff and his legislative affairs team.

Public Safety

- **School Safety/ E-911 Radio/CAD systems:** In 2018, our community was devastated by the Marjory Stoneman Douglas High School shooting which took place shortly after a terrifying mass shooting at the Fort Lauderdale/Hollywood International airport and other devastating mass shootings around the state and country. As lobbyists for local governments directly impacted, and as residents of the community, we were one of the few firms to cover every single meeting of the Marjory Stoneman Douglas High School Public Safety Commission, including

Qualifications

all recommendations and reports. We worked closely with our Delegation members, including on all three legislative packages on issues ranging from school safety, mental health funding, radio communications, gun control, alarm systems, and more. We paid especially close attention to any recommendations that would have forced the City of Plantation to consolidate its E-911 radio system or CAD system under Broward County and strongly advocated for the public safety benefits of Plantation having its own system. Additionally, we successfully amended the School Safety package (SB 7030) to enable sheriff office employees to be School Safety Specialists, which had previously been an exclusive responsibility of school board employees.

- **SWAT Medics (HB 487):** The City of Coral Springs, who heroically responded to the horrific events of February 14, 2018, recognized a state law that needed to be changed. The law prevented trained medics who serve as part of law enforcement SWAT teams from carrying firearms for protection when entering highly dangerous areas where firearms are prohibited. These medics were faced with a choice to either: a) lose precious time in rendering aid to the injured, b) endanger themselves and their team by entering a situation unprotected, or c) break the law- in turn risking liability for themselves and their employers. In 2019, the City of Coral Springs adopted the issue as a top legislative priority and connected ECI with the Broward Police Chiefs Association, which had crafted language through a legislative committee. We worked closely throughout the process with our Broward first responders, including our municipal police departments, local 3080 firefighters union, and BSO employees. We quickly found that the rest of the state (except for the Orlando area due to Pulse Nightclub) had little understanding of the issue. This was mostly due to not being in Broward's unfortunate and unique position of having experienced multiple large-scale mass shootings. We took a highly creative approach that allowed us to identify and cultivate allies outside of Broward or who had gained an understanding through involvement with the Marjory Stoneman Douglas High School Public Safety Commission among other experiences. We secured Republican sponsors outside of Broward in the Senate and the House. We also secured a Broward Democratic primary co-sponsor of the House legislation (Rep. Mike Gottlieb)- a hugely beneficial step in showing this was a bi-partisan issue about safety. We strategically requested cities to pass resolutions, which helped to gain further bi-partisan support. We then worked with this coalition that included our sponsors, local unions, and influential allies across the state to overcome reservations among lawmakers, state unions, executive agencies, and gun reform advocates. We executed constant communication, education, and language revisions at multiple steps along the way. This long-shot bill ultimately passed- in its first year of introduction- due to our creativity, unwavering

Qualifications

commitment to our first responders, and our ability to effectively mobilize and organize their passionate advocacy on behalf of the legislation.

- **Mental Health & Substance Abuse:** Over the last several years, we have worked with state and local government, law enforcement, first responders, corrections facilities, hospitals and other health care providers, health insurance providers, childrens services providers, business organizations and key community advocacy organizations seeking solutions to substance abuse and mental health issues. We have worked to direct resources to needed services, target bad actors that harm recovery efforts, pass policies to enhance safety of the community and first responders, create programs that provide second chances, increase access to treatment and enable optimal delivery of services to individuals in need.
 - **Sober Homes:** Palm Beach County first engaged our firm in the fight to regulate sober homes, or recovery residences, in 2013. Since that time, we have worked diligently on behalf of local governments and advocacy organizations to improve state and local oversight. We helped to secure funding for a feasibility study in 2013. We played a key role in the two-year effort to pass HB 21 (2015), creating voluntary certification. We worked to support funding for the creation of the Sober Home Task Force in 2016. We have since played an active role in the successful passage of each piece of legislation recommended by the Sober Home Task Force- meeting with committee members, distributing talking points, helping secure sponsors, analyzing amendments, and requesting the bills be heard- including HB 807 (2017), HB 369 (2019), SB 1120 (2020), and HB 804 (2021). We also continue to support efforts for mandatory certification and statewide training of State Attorneys on enforcement as many of these residences have continued to move south to Broward County.
 - **Opioid Crisis:** We worked on behalf of Palm Beach and Broward County to pass HB 21 in 2018, a landmark bill in the fight against prescription drug abuse. We assisted in coordinating efforts between the Tri-Counties on discussions to form a regional opioid working group. We also worked closely with the Attorney General's Office on establishing the Statewide Opioid Task Force in state law (prior to the Governor's decision to establish the task force via Executive Order) and have continued to be a lead firm in support of the Task Force's efforts. We worked on behalf of Seminole County Sheriff Dennis Lemma and successfully secured state funding for first two years of the Seminole County Hope & Healing Center pilot project. We've helped coordinate meetings for Project Opioid and continue to support efforts to expand Project Opioid into Broward County. Beyond our lobbying efforts, we have actively participated in

Qualifications

countless townhalls, brainstorming sessions, working groups, task force meetings, and more related to tackling prescription drug and opioid abuse. While the state and our communities have made significant strides forward in investing in treatment and enforcement infrastructure, the opioid epidemic unfortunately remains severe following the COVID-19 crisis.

- **Protections for Local Correctional Officers:** In 2019, we worked on behalf of the Florida Federation of Public Employees (Broward AFL-CIO) to pass crucial legislation that helped protect local corrections officers against sexual harassment from inmates. While state law already protected state corrections officers from such harassment, county and municipal officers were left out of the original legislation. The bill enhanced penalties for certain inmate behaviors, such as “gunning” or publicly masturbating in order to intimidate officers, while in local detention facilities. We secured sponsors for the bill, advocated for the bill to be heard in each committee of reference, ensured passage of the bill by each committee, ensured final passage on the floor, and helped ensure the governor’s signature of approval for the legislation.
- **Contraband in Specified Facilities:** In 2020, we worked on behalf of the Seminole County Sheriff’s Office to pass SB 1286, which closed critical loopholes in detention facility contraband regarding hemp, vaping devices, and cell phones. These loopholes were created by evolutions in law and technology and posed major security risks for various detention facilities across the state. We secured sponsors for the bill, worked with impacted agencies, advocated for the bill to be heard in each committee of reference, helped re-work the language based on lawmaker concerns, ensured passage in each committee, ensured final passage on the floor, and are currently working to ensure the governor’s signature of approval for the legislation.
- **Public Nuisance:** In 2020, on behalf of the Seminole County Sheriff’s Office, we successfully amended HB 625- Public Nuisance to allow sheriffs to directly file public nuisance suits and helped support the passage of the amended bill. Prior to meeting with the bill sponsors, we provided the language to the Florida Association of Counties for sign-off.

Local Bills

We have crafted language, drafted and coordinated required forms, and advocated for unanimous passage by the Broward Legislative Delegation for a number of bills throughout the years, including: a Fort Lauderdale local bill on anchoring, a North Lauderdale local bill on law enforcement assessment fees, Coral Springs local bills related to water districts, and more. In 2021, we worked alongside Representative Daley to ensure the successful passage of four Coral Springs local bills through by the State Legislature – HB 1495, HB 1499, HB 1501, and HB 1503. This effort involved

Qualifications

amending the legislation in Tallahassee after it had passed the Delegation, which required our institutional knowledge of the local bill process and strong relationship with the Executive Director of the Broward Legislative Delegation to be successful.

Executive Agencies (Fort Lauderdale)

Over the years, we have fostered solid relationships with the Secretaries and head staff of all of the executive branch agencies. We have had numerous successes working with the agencies ranging from transportation, economic development, environmental permitting, pari-mutuels (on behalf of FSBOA), grant programs and more. Below are a few highlighted successes for one of our cities, the City of Fort Lauderdale:

- **Birch State Park:** In 2016, FDEP placed an additional requirement on the City of Fort Lauderdale's permit to clean the beach east of Birch State Park. The change made the City liable for trespassing on this section of the beach unless authorized by the property owner, not only preventing the City from maintaining this certain portion of the beach but also complicating cleanup on the public beach located north and south of the Birch State Park property. We worked with Representative Moraitis's office to solve the issue as quickly as possible so tourists and residents could continue to enjoy a well-maintained beach. Rep. Moraitis was able to get clarification from FDEP that a letter from park manager would be sufficient enough to authorize access. The City was able to quickly get the letter to continue cleaning the beach.
- **Florida Communities Trust:** In 2015, the City of Fort Lauderdale ran into a roadblock with its ongoing improvements to Southside Elementary School when the Florida Communities Trust requested full market price for land needed to expand and improve the sidewalk. Our team coordinated a meeting with the Secretary of FDEP to explain why the project met the standards required in restrictive covenants to significantly reduce the price. Our meeting directly resulted in the Secretary agreeing to give the land to Fort Lauderdale at no cost under a Memorandum of Understanding between the Department and the City.
- **Complete Streets:** In 2014, our team successfully navigated the State's permitting process between the Florida Department of Transportation (FDOT) and Florida Department of Environmental Protection (FDEP) to allow the City of Fort Lauderdale to expand a sidewalk along A1A to increase pedestrian safety and further the City's "Complete Streets" initiatives. The process was particularly complicated by turtle nesting and location of sand dunes, however we successfully brought all parties together and brokered a comfortable agreement which resulted in the City's ability to serve its citizens transportation needs. This project took the entire team's due diligence in working with both agencies to get the desired result for the City.

Qualifications

Key Individuals

Dave Ericks
President/ Founder
Cell: 850-591-7550
dave@ericksconsultants.com

DAVID ERICKS is founder and President of Ericks Consultants, Inc and works out of our Tallahassee office.

After returning from college at C.W. Post (Long Island University), which he attended on a football scholarship, he took a position as a police officer with the City of Plantation.

This eventually transitioned him into the world of Florida politics.

Dave Ericks has been a registered lobbyist in the State of Florida for over 40 years, starting with his representation of the State of Florida Fraternal Order of Police while at the City of Plantation Police Department in 1980. Mr. Ericks was a registered lobbyist for the Broward County Sheriff's Department, the Department of Highway Safety and Motor Vehicles and the 3M Corporation before founding Ericks Consultants, Inc. in 1985. Prior to establishing his own firm, Mr. Ericks was employed by the 3M Corporation as Regional Administrator and Registered Lobbyist in Florida, Mississippi, Louisiana, and Alabama. Mr. Ericks served as Senior Executive Assistant to the Department of Highway Safety and Motor Vehicles, Administrative Assistant to the Broward County Sheriff and served on the City of Plantation Police Force. Mr. Ericks' past experience allowed him the opportunity to work with various police and criminal justice organizations, including the Steering Committee for Constitutional Amendments and the State Law Enforcement Job Task Advisory Committee for the Florida Police Standards and Training Commission. He has also represented members statewide as the President of the Fraternal Order of Police. His service in those positions has given him both law enforcement and administrative expertise at the local, county and state levels. Moreover, since establishing Ericks Consultants in 1985, Mr. Ericks has represented a multi-faceted group of clients, giving him a wide array of expertise in multiple subject areas, including the electric and telecommunication utilities, law enforcement, entertainment, healthcare, travel, corrections, solid waste, growth management, automobile, gaming, and transportation industries; as well as in the many diverse issues which face local governments on a day-to-day basis.

Mr. Ericks resides in Tallahassee, FL.

Qualifications

Candice Ericks- ***Main Contact for the City***

Managing Partner

Cell: 954-648-1204

candice@ericksconsultants.com

CANDICE ERICKS is a consultant with Ericks Consultants, Inc., based in Fort Lauderdale, Florida. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Candice is a government relations professional specializing in Florida state and local government relations. Candice began her lobbying career in 1998 when she joined Ericks Consultants, Inc. She developed and expanded the firm into a successful, multi-regional operation with a diverse book of clients. Over the course of the past two decades, Candice has developed an extensive network of contacts and relationships in the governmental, non-profit, and business communities within Florida. Her hands-on approach within the governmental relations world has enabled her to continuously deliver success for her clients in numerous subject areas. For the last two decades she has worked diligently to grow her family's governmental consulting business, Ericks Consultants, Inc.

Candice currently represents a broad spectrum of clients, ranging from local governments to corporations to nonprofits. Most of her clients are longtime relationships due to her dedication and loyalty to their success in the political world. Her client list not only includes some of the largest corporations within the state, but also includes entities from almost every industry within Florida.

Candice was the first recipient of the Theresa Lintz Memorial Award from the Florida Association for Intergovernmental Relations. This award is significant in that it represents excellence in legislative advocacy on behalf of local governments in Florida and an exemplary commitment to consensus building, professionalism and high ethical standards to better serve our local communities.

Candice is active in many organizations within the local community and throughout the state. She was recently elected as the Chair of the Florida Association of Professional Lobbyists (FAPL), an organization committed to establishing and maintaining high standards for the lobbying profession. She also works actively with the Florida League of Cities, the Broward League of Cities, the Palm Beach League of Cities, the Florida Public Transportation Association, both the Fort Lauderdale and the Florida Chamber of Commerce, the Florida Association of Counties, Associated Industries of Florida, and is a recent past President of the Florida Association for Intergovernmental Relations.

Qualifications

Candice also serves as Chair of Broward Days, a non-profit and non-partisan group of people advocating for diverse needs and concerns of Broward County structured under the Broward Delegation. Ultimately, Candice takes every opportunity to work with businesses and local governments to help make the State of Florida the best place to live.

Candice graduated with a Public Relations degree from Florida State University in 1995.

Lauren Jackson

Consultant

Cell: 931-265-8999

lauren@ericksconsultants.com

LAUREN JACKSON joined Ericks Consultants in 2012. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Lauren is a third generation Broward resident with strong roots in the community. Her grandfather and father both served as Port Everglades Harbor Pilots and were pioneer members of the Port Everglades Association. Her father and his three siblings are graduates of Stranahan High School. Her grandmother spent her career as a librarian at Rogers Middle School.

Lauren served on Senator Ellyn Bogdanoff's staff as her Broward County coordinator as well as the Legislative Aide to Representative Evan Jenne, who served as the House Minority Whip and Chair of the Broward County Legislative Delegation during her time as staff. As a result, she came to her current position with a working knowledge of both Chambers and with relationships on both sides of the aisle with a focus to Broward County.

Lauren began her career in the political world serving as a legislative assistant for National Strategies in Tallahassee, a legislative intern for Dutko Poole McKinley in Tallahassee, and a fundraising intern for Congressman Jim Matheson in Salt Lake City. Prior to entering the government relations sphere, Lauren worked for Youngs Market Company of Utah, overseeing a four-state advertising program.

She is a graduate of the University of Utah with a Bachelor of Arts in Political Science and a minor in Campaign Management. She is additionally a graduate of the Women's Campaign School at Yale University.

Qualifications

Federal Team: Becker

Firm Qualifications

No Learning Curve

Representing Florida's local governments in Washington, DC is a specialty of the Becker lobbying team - there is no learning curve. Members of the lobbying team also worked in Tallahassee before becoming federal lobbyists. Their combined state/federal government experience offers the city the benefit of leveraging state and federal programs and funding. Few firms, if any, know how to take advantage of the interplay between state and federal funding like the Becker team does for its local government clients. We have long-term working relationships with the South Florida and Florida Congressional delegation and Members of Congress with jurisdiction over your priority issues. We are ready to put that knowledge and those relationships to work for The City of Plantation.

Becker lobbyists understand municipal issues and the uniquely public nature of representing local governments. Our experience includes growing communities such as Cape Coral and Sarasota County, large, diverse communities such as Hennepin County (Minneapolis), Minnesota, and Florida cities such as North Miami, Coral Gables, and Davie.

Local Presence

We are local. We are active members and hold leadership positions in organizations such as the United Way of Broward County, Jewish Federation, Broward Bar, Greater Fort Lauderdale Chamber of Commerce, Enterprise Florida, and Greater Ft. Lauderdale Alliance. Ellyn Bogdanoff is on the Washington Summit Steering Committee with Broward leaders and local government officials. Omar Franco is helping plan the Capitol Hill meetings for the Summit participants.

Becker distinguishes itself from other federal lobbying firms by providing local liaisons who know the City well. Attorneys and former legislators Katie Edwards-Walpole and Ellyn Bogdanoff can add value with local insights and availability to participate in local meetings.

The Becker Advantage:

- 1) Diverse, professional, experienced DC-based lobbying team (from South Florida) that has worked together for many years in the nation's capital;
- 2) Extensive Capitol Hill legislative and lobbying experience and relationships with members and staff on key committees such as Appropriations, Ways & Means, Transportation, Homeland Security, Judiciary, Finance, and Commerce;

Qualifications

- 3) In-depth understanding of the City of Plantation's priority issues and federal programs relating to infrastructure, innovation and emerging technology, economic development, transportation, and more;
- 4) Relationships with key influencers and decision-makers (both political and career) at USDOT, Army Corps of Engineers, FEMA, Homeland Security (DHS), Health and Human Services (HHS), and Housing and Urban Development (HUD) departments;
- 5) Specific knowledge of federal programs impacting cities
- 6) Personal longtime relationships with South Florida and other members of the Florida Congressional Delegation plus House and Senate leaders on both sides of the aisle with jurisdiction on Plantation's priority issues;
- 7) Existing working relationships with allied organizations, such as the National and Florida League of Cities, US Conference of Mayors, National Association of Counties (NACo), American Public Works Association (APWA), and others to create synergies, collaboration, and alignment with your priorities;
- 8) The resources of a large law firm to provide legal analysis, interpretation, and technical assistance;
- 9) Fully staffed lobbying team to cover hearings, coordinate communications, and meetings for City officials, provide written and verbal reports, and provide a clear strategy for accomplishing City goals with timelines, milestones, and accountability;
- 10) Proven track record of successful lobbying for city governments in DC;
- 11) Broward County presence and local liaisons to attend local meetings and offer local perspectives to the federal lobbying team.
- 12) NO CONFLICTS.

In sum, Becker's active local presence in Broward County, deep Florida roots, and extensive lobbying experience representing local governments in Washington, DC (and Tallahassee) provide a tangible advantage over traditional DC lobbying firms.

A new energized federal lobbying team can elevate Plantation's visibility among the nation's leading communities and provide a new innovative strategy to advance city priorities to the right influencers, decision-makers on Capitol Hill, and in the Administration.

Key Individuals

Federal Team Members

Becker has carefully cultivated its federal lobbying team's growth to ensure the firm's fundamental commitment to diversity, camaraderie, and excellence is maintained. The federal lobbying practice provides clients with the best of both worlds: a small boutique hands-on lobbying group with a large law firm's resources and power. City officials are welcome to use our DC office when visiting the nation's capital.

The Becker Lobbying Team

The Becker team will use its combined 75+ years of lobbying experience, knowledge, relationships, and expertise to implement The City of Plantation's federal priorities.

Amanda Wood and Omar Franco will co-lead the Plantation Federal Lobbying team. They will jointly handle client communication, overall strategic direction, and execution of the agreed-upon agenda. Clarence Williams and Anthony Bedell will assist them. Each member of the team has 15+ years of experience in politics, policymaking, and lobbying.

In addition to co-leading the team, Amanda will serve as a primary Senate liaison and coalition builder with natural allies such as other cities, organizations such as the League of Cities, and issues related to policy and funding (appropriations and agency grants) for justice and transportation, water quality and quantity, housing, health, and human services. Amanda is well-known for her expertise in identifying and successfully pursuing agency grant funds.

Omar Franco is a veteran lobbyist and former Chief of Staff to Florida delegation dean Rep. Mario Diaz-Balart (R-FL). He is well-known for his strong connections to Hispanic Members and staff representing districts throughout the country. Access to a diverse and ever-increasing group of influential decision-makers is a not-so-secret weapon for the Becker team. Omar will focus on housing, transportation, mental health, opioid issues, FEMA, and appropriations.

Clarence Williams, former Chief of Staff to Congressman Kendrick Meek (D-FL), will focus on health care issues, human service issues, Defense and military base issues, FEMA, Army Corps, and appropriations. He will work primarily with House Democrats.

Anthony Bedell, former Deputy Assistant Secretary for Intergovernmental and Congressional Affairs at the US Department of Transportation (USDOT), will elevate the City's priority issues to top-level decision-makers on key House and Senate committees

Qualifications

Appropriations, Transportation & Infrastructure others. Anthony will work with House and Senate Republicans on transportation and other issues and provide strategic guidance on funding from USDOT, FEMA, Army Corps, and other agencies.

In addition to the above federal lobbying team members, other firm members are available as resources to the City of Plantation on an as needed basis. Becker attorney Katie Edwards-Walpole is intimately familiar with Plantation's issues from her time as a state representative representing the City. Likewise, attorney, former legislator, and state lobbyist Ellyn Bogdanoff is also available to work closely with the DC-based Federal lobbying team by sharing local insights and relevant context on issues.

Becker Team Workload and Availability

The Becker team is available immediately to begin working with the City. Co-leaders Amanda Wood and Omar Franco will carefully structure a work plan utilizing a proactive team approach that leverages team member's strengths and relationships. We understand the importance of "on-call" availability and accessibility, day or night, on weekends or holidays. Whether it is daytime meetings, evening fundraisers, or weekend social events, the team is always working to gain insights, share information, and advocate for clients. The business of government relations never stops, and either do our team members. In fact, they thrive on it. Each team member is available 24/7/365. City leaders will have cell phone numbers for each team member.

We look forward to demonstrating our tireless work ethic and creative thinking supporting the City's legislative agenda.

Federal Lobbying Team Resumes

Amanda L. Wood
Senior Government Relations Consultant
Washington, D.C.
📞 202.621.7122
✉️ AWOOD@beckerlawyers.com

Role: Co-Lead lobbyist responsible for client communication, overall strategic direction, and execution of program; primary liaison to Plantation; Appropriations; Senate; Agency Grant Funding; allied organizations.

Qualifications

Years of experience: 16 years of Federal lobbying; 8 years on Capitol Hill

Percentage of time dedicated to the City of Plantation: 20%

Amanda Wood has worked on and around Capitol Hill for over 20 years. She has extensive knowledge and relationships on Capitol Hill and in the Administration. She began lobbying in 2005 after serving on the staff of Senator Bob Graham for seven years and as his last Senate Legislative Director.

Ms. Wood's experience working on Capitol Hill and representing local governments offers clients expertise on federal issues related to transportation, economic development, natural resources, disaster preparedness and recovery, water resources, science, technology, NASA, law enforcement, and social services. She has developed a specialty in accessing criminal justice equipment and law enforcement training funds through programs run by Justice, Homeland Security, and others. She has also had great success representing a long-time client, ShotSpotter, a technology used by local governments to detect gunshot locations.

Amanda represents a mix of public and private sector clients, including Sarasota and Collier counties, Cape Coral, FL, Davie, FL, ShotSpotter, Next Era Energy, NTT Data, Hitachi Vantara, and Genasys Corporation, among others.

Ms. Wood develops and executes federal government relations strategies and guides clients through the federal funding process, including the House and Senate's budget and appropriations committees and federal grant opportunities. She has achieved success through strategic, direct communication with her clients and federal decision-makers and a comprehensive approach to researching community-specific federal funding opportunities. Amanda takes pride in helping clients communicate effectively with federal officials and identify and secure grant funding that fulfills local needs.

Work History

Amanda Wood served as Legislative Director to Senator Bob Graham (D-FL), responsible for developing and implementing the Senator's legislative agenda and strategy. While serving as the Senator's chief advisor on federal appropriations, Ms. Wood worked closely with representatives from various cities, counties, educational institutions, nonprofit organizations, and state agencies to advocate for projects ranging from infrastructure improvements to research and cultural projects.

Since 2005, Amanda has represented city and county governments of various sizes, demographics, and economic conditions. She has been successful in securing federal funding through congressional appropriations and agency grant awards. Amanda

Qualifications

enjoys working with clients to explain Federal opportunities, develop proactive strategies to secure funding, expedite federal approvals, and remove roadblocks. She presents regular updates to her clients regarding Congressional activities and political impacts on their policy priorities.

Amanda and other team members have excellent working relationships with influential Members and staff on committees with jurisdiction over Plantation's priority issues. Some examples include House Appropriations Subcommittee on Energy & Water, which provides for the Army Corps projects with Congresswoman Debbie Wasserman Schultz, Lois Frankel. Rep. Wasserman Schultz also chairs the powerful Subcommittee on Military and Veterans Affairs spending. Rep. Mario Diaz-Balart serves as Ranking Member of the House Transportation and Housing Appropriations Subcommittee. Additionally, the team has excellent relationships on Transportation & Infrastructure authorizing committee with Chairman DeFazio, Ranking Member Graves, Eddie Bernice Johnson, John Garamendi, Rick Larsen, plus Florida members Dan Webster, Brian Mast, Frederica Wilson, and Carlos Gimenez.

Similarly, on the Senate side, Amanda has worked closely with the Environment and Public Works Committee Members and staff since her time as Legislative Director for Senator Bob Graham, who served there for many years. Senator Rubio is a member of the all-important Appropriations Committee, and the team has good working relationships with subcommittees with jurisdiction over the City's priority issues. Amanda continually works with the staff of Appropriations Chairman Patrick Leahy and Ranking Member Richard Shelby and subcommittee leadership to advance goals (funding and otherwise) through their annual "must-pass" bills will serve as critical vehicles for our efforts.

Amanda and the team have established direct relationships with influential Federal agency officials to guide funding levels, program decisions, advisory board appointments, and competitive award processes.

Education & Training

Georgetown University, B.S.

Organizational Involvement

Board member of the Latin American Youth Center in Washington, D.C.

Member, Georgetown University Alumni Admissions Program.

Amanda Wood's Accomplishments for local government clients:

- ✓ Secured a \$13 million US Department of Transportation (USDOT) TIGER Grant for transportation infrastructure for Collier County. The Highly competitive grant was won on a re-application following a high-level debrief with USDOT and outreach

Qualifications

from the entire delegation, including then-House Transportation Appropriations Committee Chairman Mario Diaz-Balart (R-FL). The Becker team worked closely with USDOT's Office of Intergovernmental Affairs to achieve this significant win for Collier County.

- ✓ Secured \$9+ million in 2020 for Collier County to purchase new buses and rehabilitate its existing operations and maintenance building. We helped the County design a well-aligned project with both the grant requirements and our knowledge of FTA's priorities and interests. We also engaged their Congressional delegation to weigh in with support, arming them with draft letters of support and talking points for outreach to USDOT leadership. Notably, we leveraged the support of House Transportation Appropriations Subcommittee Ranking Member Mario Diaz-Balart.
- ✓ Successfully gained passage of language creating the Water Infrastructure Financing and Innovation program (WIFIA) to address local government's water infrastructure finance issues. This language created a finance mechanism modeled after the successful Transportation Infrastructure Finance and Innovations Authority and will provide access to lower-cost capital for investments in water infrastructure. WIFIA increased the availability of federal loans for water infrastructure investments by over \$20 million, which would otherwise not be suitable for assistance through the existing Drinking Water and Clean Water State Revolving Fund (SRF) programs.
- ✓ Helped coordinate local government coalition with cities and counties to change federal law to limit FEMA's ability to de-obligate decade-old disaster recovery expenditures for clients, including Collier and Palm Beach counties, the City of Cape Coral, and the Town of Davie.
- ✓ Worked with the Federal Emergency Management Agency (FEMA) to reach a favorable determination on appeals of FEMA's de-obligation of disaster recovery expenditures related to the hurricanes from over a decade ago for clients including Collier County, the City of Cape Coral, and the Town of Davie.
- ✓ Expedited U.S. Fish and Wildlife Service and Army Corps of Engineers permits for multiple coastal communities, advancing critical habitat protection and economic development.
- ✓ Assisted the City of Cape Coral in securing funding through the Paul Coverdell forensic science grant, which resulted in the award of \$93,796 in competitive U.S. Department of Justice (DOJ) funds to the Cape Coral Police Department.
- ✓ Secured \$2.4 million under the US Department of Homeland Security (DHS) SAFER grant program for fire service staffing in the Town of Davie and \$462,673 through the Assistance to Firefighters Grant for the Town of Davie for new self-contained breathing apparatus (SCBA) and an air compressor cascade system for frontline fire engines and rescue units.

Qualifications

- ✓ Following the explosion and fire on BP's Deepwater Horizon in the summer of 2010, Amanda worked on Collier County and Gulf County's behalf to support legislation to compensate impacted counties and restore habitat. The RESTORE Act became law in 2012 and holds the parties responsible for the Gulf oil disaster accountable for restoring the Gulf. By investing fines owed by BP and the other parties responsible for the Gulf oil spill into the Gulf region, the RESTORE Act has provided significant financial resources to Florida counties.
- ✓ Over three fiscal years, Amanda assisted Collier County in securing \$2.1 million in federal funding for transportation infrastructure to support improvements to two critical interchanges on I-75 at Everglades Boulevard and Collier Boulevard/SR 84. These improvements were critically needed to provide access to safe evacuations from storms and fires as significant growth continues in Collier County.
- ✓ Guided and advised public safety innovator ShotSpotter and its local government clients in securing over \$10 million in federal funding to protect their communities through Gunshot Location System coverage.
- ✓ Secured support for tax-exempt status of municipal bonds and successfully eliminated language in the final tax package that would have impacted bonding to construct professional sports stadiums creating significant savings for local governments.

Role: Co-Lead lobbyist responsible for client communication, overall strategic direction, and execution of program; Focus on Executive Agencies, Florida delegation; Hispanic delegation; House and Senate Appropriations; Housing, Mental Health, Prescription Drug/Opioid prevention, and treatment

Years of experience: 13 years of Federal lobbying; 5 years on Capitol Hill; 10 years in Florida Legislature

Percentage of time dedicated to the City of Plantation: 20%

Omar Franco is the Managing Director of Becker's Washington, DC office. He represents a broad cross-section of Fortune 500 companies, small businesses, public entities, and trade association clients, including, for example, ViacomCBS, Fox Corporation, Motion

Qualifications

Picture Association, Intuit, Booz Allen Hamilton, Florida Crystals Corporation, Univision, National Association of Hispanic Association of Real Estate Professionals, America's Small Business Development Centers, Eastern Shipbuilding Group, Gold Coast Florida Regional Center, A&J Capital, plus, the Florida counties of Sarasota, Palm Beach, and Collier, and the Florida municipalities of Coral Gables, Davie, Hialeah, South Miami, and Pinecrest, among others.

Omar works with Hispanic organizations that promote diversity and a voice for Hispanics in Washington and throughout the country. He is the federal lobbyist for the Latino Coalition and is considered one of the most effective Hispanic federal lobbyists. He serves on the National Hispanic Advisory Council, providing input to the President and Executive branch on essential issues to the Hispanic community.

Work History

Omar Franco has served in government at the state and federal levels and has represented local governments and private entities in Washington, D.C. Starting in 1993, Mr. Franco served as a legislative aide to a bipartisan group of Florida state legislators. He lobbied for the Florida Medical Association and the University of Miami.

In 2001, then-University of Miami President and former U.S. Representative Donna Shalala promoted him to Assistant Vice President of Governmental Relations, where he represented the university at both the federal and state levels of government and primarily worked on appropriations and health care issues. The University of Miami integrated with Miami Jackson Hospital, its safety net hospital, and the medical school. In 2003, Omar was named Chief of Staff for Congressman Mario Diaz-Balart (R-FL). He managed the Congressman's Washington D.C. and district operations. He closely counseled the Congressman in his areas of expertise, including federal appropriations, health care, transportation, higher education, and issues dealing with Hispanics. During his tenure, Omar was granted Top Secret security clearance by the U.S. Department of Defense and founded the Congressional Hispanic Conference and the Congressional Hispanic Leadership Institute.

He returned to lobbying in 2009. He was the lead government relations consultant for the Miccosukee Tribe of Florida, Stratus Pharmaceuticals, Pacer Health, FalconTrust Air, Florida Gulf Coast University, Secure Wrap, Medica HealthCare Plans, the municipalities of Hialeah, Miami Lakes, and North Bay Village. He also worked on federal issues for CNL Financial Group, Vulcan, Inc., Charter Communications, and Frontier Communications. Omar founded Franco Government Relations in 2010, where he represented the Miccosukee Tribe of Florida, Florida Gulf Coast University, and the Town of Miami Lakes and continues representing Hialeah, North Bay Village, and Hialeah Gardens. In 2011, he

Qualifications

founded the Washington, D.C. office for Becker and built a federal lobbying practice for the law and lobbying firm.

Congressional Chiefs of Staff Alumni Association

Examples of Client Accomplishments

- ✓ Palm Beach County - Received clarification from the U.S. Department of Housing and Urban Development (HUD) concerning its interpretation of the Fair Housing Amendments Act regarding sober houses. The joint statement by both the Department of Justice and HUD clarifies the Fair Housing Amendments Act and its application to group homes, including sober homes. This clarification from HUD allows Palm Beach County to pass ordinances to protect the safety of the residents of these homes -- a top priority for the County.
- ✓ Town of Davie - Secured a U.S. Department of Homeland Security's Federal Emergency Management Agency (FEMA) de-obligation appeal through the state associated with Hurricane Wilma for \$1,190,691 for the Town of Davie.
- ✓ Town of Davie - Identified numerous funding opportunities through federal agencies and various grant programs. We have reviewed past grant applications and identified some needed improvements. We coordinate technical assistance training for Town staff to learn how to be more successful in applying for grants, including COPS grants for police funding, SCBA grants for fire protection, and Economic Development Agency (EDA) grants. The Town renewed our one-year contract – another testament to our success for local government clients.
- ✓ North Bay Village, FL – Secured \$475,000 for a Bus Facility Project within the new Municipal Public Safety Complex. Also, Omar worked with Rep. Debbie Wasserman Schultz's office to assist North Bay Village in receiving \$4,655,000 from the American Recovery & Reinvestment Act for the Force Main project.
- ✓ North Bay Village, FL - For 42 years, wastewater from North Bay Village pumped through the same pipe traveling more than two miles to Miami Beach to be processed. This force main pipeline rested on the Biscayne Bay floor, exposed to

Qualifications

hazards such as impacts from boats. Damage to the pipe accelerated by corrosion and age. This pipeline had caused six spill accidents and was causing continued environmental damage and health risks to North Bay Village and all the surrounding communities. Omar and other team members began working with North Bay Village to see if federal funding would be available for this project. Working closely with then-Senator Bill Nelson and Congresswoman Debbie Wasserman Schultz's office, we resubmitted the appropriations request. After several years of work, North Bay Village received notification that it had been awarded \$4,655,012 to completely rehabilitate the existing 12,000 feet of 12-inch force main that crosses the Biscayne Bay.

- ✓ Miami Lakes, FL – Secured \$570,000 Transportation-Housing and Urban Development (THUD) funding for vehicle procurement of two hybrid electric vehicles to provide trolleybus service. Omar and other team members worked with Congressman Mario Diaz-Balart's office to secure \$570,000 in the Transportation-HUD bill for vehicle procurement of two hybrid electric vehicles to provide this trolleybus service. The Town sought to enhance its existing transportation program, specifically, the general circulator trolleybus service routes, to decrease traffic congestion and increasing economic development via mass transit development projects. The public circulator service improved with scheduled bus routes, bus shelters and benches, and upgrades to street signs, among other things.
- ✓ Hialeah, FL – Worked with Rep. Mario Diaz-Balart's office and secured \$500,000 for street and sidewalk improvements in the Transportation-HUD Appropriations bill and \$250,000 for police equipment upgrades in the Commerce-Justice State Appropriations under the COPS account. The city requested federal funds to complete the West 24th Avenue corridor's reconstruction from 52nd Street to 76th Street and West 76th Street, from 20th to 36th Avenue. The federal dollars enhanced stormwater drainage, improved the lighting, sidewalk, curb/gutter, and added additional center turn lanes and another lane in either direction.
- ✓ Transportation Security Administration (TSA) to promulgate new rules and regulations for the baggage wrapping industry in the United States.
- ✓ Eastern Shipbuilding Group - \$500 million was included in the FY-18 Omnibus bill of the Homeland Security Appropriations for the Coast Guard's Offshore Patrol Cutter program, an increase of \$400 million over FY-17 funding.
- ✓ Small Business Development Centers - Secured \$130,000,000 – a \$20,000,000 increase over the President's proposed budget.

Qualifications

Role: FEMA, Human Services, Army Corps, Health Care policy and funding; Florida delegation; House of Representatives; Appropriations; Agency policy and funding

Years of experience: 10 years of Federal lobbying; 8 years on Capitol Hill; Florida Legislature

Percentage of time dedicated to the City of Plantation: 10%

Clarence Williams represents and advocates for a wide range of clients before Congress and federal executive branch agencies. Clients rely on Clarence's policy and political acumen, gained over 15 years of public service in Washington, D.C., and a state capitol to help them take advantage of federal opportunities and navigate potential pitfalls in regulations, procurement, and legislation. His clients include local governments such as Brevard County, Volusia County, Miami Gardens, North Miami, West Park. He also represents Florida Memorial University, Bethune Cookman University, including its School of Public Health, University of Miami's Uhealth Tower Hospital, Florida International University, Westchester General Hospital, and Corona Pathology (a clinical laboratory), the Foundation for Sickle Cell Disease Research, among others.

He takes advantage of his knowledge of state and federal government programs to help clients access and leverage government funding and unravel complicated program overlap. As an example, he was able to secure \$1 million-plus in sequestered grant funds that were released during the government shut down for a capital project and negotiated \$1 million-plus in funds from the State's Revolving Fund for a total of about \$2.1 million secured for the City of Opa-Locka.

A dynamic speaker who translates complex policy matters for all audiences, Clarence provides policy updates to clients on subjects including Opportunity Zones, health care, tax, government procurement, education, and general government process.

Work History

Clarence served as Chief of Staff for Congressman Kendrick B. Meek (D-FL). He served as the Congressman's chief policy advisor and strategist on all matters before the U.S.

Qualifications

House of Representatives. He directly managed the Congressman's portfolio of issues relating to the Committees on Ways and Means, Armed Services, Homeland Security, and Budget. Clarence specialized in health care issues, armed services, taxation, energy, local government issues, education, and domestic and international trade. As lead staff for Congressman Meek on the Ways & Means Committee and Health Subcommittee, he has hands-on experience with the development of the Affordable Care Act (ACA), including:

- Worked to ensure that the Disproportionate Share Hospital (DSH) program continued with the expansion of Medicaid and that states maintained discretion to direct payments as necessary;
- Limited taxation on Durable Medical Equipment (DME), and providing incentives for manufacturers to cut costs;
- Structuring of the Accountable Care Organizations pilot program.

Since leaving Capitol Hill in 2011, Mr. Williams has represented public and private sector clients before Congress and the Administration. He has succeeded in securing funding and making legislative and regulatory changes to fulfill his client's goals. He works especially closely with federal agencies including DOT, FAA, TSA, DHS, and members of the House Transportation, Science, Ways & Means, Energy & Commerce, Homeland Security and Armed Services Committees, and Senate Finance, Health, Education, Labor & Pensions (HELP), Commerce, Armed Services and Homeland Security Committees, plus House and Senate Appropriations Committees.

Education & Training

Florida State University, B.A.

Organizational Involvement

Congressional Black Caucus

American League of Lobbyists

Congressional Chiefs of Staff Alumni Association

Examples of Client Accomplishments

- ✓ Assisted Bethune-Cookman University in obtaining an invitation to join an \$86 million federal STEM research consortium sponsored by the United States Army, as well as a DOJ-sponsored research project to study behavioral aspects of domestic violence.
- ✓ Secured \$5.1 million for client, Florida International University to create a Center of Excellence in joint partnership with the Department of Defense, NASA, and NOAA for research in origami antennae.
- ✓ Assisted the City of Miami Gardens in obtaining \$1.2 million through the Department of Justice's COPS program to hire the city's first entirely residential

Qualifications

- ✓ police class.
- ✓ Leveraged federal-state relationships to orchestrate the release of over \$1 million in sequestered grant funds for a capital project in Opa-Locka while simultaneously negotiating funds from the State Revolving Fund totaling just under \$1 million for a related project in Opa-Locka.
- ✓ Worked with the Department of Transportation's Federal Aviation Administration (FAA) to maintain the Executive Airport's operation in Opa-Locka in the face of widespread contract tower closing. Opa-Locka was one of only 24 airports to remain open of the original 177 slated for closing.
- ✓ Secured a \$25 million authorization in the National Defense Authorization Act for client STS International Inc.
- ✓ Secured multi-year funding through the United States Air Force for Florida Memorial University's Aviation and Aerospace program
- ✓ Established working/advisory relationship between NASA's manned exploration divisions and client ACR Electronics on iridium-based communications networks
- ✓ Worked with program officials within the Department of Education and Congressional committee staff to provide the Department with authority to modify eligibility requirements for an existing program with remaining funds from the previous budget year. In advocating for and obtaining the modification the Department wanted and our client needed, our team was able to assist client Florida Memorial University in receiving \$12 million in capital funding from the program's remaining money
- ✓ Worked with the Department of Defense on logistics, IED technology, and securing their fuel fleet.
- ✓ Obtained \$4.9 million from the United States Air Force for client Florida International University to create a Center of Excellence in Origami Antenna development.
- ✓ Assisted the University of Miami in partnering with the National Institute of Occupational Safety and Health through an MOU agreement to perform research related to firefighter cancers.

Anthony Bedell

Senior Corporate
and Government Relations Director

Washington, D.C.

📞 202.621.7122

✉️ ABEDEL@beckerlawyers.com

Role: Congressional Lobbying Only – House and Senate appropriations and policy

Qualifications

committees; Strategic Guidance on Federal Programs

Years of experience: 25 years of Federal lobbying; 7 years of federal government experience at USDOT and USDOL, and USSBA.

Percentage of time dedicated to the City of Plantation: 10%

Anthony Bedell is a Senior Corporate and Government Relations Director in Becker's Federal Lobbying Practice. His clients include the City of Virginia Beach, America's Small Business Development Centers, Virginia Port Authority, Hitachi, Transurban, Signal Restoration, Ross & Baruzzini, Gastonia, NC.

He most recently served as the U.S. Department of Transportation Deputy Assistant Secretary for Congressional Affairs, the number two governmental affairs position in Secretary Elaine L. Chao's Office. He was initially appointed Deputy Assistant Secretary for Intergovernmental and Tribal Affairs in May 2017.

Anthony helped bring significant transit projects to fruition when he was intergovernmental lead at USDOT. There were hundreds of similar projects where he played this role, but these are among the most significant and high-profile. As the liaison between local government and USDOT officials, Anthony facilitated high-priority projects to "yes" by handling everything needed from a policy, political, and strategy perspective with stakeholders and decision-makers. He toured all of the proposed local government projects. He understands the internal DOT process (no matter who is in the White House) and how to effectively present a project that will be well-received by DOT political and career staff members. Criteria and process will be the same even if policy parameters change. He knows how to pitch DOT by giving them the cover they need politically and substantively. Anthony worked with local elected officials and their staff and Congress to recommend the Secretary for a final decision.

Examples include:

- 2017 Maryland- Maryland Transit Authority \$500 million for Purple Line BRT (bus rapid transit)
- 2018 City of Los Angeles- L.A. Metro \$1.3 billion Purple Line extension (Olympics)
- 2018 City of Jacksonville FL.- Jacksonville Transit Authority \$25 million BUILD grant award for an autonomous vehicle program
- 2019 New York/New Jersey Transit Authority- Portal North Bridge (Gateway project) \$250 million (engineering)
- 2017/2019 City of Columbus OH- Smart Cities program grant \$40 million

Qualifications

Mr. Bedell was also a Department of Transportation representative for the Northeast Corridor Commission tasked with developing a formula to allocate capital and operating costs based on usage and facilitating collaborative planning. Prior, he was president of government relations firm Red Five Strategies and the director of federal and state government affairs for Intuit.

In addition to U.S. Department of Transportation, Mr. Bedell has additional executive branch experience. He was appointed as a senior legislative officer by then-Labor Secretary Chao to handle legislative matters for the Department of Labor. He also served as associate administrator for the Office of Congressional and Legislative Affairs at the U.S. Small Business Administration as chief advisor on Congress and the executive branch's legislative matters.

Projects of a Similar Nature

- ✓ **Virginia Port Authority** - Secured \$20 million from US Department of Transportation (USDOT) for Virginia Port Authority, the largest Port infrastructure grant in the country in 2020. After years of trying, VPA achieved success with the Becker team's three-dimensional strategy: politics, policy, and impact. Becker also used regional economic data and support from a regional coalition of Members to make a winning case for the port. In addition, secured \$2.1 million in federal highway funding and \$83 million in New Starts funding in the FY22 budget for a total of \$107.1 million in only the first contract year.
- ✓ **NETT Council** - Anthony was one of only four designees by Secretary Chao's office to sit on the Non-Traditional and Emerging Transportation Technology Council (NETT). It is an internal deliberative body created by then-Secretary Chao to review the latest technology in transportation to identify jurisdictional or regulatory obstacles and streamline processes. Through that experience, Anthony is knowledgeable about the latest innovations, their champions and detractors, and which division within USDOT had lead responsibility. The NETT Council provides an opportunity for Plantation to elevate its visibility by showcasing the city as thought leaders on mass transit innovation.
- ✓ **Smart Cities Challenge** - Anthony assisted with the evaluation of the Smart Cities Challenge. He specifically worked with the ultimate winner, the City of Columbus. The city was recognized for implementing an integrated plan addressing challenges in residential, commercial, freight, and downtown districts using several new technologies, including connected infrastructure, electric vehicle charging infrastructure, an integrated data platform, autonomous vehicles, and more. They are working with others, including Austin, Denver, Kansas City, Pittsburgh, Portland, and San Francisco, to share best practices to help other cities

Qualifications

across America replicate their successes. Smart Cities is a viable option for the City of Plantation with Anthony's insights and guidance.

State or Federal Lobbying Experience

- Provide a list of clients for whom Firm has provided or is currently providing state and federal lobbying or consulting services. For each client, please provide the following information:
 - o Client name
 - o Names, titles, address(es) and phone numbers for each client
 - o Duration of the relationship
 - o Types of services provided
 - o Were you, or your Firm, the primary contractor
- Provide a detailed summary of your knowledge and experience in securing funds for public infrastructure or public services through the state or federal appropriation process and through discretionary grant programs.

State Lobbying Experience: ECI

Clients

Please see "Attachment A: Client List"

Knowledge and experience in securing funding (ECI)

Over the years, we have successfully secured millions of dollars in state funding for local appropriations requests for our clients in a budget process that is increasingly competitive. The competition for state funding is always intense due to Florida's revenue challenges, and especially after the rollout of a formal Legislative system for appropriations. Priorities are often funded in Tallahassee based on politics and persistence, rather than merit or need, and regardless of how long a priority has waited in the queue. The experience of our team gives us the political insight and network needed to strategically move your priorities forward. Being successful in the appropriations process today requires an effective strategy that builds a compelling business case to support your appropriations request. It also requires a level of tenacity to see your request through until the Governor signs his or her name to the budget.

Whether they are for a "stand-alone" appropriation or part of a competitive grant program, we work with your staff to identify opportunities and projects and build a business case that distinguishes your individual requests above the competition. For the legislative budget process, we secure sponsors, coordinate all forms and deadlines, ensure the required House bills are passed through their subcommittees, ensure inclusion of the project in initial subcommittee budgets, work throughout the budget conference to protect and/or increase initial amounts for inclusion in the final budget, and work with the Governor's office during the line-item veto process.

Lobbying Experience

We have a solid working knowledge of the grant program funding sources, ranking process, decisions which determine the potential outcomes of which projects are funded, and the decision makers which hold the keys to the funding. We leverage our relationships with the Department of Environmental Protection, Department of Economic Opportunity, Department of State, and others to explore grant opportunities for local governments, clarify the application process, assist in tailoring applications to meet the expectations of the agency, and coordinate communications from our clients. We also work throughout the Session to support increased funding for the programs that are distributed to local governments and create grant opportunities, such as FRDAP, SHIP, Cultural Facilities, and more. Increasing grant funding is a long-term goal that requires the knowledge, focus and persistence that the experts on our team can provide. We've seen these increases return slowly but significantly in the past few years thanks to advocacy from our local leaders and a dedicated coalition of which we are an integral part. On the Federal level, we enjoy great relationships with members of our Congressional Delegation and have worked through those channels of communication to assist in advocacy on Assistance to Firefighters Grant funding (AFG), reimbursement disputes with FEMA, and more.

Below we have listed project funding that ECI secured on behalf of our clients:

FY 2021-22

\$400,000 Seminole County Hope & Healing Center (Opioid/Addiction Recovery Partnership)
\$114,480 Broward Sheriff's Office Crime Cases Backlog Reduction
\$750,000 Fort Lauderdale Dorsey-Riverbend Stormwater Improvement
\$200,000 Pembroke Pines Seepage Management Stormwater Pump Station
We additionally assisted on obtaining \$406,624 for Broward Health's Integrated Medication Assisted Treatment Response (iMATR) project but ECI was not primary.

While we secured the following projects in the budget passed by the Legislature, unfortunately these projects were included in the Governor's line-item veto:

\$100,000 Coconut Creek Hillsboro Water Storage Tank Rehabilitation
\$125,000 City of Pembroke Pines License Plate Reader (LPR) Technology
\$200,000 Plantation Special Needs Park
\$400,000 Coral Springs Public Safety/Public Works Building Hardening Project

FY 2020-2021:

\$100,000 Helping Abused Neglected Disadvantaged Youth, Inc. (HANDY) - Scholars Program*
\$400,000 Seminole County Hope & Healing Center (Opioid/Addiction Recovery Partnership)
\$250,000 Broward County Sheriff's Office - Cold Cases and Property Crime Backlog Reduction*
\$500,000 Broward County Sheriff's Office Real-Time Crime Center Expansion*
\$136,387 Community Court Program - City of Fort Lauderdale*

Lobbying Experience

\$100,000 Parkland Stormwater Quality Improvement Project*
\$250,000 Lauderdale-By-The-Sea Septic to Sewer *
\$100,000 Coconut Creek Hillsboro Water Storage Tank *
\$250,000 Fort Lauderdale Dorsey-Riverbend Stormwater Improvements *
\$100,000 Coral Springs Parks & Recreation Security Initiatives*
\$250,000 Plantation - Special Needs Playground Equipment*
\$288,000 Pembroke Pines Senior Transportation*
\$900,000 Pembroke Road Extension - Pembroke Pines *
\$100,000 Bergeron Rodeo Grounds Improvements – Davie*
\$250,000 Coral Springs - Westside Facility Hardening Project*

*These projects were included in the final budget but unfortunately included in Governor DeSantis' historic "Red Wedding" veto of \$1 Billion necessitated by the COVID-19 pandemic.

FY 2019-2020:

Successfully advocated for increased arts funding resulting in modest increase to Coral Springs Museum of Art and Performing Arts Center funding.
\$250,000 Homeless Collaborative of Broward County (requested through City of Fort Lauderdale)
\$500,000 for the City of Pembroke Pines Firestation #69 renovation project
\$288,000 - City of Pembroke Pines Senior Transportation Program

FY 2017-18

\$1.5 million for the Biscayne Bay Coastal Wetlands Project
\$150,000 for HANDY College Assistance Program
\$500,000 RESTORE Program in Palm Beach County
\$500,000 Opioid Abuse Pilot Program in Palm Beach County
\$400,000 for the City of Fort Lauderdale Rapid Rehousing
\$250,000 for an Inclusive Playground in the City of Pembroke Pines
\$600,000 for a Fire Training Facility in the City of Pembroke Pines
\$1.5 million for the City of Plantation Fire Station #1

We secured the following projects in the final budget passed by the Legislature, however these projects were unfortunately included in the Governor's over \$400 million line-item veto:

\$150,000 for Wastewater Conveyance in City of Coconut Creek
\$750,000 for Westside Facility Hardening in the City of Coral Springs
\$300,000 for University Drive Resurfacing in the City of Coral Springs
\$220,000 for Davie Downtown Road Improvements in the Town of Davie
\$218,181 for the Senior Transportation Program in the City of Pembroke Pines
\$200,000 for Creation Station Library Project for Palm Beach County

FY 2016-17:

\$500,000 for Fort Lauderdale's Rapid Rehousing initiative
\$75,000 for water quality improvements in the City of Coral Springs

Lobbying Experience

\$250,000 for the City of North Lauderdale Automatic Meter Reading system
\$100,000 for Veterans Home renovation in Pembroke Pines
\$100,000 for Bergeron Rodeo Arena Refurbishment in the Town of Davie
\$575,000 for the Jerome Golden Center in Palm Beach County (last phase of three phases)

We secured the following projects in the final budget passed by the Legislature and sent to the Governor, however the projects were included in the Governor's veto \$250 million in local projects across the State:

\$100,000 for the Coconut Creek Wastewater Pipe Rehabilitation Project
\$100,000 for the Coral Springs Stormwater Improvements at Corporate Park
\$300,000 for City of Coral Springs University Drive Resurfacing
\$300,000 for City of Coral Springs Aquatic Complex Pool Refurbishment
\$500,000 for the Fort Lauderdale River Oaks Preserve in 2016
\$500,000 for the Fort Lauderdale Stormwater Drainage Program in 2016
\$100,000 for North Lauderdale Street Lights
\$100,000 for North Lauderdale Sidewalk Replacement
\$200,000 for North Lauderdale Street Resurfacing/Kimberly Boulevard
\$40,000 for North Lauderdale Security Cameras
\$70,000 for North Lauderdale City Hall Roof
\$50,000 for Emergency Operations Center - Permanent Generator for Lift Station - City of Plantation

FY 2015-16:

\$575,000 for the Jerome Golden Center in Palm Beach County (second of three phases)
\$250,000 for Veterans Home Renovations for the City of Pembroke Pines
\$130,000 for Stormwater Improvement in the City of Coral Springs

We secured the following projects in the final budget passed by the Legislature, however the projects were included in the Governor's veto of a record \$470 million in local projects across the State:

\$1 million for the Fort Lauderdale/Hollywood International Airport Terminal
\$800,000 for the City of Fort Lauderdale's Rapid Rehousing Program
\$500,000 for the City of Coconut Creek's Reclaimed Water Extension project
\$500,000 for the City of North Lauderdale's Sanitary Sewer Rehabilitation project
\$500,000 for the City of North Lauderdale's 17th Street Reconstruction project
\$350,000 for the City of North Lauderdale's Street Resurfacing project
\$250,000 for the City of Coral Springs' University Drive Resurfacing project
\$250,000 for the City of Fort Lauderdale's Juvenile Justice Program
\$100,000 for upgrades for the Town of Davie's Bergeron Rodeo Grounds

FY 2014- 2015:

We successfully advocated for FRDAP funding sufficient to ensure \$50,000 towards two pavilions at the City of Plantation's Plantation Woods playground.

Lobbying Experience

\$200,000 for mental health and substance abuse pilot project in Jerome Golden Center in Palm Beach County (first of three phases)

A total of \$225,000 in water projects funding for the City of Coconut Creek.

A total of \$115,000 in water projects funding and \$250,000 in funding for the Safety Town program for the City of Coral Springs.

\$500,000 in a Cultural Facilities Grant for the Broward Center for the Performing Arts
ECI was also an instrumental part of a \$10 million appropriation to the building of Quiet Zones along the FEC corridors on behalf of Palm Beach County and other local governments.

\$150,000 for Fort Lauderdale Dredging Maintenance

\$700,000 for the Fort Lauderdale Southeast Neighborhood Tidal Valve and Stormwater Upgrade

\$47,000 in non-recurring funding for an additional law enforcement operation to fight the distribution of designer drugs for the City of Fort Lauderdale

Biscayne Bay Coastal Wetlands Project- Phase 2 The Biscayne Bay Coastal Wetlands Project was authorized in the 2014 Federal Water Resources and Development Act with the goal to construct a reservoir that would save the health of the Bay, which is declining at a rapid pace due to increased salinity levels, population and development. As Phase I of the project was underway, it became apparent that the timeline for construction needed to be expedited in order to prevent significant environmental and economic damage to the area. The Federal government required the state fund a Project Implementation Report in order to begin implementation of Phase II, however the state is not held to any timeline for implementation or funding. We represent landowners and environmentalists who in conjunction with Miami Dade County and the City of Miami recognized the immediate need for state funding. We educated the Legislature on the project but found little appetite from both the Legislature and South Florida Water Management District (SFWMD) to include the project funding during the 2017 Legislative Session as all focus and dollars were concentrated on the Senate President's priority reservoir to address issues in Lake Okeechobee. Our project directly competed. Undeterred, we worked with the Senate Appropriations Chair to successfully secure a \$1.5 million appropriation for the Project Implementation Report under water projects in the budget that was signed by the Governor. After the appropriation, we continued to work with the SFWMD through leadership changes to ensure that the overwhelmed District properly utilized the funding for the intended report. We are continuing to advocate for this important project to see the State through its completion of its role as required to ensure the next Federal steps in Phase II.

Charter Schools: ECI was instrumental in obtaining increases in charter school capital outlay each year on behalf of the City of Pembroke Pines and City of Coral Springs, which both own high-performing charter school systems. This was initially a difficult uphill battle over the years, which has now gained support and secured funding for the charter school efforts.

Lobbying Experience

2001- Increased from \$20 million to \$27.7 million
2006- Increased from \$27.7 million to \$53 million
2007- \$54 million plus
2008- \$54 million plus
2010- Over \$56 million
2011- \$55 million appropriated with additional money for high performing charter school systems
2012- Over \$55 million
2013- \$91 million
2014- \$75 million

From 2015 on, the Legislature has made a number of changes to the charter school capital outlay formula that we have worked with Legislators, committee staff, and the Department of Education to assess the impact of, communicate concerns with, and mitigate negative budget strains. Current allocations are based on a formula that triggers sharing of local millage should the capital outlay fund fall below a certain amount.

Quiet Zones: Towards the end of the 2014 Legislative Session, we were key on behalf of Palm Beach County and other local governments in securing \$10 million statewide to help match local funds for quiet zone construction along the FEC corridor.

Earlier Experience:

In 2013, we aided Palm Beach County \$100,000 appropriation for the Scripps Research Institute for the Nicotine Addiction Drug Treatment Evaluation Grant Program and successfully advocated for \$10 million in a Seaport Investment Program and \$241 million in Seaport Grants. We also secured \$4,537,088 for the Seminole County Sheriff's Office for Child Protective Investigations, an approximately \$1 million increase over a \$3,443,114 appropriation we secured for the same client the year before.

In 2010, we secured \$1 million for the South Florida Regional Transportation Authority for dispatch operations for the South Florida corridor in 2010.

In 2009, our team was instrumental in having the Legislature appropriate \$15 million for 5 years for South Florida Regional Transportation Authority service to keep 50 trains in operation.

In 2008, we secured \$225,000 into the budget for wastewater improvements for the Town of Davie and \$500,000 for the Fire Training Simulator Tower for the City of Coral Springs.

In 2007, we secured \$230,000 to upgrade the City of Plantation's Emergency Standby Power at the City's Regional Wastewater Plant.

We also secured a \$7 million dollar appropriation for the City of Plantation's golf course.

Federal Lobbying Experience: Becker

Clients

Please see "Attachment A: Client List"

Knowledge and experience in securing funding (Becker)

The Becker lobbying team is well-versed in issues impacting local governments. Becker lobbyists are in the Capitol, at the agencies, or working the phones daily to advance federal funding and programs affecting the city's top priorities such as housing opportunities and homelessness, infrastructure, innovation and emerging technology, economic development, transportation, traffic relief, waterway quality, resiliency, parks, and public places. We already know and work with the key players on the relevant committees, both members and staff, and we understand the federal programs available to meet the city's needs.

Upon being hired, we will quickly meet (virtually or in-person) with City officials to workshop the key issues and discuss the political and legislative landscape for 2021-22, including the short- and long-term impacts of COVID-19 and beyond. We will explore all aspects of Plantation's priorities and may identify additional ideas to leverage funding and strengthen your position. Once priorities are approved, we will develop a final federal agenda and work plan.

Overview and Timeline for Developing and Executing a Federal Legislative & Executive Branch Lobbying Plan

(All activities will follow COVID-19 realities and guidelines)

1. Assessment of Opportunities – Within the first 90 days

- a. Meet with City's designated team to analyze each area's current federal funding and policy priorities and conduct long-term strategic analysis for future requests.
- b. Identify allies in the Administration and Congress
- c. Meet with members of the City and State's Congressional Delegation and staff and Congressional leaders and staff to evaluate opportunities and obstacles in each priority area.
- d. Identify and meet with Executive Branch officials to look for funding opportunities in priority areas.

2. Develop Federal Strategy and Work Plan – Within the first 90 days

- a. Ongoing communication with City officials to develop research, data, analysis, stories in each priority area.
- b. Review budget and leadership priorities to assess opportunities in each of the City's priority areas.

Lobbying Experience

- c. Research legislative history and background of relevant programs to develop innovative strategies and tactics for matching programs with priorities.
- d. Finalize tactics for each priority issue.
- e. A written strategy on each program item within 60 days following approval of the program by the City.

3. Prepare Briefing and Other Materials in Each Priority Area – Within the first 90 days

- a. Work with the City team to research, prepare and finalize materials in each priority area.
- b. Develop talking points and background materials.
- c. Develop “leave-behind” materials to reinforce the critical messages after calls and meetings.

4. Influencer Outreach – Within the first 90 days and ongoing

- a. Meet with the Florida delegation to introduce the legislative priorities.
- b. Share legislative agenda with relevant Federal agencies, industry groups, and influencers.
- c. Incorporate influencer input where appropriate to prepare for meetings between City representatives and federal leaders.
- d. Attend committee hearings, issue briefings, strategy sessions of interest on behalf of the City
- e. Draft letters to send to congressional members and others regarding City priorities.

5. Advocate for Established Priorities - Ongoing

- a. Present specific requests to the Congressional Delegation to help advance the city’s agenda with influential members of the U.S. House and the U.S. Senate with legislative jurisdiction.
- b. Identify grant opportunities, review applications, provide technical assistance and strategy to enhance the likelihood of success. Grant writing is also available if needed
- c. Use creative, innovative approaches to secure funding.
- d. Secure letters of support from allies.
- e. Draft legislative language, develop position papers, provide research and data as needed to support federal priorities.
- f. Coordinate where appropriate with associations such as the Florida and National League of Cities to build coalitions supporting the Plantation agenda.

6. Establish positive relationships with decision-makers and create support in Congress and Administration for priority issues.

- Ongoing

- a. Establish regular communication and visibility for Plantation through meetings, thought leadership, and site visits targeting key leaders and influencers.
- b. Help identify public policy issues for the City to demonstrate thought leadership (e.g., published articles, speaking opportunities) in media, industry groups, or with agency and congressional leaders.
- c. Coordinate site visits and accompany congressional members and staff to demonstrate the City's leadership or highlight needs in priority areas.
- d. Identify opportunities and draft testimony for City leadership to testify before Congress.
- e. Arrange meetings for City representatives with Members of Congress, their appropriations staff, and Agency officials.
- f. Provide 24/7/365 support for City priorities
- g. Develop meaningful agendas, talking points, and briefing materials. *The picture above illustrates a typical meeting with Rep. Debbie Wasserman-Schultz, a member of House Appropriations Committee.*
- h. Monitor and impact legislation and regulations affecting the City.
- i. Establish and maintain regular interaction and assist the City in establishing long-term relationships with influencers, industry groups with allied interests, and decision-makers.

7. Regular Communication with the City - Ongoing

- a. Written weekly activity reports on pending legislation and City priorities.
- b. Quarterly and end of the session written reports on status of city priorities and planning opportunities for the next session.
- c. Regular, informal conversations and meetings on priorities, including any trends or intelligence that will help City leaders and staff stay up to date on priorities.
- d. Video Conference updates on the progress of the Federal agenda.
- e. In-person presentations to Board and staff on status of Federal Agenda.
- f. A final comprehensive report.

Funding Strategies

As noted above, by far, our greatest successes for clients have been in securing funding through the legislative appropriations and agency grant funding process. The Becker lobbying team is adept in the technical process of requesting and securing appropriations and the political process of identifying legislative champions and

Lobbying Experience

overcoming obstacles. The team evaluates the City's funding needs then creates a strategy for the City's priority based on our knowledge of the delegation and committee chair's priorities.

Plantation can adapt these innovative strategies to accomplish its goals.

- ✓ Secured \$20 million from US Department of Transportation (USDOT) for Virginia Port Authority, the second largest Port infrastructure grant in the country in 2020. After years of trying, VPA achieved success with the Becker team's three-dimensional strategy: politics, policy, and impact. Becker used regional economic data combined with a regional political strategy to make a winning case for the port.
- ✓ Secured a \$13 million US Department of Transportation (USDOT) TIGER Grant (predecessor to the BUILD program) for transportation infrastructure for Collier County. We won the highly competitive grant on a re-application following a high-level debrief with USDOT and outreach from the entire delegation, including then-House Transportation Appropriations Committee Chairman Mario Diaz-Balart (R-FL). The Becker team worked closely with USDOT's Office of Intergovernmental Affairs to achieve this significant win for Collier County.
- ✓ Secured \$9+ million for Collier County to purchase new buses and to rehabilitate its existing operations and maintenance building. We helped align a county project with both the grant requirements and our knowledge of FTA's priorities and interests. We also engaged their Congressional delegation to weigh in with support, arming them with draft letters of support and talking points for outreach to USDOT leadership. Notably, we leveraged the support of House Transportation Appropriations Subcommittee Ranking Member Mario Diaz-Balart.
- ✓ Eastern Shipbuilding Group - \$500 million was included in the Homeland Security Appropriations for the Coast Guard's Offshore Patrol Cutter program, which increased \$400 million over previous year's funding.
- ✓ Secured \$3 million from the Army Corps of Engineers Disaster Supplemental Spending plan for a Beach Renourishment Feasibility Study by working closely with Army Corps of Engineers and Members of Congress.
- ✓ Secured \$2.4 million under the U.S. Department of Homeland Security (DHS) SAFER grant program for fire service staffing in the Town of Davie and \$462,673 through the Assistance to Firefighters Grant for the Town of Davie.
- ✓ Assisted Bethune-Cookman University in obtaining an invitation to join an \$86 million federal STEM research consortium sponsored by the United States Army, as well as a DOJ-sponsored research project to study behavioral aspects of domestic violence.

Lobbying Experience

Coordinating and Tracking City Priorities

Becker's "secret" formula for success is obsessively learning the institutional history behind an issue, reading every piece of legislation and funding request to ensure that our clients are protected. This practice helps us to position our clients to be successful by knowing what legislation is moving, what legislation is "dead on arrival"; who are the champions and who are the antagonists; which committees are friendly, and which will hide a bill from ever seeing the light of day. Legislative intelligence is the key to effective lobbying. Our team knows where to get it and how to use it to represent our clients. The team uses "Bloomberg Government" to track priority bills and assist the City with tracking policy and funding relating requests and other relevant legislation.

Becker team members are veteran DC lobbyists and former high-level Hill staffers, and senior Administration officials who know how to identify and navigate little-known grants and funds. Securing federal grants is a significant, often underutilized opportunity to fund priority programs. The Becker team has been effective at finding little-known grant opportunities, assisting with the application and submission process, and knowing the right influencers and advocates to secure the funding. We provided a few examples above (i.e., TIGER now BUILD, SAFER grants).

Each team member has a solid working knowledge of legislative, administrative, and regulatory processes at the federal level. The lobbying team has detailed, extensive knowledge and experience with federal programs under USDOT, FEMA, HHS, Justice, Homeland Security, HUD, Commerce, and Army Corps that support economic competitiveness, environmental sustainability, healthy communities, and innovation. We work closely with the White House Domestic Policy Council and National Economic Council and the Office of Management and Budget (OMB) to identify and leverage the President's top priorities.

For Florida, the firm's decades-long Florida roots plus team members' work experience for Florida elected officials in D.C. and Tallahassee provide long-standing personal and business relationships with a diverse set of members from both sides of the aisle and the various caucuses. That is certainly true for Florida's two senators. Senator Marco Rubio is a former Becker lawyer with whom we work closely. Local Liaison Ellyn Bogdanoff served as his Majority Whip during his tenure as Florida House Speaker. Senator Rick Scott is also a friend to the firm from his days as governor, mainly through our joint work with Enterprise Florida and Ellyn's work as State Senator.

In South Florida, Becker works closely with Reps. Lois Frankel (and Chief of Staff Josh Cohen), Ted Deutch (and Chief Josh Rogin), and Brian Mast (and Chief James Langende) in our representation of Palm Beach County. We also represent several cities, such as

Lobbying Experience

Miami Gardens, North Miami, Davie, Hialeah, Coral Gables, local institutions, the University of Miami, and Florida Memorial University. Therefore, we work closely with the following: Reps. Debbie Wasserman Schultz (and Chief Tracie Pough); Frederica Wilson (Legislative Director Gregory Willis); Mario Diaz Balart (Omar's former boss and his successor as Chief Cesar Gonzalez); plus, new members Carlos Gimenez, who we know as the former Mayor of Miami-Dade County (and long-time friend Chief Alex Ferro), and Maria Salazar (and her chief Tom Moran) who represents our client, the city of Coral Gables.

In Southwest Florida, we represent the City of Cape Coral and Collier County. We previously worked closely with former Rep. Francis Rooney on successful criminal justice, transportation, and environmental funding efforts and have already begun to do the same with Rep. Byron Donald.

In the Panhandle and North Florida, we represent a sizeable military contractor Eastern Shipbuilding and have worked closely with Reps. Dunn and Gaetz to secure funding and work on military-related legislation.

On the Treasure Coast, team members have known Rep. Bill Posey (and his Chief Stuart Burns) for many years dating back to his work in the Florida Legislature. We work with Reps. Posey and Waltz on matters relating to Volusia County and various private-sector defense contractors.

In Tampa Bay, the team works closely with Rep. Charlie Crist (and his Chief of Staff Austin Durrer) and has done so for many years when he was in the Florida legislature, Cabinet and Governor. The team has a good working relationship with Rep. Kathy Castor (and her Chief Lara Hopkins). Team members work closely with her office on climate issues due to our work for so many coastal and other communities. Rep. Vern Buchanan (and Chief Sean Brady) and Rep. Gus Bilirakis (and Chief Liz Hittos) have been helpful on trade and veterans affairs issues. Rep. Greg Steube from Sarasota is a former Becker lawyer with whom we constantly work on various issues. Rep. Scott Franklin from Lakeland was elected in 2020 and someone we are getting to know.

Relationships Beyond the Florida Delegation

Administration:

The Becker team understands the importance of strong working relationships with key players in DC at the Executive Agencies including the USDOT, US Army Corps of Engineers, Department of Housing and Urban Development, Department of Health and Human Services, US Department of Justice, Environmental Protection Agency, and Department of Homeland Security.

Lobbying Experience

The Biden team has sent strong signals of support for urban transit by appointing experienced transit officials from innovative urban communities. FTA Acting Administrator Nuria Fernandez from Santa Clara Valley Transportation Authority is known for her leadership at some of the US's busiest transit agencies. While serving at USDOT, Becker lobbyist Anthony Bedell worked with her on funding for Silicon Valley transit priorities. Anthony also worked closely with Matt Welbes, the career Executive Director of FTA, on a range of budget, policy, and political issues.

Charles Small (Anthony's successor) is the new Deputy Secretary for Intergovernmental Affairs at USDOT after his tenure with LA Metro Transit. Anthony worked closely with Charles in their previous respective roles when the federal government helped fund the Purple Line extension heavy rail subway corridor between downtown and UCLA – a billion-dollar-plus project providing access to one of LA's largest commerce centers. Polly Trottenberg from New York Transit is the Deputy Secretary nominee in another sign of support for urban transit funding. Anthony also has a working relationship with her through their past work together on the Gateway Project, Hudson Tunnel, and 2nd Street station.

At the White House, Clarence Williams worked with Cedric Richmond, a White House senior adviser and director of the Office of Public Engagement, and his staff when then-Congressman Richmond served as the Chair of the Congressional Black Caucus. Clarence's former employer, Congressman Kendrick B. Meek (ret), previously held that position. Mr. Richmond's senior policy adviser was a former member of the Meek team recommended by Clarence.

At the Department of Homeland Security, our team works closely with Mike Rodriguez, Congressional Liaison Specialist, Office of Legislative and Intergovernmental Affairs, USCIS, Department of Homeland Security on immigration and visa issues. At TSA, David Pekoske, Deputy Secretary of Homeland Security, TSA on aviation security and COVID-19 concerns. At FEMA, we have strong working relationships including with Jason Nelson, Deputy Director of Congressional Affairs, Disaster Response Branch Chief, Federal Emergency Management Agency on hurricane disaster relief issues.

Congress:

We focus extensively on FEMA-related issues due to our lobbying efforts on behalf of coastal cities and counties. We have ongoing working relationships with political appointees and career leaders at FEMA, the Coast Guard, and the Customs and Border Protection agencies. We also have established lasting relationships with the House Homeland Committee Membership and Senior Committee Staff leadership.

Lobbying Experience

While working for retired Rep. Kendrick Meek (D-FL), who served on the inaugural House Homeland Committee, Clarence developed relationships with long-time senior staffers, which he maintains to this day. Also, we work with Committee Members including Chairman Bennie Thompson (D-MS), Rep. Pete King (R-NY), Rep. Sheila Jackson Lee (D-TX) (also a senior member of the Judiciary Committee), Rep Jim Langevin (D-RI), and Rep. Donald Payne (D-IL). Similarly, the Senate Homeland and Government Oversight Committee is home to Sen. Rick Scott (R-FL) and Sen. Gary Peters (D-MI), with whom we have worked closely on several issues.

The Becker team has close bi-partisan working relationships with influential leaders on critical committees; none more important than Appropriations.

House Appropriations – Becker's strong relationships outside of Florida will be vitally important in supporting the City's efforts. In addition to Florida Reps. Crist, Wasserman-Schultz, Frankel, Diaz-Balart, and Rutherford, the Becker team has relationships with these Members: the Chair Rosa DeLauro (D-CT), Henry Cuellar (D-TX), Lucille Roybal-Allard (D-CA), Harold Rogers (R-KY), Mark Pocan (D-WI), and Pete Visclosky (D-IN).

- Transportation, and Housing and Urban Development, and Related Agencies

°David E. Price, Chair (D-NC)

°Norma Torres (D-CA)

°Pete Aguilar (D-CA)

°Mario Diaz-Balart, Ranking Member (R-FL)

°John Rutherford (R-FL)

°Steve Womack (R-FL)

- Labor, Health and Human Services, Education and Related Agencies

°Rosa DeLauro, Chairwoman

°Tom Cole, Ranking Member

°Lucille Roybal-Allard°

°Barbara Lee

°Mark Pocan

°Katherine Clark

°Lois Frankel

°Cheri Bustos

°Bonnie Watson Coleman

°Andy Harris

°Jaime Herrera Beutler

°John Moolenaar

°Tom Graves

Senate Appropriations – Team members work with the staff of Senate Appropriations Chair Patrick Leahy (D-VT) and Ranking Member Richard Shelby (R-AL), as well as Senator Rubio, Senator Chris Murphy (D-VT), Senator Joe Manchin (D-WV), and subcommittee leadership to advance goals (funding and otherwise) through their annual "must-pass" bills, which will serve as priority legislative vehicles for our efforts.

- Transportation, Housing and Urban Development and Related Agencies

Lobbying Experience

°Brian Schatz, Chair (D-HI)	°John Hoeven (R-ND)
Susan Collins, Rank Mem (R-ME)	°Patty Murray (D-WA)
°Jack Reed, (D-RI)	°Christopher Coons (D-DE)
°Roy Blunt (R-MO)	°Richard Durbin (D-IL)
°Lindsey Graham (R-SC)	°Joe Manchin (D-WV)
°Shelley Moore Capito (R-WV)	

The Becker lobbying team has strong working relationships with the entire Florida delegation and influential House and Senate members (and their staff). The same is true for prominent members of the Biden Administration. We look forward to leveraging these relationships on behalf of Plantation.

Question 11. List the pertinent experience of the key individuals of your organization:

DAVID ERICKS (Owner/President) is founder and President of Ericks Consultants, Inc and works out of our Tallahassee office.

After returning from college at C.W. Post (Long Island University), which he attended on a football scholarship, he took a position as a police officer with the City of Plantation. This eventually transitioned him into the world of Florida politics.

Dave Ericks has been a registered lobbyist in the State of Florida for over 40 years, starting with his representation of the State of Florida Fraternal Order of Police while at the City of Plantation Police Department in 1980. Mr. Ericks was a registered lobbyist for the Broward County Sheriff's Department, the Department of Highway Safety and Motor Vehicles and the 3M Corporation before founding Ericks Consultants, Inc. in 1985. Prior to establishing his own firm, Mr. Ericks was employed by the 3M Corporation as Regional Administrator and Registered Lobbyist in Florida, Mississippi, Louisiana, and Alabama. Mr. Ericks served as Senior Executive Assistant to the Department of Highway Safety and Motor Vehicles, Administrative Assistant to the Broward County Sheriff and served on the City of Plantation Police Force. Mr. Ericks' past experience allowed him the opportunity to work with various police and criminal justice organizations, including the Steering Committee for Constitutional Amendments and the State Law Enforcement Job Task Advisory Committee for the Florida Police Standards and Training Commission. He has also represented members statewide as the President of the Fraternal Order of Police. His service in those positions has given him both law enforcement and administrative expertise at the local, county and state levels. Moreover, since establishing Ericks Consultants in 1985, Mr. Ericks has represented a multi-faceted group of clients, giving him a wide array of expertise in multiple subject areas, including the electric and telecommunication utilities, law enforcement, entertainment, healthcare, travel, corrections, solid waste, growth management, automobile, gaming, and transportation industries; as well as in the many diverse issues which face local governments on a day-to-day basis.

Mr. Ericks resides in Tallahassee, FL.

ECI QUALIFICATION STATEMENT INSERT

CANDICE ERICKS (Managing Partner) is a consultant with Ericks Consultants, Inc., based in Fort Lauderdale, Florida. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Candice is a government relations professional specializing in Florida state and local government relations. Candice began her lobbying career in 1998 when she joined Ericks Consultants, Inc. She developed and expanded the firm into a successful, multi-regional operation with a diverse book of clients. Over the course of the past two decades, Candice has developed an extensive network of contacts and relationships in the governmental, non-profit, and business communities within Florida. Her hands-on approach within the governmental relations world has enabled her to continuously deliver success for her clients in numerous subject areas. For the last two decades she has worked diligently to grow her family's governmental consulting business, Ericks Consultants, Inc.

Candice currently represents a broad spectrum of clients, ranging from local governments to corporations to nonprofits. Most of her clients are longtime relationships due to her dedication and loyalty to their success in the political world. Her client list not only includes some of the largest corporations within the state, but also includes entities from almost every industry within Florida.

Candice was the first recipient of the Theresa Lintz Memorial Award from the Florida Association for Intergovernmental Relations. This award is significant in that it represents excellence in legislative advocacy on behalf of local governments in Florida and an exemplary commitment to consensus building, professionalism and high ethical standards to better serve our local communities.

Candice is active in many organizations within the local community and throughout the state. She was recently elected as the Chair of the Florida Association of Professional Lobbyists (FAPL), an organization committed to establishing and maintaining high standards for the lobbying profession. She also works actively with the Florida League of Cities, the Broward League of Cities, the Palm Beach League of Cities, the Florida Public Transportation Association, both the Fort Lauderdale and the Florida Chamber of Commerce, the Florida Association of Counties, Associated Industries of Florida, and is a recent past President of the Florida Association for Intergovernmental Relations.

Candice also serves as Chair of Broward Days, a non-profit and non-partisan group of people advocating for diverse needs and concerns of Broward County structured under the

ECI QUALIFICATION STATEMENT INSERT

Broward Delegation. Ultimately, Candice takes every opportunity to work with businesses and local governments to help make the State of Florida the best place to live.

Candice graduated with a Public Relations degree from Florida State University in 1995.

LAUREN JACKSON (Consultant) joined Ericks Consultants in 2012. She works out of the Tallahassee office during the Legislative Session and is based in Fort Lauderdale during the interim.

Lauren is a third generation Broward resident with strong roots in the community. Her grandfather and father both served as Port Everglades Harbor Pilots and were pioneer members of the Port Everglades Association. Her father and his three siblings are graduates of Stranahan High School. Her grandmother spent her career as a librarian at Rogers Middle School.

Lauren served on Senator Ellyn Bogdanoff's staff as her Broward County coordinator as well as the Legislative Aide to Representative Evan Jenne, who served as the House Minority Whip and Chair of the Broward County Legislative Delegation during her time as staff. As a result, she came to her current position with a working knowledge of both Chambers and with relationships on both sides of the aisle with a focus to Broward County.

Lauren began her career in the political world serving as a legislative assistant for National Strategies in Tallahassee, a legislative intern for Dutko Poole McKinley in Tallahassee, and a fundraising intern for Congressman Jim Matheson in Salt Lake City. Prior to entering the government relations sphere, Lauren worked for Youngs Market Company of Utah, overseeing a four-state advertising program.

She is a graduate of the University of Utah with a Bachelor of Arts in Political Science and a minor in Campaign Management. She is additionally a graduate of the Women's Campaign School at Yale University.

QUALIFICATION STATEMENT

Fill in Form

The undersigned certifies under oath the truth and correctness of all statements and of all answers to questions made hereinafter (Attach additional sheets with appropriate reference, if necessary). You must respond to all questions. **FAILURE TO DISCLOSE OR PROVIDE THE REQUESTED INFORMATION BELOW MAY RESULT IN THE FIRM'S PROPOSAL BEING DEEMED NON-RESPONSIVE AND THE FIRM AS NOT QUALIFIED FOR AWARD.**

SUBMITTED TO: City of Plantation

ADDRESS: 400 NW 73rd Avenue
Plantation, FL 33317

SUBMITTED BY: Becker & Poliakoff, P.A.

NAME: Omar Franco

ADDRESS: 1275 K Street, N.W., Suite 850, Washington, DC 20005

TELEPHONE NO.: 202-621-7122

FAX NO.: 202-330-5464

EMAIL ADDRESS: ofranco@beckerlawyers.com

1. State the true, exact, correct and complete name of the partnership, corporation, trade or fictitious name under which you do business and the address of the place of business.

The correct name of the FIRM is: Becker & Poliakoff, P.A.

The address of the principal place of business is: Firm Headquarters: 1 E. Broward Blvd, Suite 1800, Ft. Lauderdale, FL 33301

The business is a (Sole Proprietorship) _____ (Partnership) _____ (Corporation) X

2. If FIRM is a corporation, answer the following:

a. Date of Incorporation: 12/22/1975

b. State of Incorporation: Florida

c. President's Name: Gary C. Rosen

d. Vice President's Name: _____

e. Secretary's Name: Steven B. Lesser

f. Treasurer's Name: Allen M. Levine

g. Name and address of Resident Agent: _____

3. If FIRM is an individual or a partnership, answer the following:

a. Date of organization: _____

b. Name, address and ownership units of all partners: _____

c. State whether general or limited partnership: _____

QUALIFICATION STATEMENT

Fill in Form

4. If FIRM is other than an individual, corporation or partnership, describe the organization and give the name and address of principals:
-
5. If FIRM is operating under a fictitious name, submit evidence of compliance with the Florida Fictitious Name Statute.
6. How many years has your organization been in business under its present business name: 48
- a. Under what other former names has your organization operated?
-
7. Indicate registration, license numbers or certificate numbers for the business or professions that are the subject of this Proposal. Please attached certificate of competency and/or state registration. Please include the foregoing information for all parties to be assigned to the project.
- Please see proof of lobbyist registrations attached.
-
8. Have you ever failed to complete any work awarded to you? If so, state when, where and why?
- No
-
9. Within the five (5) years, has any officer or partner of your organization ever been an officer or partner of another organization when it failed to complete a contract? If so, explain fully.
- No
-
10. State the names, telephone numbers and last known addresses of three (3) owners, individuals or representatives of owners with the most knowledge of work which you have performed or goods you have provided, and to which you refer (government owners are preferred as references).
- N/A
-
11. List the pertinent experience of the key individuals of your organization (continue on insert sheet, if necessary).
- See Becker lobbyist resumes in response. Becker Officer bios are also attached.
-
12. Provide a list of similar projects, which have been completed within the past five (5) years, including project description, owner's names, addresses and phone numbers.
- N/A . See Federal Lobbying registration information for the past 5 years included in response.
-
13. Provide a list of work currently under contract.
- N/A . See current list of Federal Lobbying registration information in response.
-
14. On Exhibit A, list all disputes, claims, mediations and litigation in which the bidding entity, a parent entity, an affiliate entity, a predecessor entity or other entities with which you were then

QUALIFICATION STATEMENT

Fill in Form

associated or affiliated were involved in any contract disputes over the last five (5) years as of the solicitation response due date. If FIRM is a joint venture, the information provided should encompass the joint venture and each of the entities forming the joint venture. For said claim, identify with particularity the nature of such dispute, the names and addresses of the other parties to such disputes, and whether or how such disputes were resolved, including any mediation, arbitration or litigation involved and dollar awards. [Do not include disputes, claims, mediations and litigation that involve only garnishment, auto negligence, personal injury, or a proof of claim filed by FIRM]

N/A

15. List all disputes, claims, mediations and litigation between the Owner and any of the responding entity's subcontractors/subconsultants over the last five (5) years as of the solicitation response due date.

N/A

16. Has any governmental entity within the last five (5) years commenced proceedings to discipline any of the officers, partners, or principals of the FIRM, or sought to revoke a license held by the FIRM (or its qualifying agent)? If so, please describe in detail the proceedings and how the matter was resolved.

No

17. Will you sublet any part of this work? If so, give details. (sub-contractor's name, address, phone number and contact)

No

Signature

Insurance Requirements

- A) Ericks Consultants
- B) Becker

INSURANCE REQUIREMENTS

Statement

Contractors shall not commence any work until they have obtained and satisfied the city's insurance requirements under written contract with the city and such insurance has been approved by the City of Plantation Risk Management Department. Contractors shall not allow any subcontractor to commence work until all insurance requirements have been so obtained and approved. All insurance policies shall be with insurers qualified and doing business in the State of Florida. All insurance companies shall have a Financial Rating of no less than "A-" and Class X respectively, in the latest edition of A.M. Best Rating Guide. The types and amounts of insurance shall not be less than the amounts specified in this agreement.

Insurance

The required insurance coverage's shall be written in accordance with the hazards and magnitude of the project, but in no circumstances a lesser coverage amount, nor more restrictive than the limits of liability and schedule of hazards described herein.

Contractors shall be responsible to purchase and maintain required insurance policies during the term of the contract agreement. If the Contractor fails to procure and maintain such insurance, the City of Plantation shall have the right, but not the obligation, to purchase and maintain said insurance for and in the name of the Contractor, and the Contractor will pay the premium cost thereof and shall furnish all necessary information to the city in order to make effective and maintain such insurance.

Additional Insured

Certificates of Insurance and insurance policies shall also be endorsed to name the City of Plantation "Additional Insured" on the Commercial General Liability with the following or similar endorsements providing equal or broader Additional Insured coverage, such as the basic CG2026 07 04 Additional Insured--Designated Person or Organization endorsement, or the CG2010 10 01 Additional Insured-Owners Lessees, or Contractors endorsement, or the CG2010 07 04 Owners, Lessees or Contractors endorsement, including the additional endorsement of CG2037 10 01-Additional Insured- Owners, Leases have Contractors Operations endorsement. Endorsements shall be required to provide back coverage for the contractors "Your Work" as defined in the insurance policy and liability arising out of the products & completed operations hazard.

Commercial General Liability

Contractor will agree to maintain Commercial General Liability at a minimum limit of liability not less than **\$1,000,000** Each Occurrence, and **\$2,000,000** Annual Aggregate unless the particular contract calls for specific limits of insurance. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. When a self-insured retention (SIR) or deductible exceeds **\$25,000**, the City reserves the right, but not the obligation, to review and request a copy of Contractor's most recent annual report or audited financial statement.

Business Automobile Liability

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "wavier of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

Contractor will agree to maintain Business Automobile Liability at a limit of liability not less than **\$1,000,000** Each Occurrence. Coverage shall include liability for Owned, Non-Owned & Hired automobiles. In the event Contractor does not own automobiles, Contractor agrees to maintain coverage for Hired & Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers Compensation & Employers Liability

The Workers Compensation and Employers' Liability insurance shall be in accordance with Florida State Statutes 440.

INSURANCE REQUIREMENTS

Umbrella Excess Liability

If required by contract will be no more restricted than the underlying insurance policies.
City of Plantation must be added and endorsed separately as additional insured on umbrella policies.

Professional Liability

If required by contract will be a minimum of 1,000,000.

Waiver of Subrogation

The Contractor will agree that each required policy will contain Waivers of Subrogation in favor the City of Plantation. Should an insurance policy condition **not** permit Contractor to enter into a pre-loss agreement to waive subrogation without an endorsement, then the Contractor will agree to notify the insurer and request the policy be endorsed with a waiver of Transfer of Rights of Recovery against others, or its equivalent. This waiver of subrogation shall not apply to any policy, which includes a condition specifically prohibiting such an endorsement, or voids coverage should contractor enter into such an agreement on a pre-loss basis.

Certificate(s) of Insurance

The Contractor will agree to provide City a Certificate of Insurance evidencing that all coverage's, limits and endorsements required herein are maintained and in full force and effect, and certificates of insurance shall provide a minimum thirty (30) days to notify, when available by Contractors insurer. If the Contractor receives a non-renewal or cancellation notice from an insurance carrier affording coverage required herein, or receives notice that coverage no longer complies with the insurance requirements herein, Contractor agrees to notify the City by fax within five (5) business days with a copy of the non-renewal or cancellation notice, or written specifics as to which coverage is no longer in compliance. Certificates of Insurance shall be in the form as approved by Insurance Standards Office (ISO) and such certificates shall clearly state all of the coverage's required in this section.

INSURANCE

Commercial General Liability insurance will cover liability bodily injury and property damage. Exposures to be covered are premises, operations, products/completed operations, and contracts. Coverage must be written on an occurrence basis, with the following **examples** of insurance.

Schedule

Limits

Commercial General Liability	\$1,000,000 Each Occurrence
Blanket Contractual Liability	\$2,000,000 Each Occurrence
Independent Contractors	Premises-Operations
Products & Completed Operations	Personal /Advertising Injury
Blanket Contractual Liability	Independent Contractors
Automobile Liability	
Any auto including Hired & Non-owned	\$1,000,000 Combined Single Limit
Broad Form Property Damage	\$1,000,000 Each Occurrence
Blanket X,C,U Hazards	If required (Included)
Workers' Compensation	Florida 440 Statutory Coverage
Employers Liability	\$1,000,000 Each Accident
Disease Policy Limit	\$1,000,000

INSURANCE REQUIREMENTS

Bonds:

A surety bond maybe required equal to the value of the job to guarantee the work will be done per the specifications on a timely basis.

Insurance Summary:

- A. Violation of the terms of this agreement and its subparts shall constitute a breach of the written contract and so the city at its sole discretion, may cancel the contract and all rights, title and interest of the contractor shall thereupon cease and terminate.
- B. The City reserves the right to require or adjust any of the insurance coverage's it deems necessary depending upon the company, the project and the potential hazard exposures.
- C. The city requires being named "**Additional Insured**" on all certificates of insurance. Certificates of Insurance can only be endorsed by an insurance agency or insurance company.
- D. No work is to be performed pursuant to a mutually agreed upon written contract between the City of Plantation and the Contractor. The city will have the right to amend such contract to conform to City of Plantation guidelines for contract work.
- E. The City requires a "thirty (30) day notice of cancellation" on all certificates of insurance.
- F. The City requires a "wavier of subrogation" for all Workers Compensation Coverages

THE UNDERSIGNED CONTRACTOR HAS READ ALL THE FOREGOING REQUIREMENTS AND AGREES TO THE TERMS.

DRUG-FREE WORKPLACE

Fill in Form

STATEMENT UNDER SECTION 287.087 FLORIDA STATUTES

TO BE RETURNED WITH FIRM

Preference must be given to FIRMS submitting certification with their bid or proposal, certifying they have a drug-free workplace in accordance with the Florida Statutes, Section 287.087. This requirement affects all public entities of the State and became effective January 1, 1991.

Preference shall be given to businesses with drug-free workplace programs. Whenever two or more bids, proposals, or replies that are equal with respect to price, quality and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid, proposal, or reply received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Established procedures for processing the bids will be followed if none of the tied vendors have a drug-free workplace program. In order to have a drug-free workplace program, a business shall:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the action that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under bid a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that as a condition of working on the commodities or contractual services that are under bid, the employee will abide by the terms of the statement and will notify the employer of any convictions of, or plea of guilty or nolo contendere to, any violations of Chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace, no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in, a drug abuse assistance or rehabilitation program if such is available in the employee's community, by an employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of the above measures.

As the person authorized to sign this statement, I certify that this company complies with the above requirements.

PUBLIC ENTITY CRIMES

Fill in Form

SWORN STATEMENT UNDER SECTION 287.133(3)(a) FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

THIS MUST BE SIGNED IN THE PRESENCE OF A NOTARY PUBLIC OR OTHER OFFICER AUTHORIZED TO ADMINISTER OATHS

1. This sworn statement is submitted with Bid, Proposal or Contract for RFSP No. 075-21
2. This sworn statement is submitted by Ericks Consultants Inc (entity submitting sworn statement), whose business address is 205 South Adams Street, Tallahassee FL 32301 and its Federal Employer Identification Number (FEIN) is 59-2722222. (If the entity has no FEIN, include the Social Security Number of the Individual signing this sworn statement: _____).
3. My name is Candice Ericks (please print name of individual signing), and my relationship to the entity named above is Managing Partner.
4. I understand that a "public entity crime" as defined in Paragraph 287.133(1)(g), Florida Statutes, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid or contract for goods or services, any leases for real property, or any contract for the construction or repair of a public building or public work, to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
5. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), Florida Statutes, means a finding of guilt or a conviction or a public entity crime, with or without an adjudication of guilt, in any federal or state trial court or record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.
6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:
 - a) A predecessor or successor of a person convicted of a public entity crime; or
 - b) An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding thirty-six (36) months shall be considered an affiliate.
7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into binding contract and which bids or applies to bid on contracts let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

PUBLIC ENTITY CRIMES

Fill in Form

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

☒ Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

☐ The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, and (Please indicate which additional statement applies.)

☐ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the Hearing Officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

☐ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

COOPERATION WITH THE BROWARD COUNTY OFFICE OF INSPECTOR GENERAL

TO BE RETURNED WITH PROPOSAL

The Broward County Office of Inspector General ("OIG") has the authority to review and investigate how governmental contracts are performed and how FIRM's and vendors (herein, "FIRM's") are paid. To this end, FIRM agrees to cooperate with the OIG in the event the FIRM is contacted by the OIG. Such cooperation shall include, answering any questions that may be posed by the OIG, and allowing the OIG to review and copy any of FIRM'S written material, contract documentation, and financial records that may relate to the formulation, execution, and performance of this Contract. The FIRM acknowledges and agrees that whatever work or effort is expended by FIRM in interfacing with the OIG is part of the administrative or overhead or base costs of the services provided by the FIRM to the CITY, and shall never be a basis for claiming extra or additional compensation under this Contract, or for requesting a change order.

The FIRM's failure to cooperate fully with the OIG as required by the preceding clause shall be a basis for the City claiming the FIRM is in default, and may, if not timely cured, allow the City to terminate this Contract for cause. Unless the FIRM is instructed otherwise in a specific written and notarized Order signed by the Broward County Inspector General, FIRM shall advise CITY, in writing and in the same manner as FIRM gives the City formal notice under this Contract, each instance, if ever, that the FIRM is contacted by the OIG, and shall supply the City with information necessary to allow the City to ensure that the FIRM is fully performing the requirements of this Paragraph.

COMPLIANCE UNDER SECTION 119.0701 FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

The FIRM hereby certifies that it shall comply with public records laws, specifically to:

- (a) Keep and maintain public records required by the public agency to perform the service.
- (b) Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.
- (c) Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the FIRM does not transfer the records to the public agency.
- (d) Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the firm or keep and maintain public records required by the public agency to perform the service. If the FIRM transfers all public records to the public agency upon completion of the contract, the FIRM shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the firm keeps and maintains public records upon completion of the contract, the firm shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

IF THE FIRM HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE FIRM'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 954-797-2237, sslattery@plantation.org, 400 NW 73rd Avenue Plantation, FL 33317

Fill in Form

CITY OF PLANTATION E-VERIFY FORM UNDER SECTION 448.095, FLORIDA STATUTES

TO BE RETURNED WITH PROPOSAL

Project Name: State and Federal Lobbyist Services

Project No.: 075-21

1. Definitions:

"Firm" means a person or entity that has entered or is attempting to enter into a contract with a public employer to provide labor, supplies, or services to such employer in exchange for salary, wages, or other remuneration. *"Firm"* includes, but is not limited to, a vendor or consultant.

"Sub-Firm" means a person or entity that provides labor, supplies, or services to or for a firm or another sub-firm in exchange for salary, wages, or other remuneration.

"E-Verify system" means an Internet-based system operated by the United States Department of Homeland Security that allows participating employers to electronically verify the employment eligibility of newly hired employees.

2. Effective January 1, 2021, Firms, shall register with and use the E-verify system in order to verify the work authorization status of all newly hired employees. Firm shall register for and utilize the U.S. Department of Homeland Security's E-Verify System to verify the employment eligibility of:

- a) All persons employed by a Firm to perform employment duties within Florida during the term of the contract; and
- b) All persons (including subvendors/subconsultants/subcontractors) assigned by Firm to perform work pursuant to the contract with the City of Plantation. The Firm acknowledges and agrees that registration and use of the U.S. Department of Homeland Security's E-Verify System during the term of the contract is a condition of the contract with the City of Plantation; and

E-VERIFY FORM

Fill in Form

- c) Should vendor become the successful Firm awarded for the above-named project, by entering into the contract, the Firm shall comply with the provisions of Section 448.095, Fla. Stat., "Employment Eligibility," as amended from time to time. This includes, but is not limited to registration and utilization of the E-Verify System to verify the work authorization status of all newly hired employees. Firm shall also require all sub-firms to provide an affidavit attesting that the sub-firm does not employ, contract with, or subcontract with, an unauthorized alien. The Firm shall maintain a copy of such affidavit for the duration of the contract.

3. Contract Termination

- a) If the City has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09 (1) Fla. Stat., the contract shall be terminated.
- b) If the City has a good faith belief that a sub-firm knowingly violated s. 448.095 (2), but the Firm otherwise complied with s. 448.095 (2) Fla. Stat., shall promptly notify the Firm and order the Firm to immediately terminate the contract with the sub-firm.
- c) A contract terminated under subparagraph a) or b) is not a breach of contract and may not be considered as such.
- d) Any challenge to termination under this provision must be filed in the Circuit Court no later than 20 calendar days after the date of termination.
- e) If the contract is terminated for a violation of the statute by the Firm, the Firm may not be awarded a public contract for a period of 1 year after the date of termination.

PROPOSAL FORM

Proposal of (Name of Firm) Ericks Consultants Inc.

Address: 205 S. Adams St. Tallahassee, FL 32301

Phone: 954-648-1204

Email Address: candice@ericksconsultants.com

To furnish and deliver all services and to do and perform all work in accordance with the Agreement Documents for the entitled solicitation:

PROJECT NAME: Community Shuttle Service
RFSP No. 074-21
City of Plantation

TO: City of Plantation
400 NW 73rd Avenue
Plantation, FL 33317

The Undersigned Firm proposes and agrees if this proposal is accepted, to enter an agreement with the CITY to complete all work as specified or indicated in the Agreement Documents for the Agreement Price and within the Agreement time indicated in this Proposal and in accordance with the Agreement Documents.

Firm accepts all of the terms and conditions of the Instructions to Firm. This proposal will remain open for ninety (90) calendar days after the day of Proposal Opening. Firm will sign the Agreement and other documents required by the Agreement Documents within fifteen (15) days after the date of City's Notice to Award.

In submitting this proposal, Firm represents as more fully set forth in the Agreement, that:

A. Firm has examined copies of all the Solicitation Documents and of the following Addenda: (if any addenda have been issued, receipt of all of which is hereby acknowledged) and also copies of the Advertisement or Notice to Firms and the Instruction to Firms.

DATE:

☐ 06/24/ 2021
☐ 07/07/2021
☐

B. This proposal is genuine and not made in the interest of or on behalf of any undisclosed person, Firm or corporation and is not submitted in conformity with any agreements or rules of any group, association, organization or corporation. Firm has not directly or indirectly induced or solicited any other Firm to submit a false or sham proposal; Firm has not solicited or induced any person, firm, or a corporation to refrain from proposing; and Firm has not sought by collusion to obtain for themselves any advantage over any other Firm or over City.

PROPOSAL FORM

- C. FIRM shall complete the Work for the following price(s). Award shall be made to the Firm whose proposal is determined to be the most advantageous to the city taking into consideration the evaluation factors and criteria set forth in the RFSP.

The rates for the service shall be based on providing the services and associated amenities as per Scope of Services and include all costs, plus all applicable overhead and profit.

Pricing Structure	Amount
Monthly Fee	\$ 3,000 per month (all-inclusive) for State (ECI)
The above rates include salary costs, fringe benefits, overhead, operation margin and profit. They do not include direct expenses. Approved travel costs shall be billed monthly by the Agreement and shall not exceed three (3) percent of the total Agreement amount.	

Communications concerning this Proposal shall be addressed to the address of Firm indicated below.

The undersigned also agrees as follows:

First: to do any extra work not covered by the foregoing Schedule of Price which may be ordered by the CITY, and to accept as full compensation therefore, such prices may be agreed upon in writing by the CITY and the FIRM.

Second: Within fifteen (15) days from the "Award", of this proposal, to execute the Agreement.

ADDENDUM NO. 1

RSFP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: June 24, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RSFP No. 075-21.

General Questions and Answers:

Question No. 1: Would the city consider a response to this RSFP just for Federal Lobbying Services, with the understanding that if a separate state lobbying firm is selected that federal and state lobbyists would coordinate and collaborate to properly serve the City of Plantation's lobbying needs in Tallahassee and Washington?

Response No. 1: The City is accepting sealed proposals from Firms that are qualified in State and Federal Lobbying Services. The City reserves the right award to one or more Firms that City finds qualified/most advantageous for the aforementioned services.

If any Firm desires to submit for Federal (only), State (only), or Federal and State (both), the Firm shall be responsible for indicating that within their sealed proposal- preferably within their Executive Summary.

Question No. 2: As a federal lobbying firm advocating solely in Washington, and filing required federal lobbying registrations with the U.S. Senate and House of Representative, would a federal proposer to RSFP still be required to also register as a lobbyist in the State or Florida?

Response No. 2: No, a Federal Proposer will not be required to register as a lobbyist in the State of Florida, unless there is a change in the law.

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

All other terms, conditions and specifications remain unchanged for RSFP No. 075-21.

Please acknowledge receipt of this Addendum No. 1 by returning it and/or acknowledging it in your bid.

ADDENDUM NO. 2

RFSP No. 075-21

State and Federal Lobbying Services

DATE OF ADDENDUM: July 7, 2021

TO ALL PROSPECTIVE FIRMS:

The following clarification, changes, additions and/or deletions are hereby made part of the Agreement Documents for RFSP No. 075-21.

General Questions and Answers:

Question No. 1: Our firm is considering partnering with another firm in our response to the RFSP. We would be submitting only one proposal that would include both firms. As the RSFP calls for an “entity” to submit a response, would we need to submit our proposal as a prime/subcontractor arrangement or could we submit one proposal as equal partners?

Response No. 1: A Firm can submit for either the State or Federal portion or both. If a Firm wish to “partner” with another Firm, the mechanism they chose to facilitate that is up to them. The City’s goal is simply to retain the most effective representation for the City at both the state and federal levels.

Question No. 2: Under "State or Federal Lobbying Experience" (Page 12 of RSFP No. 075-21), it reads: “Provide a list of clients for whom Firm has provided or is currently providing state **and** federal lobbying or consulting services.”

- A. Our firm solely provides State services. Can we correctly interpret the request to mean clients that have been provided one or the other “state or federal” services? Or is it seeking a list of only clients for which our one firm has provided both state and federal services?
- **Response for A.:** We are seeking a listing of clients represented at the state and/or federal level.
- B. It asks for a list of our past clients in addition to our current clients. A list of all previous clients for which our firm has provided services would stretch over thirty years. Would a list of all clients currently represented and previously represented within in the past five years be sufficient?
- **Response for B.:** Yes, however the City reserves the right request additional clients and details.

Question No. 3: The Qualification Statement Form has multiple questions with words and phrases typically used in a construction or contracting bid. Does this form apply to this solicitation for lobbying services?

Response No. 3: If you feel that a question contained in the Qualification Statement Form does not apply to your Firm or the proposed work, please note it as Not Applicable (N/A)

Proposals **must** be submitted on or before **July 20, 2021 @ 11:00 A.M.** Proposals must be submitted electronically **ONLY** via the Demand Star website (<https://network.demandstar.com/agencies/florida/city-of-plantation-procurement-division/procurement-opportunities/9b6d13fb-3874-4291-9605-81cf63387a40/>).

Attachment A: Client List

- A) Ericks Consultants
- B) Becker

CLIENT LIST

Services: ECI successfully secured a \$5,000 grant from Broward County two years in a row, in both 2018 and 2019 for the South Florida Rehab & Emergency Support Team. We also provided educational seminars and training on how to be an effective lobbyist to union members, assisted in securing Legislator attendance at events, and have provided any additional support needed.

Primary Contractor: ECI

Broward Health (North Broward Hospital District)

Ashley Boxer, Director of Governmental Relations

303 SW 17th Avenue, Ft. Lauderdale, FL 33316

Phone: 954-355-4174/ Fax: 954-355-4774

aboxer@browardhealth.org

Duration: ECI has represented Broward Health for over 17 years

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Broward Health and on appropriations needs and provide written reports. We represent Broward Health before the state and the county. We advise the in-house staff on upcoming meetings, discussions, opportunities, and community involvement. Legislative issues include, but are not limited to: hospitals, Medicaid, property taxes, special districts, funding for the DISH, Critical Care Fund, Low-Income Pool, Kidcare, Early Steps programs.

Primary Contractor: ECI is not the exclusive contractor, however we are directly contracted and are not subcontracted by another firm.

City of Coconut Creek

Karen Brooks, City Manager

4800 West Copans Road, Coconut Creek, FL 33063

Phone: 954-973-6720/ Fax: (954) 973-6777

kbrooks@coconutcreek.org

Bernadette Hughes, Assistant City Manager

bhughes@coconutcreek.org

Duration: ECI has represented Coconut Creek since 2005

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Coconut Creek and on appropriations needs and provide written reports. We represent Coconut Creek before the state, county, South Florida Water Management District, and Broward County Public Schools.

Primary Contractor: ECI

City of Coral Springs

Frank Babinec, City Manager

9500 West Sample Road, Coral Springs, FL 33065

Phone: 954-344-1142/ Fax: 954-344-1043

fbabinec@coralsprings.org

Duration: ECI has represented Coral Springs for over 18 years

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Coral Springs and on appropriations needs and provide written reports. We act as a liaison for the City with Executive Branch agencies and advocate for grant funding. We work to ensure adequate funding of the Charter School Capital Outlay program on behalf of their municipal-owned charter school. We additionally successfully advocated for four local bills through the Broward Delegation process and the Legislature.

CLIENT LIST

Primary Contractor: ECI

City of Fort Lauderdale

Chris Lagerbloom, City Manager
100 N. Andrews Avenue, Fort Lauderdale, FL 33301
Phone: 954-828-5364/ Fax: 954-828-5599

BCortes@seminolesheriff.org

Duration: ECI has represented SCSO since 2012

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting SCSO and on appropriations needs and provide written reports. Issues include: contraband, public nuisance, opioid abuse treatment, school safety, Child Protective Investigations, and more.

Primary Contractor: ECI

South Florida Regional Transportation Authority (SFRTA)

Steven Abrams, Executive Director

800 NW 33rd Street, Suite 100, Pompano Beach, FL 33064

Phone: 954-788-7918/ Fax: 954-786-7505

CLIENT LIST

abramss@sfrrta.fl.gov

Duration: ECI has represented SFRTA for over 26 years

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting SFRTA, transportation, rail, and public entities and provide regular written reports. We serve SFRTA at both the state and county level.

Primary Contractor: ECI

Tindall Hammock Irrigation & Soil Conservation District

Austin Forman, Owner

888 SE 3rd Ave, Ste 501, Ft Lauderdale, FL 33316

Phone: 954-522-1969

maf@ammi.net

Duration: ECI has represented Tindall Hammock for over 17 years.

Services: We track and provide updates on all pending legislation that may impact Tindall Hammock and water management districts and advocate for beneficial changes to identified legislation as necessary.

Primary Contractor: ECI

Town of Davie

Richard J. Lemack, Town Administrator

6591 Orange Drive, Davie, FL 33314

Phone: 954-797-1023

richard_lemack@davie-fl.gov

Duration: ECI resumed representation of Davie in 2010

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Davie and on appropriations needs and provide written reports.

Primary Contractor: ECI

Town of Lauderdale-by-the-Sea

Linda Connors, Town Manager

4501 Ocean Drive, Lauderdale-By-The-Sea, FL 33308

Phone: 954-640-4204

townmanager@lauderdalebythesea-fl.gov

Duration: ECI has represented Lauderdale-by-the-Sea since 2017.

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting the Town and on appropriations needs and provide written reports.

Primary Contractor: ECI

Waste Connections of Florida

Patrick Rzeszut, District Manager

1099 Miller Dr, Altamonte Springs, FL 32701

Phone: 407-304-6511

Patrick.Rzeszut@wasteconnections.com

Duration: ECI has represented Waste Connections since 2016.

Services: We monitor, track and advocate positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting Waste Connections.

CLIENT LIST

Primary Contractor: ECI

Clients represented within the past five years are listed below. ECI is happy to provide a list of clients we have represented more than five years ago upon request. Please note that, while Ericks Consultants may no longer represent some of the entities listed below, members of our firm continue to represent them through a separate entity.

Biotechnology Innovation Organization (BIO)

Gene Harrington

1201 Maryland Avenue, SW, Ste. 900, Washington, D.C. 20024

Phone: (202) 365-6436

gharrington@bio.org

Duration: ECI represented BIO from 2015-2018

Services: We monitored, tracked and advocated positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting agricultural biotechnology.

Primary Contractor: ECI

(Please note that members of our team still represent BIO under a separate entity as primary lobbyists. However, they no longer contract through ECI)

City of North Lauderdale

Ambreen Bhatti, City Manager

701 SW 71st Ave, North Lauderdale FL 33068

Phone: 954-724-7041

abhatti@nlauderdale.org

Duration: ECI represented North Lauderdale from 2009- 2016

Services: We monitored, tracked and advocated positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting North Lauderdale and provided written reports. We specifically were hired to fight for a local bill that would authorize municipalities to impose a law enforcement assessment fee. Eventually, we pursued a general bill, which made it to the floor of the Senate and through its first House committee. However, once it became clear that House opposition would not change due to Leadership aversion to the subject of taxes and fees, the City decided to end the effort.

Primary Contractor: ECI

Florida Power & Light (FPL)

John H. Holley, Vice President of State Legislative Affairs

215 S. Monroe St., Suite 810 Tallahassee, FL 32301

Phone: (850) 521-3928

John.Holley@fpl.com

Duration: ECI represented FPL for over 20 years.

Services: We monitored, tracked and advocated positions before the State Executive and Legislative Branches on legislation and agency rules on legislation impacting FPL

Primary Contractor: ECI was not the exclusive contractor, however the contract was direct and not subcontracted

(Please note that members of our team still represent FPL under a separate entity as primary lobbyists. However, they no longer contract through ECI)
